PAPER CURRENCY.

Nature of Arrangements.

(1) The Madras Circle of Issue consists of all the districts in the Presidency, with the Town of Madras as head-quarters, for the issue of notes for the Circle, and also Coorg and Bangalore Residency.

(2) The Exchange Department, at the head-quarters of each Circle of Issue, issues Home notes for coin or other notes, and coin for notes. Other, or foreign Circle notes for Rs. 5, 10, 50 and 100 are cashed unconditionally, but those of higher denominations are not cashed under any circumstances. Calicut notes will at all times be cashed at the Office at Madras. The Exchange Department also issues small silver and copper coin in exchange for coin.

(3) Although no person has a legal claim to obtain cash for notes except at the Currency Office of Issue, notes are cashed freely at mofussil treasuries when the treasury officers are satisfied that no inconvenience can be caused to their treasuries by the encashment.

(4) At every place other than the Office of Issue, notes of the Home Circle are a legal tender in satisfaction of any claim against Government, though ordinarily no person is pressed to take notes in part or full of his demand.

Entire Notes lost.

(1) Entire notes lost are not paid. The loss of notes is not registered. In respect to notes which are alleged to have been completely lost or destroyed, the loss is advertised in the *Fort Saint George Gazette* and in the *Gazette of India*, but the Government acknowledge no liability. When completely satisfied that the notes can never be produced, the evidence of the claimant will be received, and the claim admitted or rejected at once; if admitted, the value of the note is to be invested, and no further proceedings taken, nor interest paid till five years.

(2) Intimation of the destruction or mutilation of a note, or portion of a note must be sent to the office where the note is payable thus—

- (*a*) If it be a Calcutta Circle note, notice should be sent to the Deputy Controller of Currency, Calcutta.
- (*b*) If a Cawnpore Circle note, notice should be sent to the Assistant Accountant-General of Paper Currency, Cawnpore.
- (*c*) If a Lahore Circle note, notice should be sent to the Commissioner of Paper Currency, Lahore.
- (*d*) If a Bombay Circle note, notice should be sent to the Commissioner of Paper Currency, Bombay.
- (*e*) If a Karachi Circle note, notice should be sent to the Commissioner of Paper Currency, Karachi.
- (*f*) If a Nagpore or Akola Circle note, notice should be sent to the Commissioner of Paper Currency, Bombay.
- (*g*) If a Madras Circle note, notice should be sent to the Commissioner of Paper Currency, Madras.
- (*h*) If a Rangoon Circle note, notice should be sent to the Commissioner of Paper Currency, Rangoon.

(3) Throughout these rules, the expression " lost note " includes a stolen note, and the expression "destroyed note" includes a note lost under such circumstances as render recovery physically impossible.*

RESOLUTION—No. 4024, *dated the 23rd September* 1891—By the Government of India, Finance and Commerce Department.

Read again the following letters to the Head Commissioner of Paper Currency:—
No. 3458, dated the 29th October 1879;
No. 914, dated the 15th February 1882; and
No. 3308, dated the 21st August 1882.

Note.—Any person desiring to claim on a half-mutilated Currency Note should apply to the nearest Paper Currency Office for a copy of the statement in form I to be answered along with his application.

* *Vide* Appendix to the "State Paper Currency of India," by G. W. Cline, LL.D, P.C.S., Barrister-at-Law.

RESOLUTION.—Mismatched Currency notes, that is, notes of which the right half of one is joined to the left half of another, when presented to the Currency Office for payment are dealt with in accordance with the orders contained in the letters read in the preamble. Under these orders no claim for the payment of the value of mismatched notes can be admitted by the Currency Office, but all claims are registered, and if the corresponding halves have already been received or should afterwards be received in the form of a mismatched note, the Currency Office, by joining together the proper halves and paying the entire notes, meets the claims as far as possible. Such notes are held in deposit in the Currency Office for three years awaiting the receipt of the corresponding halves, but thereafter the full value of both the halves is credited to Revenue.

2. The Governor-General in Council is now pleased to decide that in future, instead of crediting the value of both the halves of mismatched notes to Government after they have remained unclaimed for three years, the value of one half should be credited to Government and that of the other half to the depositor of the mismatched note.

(Signed) J. F. FINLAY,

Secretary to the Government of India.

Instructions to claimants of value on Currency notes.

Notes how described.—Each currency note has a serial letter and number and a general number thus: $\frac{V}{16}$ 10106—serial letter "V," serial No. "16," general No. 10106. No action can be taken with reference to any note until it has been thus fully described, or identified in all these details.

Notes when payable across the counter.—A currency note that has the same series and numbers on both halves, and is neither mutilated nor altered nor forged, is payable to the bearer on demand at the office of the Circle from which it was issued; and, if a sub-circle note—at the office of the head circle also.

Notes lost or stolen.—The payment of a genuine currency note cannot be "*stopped,*" *as all entire currency notes are payable to bearer on demand.* The Currency Department does not register the loss of notes.

Wholly destroyed notes.—When a currency note has by any accident been totally destroyed, full description of the note and of the circumstances of its destruction should be sent to the Currency Office of the circle of issue to which the note belonged. Government are under no legal liability to pay the value of such a note, but payment after five years is sometimes made as a concession.

Half notes.—A half note represents no value, nor has a person holding only one-half of a note any claim to recover value when the other half has been transferred, either by him or by the last legal holder of the entire note, to the legal possession of another person. When one-half of a note is lost, the other half should be sent to the Currency Office of the circle of issue to which the note belongs, and an application for refund of the value of the note made *by the person who last held simultaneously both halves of it.* Government are under no legal liability to refund value on half notes, but payment may be made as a concession, if the Commissioner or Head Controller of Currency thinks such a course warranted by the facts of the case.

Mutilated or charred notes.—A mutilated or charred note represents no value. Payment can be made only as a concession, and the decision rests in the first instance with the Currency Officer, and then, in cases of doubt or appeal, with the Commissioner of Paper Currency or the Controller of Currency.

Mismatched notes.—A mismatched note represents no value, but the Currency Department is willing to hold such notes on behalf of depositors, and to pay value on them on receipt of either one or both of the corresponding halves. Further, if a mismatched note remains in deposit for one year and no payment has been made on it, in the meantime, its value is paid on the expiration of the above period.

Altered notes.—When any portion of a note has been erased, inked over, cut out, burnt through, or otherwise altered, so as to throw doubt on the identity of the note, or to make it appear another note, payment on it is refused altogether, and the note is impounded under rule.

Claims for value on half notes are required to answer the questions embodied in the accompanying form before their claims are proceeded with by the Commissioner of Paper Currency.

(xx) By the Muhammadan community in Bihar and Orissa	1 member.
(xxi) By the Bengal Chamber of Commerce	1 member.
(xxii) By the Bombay Chamber of Commerce ...	1 member.

In addition to the members specified in the foregoing part of this Regulation, a second member shall be elected at the first, third and succeeding alternate elections by the Muhammadan members of the class specified in sub-head (xiii) and at the second, fourth and succeeding alternate elections by the class specified in sub-head (xviii).

Explanation.—The expression "alternate elections" shall not be deemed to include elections to fill casual vacancies or vacancies occurring by reason of elections of nominations being declared void or seats being declared vacant.

III. The election of the members specified in Regulation II shall be effected by the electorates and in accordance with the procedures respectively prescribed in the schedules to these regulations.

IV. No person shall be eligible for election as a member of the Council if such person—

(a) is not a British subject, or

(b) *is an official*, or

(c) is a female, or

(d) has been adjudged by a competent Court to be of unsound mind, or

(e) is under twenty-five years of age, or

(f) is an uncertificated bankrupt or an undischarged insolvent, or

(g) has been dismissed from the Government service, or

(h) has been sentenced by a Criminal Court to imprisonment for an offence punishable with imprisonment for a term exceeding six months, or to transportation, or has been ordered to find security for good behaviour under the Code of Criminal Procedure, such sentence or order not having subsequently been reversed or remitted, or the offender pardoned, or

(i) has been debarred from practising as a legal practitioner by order of any competent authority, or

(k) has been declared by the Governor-General in Council to be of such reputation and antecedents that his election would, in the opinion of the Governor-General in Council, be contrary to the public interest:

Provided that in cases (a), (g), (h), (i) and (k) the disqualification may be removed by an order of the Governor-General in Council in this behalf.

V. No person shall be eligible for election under any sub-head of Regulation II unless he possesses the qualifications prescribed for candidates in the schedule regulating elections under that sub-head.

VI. No person shall be qualified to vote at any election held under these regulations if such person—

(a) is a female, or

(b) is a minor, or

(c) has been adjudged by a competent Court to be of unsound mind

VII. Every person, who is elected or nominated under these regulations to be a member of Council, shall before taking his seat make, at a meeting of the Council, an oath or affirmation of his allegiance to the Crown, in the following form, namely:—

I, A.B., having been elected or nominated an additional member of the Legislative Council of the Governor-General, do solemnly swear (or affirm) that I will be faithful and bear true allegiance to His Majesty the King, Emperor of India, His heirs and successors, and that I will faithfully discharge the duty of the office upon which I am about to enter.

VIII. (1) If any person,—

(a) not being eligible for election, is elected under these regulations, or,

(b) having been elected or nominated, subsequently becomes subject to any of the disabilities stated in clause (d), (f), (g), (h), or (i) of Regulation IV, or fails to make the oath or affirmation prescribed by Regulation VII within such time as the Governor-General in Council considers reasonable, or

(c) is elected or nominated, who is or subsequently becomes a member of the Legislative Council of any province and fails to resign his office as member of such Provincial Council within seven days of the date on which he is member of both Councils,

the Governor-General shall, by notification in the *Gazette of India*, declare his election or nomination to be void or his seat to be vacant:

Provided that nothing in clause (c) shall apply to any election or nomination already made of any additional member of the Legislative Council of the Governor-General, who is, on the 24th day of January 1914. also a member of the Legislative Council of any Province.

(2) When any such declaration is made, the Governor-General shall, by notification as aforesaid, call upon the electorate concerned to elect another person within such time as may be prescribed by such notification, or shall nominate another person, as the case may be.

(3) If any person elected at such fresh election is not eligible for election, the Governor-General may nominate any person who is eligible for election by the electorate concerned.

IX. (1) If any person is elected by more than one electorate, he shall, by notice in writing signed by him and delivered to the Secretary to the Government of India in the Legislative Department, within seven days from the date of the publication of the result of such elections in the *Gazette of India*, choose, or in his default the Governor-General shall declare for which of these electorates he shall serve, and the choice or declaration shall be conclusive.

(2) When any such choice or declaration has been made, the votes recorded for such person in any electorate for which he is not to serve shall be deemed not to have been given, and the candidate, if any, who, except for the said votes, would have been declared elected for such electorate, shall be deemed to have been duly elected for the same.

X. (1) *Save as otherwise provided in these regulations, the term of office of an additional member shall be three years commencing from* the date of the publication in the *Gazette of India* of the result of the election or of the notification nominating him, as the case may be, or when such publication has been made before the vacancy has occurred, from the date on which such vacancy occurs.

Provided that official members and members nominated as being persons who have expert knowledge of subjects connected with proposed or pending legislation shall hold office for three years or such shorter period as the Governor-General may at the time of nomination determine.

Provided further that the Governor-General may, by notification as aforesaid, extend for a period of not more than six months the term of office of additional members or additional member elected or nominated under these regulations in.

(2) A member elected or nominated upon an election or nomination being declared void or a seat being declared vacant, or to fill casual vacancy occurring by reason of absence from India, inability to attend to duty, death, acceptance of office or resignation duly accepted, or otherwise, or a member nominated on failure of an electorate to elect an eligible person, shall hold office so long as the member whose place he fills would have been entitled to hold office if the election or nomination had not been declared void or the vacancy had not occurred, as the case may be.

XI. (1) When a vacancy occurs in the case of a nominated or elected member or at any time within three months of the date when such a vacancy will occur in the ordinary course of events, the Governor-General by notification as aforesaid—

(a) may in the case of a nomiated member, nominate a person to the vacancy; or.

(b) shall in the case of a members who represents any interest specified in Regulation II, call upon the electorate concerned to elect a person for the purpose of filling the vacancy within such time as may be prescribed by such notification:

Provided that—

(a) in the case of an elected member, the election shall, subject to the provisions of Regulation II, relating to altermate elections by members of the classes specified in sub-heads (xiii) and (xviii) of that Regulation, always be made by the same electorate as that which elected the member whose place is to be filled and shall be subject to the same conditions in respect of eligibility of candidates for nomination as those which governed the election of such member, and

(b) in the case of a member nominated as representing any class specified in Regulation I, sub-head B, clause (b), the person nominated shall be selected from the same class.

XII. If within the time prescribed by a notification issued under Regulation VIII, clause (2), or Regulation XI, the electorate concerned fails to elect, the Governor-General may nominate at his discretion any person who is eligible for election by such electorate.

XIII. The power of making laws and regulations, and of transacting other business vested in the Legislative Council of the Governor-General shall be exercised only when fifteen more additional members of the Council are present.

XIV. (1) No election shall be valid if any corrupt practice is committed in connecing therewith by the candidate elected.

(2) A person shall be deemed to commit a corrupt practice within the meaning of these regulations—

(i) who, with a view to inducing any voter to give or to refrain from giving a vote in favour of any candidate, offers or gives any money or valuable consideration, or holds out any promise of individual profit, or holds out any threat of injury, to any person, or,

(ii) who gives, procures or abets the giving of a vote in the name of the voter who is not the person giving such vote or,

(iii) who makes any payment or promise of payment on account of the conveyance of any voter, other than himself, to or from any place for the purpose of recording a vote at any election held under these Regulations, or

(iv) who lets, lends, employs, hires, borrows or uses, for the purpose of conveying any voter to or from any place for the purpose of recording any such vote, any vehicle, horse or other animal which is kept or used by any person for the purpose of letting out on hire or conveying passengers by hire; provided that nothing in this clause shall apply to—

(a) any such letting to or hiring by a voter at his own cost, or by several voters at their joint cost, for his or their own use; or

(b) any such use by a voter of his own vehicle to convey himself.

And a corrupt practice shall be deemed to be committed by a candidate if it is committed with his knowledge and consent, or by a person who is acting under the general or special authority of such candidate with reference to the election.

Explanation.—A "promise of individual profit" includes a promise for the benefit of the person himself, or of any one in whom he is interested.

XV. No election shall be invalid by reason of a non-compliance with the rules contained in the schedules to these regulations, or any mistake in the use of forms annexed thereto, if it appears that the election was conducted in accordance with the principles laid down in such rules and that such non-compliance or mistake did not affect the result of the election.

XVI. (1) If the validity of any election is brought in question by any person qualified either to be elected or to vote at such election on the ground of the improper rejection or reception of a nomination or of a vote, or of any corrupt practice in connection with such election, or for any other cause, such person may, at any time within fifteen days from the date of the publication of the result of such election in the *Gazette of India*, apply to the Governor-General in Council to set aside such election.

(2) The Governor-General in Council shall, after such enquiry (if any) as he may consider necessary, declare, by notification as aforesaid, whether the candidate whose election is questioned or any or what other person was duly elected, or whether the election was void.

(3) If the election is declared void, the Governor-General shall, by notification as aforesaid, call upon the electorate concerned to elect another person within such time as may be prescribed by such notification.

(4) If within the time so prescribed the electorate fails to elect, the Governor-General may nominate any person who is eligible for election by such electorate.

XVII. The decision of the Governor-General in Council on any question that may arise as to the intention, construction or application of these regulations shall be final.

XVIII. (1) As soon as conveniently may be after these regulations come into force, a council shall be constituted in accordance with their provisions.

(2) For this purpose the Governor-General shall, by notification as aforesaid, call upon the electorates referred to in Regulation III to proceed to elect members in accordance with these regulations within such time as may be prescribed by such notification.

(3) If within the time so prescribed any such class fails to elect, the Governor-General may nominate at his discretion for a period not exceeding six months any person who is eligible for election by such class.

SCHEDULE 1.

[*See Regulation II, sub-heads* (*i*), (*ii*) *and* (*iv*), *and Regulation III.*]

Rules for the Election of an Additional Member or Members by the Non-official Members of the Legislative Councils of the Governors of Fort St. George and Bombay and of the Lieutenant-Governor of the United Provinces of Agra and Oudh :—

Preliminary.

1. "Returning Officer" means such officer as the Local Government may, by notification in the local official Gazette, appoint to perform all or any of the duties of the Returning Officer under these rules, and includes any officer deputed for the time being by the Returning Officer to perform his duties.

Electors.

2. (1) The member or members specified in Regulation II, sub-heads (i), (ii) and (iv), shall be elected by the votes of the non-official members of the Councils of the Governors of Fort St. George and Bombay and of the Lieutenant-Governor of the United Provinces of Agra and Oudh, respectively.

(2) Every such member shall have one or two votes according as one or two candidates are to be elected.

(3) In the case of the election of two candidates, the member may record both his votes in favour of one candidate.

3. On such date and at such time and place as may be appointed by the Local Government in this behalf, the non-official members of each of the said Councils shall meet for the purpose of electing the member or members whom they are called upon to elect.

4. (1) At such meeting the Returning Officer shall attend, and after explaining the rules shall deliver to each member present a voting paper in Form I annexed to this schedule and shall thereafter withdraw.

(2) The members present shall then proceed to elect from among themselves a chairman, who shall in the first instance state the number of candidates to be elected and call upon the members to nominate candidates.

Qualifications for nomination of candidates.

5. (1) Any person, not ineligible for election under these regulations and having a place of residence within the Province concerned and such practical connection with that Province as qualifies him to represent it, may be nominated as a candidate :

Provided that the chairman is satisfied that such person is willing to be so nominated.

(2) Such nomination may be made by any two members as proposer and seconder, and the names of all candidates so nominated and their respective proposers and seconders shall thereupon be entered by the chairman in a list which shall be read out and signed by him.

Voting.

6. (1) If the number of candidates duly nominated does not exceed the number of candidates to be elected, the candidate or candidates so nominated shall be declared to be elected, and the chairman shall forthwith inform the Returning Officer of the name and address of such candidate or candidates.

(2) If the number of candidates duly nominated exceeds the number of candidates to be elected, the members present, including the chairman, shall record their votes on the voting papers in accordance with the instructions thereon.

(3) Neglect on the part of the member to comply with any of those instructions shall render the vote invalid.

(4) If any such member is unable to read or write or is by reason of blindness or other physical defect incapacitated from recording his vote as required by the foregoing provisions of this rule, the chairman shall assist him in such manner as may be necessary to do so.

7. The chairman shall then inform the Returning Officer, who shall thereupon return to the meeting, and the chairman shall make over to him the list of candidates nominated.

Counting of votes and declaration of result.

8. (1) The Returning Officer shall then collect the voting papers from the members present and shall examine them to see whether they have been correctly filled up.

(2) The Returning Officer shall endorse "rejected" on any voting paper which he may reject and mark "discarded" against any vote which he may discard on the ground that it is invalid under these rules and save as provided in rule 9 (4) or in Regulation XVI such rejection or discarding shall be final.

(3) The Returning Officer shall then fold the lower portion of every paper, whether valid or invalid, along the dotted line on the back, so as to conceal the name of the elector and shall seal down the portion thus folded with his official seal.

9. (1) The Returning Officer shall thereupon count the votes in the presence of the members.

(2) Every candidate may be present in person, or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, sealed as provided by rule 8, to the candidates or their representatives.

(4) If an objection is made to any voting paper or vote on the ground that it is invalid under these rules, or to the rejection or discarding by the Returning Officer of any voting paper or vote, it shall be decided at once by the Returning Officer, whose decision shall be final, save as provided in Regulations VIII and XVI.

(5) In such cases the Returning Officer shall record on the voting paper the nature of the objection and his decision thereon.

10. (1) When the counting of the votes has been completed, the Returning Officer shall forthwith declare the candidate or candidates to whom the largest number of votes has been given to be elected.

(2) Where an equality of votes is found to exist between any candidates and the addition of a vote will entitle any of the candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

11. Upon the completion of the counting and after the result has been declared by him, the Returning Officer shall seal up the voting papers and all other documents relating to the election, and shall retain the same for a period of six months, and thereafter cause them to be destroyed unless otherwise directed by an order of competent authority.

Publication of result.

12. The Returning Officer shall without delay report the result of the election to the Local Government and also to the Secretary to the Government of India in the Legislative Department, and the name or names of the candidate or candidates elected shall be published in the local official *Gazette* and in the *Gazette of India.*

Appointment of dates, times and places.

13. The Local Government shall appoint such date, time and place as it may think suitable for the meeting of members under rule 3, and shall notify the same in such manner as it thinks fit.

Rules regarding Enquiries.

The following appeared in a *Gazette of India Extraordinary*, dated Delhi, Dec. 27th, 1916:—

"In exercise of the power conferred by Section 72 of the Government of India Act, 1915, the Govenor-General is pleased to make and promulgate an ordinance called Indian Legislative Council Elections Inquiries Ordinance, 1916, which enacts that when desirable that an enquiry be held connected with the election to the Indian Legislative Council, the Governor-General in Council may, by order in writing, appoint any specified person to be Commissioner for holding such enquiry, the said Commissioner having same powers as a Court under the Code of Civil Procedure, 1808, in regard to enforcing the attendance of witnesses and examining them, compelling the production of documents, and issuing commissions for examination of witnesses."

MADRAS LEGISLATIVE COUNCIL.

The Legislative Councils in India were constituted under the Indian Councils Act, 1861, and enlarged by the Indian Councils Act, 1892, and the Indian Councils Act, 1909. The statute of 1861 prescribed that the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations should be composed of the Ordinary Members of the Governor's Council and a number of Additional Members, including the Advocate-General, to be nominated by the Governor, provided that the number so nominated should be not less than four nor more than eight in addition to the Advocate-General, and that not less than half of the additional members should be non-official persons. By the statute of 1892 the minimum and the maximum numbers of additional members were raised to eight and twenty respectively, in addition to the Advocate-General, and the Governor was empowered to nominate all of them subject to regulations framed by the Governor-General in Council with the approval of the Secretary of State in Council. Under these regulations the maximum number of official additional members, including the Advocate-General, was fixed at nine; seven non-official members were nominated respectively on the recommendation of (1) the Commissioners of the Corporation of Madras, (2) the northern and (3) southern groups of district municipalities, (4) the northern and (5) southern groups of district boards, (6) the Madras Chamber of Commerce and (7) the Senate of the University of Madras; the other non-official members were nominated in such a manner as to secure a fair representation of the different classes of the community: one seat being ordinarily for a *zamindar* paying not less than Rs. 20,000 as *peshkash* annually to Government. The statute of 1909 further enhanced the maximum number of additional members to fifty and directed that they should be partly nominated by the Governor and partly elected. The number of members to be nominated or elected, and the conditions and methods of nominations and election, the term of office and other minor questions were relegated to subsidiary regulations framed by the Governor-General. The regulations applicable to the Madras Presidency, as amended in 1912, provide for 42 additional members, excluding the Advocate-General, of whom 21 are to be elected and 21 nominated. The twenty-one elected members are chosen by the following constituencies :—

(i)	The Corporation of Madras	1 member.
(ii)	The University of Madras	1 "
(iii)	Municipal councils and district and taluk boards	9 members.
(iv)	Zamindars	2 "
(v)	Landholders other than zamindars	3 "
(vi)	The Muhammadan community	2 "
(vii)	The Madras Chamber of Commerce	1 member.
(viii)	The Madras Trades' Association	1 "
(ix)	The Planting community	1 "

Of the 21 nominated members, not more than 16 may be officials and one must be a non-official member selected from the Indian commercial community. In addition to these 42 additional members and the Advocate-General, two experts, either official or non-official, may also be nominated when necessary, subject to the condition that the total number of official members shall in no circumstances constitute a majority of the Council. The following general conditions regulate the eligibility of candidates for election :—

No person shall be eligible for election as a member of the Council, if such person—

(*a*) is an official, or

(*b*) is not a British subject, or

(*c*) is a female, or

(*d*) has been adjudged by a competent court to be of unsound mind, or

(*e*) is under twenty-five years of age, or

(*f*) is an uncertificated bankrupt or an undischarged insolvent, or

(*g*) has been dismissed from the Government service, or

(*h*) has been sentenced by a criminal court to imprisonment for an offence punishable with imprisonment for a term exceeding six months, or to transportation, or has been ordered to find security for good behaviour under the Code of Criminal Procedure, such sentence or order not having subsequently been reversed or remitted, or the offender pardoned, or

(*i*) has been debarred from practising as a legal practitioner by order of any competent authority, or

(*j*) has been declared by the Governor in Council to be of such reputation and antecedents that his election would, in the opinion of the Governor in Council, be contrary to the public interest:

Provided that in the last four cases the disqualification may be removed by an order of the Governor in Council in this behalf. Every candidate must also possess the qualifications as to residence, property and other matters prescribed in the special rules applying to the electorate by which he seeks election. Disputes as to the validity of an election are settled by the Governor in Council whose decision in regard to the intention, construction or application of the regulations is final. Every additional member is

required to take an oath or the affirmation of allegiance to the Crown before assuming his seat in the Council. The term of office is ordinarily three years from the date of nomination or election, but a member appointed to fill a casual vacancy holds office only for the unexpired portion of the original member's three-year period. Acceptance of an appointment under the Crown automatically renders the seat of a non-official member vacant; the Governor is required to declare a seat vacant if the holder fails to take the oath or affirmation of allegiance within a reasonable period, or subsequent to his appointment becomes subject to the more important of the disabilities enumerated above as disqualifying candidates for election. The Governor has also power to remove any member who is absent from India or unable to attend to the duties of his office for a period of two consecutive months. At meetings of the Council the Governor, or in his absence the Vice-President appointed by him, presides and in that capacity has a casting-vote. Ten members in addition to the presiding officer form a quorum for the transaction of business.

The Council is empowered to make laws and regulations for the peace and good government of the whole Presidency and for that purpose may repeal or amend any law or regulation made prior to 1861 by any authority in India in so far as it is applicable to this Presidency; with the previous sanction of the Governor-General, it may also repeal or amend as to this Presidency any law or regulation made at any time by any other authority in India, but no alteration of any Act of Parliament may be effected. No measure affecting the public revenues or imposing any charge on them may be introduced without the previous sanction of the Governor; and the previous sanction of the Governor-General is prescribed with respect to all laws and regulations—

(1) affecting the public debt of India, or the customs duties, or any other tax or duty now in force and imposed by the authority of the Government of India for the general purposes of the Government;

(2) regulating any of the current coin, or the issue of any bills, notes, or other paper of currency;

(3) regulating the conveyance of letters by the post office or messages by the electric telegraph within the Presidency;

(4) altering in any way the Indian Penal Code (India Act XLV of 1860);

(5) affecting the religion or religious rites and usages of any class of His Majesty's subjects in India;

(6) affecting the discipline or maintenance of any part of His Majesty's military or naval forces;

(7) regulating patents or copyright; or

(8) affecting the relations of Government with foreign princes or states.

No law or regulation passed by the Legislative Council is valid until both the Governor and the Governor-General have assented to it and such assent has been formally published. Any such law or regulation may be disallowed by the Crown, but if it is disallowed, it becomes null and void only from or after the day on which the Governor makes known by proclamation or by signification to the Council that he has received notification of the disallowance.

The ordinary rules for the conduct of business in the Legislative Council as originally framed by the Governor, subject to the sanction of the Governor-General in Council, may be amended by the Council itself subject to the assent of the Governor, but the Governor-General in Council has power to disallow any such rules. The special rules relating to the discussion of the annual financial statement, to discussion of matters of general public interest and to the asking of questions are made by the Governor in Council subject to the sanction of the Governor-General in Council and may not be altered or amended by the Council.* The times and places of meetings are fixed

* Under the Indian Councils Act, 1861, 1892 and 1909, the following rules have the force of law in this Presidency:—

(1) Regulations for the nomination and election of additional members of the Legislative Council published in the Notification of the Government of India, Legislative Department, No. 15, dated 15th November 1909.

(2) Rules for the conduct of business at meetings of the Legislative Council, passed at the meeting held on the 14th November 1893 and amended on the 18th December 1893, 7th March 1894, 9th December 1896, 5th April 1910, 4th April 1911, and 13th March 1912.

(3) Rules for the discussion of matters of general public interest in the Legislative Council published in the Notification of the Government of Madras, Legislative Department, No. 21, dated 30th November 1909.

(4) Rules for the asking of questions in the Legislative Council published in the Notification of the Government of Madras, Legislative Department, No. 22, dated 30th November 1909.

(5) Rules for the discussion of the annual financial statement in the Legislative Council published in the Notification of the Government of Madras, Legislative Department, No. 36, dated 31st December 1909.

by the Governor and the Secretary notifies the same in the *Fort St. George Gazette* and to each member by letter. Any member may at a meeting of the Council apply for leave to introduce a bill. As soon as such leave is granted he is required to send a copy of the bill with connected papers and a statement of the objects and reasons for the proposed measure to the Secretary to the Council who causes them to be printed and furnished to all the members. The bill and the statement of objects and reasons are published in the official gazette in English and in such vernacular languages as the Governor directs. Fifteen clear days must intervene between publication and introduction. When a bill is introduced, the principle of the bill and its general provisions may be discussed and, if necessary, it may be referred to a Select Committee for report. Reports of Select Committees must, unless the Committee otherwise directs, be published in the official gazette in the languages in which the original bill was published and copies are distributed to the members before a measure is brought up for final consideration.

While the Indian Councils Act, 1861, restricted the business of the Legislative Councils to the discussion of bills and the passing of Acts, the Indian Councils Act, 1892, extended their functions and authorised them also to discuss the annual financial statement of the Province and to ask questions subject to certain reservations. The Indian Councils Act, 1909, further authorizes the consideration of resolutions on matters of general public interest and the rules framed under the same statute for the discussion of the annual financial statement also confer on the Council enhanced power to examine the details of the Provincial budget. This examination is carried out by a Finance Committee consisting of 12 members, of whom not more than six are nominated and at least six are elected by the non-official members. The Committee consider the draft financial statement and may make recommendations to Government. The statement is then revised, if necessary, and discussed at a meeting of the Legislative Council at which resolutions may be brought forward by the members, provided that no discussion shall be permitted in regard to any of the following subjects, namely :—

(a) any subject removed from the cognizance of the Legislative Council of the Governor by section 43 of the Indian Councils Act 1861 :

(b) any matter affecting the relations of His Majesty's Government, or of the Governor-General in Council, or of the Governor in Council with any Foreign State or any Native State in India, or relating to the internal affairs of any such Native State ;

(c) except with the sanction of the Governor, any matter which is the subject of discussion between the Governor-General in Council or the Secretary of State and the Local Government ; or

(d) any matter under adjudication by a Court of Law having jurisdiction in any part of His Majesty's dominions.

No resolution shall be moved which does not comply with the following conditions, namely :—

(a) it shall be in the form of a specific recommendation addressed to the Governor in Council ;

(b) it shall be clearly and precisely expressed and shall raise a definite issue ;

(c) it shall not contain arguments, inferences, ironical expressions or defamatory statements, nor shall it refer to the conduct or character of any person except in his official or public capacity ;

(d) it shall not challenge the accuracy of the figures of the revised financial statement ;

(e) it shall be directly relevant to some entry in revised financial statement ;

(f) it shall not criticise any decision of the Government of India in respect of Provincial finance ; and

(g) if it would in itself have the effect of causing the total expenditure of the Presidency to exceed the amount sanctioned by the Government of India, it must propose some counterbalancing reduction in the estimate so as to avoid such excess

Resolutions may also be disallowed on the ground that they cannot be moved consistently with public interests or that they should be moved in the Legislative Council of the Governor-General. The revised financial statement as amended with reference to any resolutions passed in regard thereto and approved by the Government of India forms the budget and this is further discussed at a later date. It is not subject to the vote of the Council and members cannot move any resolution in regard to it, but they may offer any observations they may wish to make, the discussion being limited to those branches of revenue and expenditure subject to the control of the Local Government. Any criticism of Imperial finance is forbidden. Resolutions as to matters of general public interest are, in respect to their form and subject-matter, liable to the same restrictions as resolutions relating to the revised financial statement and like the latter have merely the effect of recommendations to the Governor in Council. When a resolution has been discussed at a meeting of the Council or has been disallowed or withdrawn, no resolution raising substantially the same question shall be moved within one year. In respect of interpellations it is

laid down that no question shall be permitted in regard to any matter affecting the relations of His Majesty's Government or the Governor-General in Council, or of the Governor in Council with any Foreign State or any Native State in India, or relating to the internal affairs of any such Native State, or any matter under adjudication by a Court of Law having jurisdiction in any part of His Majesty's dominions. The President may disallow a question if it cannot be answered consistently with public interests or is one that should be put in the Council of another Local Government or of the Governor-General. Questions must also be so framed as to be merely a request for information, and they must not be of excessive length or contain arguments, inferences, ironical expressions, or defamatory statements or refer to the conduct or character of persons except in their official or public capacity or ask for an expression of an opinion or the solution of a hypothetical proposition. In matters which are, or have been, the subject of controversy between the Governor-General in Council or the Secretary of State and the Local Government no question may be asked except as to matters of fact, and the answer must be confined to a statement of facts. No discussion is permitted in respect of a question or of an answer given to a question; but a member is allowed the privilege of putting supplementary questions which are subject to the same restrictions as the original questions.

Petitions to the council must (1) relate to some matter actually under the consideration of the council; (2) be addressed to the "Governor in Council"; (3) be dated and signed by the petitioner or petitioners; (4) be in respectful and temperate language, and (5) conclude with a distinct prayer. The Secretary will bring the petition or an abstract of the same, and the Council shall then deal with the petition in such manner as it may deem proper.

Persons desirous of admission into the Council Chamber during the sittings of the Council shall make application to the Secretary through a member two days before the meeting. If a bill affecting private interests comes under the consideration of the Council or of the Select Committee, and if any person whose interests are so affected apply to the Council or the Select Committee for permission to be heard either personally or by Counsel on the subject of the bill, the Council or the Select Committee may, upon the motion of any member, direct that the petitioner or Counsel be heard at the meeting at which the motion is made or at some future specified time.

For purposes of election of additional members by the non-official members of Municipal Councils and District and Taluk Boards and certain other electors, the Presidency is divided into nine "electoral areas," each area to elect one member. The following are such areas:—(1) Ganjam and Vizagapatam, (2) Godavari, Kistna and Guntur, (3) Nellore, Cuddappah and Chittoor, (4) Kurnool, Bellary and Anantapur, (5) Chingleput, North Arcot and South Arcot, (6) Salem, Coimbatore and the Nilgiris, (7) South Canara and Malabar (including Anjengo and Tangasseri), (8) Tanjore and Trichinopoly, and (9) Madura, Ramnad and Tinnevelly. Similarly for the election of two members by the Zamindars, the following two electoral areas are arranged: (1) Ganjam, Vizagapatam, Godavari, Kistna, Guntur, Nellore, North Arcot, Chittoor, Cudappah, Kurnool, Bellary and Anantapur. (2) Madras, Chingleput, Salem, Coimbatore, South Canara, Malabar (including Anjengo and Tangasseri), the Nilgiris, South Arcot, Tanjore, Trichinopoly, Madura, Ramnad and Tinnevelly. For the election, of three members by landholders other than Zamindars the following are the three electoral areas:—(1) Ganjam, Vizagapatam, Godavari, Kistna, Guntur, Nellore, North Arcot, Chittoor, Cuddapah, Kurnool, Bellary and Anantapur; (2) Madras, Chingleput, Salem, Coimbatore, the Nilgiris, South Arcot, Tanjore, Trichinopoly, Madura, Ramnad and Tinnevelly; (3) Malabar (including Anjengo and Tangasseri) and South Canara. The "electoral areas" for the election of two members by the Muhammadan community are the following two; (1) Ganjam, Vizagapatam, Godavari, Kistna, Guntur, Nellore, Madras, Chingleput, North Arcot, Chittoor, Cuddapah, Kurnool, Bellary and Anantapur, (2) Salem, Coimbatore, South Canara, Malabar (including Anjengo and Tangasseri), the Nilgiris, South Arcot, Tanjore, Trichinopoly, Madura, Ramnad and Tinnevelly. Commissioners of the Madras Corporation are the electors for the representation of the Corporation. Members of the Senate and honorary Fellows of the University of Madras having a place of residence in India can vote for the representation of the University. In the case of the election of additional members by non-official members of Municipal Councils, and District and Taluk Boards and certain other electors, the election shall be made by all persons who (a) on the 30th November preceding the publication of the electoral roll were non-official members of a municipal council or a district or taluk board within the electoral area concerned or (b) have been non-official members of a municipal council or a district and taluk board within the electoral area concerned for an aggregate period of not less than three years during the decade expiring on the said date or (c) are not qualified to vote at an election held under any other schedule annexed to these regulations and are holders of any title conferred or recognized by the Government higher in rank than the title of Rao Sahib, or are members of the order of the Star of India or of the order of the Indian Empire or are holders of the Kaisar-i-Hind Medal. No elector shall have more than one vote in any electoral area and he shall be entitled to vote only in the district under which his name is entered in the revised electoral roll. The qualification for electors in the Zamindari

groups are (a) possession of an annual income of not less than Rs. 3,000 derived from an estate situated within the Presidency of Fort St. George, or (b) receipt from Government a *Malikana* allowance the annual amount of which is not less than Rs. 3,000. No person shall be allowed to vote except in the district in which he resides and no elector shall have more than one vote. The qualification for electors in the land holder's (other than Zamindars) group is possession of an annual income of not less than Rs. £ 1,000 derived from land situated within the Presidency of Fort St. George and not forming an estate. No person shall be entitled to vote except in the district in which he resides.

In the case of the Muhammadan group, the election shall be made by all Muhammadans qualified to vote and having a place of residence within the electoral area concerned, who (1) are landholders possessing an annual income from land situated within the Presidency of not less than Rs 500; or (2) have during the financial year immediately preceding that in which the election is held paid on their own account incometax on an income of not less than Rs. 2,000; or (3) are ordinary or honorary fellows or registered graduates of the University of Madras; or (4) are holders of any title conferred or recognised by the Government or are Members of the Order of the Star of India or the Order of the Indian Empire or holders of the Kaisar-i-Hind medal; or (5) are in receipt of pensions of Rs. 15 per mensem and upwards, for service as gazetted or commissioned officers of Government. No person shall be entitled to vote except in the district in which he resides and no person shall be given more than one vote. The members of the Madras Chamber of Commerce and the Madras Trades Association shall elect their respective members. The member to be sent by the Planting community is elected by the Planters' Associations affiliated to the United Planters' Association of South India.

(1) In all cases any person not ineligible for election under the regulations who is qualified to vote in the respective groups may be nominated as a candidate for election provided the Returning officer is satisfied that such person is willing to be so nominated. Such nomination * shall be made by means of a nomination paper which shall be signed by the Returning officer appointed by the Government in each case and sent by him by registered post on or before the date appointed to each elector. Each nomination paper shall be subscribed by two electors as proposer and seconder provided that no elector shall subscribe more than one nomination paper. Nomination papers which are not received by the Returning officer before the day appointed for the scrutiny of nomination papers shall be rejected. A candidate who has been duly nominated for election may withdraw his candidature by a written and signed communication delivered to the Returning officer not less than 14 days before the date fixed for the recording of votes or later than the date fixed for the scrutiny of nomination papers. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to stand as a candidate for the same election. After the Returning officer has scrutinised the nomination papers, if he finds that only one candidate stands for election, he shall forthwith declare such candidate to be elected. If more than one candidate has been duly nominated for election, the Returning officer shall forthwith publish their names and addresses in such manner as the Local Government may prescribe and shall further cause their names to be entered in voting papers in the prescribed form. The voting papers shall then be sent to each elector on the date and time appointed by the Government. Every elector desirous of recording his vote in the presence of the Returning officer shall attend for the purpose and after recording his vote on the voting paper in the manner prescribed therein shell deliver the same to the Returning officer. If an elector is unable to read or write or is blind or physically unfit to record his vote, the Returning officer should assist him. Any elector not desirous of recording his vote in the presence of the Returning officer may send his voting paper by registered post to the Returning officer after recording his vote thereon in due form, so as to reach the Returning officer before the day appointed for the counting of votes. When the counting of votes has been completed, the Returning officer shall forth with declare the candidate to whom the largest number of votes has been given to be elected. When there is an equality of votes between any candidates, the determination of the person to whom an additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer. In the case of the following groups there are what are called electoral rolls :—

(1) " Non official members of municipal councils and district and taluk boards and certain other electors; (2) Zamindars; (3) landholders other than Zamindars; and (4) the Muhammadan community. The draft electoral roll in each case is published in the month of July of each year in the official gazette of each district. The Collector shall then fix a date not later than 30th September for hearing objections. On the 1st of October the Collector shall send a copy of the electorial roll as revised to the Returning officer who shall publish the final electoral roll in the *Fort St. George Gazette* and in the official gazettes of the districts concerned on or before 31st October Such electoral roll will continue in force until the publication of the next final electoral roll. The electoral roll in force at the date of the notification issued by the Governor calling upon the electorate to elect a member under these rules shall be conclusive evidence for the purpose of determining whether any person is or is not qualified to vote at such election.

* The mode of election in the case of the Madras Chamber of Commerce, the Madras Trades Association and the Planting Community is different and is given separately.

The rules in regard to the elections by the Madras Chamber of Commerce and the Madras Trades Association shall be carried on in such manner as a trustee for the Port of Madras is for the time being elected by the said Chamber and the Trades Association, respectively, under the Madras Port Trust Act. As regards the election by the Planting Community, the Secretary of the United Planters' Association, on receipt of an intimation that an election is to be held, shall without delay send by registered post to the Secretary of each affiliated Planters' Association a notice that an election is to be held on or before such date. Upon receipt of such notice the Secretary to each of the said Associations shall without delay send to each member of his association a notice that a meeting of the members of the affiliated association will be held at a specified place and time and on a specified date, At a meeting held under such notice each member of the affiliated association shall be entitled to give one vote for one candidate. In case of an equality of votes for two or more persons, the presiding member shall have a second or casting vote. Immediately after the election the Secretary of the affiliated association should report the result by registered post to the Secretary to the United Planters' Association, who on receipt of all the results shall assign the value of the vote of each affiliated association according to the rules framed by the United Planters' Association of South India, and determine which candidate has received the largest number of votes as so valued. In the event of an equality occurring in the number of votes secured by any candidate, the Chairman or in his absence the Vice-Chairman of the Association shall have a casting vote. The result shall then be communicated to the Secretary to Government, Legislative Department, and the name of the candidate elected shall be published in the *Fort St. George Gazette*.

No election shall be valid if any corrupt practice is committed in connection therewith by the candidate elected. A person shall be deemed to commit a corrupt practice (i) who with a view to inducing any voter to give or refrain from giving a vote in favour of any candidate offers or gives any money or valuable consideration or holds out any promise of individual profit or holds out any threat or injury to any person or (ii) who gives, procures or abets the giving of a vote in the name of a voter who is not the person giving such vote or (iii) who makes any payment or promise of payment on account of the conveyance of any voter, other than himself, to or from any place for the purpose of recording a vote at any election held under the regulations or (iv) who lets, lends, employs, hires, borrows or uses for the purpose of conveying any voter to or from any place for the purpose of recording any such vote, any vehicle, horse or other animal which is kept or used by any person for the purpose of letting out on hire or conveying passengers by hire; provided nothing in this clause shall apply to (a) any such letting to or hiring by a voter at his own cost or by several voters at their joint cost, for his or their own use; or (b) any such use by a voter of his own vehicle to convey himself. And a corrupt practice shall be deemed to be committed by a candidate if it is committed with his knowledge and consent or by a person who is acting under the general or special authority of such candidate with reference to the election.

If the validity of any election is brought in question by any person qualified either to be elected or to vote at such election on the ground of an improper rejection or reception of a nomination or of a vote, or of any corrupt practice in connection with such election or for any other cause such person may at any time within fifteen days from the date of publication of the result of such election in the gazette apply to the Local Government to set aside such election. The Governor in Council shall, after such enquiry (if any) as he may consider necessary, declare whether the candidate whose election is questioned or any or what other person was duly elected or whether the election was void. If the election is declared void, a new election shall take place.

LEGISLATIVE ENACTMENTS.

THE PRESS ACT.

ACT No. I OF 1910. *

[*9th February* 1910.]

[AN ACT TO PROVIDE FOR THE BETTER CONTROL OF THE PRESS.]

(*With foot-notes.*)

Whereas it is necessary to provide for the better control of the Press; It is hereby enacted as follows :—

1. (*1*) This Act may be called the Indian Press Act, 1910.

---

* For Statement of Objects and Reasons, *see* " Gazette of India " 1910, Pt. V, p. 13; for Report of Select Committee, *see ibid*, p. 15; and for Proceedings in Council, *see ibid*, Pt. VI, pp. 19 and 28.

(2) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

2. In this Act, unless there is anything repugnant in the subject or context,—

(a) "book" includes every volume, part or division of a volume, and pamphlet, in any language, and every sheet of music, map, chart or plan separately printed or lithographed:

(b) "document" includes also painting, drawing or photograph or other visible representation:

(c) "High Court" means the highest Civil Court of Appeal for any local area except in the case of the provinces of Ajmer-Merwara and Coorg where it means the High Court of Judicature for the North-Western Provinces and the High Court of Judicature at Madras respectively:

(d) "Magistrate" means a District Magistrate or Chief Presidency Magistrate:

(e) "Newspaper" means any periodical work containing public news or comments on public news: and

(f) "printing-press" includes all engines, machinery, types, lithographic stones, implements, utensils and other plant or materials used for the purpose of printing.

3. (1) Every person keeping a printing-press who is required to make a declaration under section 4 of the Press and Registration of Books Act, 1867, shall, at the time of making the same, deposit with the Magistrate before whom the declaration is made security to such an amount, not being less than five hundred or more than two thousand rupees, as the Magistrate may in each case think fit to require, in money or the equivalent thereof in securities of the Government of India:

Provided that the Magistrate may, if he thinks fit, for special reasons to be recorded by him, dispense with the deposit of any security or may from time to time cancel or vary any order under this sub-section.

(2) Whenever it appears to the Local Government that any printing-press kept in any place in the territories under its administration, in respect of which a declaration was made prior to the commencement of this Act under section 4 of the Press and Registration of Books Act, 1867, * is used for any of the purposes described in section 4, sub-section (1), the Local Government may, by notice in writing, require the keeper of such press to deposit with the Magistrate within whose jurisdiction the press is situated security to such amount, not being less than five hundred or more than five thousand rupees, as the Local Government may think fit to require, in money or the equivalent thereof in securities of the Government of India.

4. (1) Whenever it appears to the Local Government that any printing-press in respect of which any security has been deposited as required by section 3 is used for the purpose of printing or publishing any newspaper, book or other document containing any words, signs or visible representations which are likely or may have a tendency, directly or indirectly, whether by inference, suggestion, allusion, metaphor, implication or otherwise—

(a) to incite to murder or to any offence under the Explosive Substances Act, 1908, † or to any act of violence, or

(b) to seduce any officer, soldier or sailor in the Army or Navy of His Majesty from his allegiance or his duty, or

(c) to bring into hatred or contempt His Majesty or the Government established by law in British India or the administration of justice in British India or any Native Prince or Chief under the suzerainty of His Majesty, or any class or section of His Majesty's subjects in British India, or to excite disaffection towards His Majesty or the said Government or any such Prince or Chief, or

(d) to put any person in fear or to cause annoyance to him and thereby induce him to deliver to any person any property or valuable security, or to do any act which he is not legally bound to do, or to omit to do any act which he is legally entitled to do, or

(e) to encourage or incite any person to interfere with the administration of the law or with the maintenance of law, and order, or

(f) to convey any threat of injury to a public servant, or to any person in whom that public servant is believed to be interested, with a view to inducing that public servant to do any act or to forbear or delay to do any act connected with the exercise of his public functions, the Local Government may, by notice in writing to the keeper of such printing-press, stating or describing the words, signs or visible representations which in its opinion are of the nature described above, declare the security deposited in respect of such press and all copies of such newspaper, book or other document wherever found to be forfeited to His Majesty.

* Genl. Acts, Vol. I. † Genl. Acts, Vol. VI.

Explanation I.—In clause (*c*) the expression "disaffection" includes disloyalty and all feelings of enmity.

Explanation II.—Comments expressing disapproval of the measures of the Government or of any such Native Prince or Chief as aforesaid with a view to obtain their alteration by lawful means, or of the administrative or other action of the Government or of any such Native Prince or Chief or of the administration of justice in British India without exciting or attempting to excite hatred, contempt or disaffection do not come within the scope of clause (*c*).

(2) After the expiry of ten days from the date of the issue of a notice under sub-section (*1*), the declaration made in respect of such press under section 4 of the Press and Registration of Books Act, 1867, † shall be deemed to be annulled.

5. Where the security given in respect of any press has been declared forfeited under section 4, every person making a fresh declaration in respect of such press under section 4 of the Press and Registration of Books Act, 1867, † shall deposit with the Magistrate before whom such declaration is made security to such amount, not being less than one thousand or more than ten thousand rupees, as the Magistrate may think fit to require, in money or the equivalent thereof in securities of the Government of India.

6. If after such further security has been deposited the printing-press is again used for the purpose of printing or publishing any newspaper, book or other document containing any words, signs or visible representations which in the opinion of the Local Government are of the nature described in section 4, sub-section (*1*), the Local Government may, by notice in writing to the keeper of such printing-press, stating or describing such words, signs or visible representations, declare—

(*a*) the further security so deposited,

(*b*) the printing-press used for the purpose of printing or publishing such newspapers, book or other document found in or upon the premises where such newspaper, book or other document is, or at the time of printing the matter complained of was, printed, and

(*c*) all copies of such newspaper, book or other document wherever found,

to be forfeited to His Majesty.

7. (1) Where any printing-press is or any copies of any newspaper, book or other document are declared forfeited to His Majesty under this Act, the Local Government may direct any Magistrate to issue a warrant empowering any police-officer, not below the rank of a Sub-Inspector, to seize and detain any property ordered to be forfeited and to enter upon and search for such property in any premises—

(i) where any such property may be or may be reasonably suspected to be, or

(ii) where any copy of such newspaper, book or other document is kept for sale, distribution, publication or public exhibition or reasonably suspected to be so kept.

(2) Every warrant issued under this section shall, so far as relates to a search, be executed in manner provided for the execution of search-warrants under the Code of Criminal Procedure, 1898.*

8. (1) Every publisher of a newspaper who is required to make a declaration under section 5 of the Press and Registration of Books Act, 1867,† shall, at the time of making the same, deposit with the Magistrate before whom the declaration is made security to such an amount, not being less than five hundred or more than two thousand rupees, as the Magistrate may in each case think fit to require, in money or the equivalent thereof in securities of the Government of India.

Provided that if the person registered under the said Act as printer of the newspaper is also registered as the keeper of the press where the newspaper is printed, the publisher shall not be required to deposit security so long as such registration is in force:

Provided further that the Magistrate may, if he thinks fit, for special reasons to be recorded by him, dispense with the deposit of any security or may from time to time cancel or vary any order under this sub-section.

(2) Whenever it appears to the Local Government that a newspaper published within its territories, in respect of which a declaration was made by the publisher thereof prior to the commencement of this Act, under section 5 of the Press and Registration of Books Act, 1867,‡ contains any words, signs or visible representations of the nature described in section 4, sub-section (1), the Local Government may, by notice in writing, require the publisher to deposit with the Magistrate, within whose jurisdiction the newspaper is published, security to such an amount, not being less than five hundred or more than five thousand rupees, as the Local Government may think fit to require, in money or the equivalent thereof in securities of the Government of India.

9. (4) If any newspaper in respect of which any security has been deposited as required by section 8 contains any words, signs or visible representations which in the opinion of the Local Government are of the nature described in section 4, sub-section (1), the Local Government may, by notice in writing to the publisher of such newspaper,

stating or describing such words, signs or visible representations, declare such security and all copies of such newspaper, under section 5 of the Press and Registration of Books Act, 1867, wherever found, to be forfeited to His Majesty.

(2) After the expiry of ten days from the date of the issue of a notice under sub-section (1), the declaration made by the publisher of such newspaper under section 5 of the Press and Registration of Books Act, 1867*, shall be deemed to be annulled.

10. Where the security given in respect of any newspaper is declared forfeited, any person making a fresh declaration under section 5 of the Press and Registration of Books Act, 1867, as publisher of such newspaper, or any other newspaper which is the same in substance as the said newspaper, shall deposit with the Magistrate before whom the declaration is made security to such amount, not being less than one thousand or more than ten thousand rupees, as the Magistrate may think fit to require, in money or the equivalent thereof in securities of the Government of India.

11. If after such further security has been deposited the newspaper again contains any words, signs or visible representations which in the opinion of the Local Government are of the nature described in section 4, sub-section (1), the Local Government may, by notice in writing to the publisher of such newspaper, stating or describing such words, signs or visible representations, declare—

(a) the further security so deposited, and

(b) all copies of such newspaper wherever found, to be forfeited to His Majesty.

12. (1) Where any newspaper, book or other document wherever printed appears to the Local Government to contain any words, signs or visible representations of the nature described in section 4, sub-section (1), the Local Government may, by notification in the local official Gazette, stating the grounds of its opinion, declare such newspaper, book or other document to be forfeited to His Majesty, and thereupon any police-officer may seize the same wherever found, and any Magistrate may by warrant authorize any police-officer, not below the rank of Sub-Inspector, to enter upon and search for the same in any premises where the newspaper, book or other document may be or may be reasonably suspected to be.

(2) Every warrant issued under this section shall, so far as relates to a search, be executed in manner provided for the execution of search warrants under the Code of Criminal Procedure, 1898.

13. The Chief Customs-officer or other officer authorized by the * Local Government in this behalf may detain any package brought, whether by land or sea, into British India which he suspects to contain any newspapers, books or other documents of the nature described in section 4, sub-section (1), and shall forthwith forward copies of any newspapers, books or other documents found therein to such officer as the † Local Government may appoint in this behalf to be disposed of in such manner as the Local Government may direct.

14 No newspaper printed and published in British India shall be transmitted by post unless the printer and publisher have made a declaration under section 5 of the Press and the Registration of Books Act, 1867, ‡ and the publisher has deposited security when so required under this Act.

15. Any officer in charge of a post-office or authorized by the Postmaster General in this behalf may detain any article other than a letter or parcel in course of transmission by post which he suspects to contain—

(a) any newspaper, book or other document containing words, signs or visible representations of the nature described in section 4, sub-section (1), or

(b) any newspaper in respect of which the declaration required by section 5 of the Press and Registration of Books Act, 1867, has not been made, or the security required by this Act has not been deposited by the publisher thereof,

and shall deliver all such articles to § such officer as the Local Government may appoint in this behalf to be disposed of in such manner as the Local Government may direct.

16. (1) The printer of every newspaper in British India shall deliver at such place and to such officer as the † Local Government may, by notification in the local official Gazette, direct, and free of expense to the Government, two copies of each issue of such newspaper as soon as it is published.

(4) Chief Commissioner, North-West Frontier Province, see Gazette of India, 1910, Pt II, p. 868.

(2) If any printer of any such newspaper neglects to deliver copies of the same in compliance with sub-section (1), he shall, on the complaint of the officer to whom the copies should have been delivered or of any person authorised by that officer in this behalf, be punishable on conviction by a Magistrate having jurisdiction in the place where the newspaper was printed with fine which may extend to fifty rupees for every default.

17. Any person having an interest in any property in respect of which an order of forfeiture has been made under section 4, 6, 9, 11, or 12 may, within two months from the date of such order, apply to the High Court to set aside such order, on the ground that the newspaper, book or other document in respect of which the order was made did not contain any words, signs or visible representations of the nature described in section 4, sub-section (1).

18. Every such application shall be heard and determined by a Special Bench of the High Court composed of three Judges, or, where the High Court consists of less than three Judges, of all the Judges.

19. (1) If it appears to the Special Bench that the words, signs or visible representations contained in the newspaper, book or other document in respect of which the order in question was made were not of the nature described in section 4, sub-section (1), the Special Bench shall set aside the order of forfeiture.

(2) Where there is a difference of opinion among the Judges forming the Special Bench, the decision shall be in accordance with the opinion of the majority (if any) of those Judges.

(3) Where there is no such majority which concurs in setting aside the order in question, such order shall stand.

20. On the hearing of any such application with reference to any newspaper, any copy of such newspaper published after the commencement of this Act may be given in evidence in aid of the proof of the nature or tendency of the words, signs or visible representations contained in such newspaper which are alleged to be of the nature described in section 4, sub-section (1).

21. Every * High Court shall, as soon as conveniently may be, frame rules to regulate the procedure in the case of such applications, the amount of the costs thereof and the execution of orders passed thereon, and until such rules are framed the practice of such Court in proceedings other than suits and appeals shall apply, so far as may be practicable, to such applications.

22. Every declaration of forfeiture purporting to be made under this Act shall, as against all persons, be conclusive evidence that the forfeiture therein referred to has taken place, and no proceeding purporting to be taken under this Act shall be called in question by any Court, except the High Court on such application as aforesaid, and no civil or criminal proceeding, except as provided by this Act, shall be instituted against any person for anything done or in good faith intended to be done under this Act.

23. (1) Whoever keeps in his possession a press for the printing of books or papers without making a deposit under section 3 or section 5, when required so to do, shall, on conviction by a Magistrate be liable to the penalty to which he would be liable if he had failed to make the declaration prescribed by section 4 of the Press and Registration of Books Act, 1867. †

(2) Whoever publishes any newspaper without making a deposit under section 8 or section 10, when required so to do, or publishes such newspaper knowing that such security has not been deposited, shall, on conviction by a Magistrate, be liable to the penalty to which he would be liable if he had failed to make the declaration prescribed by section 5 of the Press and Registration of Books Act, 1867.

24. Where any person has deposited any security under this Act and ceases to keep the press in respect of which such security was deposited, or being a publisher, makes a declaration under section 8 of the Press and Registration of Books Act, 1867, he may apply to the Magistrate within whose jurisdiction such press is situate for the return of the said security; and thereupon such security shall, upon proof to the satisfaction of the Magistrate and subject to the provisions hereinbefore contained, be returned to such person.

25. Every notice under this Act shall be sent to a Magistrate, who shall cause it to be served in the manner provided for the service of summonses under the Code of Criminal Procedure, 1898. †

26. Nothing herein contained shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence against this Act.

DEFENCE OF INDIA ACT.

[ACT No. IV OF 1915.]

[*An Act to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences.*]

Whereas owing to the existing state of war it is expedient to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences; It is hereby enacted as follows:—

1. (1) This Act may be called the Defence of India (Criminal Law Amendment) Act, 1915.

(2) It extends to the whole of British India including British Baluchistan, the Southal Parganas and the district of Angul.

(3) This section and section 2 shall come into operation at once. The Governor-General in Council may, by notification in the Gazette of India, direct that the rest of the Act shall come into operation in any province or part thereof on such date as may be specified in such notification.

(4) This Act shall be in force during the continuance of the present war and for a period of six months thereafter:

Provided that the expiration of this Act shall not affect the validity of anything done in pursuance of it and any person convicted under this Act may be punished as if it had continued in force, and all prosecutions and other legal proceedings pending under this Act at the time of the expiration thereof may be completed and carried into effect, and the sentences carried into execution as if this Act had not expired.

2. (1) The Governor-General in Council may make rules for the purpose of securing the public safety and the defence of British India and as to the powers and duties of public servants and other persons in furtherance of that purpose

In particular and without prejudice to the generality of the foregoing power, rules under this section may be made—

(a) to prevent persons communicating with the enemy or obtaining information which may be used for that purpose:

(b) to secure the safety of His Majesty's forces and ships and to prevent the prosecution of any purpose likely to jeopardise the success of the operations of His Majesty's forces or the forces of His Allies or to assist the enemy;

(c) to prevent the spread of false reports or reports likely to cause disaffection or alarm or to prejudice His Majesty's relations with Foreign Powers or to promote feelings of enmity and hatred between different classes of His Majesty's subjects;

(d) to empower any civil or military authority to issue such orders and take such measures as may be necessary to secure the safety of railways, ports, dockyards, telegraphs, post offices, works for the supply of gas, electric light or water sources of water-supply, all means of communication and any areas which may be notified by such civil or military authority, as areas which it is necessary to safeguard in the public interest;

(e) to enable any naval or military authority to take possession of any property, moveable or immoveable, for naval or military purposes, and to issue such orders and do such acts in respect of any property as may be necessary to secure the public safety or the defence of British India or any part thereof;

(f) to empower any civil or military authority where, in the opinion of such authority, there are reasonable grounds for suspecting that any person has acted, is acting or is about to act in a manner prejudicial to the public safety, to direct that such person shall not enter, reside or remain in any area specified in writing by such authority, or that such person shall reside and remain in any area so specified, or that he shall conduct himself in such manner or abstain from such acts, or take such order with any property in his possession or under his control, as such authority may direct;

(g) to prohibit or regulate the possession of explosives, inflammable substances, arms and all other ammunitions of war;

(h) to prohibit anything likely to prejudice the training or discipline of His Majesty's forces and to prevent any attempt to tamper with the loyalty of persons in the service of His Majesty or to dissuade persons from entering the military or police service of His Majesty;

(i) to empower any civil or military authority to enter and search any place if such authority has reason to believe that such place is being used for any purpose prejudicial to the public safety or to the defence of British India and to seize anything found there which he has reason to believe is being used for any such purpose;

(j) to provide for the arrest of persons contravening or reasonably suspected of contravening any rule made under this section and prescribing the duties of public servants and other persons in regard to such arrests;

(k) to prescribe the duties of public servants and other persons as to preventing any contravention of rules made under this section and to prohibit any attempt to screen persons contravening any such rule from punishment; and

(l) otherwise to prevent assistance being given to the enemy or the successful prosecution of the war being endangered;

(*m*) to require that there shall be placed, at the disposal of the Governor-General in Council, the whole or any part of the output of any factory, workshop, mine or other industrial concern for the manufacture, preparation or extraction of any article or thing which, in his opinion, can be utilised in the prosecution of the present war;

(*n*) to take possession of, and use for the purpose of the Governor-General in Council, any such factory, workshop, mine or industrial concern or any appurtenances or plant thereof;

(*o*) to require any work in any such factory, workshop, mine or industrial concern to be done in accordance with the directions of the Governor-General in Council;

(*p*) to regulate or restrict the carrying out of work in any such factory, workshop, mine or industrial concern, or to remove the plant therefrom with the object of increasing the output of any other such factory, workshop, mine or industrial concern;

(*q*) to provide for any other action which may be necessary to regulate the possession, or to facilitate the collection, manufacture, preparation, or extraction of any article or thing, which can, in the opinion of the Governor-General in Council, be utilised in the prosecution of the present war; and

(*r*) to regulate the sailings of British steamers from any port in British India, and to reserve, for the use of the Governor-General in Council, all or any accommodation of whatever kind for the carriage of persons, animals or goods on any such steamers.

(2) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both, or if the intention of the person so contravening any such rule or order is to assist the King's enemies or to wage war against the King, may provide that such contravention shall be punishable with death, transportation for life or imprisonment for a term which may extend to ten years, to any of which punishments fine may be added.

(3) All rules made under this section shall be published in the Gazette of India and shall thereupon have effect as if enacted in this Act.

3. (1) The Local Government may by order in writing direct that any person accused of anything which is an offence in virtue of any rule made under section 2, or accused of any offence punishable with death, transportation or imprisonment for a term which may extend to seven years, or of criminal conspiracy to commit, or of abetting, or of attempting to commit or abet any such offence shall be tried by Commissioners appointed under this Act.

(2) Orders under sub-section (1) may be made in respect of all persons accused of any offence referred to in that sub-section, or in respect of any class of person so accused, or in respect of persons or classes of persons accused of any particular offence therein referred to or accused of any class of such offences.

(3) No order under sub-section (1) shall be made in respect of or be deemed to include any person who has been committed under the Code of Criminal Procedure, 1898, for trial before a High Court, or in whose case an order for trial has been made under section 6 of the Indian Criminal Law Amendment Act, 1908, but, save as aforesaid, an order under that sub-section may be made in respect of or may include any person accused of any offence referred to therein whether such offence was committed before or after the commencement of this Act.

4. (1) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(2) Such Commissioners may be appointed for the whole province or any part thereof or for the trial of any particular accused person or class of accused persons.

(3) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who have served as Sessions Judges or Additional Sessions Judges for a period of not less than three years, or are persons qualified under section 2 of the Indian High Courts Act, 1861, for appointment as Judges of a High Court or are advocates of a Chief Court or pleaders of ten years' standing.

5. (1) Commissioners appointed under this Act may take cognizance of offences without the accused being committed to them for trial, and, in trying accused persons, shall, subject to any rules made by the Local Government in this behalf, follow the procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant cases by magistrates:

Provided that such Commissioners shall make a memorandum only of the substance of the evidence of each witness examined, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in their opinion necessary in the interests of justice.

(2) In the event of any difference of opinion between the Commissioners the opinion of the majority shall prevail.

6. (1) The judgment of the Commissioners appointed under the Act shall be final and conclusive and such Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is

convicted and no order of confirmation shall be necessary in the case of any sentences passed by them.

(2) If in any trial under this Act it is proved that the accused person has committed any offence whether referred to in section 8 or in any order under that section or not, the Commissioners may convict such accused person of such offence and pass any sentence authorised by law for the punishment thereof.

7. The provisions of the Code of Criminal Procedure, 1898, so far as they are inconsistent with the special procedure prescribed by or under this Act, shall not apply to the proceedings of Commissioners appointed under this Act, but save as otherwise provided, that Code shall apply to such proceedings and the Commissioners shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

8. (1) Notwithstanding the provisions of the Code of Criminal Procedure, 1898, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of Commissioners appointed under this Act, and no Court shall have authority to revise any such order or sentence, or to transfer any case from such Commissioners, or to make any order under section 491 of the Code of Criminal Procedure, 1898, or have any jurisdiction of any kind in respect of any proceedings under this Act.

(2) Nothing in sub section (1) shall be deemed to affect the power of the Governor-General in Council or the Local Government to make orders under section 401 or 402 of the Code of Criminal Procedure, 1898, in respect of persons sentenced by the Commissioners under this Act.

9. Notwithstanding anything contained in the Indian Evidence Act, 1872, where the statement of any person has been recorded by a Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance or incapacity has been caused in the interest of the accused.

10. The Local Government may, by notification in the local official Gazette, make rules providing for

(i) the times and places at which Commissioners appointed under this Act may sit;

(ii) the procedure of such Commissioners including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person;

(iii) the manner in which prosecutions before such Commissioners shall be conducted, and the appointment and powers of persons conducting such prosecution;

(iv) the execution of sentences passed by such Commissioners;

(v) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (1) of section 3, and for the transmission of records to the Commissioners; and

(vi) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of the Act relating or ancillary to trials before Commissioners.

11. No order under this Act shall be called in question in any court, and no suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

THE MADRAS MOTOR-VEHICLES RULES, 1916.

TITLE, EXTENT AND DEFINITIONS.

1. (1) These rules may be called the Madras Motor-Vehicles Rules, 1916.

(2) They shall extend to the whole of the Madras Presidency.

(3) In these rules—

(a) "The Act" means the Indian Motor Vehicles Act, 1914.

(b) "Motor-cycle" means a two, three or four-wheeled motor-vehicle, fitted with a seat or seats, but without a carriage body (which includes a side car) and weighing not more than 5 cwts.

(c) "Registering authority" and "licensing authority" mean the Commissioner of Police in the City of Madras and the District Superintendent of Police elsewhere.

REGISTRATION.

2. (a) No motor-vehicle shall be used in a public place unless it has been registered in accordance with these rules or any other rules under the Act having application to the Madras Presidency.

Provided that no person shall be liable to penalty for breach of these rules if the motor-vehicle was being used in a public place for the purpose of being registered in accordance with these rules.

Provided further that every motor-vehicle which was registered under the rules formerly in force under the Madras Motor Vehicles Act, 1907, such registration being still in force on the date from which these rules take effect, shall be deemed to have been registered under these rules.

(b) Registration of a motor-vehicle in the Madras Presidency will be dispensed with on production of evidence of registration in another province which is still in force.*

(c) After the expiration of three months from the date of publication of these rules, motor-vehicles which have been registered under the rules made under the Madras Motor Vehicles Act, I of 1907, but which do not comply in all respects with the requirements of these rules, shall not, except for the purpose of being registered, be used on any road or street until they have been registered anew.

Provided that such vehicles shall be registered free of charge.

PROCEDURE IN RESPECT OF REGISTRATION.

3. Every application for registration shall contain the particulars entered in form A annexed to these rules.

4. Every registering authority shall keep a register in form B annexed to these rules and shall, on receipt of an application containing the particulars required by rule 3 for the registration of a motor vehicle, and on payment of the prescribed fee, unless some reason to the contrary exists, assign a separate number to the motor-vehicle, register it, and issue to the applicant a certificate of registration in form C annexed to these rules. If the registering authority declines to register the vehicle, he shall record his reasons in writing and shall communicate them to the applicant.

FEE FOR REGISTRATION.

5. The fee payable in respect of registration shall be Rs. 4 for motor-cycles and Rs. 16 for all other motor-vehicles.

TRANSFER OF OWNERSHIP.

6. Every transfer of ownership, and every transfer of possession, whether temporary or otherwise, of a motor-vehicle registered under these rules, must forthwith be reported to the registering authority by the registered owner and by the transferee.

CHANGE OF ADDRESS.

7. Whenever the registered owner of a motor-vehicle changes his address, he must report the new address to the authority who registered the vehicle.

VALIDITY OF REGISTRATION CERTIFICATES.

8 Certificates of registration granted under these rules shall be valid throughout the Madras Presidency and certificates of registry in other Provinces will also be accepted as valid in Madras †

* The Governor in Council has exempted from further registration in the Madras Presidency all motor vehicles registered under the regulations in force for the time being in the Native States of Travancore and Cochin and in the Civil and Military Station, Bangalore.

† *Note.*—Under the corresponding rules in force in other Provinces, certificates of registry in Madras are accepted as valid there also.

MOTOR-VEHICLES OF MANUFACTURERS AND DEALERS.

9. In the case of a manufacturer of, or dealer in, motor-vehicles, a general number to be used on any motor-vehicle, belonging to such manufacturer or dealer, on trial after completion or on trial by an intending purchaser, may be assigned by the registering authority on payment of an annual fee of Rs. 30.

10. Such manufacturer or dealer shall distinctly mark every such vehicle by a letter or letters in addition to the dealer's general number under rule 9. He shall, if so required by the registering authority, keep in such form as the registering authority may direct, a register showing the name of the driver in charge of each of the motor-vehicles when allowed to leave his premises and the hours and dates on which he was in charge of the vehicle. Such register shall be open to inspection on demand by any police officer of or above the rank of Sub-Inspector.

DISTINGUISHING MARKS.

11. The distinguishing letter or letters prescribed for registering authorities under these rules shall be as shown below:—

NML	,,	North Malabar.	TIN	,,	Tinnevelly.
SML	,,	South Malabar.	TRI	,,	Trichinopoly.
NE	,,	Nellore.	V	,,	Vizagapatam.

12. Whenever a motor-vehicle is in a public place, the number assigned thereto by the registering authority, preceded by the distinguishing letters denoting that authority, shall be shown in a prominent position both at the front and rear of the motor-vehicle. The letters and numbers shall be shown in white on a black ground · they shall be in an upright position and shall be not less than 3½ inches high and perfectly legible.

Provided that in the case of motor-cycles, with or without side-cars attached, they may be not less than 2 inches in height and the front number plate shall have duplicate faces and shall be fixed to the front of the cycle so that, from whichever side the vehicle is viewed, the letter or figures on one or other face of the plate may be easily distinguishable.

13. Whenever a motor-vehicle is in a public place, the distinguishing marks prescribed in the preceding rule shall not in any way be obscured or rendered or allowed to become not easily discernible at a reasonable distance.

CONDITIONS OF REGISTRATION OF MOTOR-VEHICLES.

14. Before registering a motor-vehicle, the registering officer shall be satisfied that the following conditions are satisfied:—

(1) The motor-vehicle, if it exceeds in weight unladen 7 cwt. must be capable of being so worked that it may travel either forwards or backwards.

(2) The motor-vehicle must have two independent brakes in good working order and of such efficiency that the application of either will promptly stop the motor-vehicle.

(3) The motor-vehicle and all its fittings must be in such a condition as not to cause, or be likely to cause, danger to any person.

(4) The motor-vehicle must be so constructed and used that no smoke, visible vapour or incandescent material is emitted therefrom in such quantity as to cause annoyance or danger to the public except from some temporary or accidental cause.

(5) The motor-vehicle must be fitted with a silencer, expansion chamber or other contrivance, suitable and efficient for reducing as far as may reasonably be practicable the noise which is caused by the escape of the exhaust gases from the engine.

(6) If the motor-vehicle is propelled by steam, it shall consume its own smoke and shall be fitted with efficient spark arresters.

SUBSEQUENT DEFECTS.

15. Where any District Superintendent of Police or the Commissioner of Police, Madras, at any time after a motor-vehicle has been registered, has reason to believe that it has ceased to comply with the requirements of the Act or the rules made thereunder, or that it is not maintained in such a condition as to prevent danger to the public, such officer may, after notice to the registered owner, direct that the registration be cancelled until such time as the defects are rectified to his satisfaction. Where such officer himself is not the authority who registered the vehicle, he shall report the fact that registration has been cancelled, to the authority who registered the vehicle.

16. (a) No person may cause or permit a motor vehicle to stand or be used in a public place between half an hour after sunset and half an hour before sunrise, or may drive a motor-vehicle when so used, unless it carries three lighted lamps of suitable design and illumination and so attached thereto as to prevent their movement; one of which shall be attached on either side of the front of the motor-vehicle, exhibiting a white light in the direction in which the motor-vehicle is proceeding or is intended to proceed, and the third at the back of the vehicle exhibiting a red light in the reverse direction and a white light at right angles thereto so placed and so efficient as to illuminate and render easily distinguishable the registered number of the motor-vehicle at a reasonable distance.

Provided that in the case of a motor-cycle, one headlight exhibiting a white light in the direction in which the motor-cycle is proceeding so placed and so efficient as to illuminate and render easily distinguishable the registered number of the motor-cycle and one red rear light exhibiting a red light in the reverse direction or a reflector so constructed and attached to the motor-cycle as to reflect a red light from any light carried on another vehicle approaching from behind shall be carried.

When a side car is attached to such motor-cycle, the side car shall also carry a white light showing to the front.

(b) The District Magistrate or the Commissioner of Police, as the case may be, may by notice published in the District Gazette or the *Fort St. George Gazette* prohibit within any local limits—

(i) the use of acetylene or electric lamps of any description giving a powerful and intense light, or

(ii) the use of such lamps unless they are properly hooded or screened to the satisfaction of the District Magistrate or the Commissioner of Police as the case may be.

USE OF CUT-OUTS AND SIMILAR DEVICES.

17. No cut-out, fitting or other apparatus or device which will allow the exhaust gases from the engine of the motor-vehicle to escape into the atmosphere without first passing through a silencer, expansion chamber or other contrivance suitable and sufficient for reducing, as far as may reasonably be practicable, the noise which would otherwise be caused by the escape of the said gases shall be used in any place, road or street where the use of such devices has been prohibited in the City of Madras by the Commissioner of Police and elsewhere by the District Magistrate.

USE OF HORNS, SIRENS AND WHISTLES.

18. Every person driving a motor-vehicle in a public place shall have ready and available for immediate use a suitable horn capable of giving sufficient warning of the approach or position of the motor-vehicle. Provided that no siren nor any form of horn or whistle worked off the exhaust nor any horn sounding more than a single note shall be used in any place, road or street where the use of such devices has been prohibited in the City of Madras by the Commissioner of Police and elsewhere by the District Magistrate.

DRIVING LICENCES.

19. A licence to drive a motor vehicle shall be granted in the City of Madras by the Commissioner of Police and elsewsere by the District Superintendent of Police to any person who can satisfy such authority that he is a competent and careful driver.

20. Every licensing authority shall keep a register of driving licences in form E annexed to these rules and on receipt of the prescribed fee, and subject to the provisions of the rule following, shall, unless the applicant is disqualified under sections 8 (i), 18 (1) (i), 18 (1) (ii) or 18 (6) of the Act or under any other Act or rule having the force of law for the time being in force, grant him a licence in form F1 annexed to these rules.

PROVISIONAL LICENCES.

21. No licence shall be granted until the applicant has satisfied the licensing authority as to his ability to drive a motor-vehicle without danger to the public safety, Provided that an applicant who wishes to undergo instruction in driving may be given a provisional licence to drive in form F2 one condition of which shall be that when so driving he shall invariably be accompanied by the holder of a substantive licence.

VALIDITY OF LICENCES.

22. Every licence granted or renewed under these rules shall, subject to the provisions of the Act as regards cancellation and suspension, be in force for one year from the date of issue and shall be valid throughout the Madras Presidency. The holder of a licence to drive current in a Province other than Madras shall not during the currency of his licence be required to take out a fresh licence to drive in the Madras Presidency.*

* NOTE.—Under the corresponding rules in force in other Provinces, driving licences which are current in Madras are accepted as valid there also.

FEES FOR THE GRANT OF LICENCES.

23. The fee for the grant or renewal of a licence shall be Rs. 2. On sufficient cause being shown a duplicate thereof may be granted by the original licensing authority on payment of a fee of Re. 1. The word "*Duplicate*" shall be clearly shown in red ink across a duplicate licence.

LEAVING MOTOR VEHICLES IN PUBLIC PLACES.

24. No person in charge of a motor-vehicle shall allow it to stand in a public place so as to cause or be likely to cause unnecessary obstruction to traffic, nor unattended by a person licensed under the Act unless all reasonable precautions have been taken to prevent its moving or being moved.

SPEED LIMITS.

25. The local Government may by notification in the official Gazette prohibit the driving of motor vehicles altogether in any public place or places or may restrict the driving of motor vehicles in such place or places to such maximum speed as may be indicated upon notice boards erected at the limits of such public place or places.

RULE OF THE ROAD.

26 (*a*). A motor-vehicle shall be driven in accordance with the rules of the road which require a vehicle to keep on the left of the road except when passing horses and other vehicles going in the same direction which should be passed on the right and provided that it should ordinarily pass a tram-car on the left or near side whether it be going in the same or the contrary direction.

(*b*) The driver of a motor-vehicle when turning into a side street, if to the left shall keep close to the corner, if to the right shall make a wide curve. He shall further when about to turn to the right hold out his right hand horizontally to the right of the vehicle and when about to stop raise his hand vertically, palm to the front.

(*c*) A motor-vehicle entering a main road from a branch or side road should enter the main road slowly and give way to vehicles travelling on the main road.

DRIVERS TO OBEY DIRECTIONS OF POLICE OFFICERS.

27. The driver of a motor-vehicle shall obey every direction of a police officer for the time being in charge of the regulation of traffic in any public place.

A direction to stop may be made by a police officer raising his hand above the level of his head as a signal or at night in such manner as the licensing authority may direct.

COMPETITIONS, RELIABILITY TRIALS, ETC.

28. No competition, reliability trial, display or exhibition in which more than five motor-vehicles are expected to take, or actually take, part shall be permitted in a public place without the written permission of the District Superintendent of Police, or in the City of Madras, of the Commissioner of Police, who may impose such special restrictions as he may think fit.

DRIVERS OF MOTOR CYCLES NOT TO CARRY PASSENGERS OR TOW OTHER CYCLISTS.

29. Within the limits of the City of Madras or of any municipality, no driver of a motor-cycle shall carry a passenger thereon nor shall he tow any other cyclist thereby.

LETTING OR PLYING FOR HIRE.

30. (1) Motor-vehicles which are intended to be let or to ply for hire in any local area or along any public road in the Presidency shall possess special permits in form G annexed to these rules granted by the Commissioner of Police in the City of Madras or the District Magistrate elsewhere, and shall be subject to the conditions prescribed in such permits.

(2) Every motor-vehicle which is let or plies for hire shall be registered annually.

(3) The fee payable for the first registration of such motor-vehicle shall be Rs. 16 and the fee payable for renewal of registration shall be Rs. 8.

HEAVY MOTOR-VEHICLES.

The following additional rules shall apply to heavy motor-vehicles :—

DEFINITIONS.

31. In these additional rules—

(a) the expression "heavy motor-vehicle" means a motor-vehicle exceeding two tons in weight, unladen;

(b) the expression "trailer" means any vehicle drawn by or attached to a heavy motor-vehicle;

(c) the expression "axle-weight" means, in relation to an axle of a heavy motor-vehicle, the aggregate weight transmitted to the surface of the road or other base whereon the heavy motor-vehicle or trailer moves or rests, by the several wheels attached to that axle when the heavy motor-vehicle, or the railer, is loaded;

(d) the expression "registered axle-weight," in relation to an axle of a heavy motor vehicle, means the axle-weight of that axle as registered by the registering authority in pursuance of these rules;

(e) the expression "weight," when used in relation to a heavy motor-vehicle or trailer attached to it, means (i) when the vehicle or trailer is unladen, the weight of the vehicle including all parts, equipment, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the vehicle or trailer when working: provided that where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight; and (ii) when the vehicle or trailer is laden, its weight when unladen plus its lawful load including the weight of the driver;

(f) the expression "width," in relation to the tire of a wheel, means the distance measured horizontally and in straight line across the circumference of the wheel and between the two points in the outer surface of the tire which are farthest apart;

(g) the expression "diameter," in relation to a wheel, means the diameter measured between the two opposite points in the outer surface of the tire which are farthest apart.

ADDITIONAL PARTICULARS TO BE FURNISHED WITH APPLICATION FOR REGISTRATION.

32. In addition to the particulars prescribed by rule 3 above, the following particulars shall be furnished with an application for the registration of a heavy motor-vehicle :—

(1) weight of heavy motor-vehicle or trailer, unladen;
(2) axle-weight of each axle;
(3) diameter of each wheel.

FEE FOR REGISTRATION.

33. The fee payable in respect of registration of a heavy motor-vehicle shall be Rs. 32. Such registration shall continue in force for a period of not more than twelve months from the date thereof. Registration may be renewed annually on payment of a fee of Rs. 16.

SPECIAL CONDITION TO BE FULFILLED.

34. The registering authority shall decline to register a heavy motor-vehicle unless he is satisfied that it fulfils all the conditions special to heavy motor-vehicles laid down by rules made under the Act and in order that he may so satisfy himself, he may require the production of the heavy motor-vehicle and the axle-weight of each axle to be ascertained in such manner as he may by general or special order direct.

REGISTERING AUTHORITY MAY CAUSE THE AXLE-WEIGHT FOR THE TIME BEING OF ANY AXLE OF A HEAVY MOTOR-VEHICLE TO BE ASCERTAINED.

35. When the registering authority or any officer duly authorised by him in this behalf has reasonable ground for suspecting that the axle-weight for the time being of any axle of any heavy motor-vehicle or trailer drawn thereby exceeds the registered or marked axle-weight of that axle he may cause the axle-weight for the time being of any such axle to be ascertained.

The person driving or in charge of such motor-vehicle shall to the best of his ability afford all such facilities as may reasonably be necessary for the purpose of ascertaining the axle-weight as aforesaid.

REGISTERED WEIGHT TO BE PAINTED ON VEHICLE.

36. Unless he declines in accordance with rule 34 to register a heavy motor-vehicle, the registering authority shall proceed in accordance with rule 4 above and upon receiving the certificate in Form C, the owner of the motor-vehicle shall cause—

(a) the highest rate of speed at which, in conformity with these rules, the heavy motor-vehicle may be driven,

(b) the registered weight of the heavy motor-vehicle unladen, and

(c) the registered axle-weight of each axle

to be painted or otherwise plainly marked in letters not less than one inch in height, and in such a manner as to be legible at a reasonable distance, upon some conspicuous part of the left or near side of such heavy motor-vehicle in the case of (a), and in the case of (b) and (c) of the right or offside.

CONDITIONS FOR THE USE OF HEAVY MOTOR-VEHICLES.

37. No person shall cause or permit a heavy motor-vehicle to stand or be used in a public place or shall drive or have charge of a motor vehicle when so used unless the following conditions are satisfied :—

(1) (i) The axle-weight of any axle of a heavy motor-vehicle shall not exceed the registered axle-weight.

(ii) The registered axle-weight of any axle of a heavy motor-vehicle shall not exceed eight tons and the axle-weight of a trailer shall not exceed four tons.

(iii) The sum of the registered axle weights of all the axles of a heavy motor-vehicle shall not exceed twelve tons.

(2) The tires of each wheel of a heavy motor-vehicle, unless the tires are pneumatic or made of a soft or elastic material, shall be smooth and shall, where the tire touched the surface of the road or other base whereon the heavy motor-vehicle moves or rests, be flat, provided that the edges of the tire may be bevelled or rounded to the extent in the case of each edge of not more than half an inch.

Provided also that—

(i) if the tire is constructed of separate plates, the plates may be separated by parallel spaces which shall be disposed throughout the outer surface of the tire so that nowhere shall the aggregate extent of the space or spaces in the course of a straight lne drawn horizontally across the circumference of the wheel exceed one-eighth part of the width of the tire ;

(ii) the driving wheels of a heavy motor-vehicle shall be cylindrical and smoothsoled or shod with diagonal cross.bars of not less than three inches in width nor more than three.quarters of an inch in thickness, extending the full breadth of the tire, and the space intervening between each such cross-bar shall not exceed three inches ;

(3) the width of the tire of each wheel of a heavy motor-vehicle shall be determined by such of the following conditions as may apply to the circumstances of the case ; that is to say—

(a) the width shall in every case be not less than five inches ;

(b) the width shall be not less than that number of half inches which is equal to the number of units of registered axle weight of the axle to which the wheel is attached.

The unit of registered axle-weight shall vary according to the diameter of the wheel and the rules set forth in the subjoined scale ; that is to say—

(i) if the wheel is three feet in diameter the unit of registered axle.weight shall be 7½ cwts.,

(ii) if the wheel exceeds 3 feet in diameter, the unit of registered axle-weight shall be 7½ cwts. with an addition of weight in the proportion of one hundredweight for every 12 inches by which the diameter is increased beyond 3 feet; and in the same proportion for an increase which is greater or less than 12 inches, and

(iii) if the wheel is less than 3 feet in diameter, the unit of registered axle-weight shall be 7½ cwts, with a deduction of weight in the proportion of one hundred-

weight for every 6 inches by which the diameter is reduced below 3 feet, and in the same proportion for any reduction which is greater or less than 6 inches.

Provided that this clause shall not apply to any tire which is pneumatic or which is made of a soft or elastic material.

(4) The diameter of a wheel of a heavy motor-vehicle, if the wheel is fitted with a tire which is not pneumatic or is not made of a soft or elastic material, shall be not less than 2 feet.

(5) A heavy motor-vehicle shall, when measured between its extreme projecting points, be of a width not exceeding 7 feet 6 inches, and no heavy motor-vehicle or train made up of a motor-vehicle with one or more trailers attached to it shall be used in any public place if such motor-vehicle or train exceeds 36 feet in length. The height of a heavy motor-vehicle when loaded and measured from the ground level to the highest point of the hood or load whichever is higher shall not exceed 10 feet.

(6) The heavy motor-vehicle shall be constructed with suitable and sufficient springs between each axle and the frame of the heavy motor-vehicle.

OPENING OF CYLINDER TAPS AND BLOWING OFF OF STEAM.

38. The cylinder taps of a heavy motor-vehicle propelled by steam shall not be opened within sight of any person driving, riding, leading or in charge of any horse upon the road or street, nor shall the steam be allowed to attain such a pressure as to exceed the limit fixed by the safety-valve so that no steam shall blow off when the vehicle is upon the road or street.

CONDITIONS FOR THE USE OF TRAILERS.

39. No person shall haul, by means of a heavy motor-vehicle, in any public place more than three trailers at a time, nor any trailer, unless the following conditions are satisfied.

(i) Each trailer shall satisfy the conditions laid down for heavy motor-vehicles as to registered maximum axle-weight, tires, width of tire, size of wheels, width of vehicle and springs, save that, in the case of a trailer, the registered maximum axle weight shall not exceed four tons and that the minimum width of tire shall be three inches save in the case of trailers not exceeding one ton in weight unladen which shall be exempted from the prescribed requirements as to width of tire;

(ii) each trailer attached to a heavy motor vehicle shall have a brake approved by the registering authority and each trailer shall carry upon it a person competent to apply the brake efficiently, provided that, where the brakes upon the motor-vehicle to which any trailer is attached are so constructed and arranged that neither of them can be used without bringing into action simultaneously the brake attached to the trailer, or if the brakes of the trailer can be applied from the motor-vehicle independently of the brakes of the latter, this rule shall not apply;

(iii) the heavy motor-vehicle shall not at the time be in use as a public conveyance.

DRIVING ON BRIDGES.

40 (i) Where any duly constituted authority affixes or sets up in suitable and conspicuous positions, on each approach to a bridge, forming part of a highway, notices stating the carrying capacity of the bridge which, as regards all their contents or subject matter, are clearly and distinctly legible and visible by persons approaching the bridge, the owner of a heavy motor-vehicle, the combined registered axle-weight of which exceed the carrying capacity of the bridge as specified in the said notice shall not cause or suffer the motor-vehicle to be driven, and the person driving or in charge of the motor-vehicle shall not drive the motor-vehicle upon the bridge.

(ii) The owner of a heavy motor-vehicle shall not cause or suffer the motor-vehicle to be driven and the person driving or in charge of a heavy motor-vehicle shall not drive the motor-vehicle, upon a bridge forming part of a highway at any time when another heavy motor-vehicle is on the bridge, if the combined weights of the vehicles exceed the carrying capacity of the bridge.

SPEED LIMITS.

41. No person shall drive a heavy motor-vehicle in any public place at a speed exceeding seven miles an hour.

Provided that—

(a) if the weight of the motor-vehicle unladen exceeds three tons, or

(b) if the registered axle-weight of any axle exceeds six tons, or

(c) if a trailer is attached to the heavy motor-vehicle,

the speed shall not exceed 5 miles an hour.

Provided also that—

if the heavy motor-vehicle has all its wheels fitted with pneumatic tires or with tires of a soft or elastic material, the speed shall not exceed—

(a) twelve miles an hour where the registered axle-weight of any axle does not exceed six tons,

(b) seven miles an hour where such registered axle-weight exceeds six tons.

THE INDIAN INCOME-TAX ACT.

[ACT NO. II OF 1886.]

An Act for imposing a tax on income derived from sources other than agriculture.

[*As amended up to the 7th March 1917.*]

Whereas it is expedient to impose a tax on income derived from sources other than agriculture; It is hereby enacted as follows :—

PRELIMINARY.

1. (1) This Act extends to the whole of British India, and applies also, within the dominions of Princes and States in India in alliance with Her Majesty, to British subjects in those dominions who are in the service of the Government of India or of a local authority established in the exercise of the powers of the Governor General in Council in that behalf; and

(2) It shall come into force on the first day of April, 1886.

(3) [*Rep. by the Repealing Act, 1891 (XII of 1891).*]

2. On and from the day on which this Act comes into force the enactments specified in the first schedule to this Act shall be repealed, except as to fees payable and other sums due under those enactments and the mode of recovering the same.

3. In this Act, unless there is something repugnant in the subject or context,—

(1) "local authority" means any municipal committee, district board, body of port commissioners or other authority legally entitled to, or entrusted by the Government with, the control or management of any municipal or local fund:

(2) "company" means an association carrying on business in British India, whose stock or funds is or are divided into shares and transferable, whether the company is incorporated or not, and whether its principal place of business is situate in British India or not:

(3) "prescribed" means prescribed by the Governor General in Council by notification in the Gazette of India, or by the Governor General in Council or a Local Government by rules made under this Act.

(4) "salary" includes allowances, fees, commissions, perquisites or profits received; in lieu of or in addition to a fixed salary, in respect of an office or employment of profit, but, subject to any rules which may be prescribed in this behalf, it does not include travelling, tentage, horse or sumptuary allowance, or any other allowance granted to meet specific expenditure:

(5) "income" means income and profits accruing and arising or received in British India, and includes, in the case of a British subject within the dominions of a Prince or State in India in alliance with Her Majesty, any salary, annuity, pension or gratuity payable to that subject by the Government or by a local authority established in the exercise of the powers of the Governor General in Council in that behalf:

(6) "Magistrate" means a Presidency Magistrate or a Magistrate of the first or second class:

(7) "person" includes a firm and a Hindu undivided family:

(8) "defaulter" includes a company or firm making default under this Act:

(9) "Collector" means the chief officer in charge of the revenue-administration of a district, and, in a presidency-town, any officer whom the Local Government, by notification in the official Gazette, may, by name or by virtue of his office, appoint to be a Collector for the purposes of this Act; in the case of a company or firm, it means the Collector, as here defined, of the district or presidency-town in which its principal place of business in British India is situate; and, in the case of any other person chargeable under this Act, it means the Collector, defined as aforesaid, of the district or presidency-town in which the person has his residence:

(10) "principal officer," used with reference to a local authority or a company or any other public body or association not being a local authority or company, means—

(a) the secretary, treasurer, manager or agent of the authority company, body or association; or

(b) any person connected with the authority, company, body or association upon whom the Collector has caused a notice to be served of his intention of treating him as the principal officer thereof; and

(11) "Part" means a Part of the second schedule to this Act.

LIABILITY TO TAX.

4. Subject to the exceptions mentioned in the next following section, there shall be paid, in the year beginning with the first day of April, 1916, and in each subsequent year, to the credit of the Government of India, or as the Governor General in Council directs, in respect of the sources of income specified in the first column of the second schedule to this Act, a tax at the rate specified in that behalf in the second column of that schedule.

5. (1) Nothing in section 4 shall render liable to the tax—

(a) any rent or revenue derived from land which is used for agricultural purposes and is either assessed to land-revenue or subject to a local rate assessed and collected by officials of the Government, as such; or

(b) any income derived from—

(I) agriculture, or

(II) the performance by a cultivator or receiver of rent-in-kind of any process ordinarily employed by a cultivator or receiver of rent-in-kind to render the produce raised or received by him fit to be taken to market, or

(III) the sale by a cultivator or receiver of rent-in-kind of the produce raised or received by him, when he does not keep a shop or stall for the sale of such produce; or

(c) any building owned and occupied by the receiver of the rent or revenue of any such land as is referred to in clause (a), or by the cultivator, or the receiver of rent-in-kind, of any land with respect to which or the produce whereo any operation mentioned in clause (b) is carried on:

Provided that the building is on or in the immediate vicinity of the land, and is a building which the receiver of the rent or revenue, or the cultivator or the receiver of the rent-in-kind, by reason of his connection with the land, requires as a dwelling-house, or as a Store house, factory or other out building; or

(d) any profits of a shipping company incorporated or registered out of British India and having its principal place of business out of India and its ships ordinarily engaged in seagoing traffic out of Indian waters; or

(e) any income derived from property solely employed for religious or public charitable purposes; or

(f) any income which a person enjoys as a member of a company or of a firm or of a Hindu undivided family when the company or the firm or the family is liable to the tax ; or,

(g) subject to any conditions and restrictions which may be prescribed in this behalf, such portion, not exceeding one-sixth, of the income in respect whereof a person would, but for this exception, be chargeable under this Act, as is deducted from the salary of the person under the authority or with the permission of the Government for the purpose of securing a deferred annuity to him or a provision to his wife or children after his death or is paid by the person to an insurance company in respect of an insurance or deferred annuity on his own life or on the life of his wife ; or

(h) any interest on stock-notes ; or

(i) the salary of any officer, warrant officer, non-commissioned officer or private of Her Majesty's Forces or of Her Majesty's Indian Forces who is not in an employment which, according to the ordinary practice, is held indifferently by military persons and civilians, and whose salary does not exceed five hundred rupees per mensem ; or

(j) any [company or] person whose income from all sources is less than [one thousand] rupees per annum.

(2) An officer or servant is not exempt from taxation under this Act by reason only of the income of his employer being exempt therefrom under this section.

6. The Governor General in Council may, by notification in the Gazette of India, exempt from liability to the tax the whole or any part of the income of any class or tribe, or of any persons residing in any specified area, and may, by a like notification, revoke the exemption.

ASSESSMENT AND COLLECTION

A.—Salaries and Pensions.

7. In the case of a person receiving any salary, annuity, pension or gratuity from the Government, any sum payable to him by the Government in respect of the salary, annuity, pension or gratuity shall be reduced by the amount of the tax to which he is liable under Part I in respect thereof.

8. (1) In the case of a person receiving any salary, annuity, pension or gratuity from a local authority, the tax to which he is liable under Part I shall at the time of the payment to him of any of the salary, annuity, pension or gratuity, be deducted therefrom by the officer whose duty it is to make the payment, and be paid by that officer within the prescribed time to the credit of the Government of India or as the Governor General in Council directs.

(2) If that officer does not deduct and pay the tax as required by sub-section (1), he shall, without prejudice to any other consequences which he may incur, be deemed to be personally in default in respect of the tax.

(3) If, when any payment is made, the tax is from any cause not deducted, it may, and on the requisition of the Collector shall, be deducted when any salary, annuity, pension or gratuity is subsequently paid to the person liable to the tax.

(4) The power to deduct under this section shall be without prejudice to any other mode of recovery.

9. (1) The tax to which a person receiving any salary, annuity, pension or gratuity from a company, or from any other public body or association not being a local authority or company, or from a private employer, is liable under Part I shall be payable by him at the time when any portion of the salary, annuity, pension or gratuity is paid to him.

(2) The Collector may, subject to such conditions as may be prescribed, enter into an arrangement with any company, or any such body or association as aforesaid, or any private employer, with respect to the recovery on behalf of the Government by the company, body, association or employer of the tax to which any person receiving any salary, annuity, pension or gratuity from the company, body, association or employer is liable under Part I.

10. The principal officer of every local authority, and of every company, and of every other public body or association not being a local authority or company, shall prepare, and, on or before the fifteenth day of April in each year, deliver or cause to be delivered to the Collector, in the prescribed form, a return in writing, showing—

(a) the name of every person who is receiving at the date of the return any salary annuity or pension, or has received during the year ending on that date any gratuity, from the authority, company, body or association, as the case may be, and the address of every such person so far as it is known ; and

(b) the amount of the salary, annuity pension or gratuity so received by each such person, and the time at which the same becomes payable or, in the case of a gratuity, was paid.

B.—Profits of Companies.

11. The principal officer in British India of every company shall prepare, and, on or before the fifteenth day of April in each year, deliver or cause to be delivered to the Collector, a statement in writing signed by him of the net profits made in British India by the company during the year ending on the day on which the company's accounts have been last made up, or, if the company's accounts have not been made up within the year ending on the thirty-first day of March in the year immediately preceding that for

which the assessment is to be made, then of the nett profits so made during the year ending on the said thirty-first day of March.

12. (1) If the Collector has reason to believe that a statement delivered under section 11 is incorrect or incomplete, he may cause to be served on the principal officer of the company a notice requiring him, on or before a date to be therein mentioned, either to attend at the Collector's office and produce, or to cause to be there produced for the inspection of the Collector, such of the accounts of the company as refer to the year to which the statement relates and as are in his possession or power.

(2) On the day specified in the notice, or as soon afterwards as may be, the Collector shall, by an order in writing, determine the amount at which the company shall be assessed under Part II, and the time when the amount shall be paid, and, subject to the provisions of the Act, that amount shall be payable accordingly.

C.—Interest on Securities.

13. (1) The tax payable under Part III in respect of the interest on any of the securities mentioned in that Part shall, at the time when and place where any of the interest is paid, be deducted therefrom by the person empowered to pay the interest, and be paid by that person within the prescribed time to the credit of the Government of India or as the Governor General in Council directs.

(2) If that person does not deduct and pay the tax as required by sub-section (1), he shall, without prejudice to any other consequences which he may incur, be deemed to be personally in default in respect of the tax.

D.—Other Sources of Income.

Ordinary Mode of Assessment and Collection.

14. The Collector shall, from time to time, determine what persons are chargeable under Part IV, and the amount at which every person so chargeable shall be assessed.

14a. (1) In the case of any person whose income is, in the Collector's opinion, not less than one thousand rupees, the Collector may cause a notice to be served upon him requiring him to furnish, within such period as may be specified in the notice a return in the prescribed form setting forth (along with such other particulars as may be provided for in the notice) the income accruing to such person during the year ending on the day on which his accounts have been last made up or, if his accounts have not been made up within the year ending on the 31st day of March in the year immediately preceding that for which the assessment is to be made, then the income accruing to him during the year ending on the said 31st day of March,

(2) A person making a return required by sub section (1) shall add at the foot thereof a declaration that the income shown in the return is truly estimated on each of the sources therein mentioned, that it has actually accrued within the period therein stated, and that the person making the return has no other source of income.

15. (1) The assessment shall be made upon the income accruing to the person during the year ending on the day on which his accounts have been last made up, or, if his accounts have not been made up within the year ending on the thirty-first day of March in the year immediately preceding that for which the assessment is to be made, then upon the income accruing to him during the year ending on the said thirty-first day of March.

(2) In the case of a person for the first time becoming chargeable under Part IV within the year for which the assessment is to be made, or within the year next before that year, the assessment shall be made according to an average of his income for such period as the Collector, having regard to the circumstances, directs.

16. (1) The Collector shall in each year prepare a list of the persons chargeable under Part IV whose annual income does not, in his opinion, amount to two thousand rupees.

(2) The list shall be in the prescribed language or languages, and shall state in respect of every such person the following particulars, namely :—

(a) his name, and the source or sources of the income in respect of which he is chargeable ;

(b) the year or portion of the year for which the tax is to be paid ;

(c) the place or places, district or districts, where the income accrues ;

(d) the amount to be paid ; and

(e) the place where, and the person to whom, the amount is to be paid.

(3) The list shall be filed in the office of the Collector, with a notification prefixed thereto requiring every person mentioned in the list to pay,, within sixty days from a date specified in the notification, the amount stated in the list as payable by him, or to apply to the Collector, within thirty days from that date, to have the assessment reduced or cancelled.

(4) The list so filed shall be open to inspection at all reasonable times without any payment.

(5) The list, or such part or parts thereof as the Collector thinks fit, with the notification prefixed thereto, shall be further published in such manner as the Local Government may consider to be best adapted for giving information to all persons concerned

(6) The list to be prepared in each year may be the list of the previous year with such amendments as the Collector finds to be necessary.

17. In the case of a person chargeable under Part IV whose annual income is, in the Collector's opinion, two thousand rupees or upwards, the Collector shall cause a notice

to be served on him stating the particulars (a) to (e) both inclusive, mentioned in section 16, sub-section (2), and requiring him to pay, within sixty days from a date specified in the notice, the amount stated therein as payable by him, or to apply to the Collector, within thirty days from that date to have the assessment reduced or cancelled.

18. The Collector may include in a list under section 16 any person who is liable to be served with a notice under section 17 instead of or in addition to serving him with such a notice, and may serve a notice under section 17 on any person liable to be included in a list under section 16 instead of or in addition to including him in such a list.

19. Every amount specified as payable in a list or notice prepared or served under section 16 or section 17 shall be paid within the time, at the place, and to the person, mentioned in the list or notice.

Trustees, Agents, Managers and Incapacitated Persons.

20. A person being the trustee, guardian, curator or committee of any infant, married woman subject to the law of England, lunatic or idiot, and having the control of the property of the infant, married woman, lunatic or idiot, whether the infant, married woman, lunatic or idiot resides in British India or not, shall, if the infant, married woman, lunatic or idiot is chargeable under Part IV, be chargeable under that Part in like manner and to the same amount as the infant would be chargeable if he were of full age, or the married woman if she were sole, or the lunatic or idiot if he were capable of acting for himself.

21. Any person not resident in British India, whether a subject of Her Majesty or not, being in receipt, through an agent, of any income chargeable under Part IV, shall be chargeable under that Part in the name of the agent in the like manner and to the like amount as he would be chargeable if he were resident in British India and in direct receipt of that income.

22. Receivers or managers appointed by any Court in India, the Courts of Wards, the Administrators General of Bengal, Madras and Bombay, and the Official Trustees shall be chargeable under Part IV in respect of all income officially in their possession or under their control which is liable to assessment under that Part.

23. When a trustee, guardian, curator, committee or agent is, as such, assessed under Part IV,

or when a receiver or manager appointed as aforesaid, a Court of Wards, an Administrator General or an Official Trustee is assessed under that Part in respect of income officially received,

the person or Court so assessed may, from time to time, out of the money coming to his or its possession as trustee, guardian, curator, committee or agent, or as receiver, manager, Court of Wards, Administrator General or Official Trustee, retain so much as is sufficient to pay the amount of the assessment.

Occupying Owners.

24. (1) Where a building is occupied by its owner, it shall be deemed a source of income within the meaning of this Act, and, if liable to be assessed under this Act, shall be assessed at five-sixths of the gross annual rent at which it may reasonably be expected to let, and, in the case of a dwelling-house, may be expected to let unfurnished.

(2) "Owner," as used in this section with reference to a building, means the person who would be entitled to receive the rent of the building if the building were let to a tenant.

CHAPTER IV.

Revision of Assessment.

25. (1) Any person objecting to the amount at which he is assessed, or denying his liability to be assessed, under Part IV may, unless he has knowingly and wilfully failed to comply with the requirements of any notice served upon him under section 14A, apply by petition to the Collector to have the assessment reduced or cancelled.

(2) The petition shall ordinarily be presented within the period specified in the notification prefixed to the list filed under section 16, or in the notice served under section 17, as the case may be. But the Collector may receive a petition after the expiration of that period if he is satisfied that the objector had sufficient cause for not presenting it within that period.

(3) The petition shall, as nearly as circumstances admit, be in the form contained in the third schedule to this Act, and the statements contained in the petition shall be verified by the petitioner or some other competent person in the manner required by law for the verification of plaints.

26 The Collector shall fix a day and place for the hearing of the petition, and on the day and at the place so fixed, or on the day and at the place, if any, to which he has adjourned the hearing, shall hear the petition and pass such order thereon as he thinks fit

27. Subject to the control of the Local Government, the Commissioner of the Division, on the petition of any person deeming himself aggrieved by an order under Section 12, sub section (3), or section 26 shall, if the amount of the assessment to which the petition relates is two hundred and fifty rupees, or upwards, and may in his discretion if the amount of the assessment is less than two hundred and fifty rupees, call for the record of the case, and pass such order thereon as he thinks fit.

28. The Collector or Commissioner may, for the purpose of enabling him to determine how the petitioner or the company which he represents should be assessed, summon and enforce the attendance of witnesses and compel them to give evidence, and compel the production of documents, by the same means and, as far as possible, in the same manner, as is provide in the case of a Civil Court by the Code of Civil Procedure:

Provided that the Collector or Commissioner shall not call for any evidence except at the instance of the petitioner or in order to ascertain the correctness of facts alleged by him.

CHAPTER V.

Recovery of Arrears of Tax.

29. The tax chargeable under this Act shall be payable at the time appointed in that behalf in or under this Act, or, if a time is not so appointed, then on the first day of June in each year.

30. (1) In any case of default under this Act the Collector, in his discretion, may recover a sum not exceeding double the amount of the tax either as if it were an arrear of land-revenue or by any process enforceable for the recovery of an arrear of any municipal tax or local rate imposed under any enactment for the time being in force in any part of the territories administered by the Local Government to which he is subordinate, or may pass an order that a sum not exceeding double that amount shall be recovered from the defaulter.

Provided that, where a person has presented a petition under section 25, such sum shall not be recoverable from him unless, within thirty days from the passing of the order on the petition, he fails to pay the amount, if any, required by that order.

(2) The Local Government may direct by what authority any powers or duties incident under any such enactment as aforesaid to the enforcement of any process for the recovery of a municipal tax or local rate shall be exercised or performed when that process is employed under sub-section (1) for the recovery of the tax chargeable under this Act.

(3) An order passed by the Collector under sub-section (1) shall have the force of a decree of a Civil Court in a suit in which the Government is the plaintiff and the defaulter is the defendant; and the order may be enforced in manner provided by the Code of Civil Procedure for the enforcement of decrees for money; and the procedure under the said Code in respect of the following matters, namely,—

(a) sales in execution of decrees,
(b) arrest in execution of decrees for money,
(c) execution of decrees by imprisonment
(d) claims to attached property, and
(e) execution of decrees out of the jurisdiction of the Courts by which they were passed,

shall apply to every execution issued for levying the sum mentioned in the order; save that all the powers and duties conferred and imposed by the said Code upon the Court shall be exercised and discharged by the Collector by whom the order has been made or to whom a copy thereof has been sent for execution according to the provisions of the said Code, sections 223 and 224.

(4) The Local Government may direct, with respect to any specified area, that the tax chargeable under this Act shall be recovered therein with, and as an addition to, any municipal tax or local rate by the same person and in the same manner as the municipal tax or local rate is recovered.

(5) No proceedings for the recovery of any sum payable under this Act shall be commenced after the expiration of three months from the last day of the year in respect of which the sum is payable.

SUPPLEMENTAL PROVISIONS.

Composition.

31. (1) If a company or person desires to compound for the tax assessable under Part II or Part IV, as the case may be, the Collector may, subject to such rules as may be prescribed in this behalf, agree with the company or person for a composition for the tax on such terms and for such period as he thinks fit.

(2) The agreement shall provide for the payment in each year of the period comprised in the agreement of the amount of the composition; and that amount shall be recoverable in the same manner and by the same means as any other assessment made under Part II or Part IV, as the case may be.

(3) Any agreement made in accordance with the provisions of this section shall be determined, as regards any tax not already due thereunder, by any change, subsequent to the making of such agreement, in the rates at which the tax is assessable under Part II or Part IV, as the case may be, with effect from the date on which such change comes into force.

Receipt.

32. When any money is paid under this Act to the Collector or is recovered thereunder by him, shall give a receipt for the same, specifying—

(a) the date of the payment or recovery of the money;
(b) the amount paid or recovered;

(c) the person who was liable to the tax, and the source or sources of income in respect of which the tax was payable;
(d) the year or part of the year for which the tax was payable;
(e) the place or places, district or districts, where the income accrues; and
(f) such other particulars, if any, as may be prescribed.

Amendment of Assessment.

33. If a company or person assessed under Part II or Part IV ceases to carry on the trade or business in respect whereof the assessment was made, or if any such person dies or becomes insolvent before the end of the year for which the assessment was made, or if any such company or person is, from any other specific cause, deprived of or loses the income on which the assessment was made, then the company or person or its or his representative in interest may apply to the Collector * * * * and the Collector, on proof to his satisfaction of any such cause as aforesaid, shall amend the assessment as the case may require, and refund such sum, if any, as has been overpaid.

Penalties.

34. (1) If a person fails—
(a) to deduct and pay any tax as required by section 8, sub-section (1), or section 13, sub-section (1), or
(b) to deliver or cause to be delivered to the Collector in due time the return or statement mentioned in section 10 or section 11, or
(c) to produce, or cause to be produced, on or before the date mentioned in a notice under section 12, such accounts as are referred to in the notice,
(d) to furnish within the specified period a return required of him under section 14A,

he shall, on conviction before a Magistrate, be punishable with fine which may extend to ten rupees for every day during which the default continues.

(2) The Commissioner of the Division may remit wholly or in part any fine imposed under this section.

35. If a person makes a statement in a declaration required under section 14A, sub-section (2), which is false, and which he either knows or belives to be false or does not belive to be true, he shall be deemed to have committed the offence described in section 177 of the Indian Penal Code.

36. A person shall not be proceeded against for an offence under section 34 or section 35, except at the instance of the Collector.

37. Any proceeding under section 12 or Chapter IV of this Act shall be deemed to be a "judicial proceeding" within the meaning of sections 193 and 228 of the Indian Penal Code.

Power to make rules.

38. (1) The Governor General in Council may make rules consistent with this Act for ascertaining and determining income liable to assessment, for preventing the disclosure of particulars contained in documents delivered or produced with respect to assessments under Part IV [for prescribing the procedure to be followed on applications for refund of the tax chargeable under this Act] and generally for carrying out the purposes of this Act, and may delegate to a Local Government the power to make such rules so far as regards the territories subject to that Government.

(2) In making a rule for preventing the disclosure of any particulars referred to in sub-section (1), the Governor General in Council may direct that a public servant committing a breach of the rule shall be deemed to have committed an offence under section 166 of the Indian Penal Code.

(3) But a person committing any such offence shall not be liable to be prosecuted therefor without the previous sanction of the Local Government.

(4) Rules made under this section shall be published in the official Gazette.

Miscellaneous.

39. No suit shall lie in any Civil Court to set aside or modify any assessment made under this Act.

39A. No claim for refund of tax under this Act shall be allowed, unless it is made within one year from the end of the year to which the claim relates.

40. All or any of the powers and duties conferred and imposed by this Act on a Collector or on a Commissioner of Division may be exercised and performed by such other officer or person as the Local Government appoints in this behalf.

41. An officer or person exercising all or any of the powers of a Collector under this Act may, by notice, require any person to furnish a list, in the prescribed form, containing, to the best of his belief,—
(a) the name of every inmate or lodger resident in any house used by him as a dwelling-house or let by him in lodgings;
(b) the name of every other person receiving salary or emoluments amounting to (eighty-three rupees five annas and four pies) per menson, or [one thousand] rupees per annum, or upwards, employed in his service whether resident in any such house as aforesaid or not; and

(c) the place of residence of such of those persons as are not resident in any such house, and of any inmate or lodger in any such house who has a place of residence elsewhere at which he is liable under this Act to be assessed and who desires to be assessed at that place.

42. An officer or person exercising all or any of the powers aforesaid may, by notice, require any person whom he has reason to believe to be a trustee, guardian, curator, committee or agent to deliver or cause to be delivered a statement of the names of the persons for or of whom he is trustee, guardian, curator, committee or agent.

43. An officer or person exercising all or any of the said powers may, by notice, require a trustee, guardian, curator, committee or agent, or a receiver or manager appointed by any Court in India, or a Court of Wards, Administrator General or Official Trustee, to furnish such returns of income liable to assessment under Part IV as may be prescribed.

44. An officer or person exercising all or any of the said powers may, at the instance of any person respecting whose assessment or the amount thereof any doubt exists, require any person to furnish such information as he deems to be necessary for the purpose of ascertaining facts relevant to the assessment or its amount.

45. A person required to furnish any information under section 41, section 42, section 43 or section 44 shall be legally bound to furnish the same in such manner and within such time as may be specified in the requisition for the information.

46. (1) A notice under this Act may be served on the person therein named either by a prepaid letter addressed to the person and registered under Part II of the Indian Post Office Act, 1866, or by the delivery or tender to him of a copy of the notice.

(2) If a notice is served by registered letter, it shall be presumed to have been served at the time when the letter would be delivered in the ordinary course of post, and proof that the letter was properly addressed and put into the post shall be sufficient to raise the presumption that the notice was duly served at that time.

(3) If the notice is to be served otherwise than by registered letter, the service shall, whenever it may be practicable, be on the person named in the notice, or, in the case of a firm, on some member thereof, or, in the case of a Hindu undivided family, on the manager of the joint estate of the family.

(4) But when the person, member or manager cannot be found, the service may be made on any adult male member of his family residing with him; and, if no such adult male member can be found, the serving officer shall fix the copy of the notice on the outer door of the house in which the person, firm or family therein named ordinarily resides or carries on business.

47. (1) When a company or firm has several places of business in territories subject to different Local Governments, the Governor General in Council may declare which of those places shall, for the purposes of this Act, be deemed to be the principal place of business.

(2) When a company or firm has several places of business in the territories subject to a single Local Government, that Government may declare which of them shall, for the purposes of this Act, be deemed to be the principal place of business.

(3) When a person has several places of residence in territories subject to different Local Governments, the Governor General in Council may declare which of those places shall, for the purposes of this Act, be deemed to be his residence.

(4) When a person has several places of residence in the territories subject to a single Local Government, that Government may declare which of those places shall, for the purposes of this Act, be deemed to be his residence.

(5) The powers given by this section may be delegated to, and exercised by, such officers as the Governor General in Council or the Local Government, as the case may be, appoints in this behalf.

48. Where a person is in respect of any period liable to the tax under this Act, he shall not in respect of that period be assessed * * * * to the capitation-tax, or the land-rate in lieu thereof, levied in British Burma under the Burma Land and Revenue Act, 1876.

49. Every person deducting, retaining or paying any tax in pursuance of this Act or of any arrangement under section 9, sub-section (2), in respect of income belonging to another person, is hereby indemnified for the deduction, retention or payment thereof.

50. All powers conferred by, or conferrable under, this Act may be exercised from time to time as occasion requires.

50a. The Local Government may, by notification in the local official Gazettes, delegate all or any of the powers conferred on it by sections 16 (5), 18 (1) (a), (b), (c), 30 (2), (4), 38 (3) and 40 to the Chief Revenue-authority, by which expression is meant the Board of Revenue or the Financial Commissioner in those provinces where these authorities exist and in any other case such authority as the Local Government may declare to be the Chief Revenue authority.

CHIEF JUSTICES AND PUISNE JUSTICES OF MADRAS.

From 1800 to 1st January 1915.

[The Mayor's Court, which had existed at Madras since 1687, was abolished in 1797, and in its place was established a Recorder's Court, under Act 37 of George III. Chap. 142. In 1800 a Supreme Court of Judicature was established, under 39 and 40 of George III., Chap. 79, to consist of a Chief Justice and two Puisne Justices. Letters Patent granting a Charter of Justice were issued on the 26th December 1801.]

REGULATIONS OF PRESIDENCY MAGISTRATES' COURTS, MADRAS.

Approved G.Os. No. 848, Judicial, dated 8th June 1901, and 890, Judicial, dated 28th February 1907.

RULES OF PRACTICE IN THE PRESIDENCY MAGISTRATES' COURTS AT MADRAS.

1. *Hours of Business.*—The Office Hours are 11 A.M. to 5 P.M. The Summons Office will open at 10 A.M. The Magistrates will ordinarily sit from 11 A.M. to 5 P.M. The Chief Presidency Magistrate shall make such arrangements as may be necessary for the despatch of emergent business or the clearing off of any arrears, which may have accumulated owing to holidays.

2. *Magistrates.*—Before commencing the Judicial work of the day, the Magistrate sitting in the Second Court will hear all complaints and applications for processes.

As soon after 11, as work in Chambers may permit, the Magistrate presiding over the First Court will take his seat on the Bench and attend to applications for adjournments and such other applications as parties may desire to make.

3. *Order of hearing Charges.*—Cases will be taken, so far as practicable, in the following order:—

1st.—Night charges and prisoners in custody.

2nd.—Summons and Warrant cases, subject to any cases being specially appointed for a particular hour.

(i) Ordinarily night charges and summons cases will be tried by the Second Court, charge sheets and warrant cases being disposed of in the First Court

(ii) In the event of one Court getting through all the cases on its list at an early hour, reference should be made to the other Court for the transfer of some of the cases there awaiting trial.

4. *Transfer and Distribution of Cases.*—It shall be the duty of the other Presidency Magistrates to inform the Chief Presidency Magistrate of any unusual stress of business in their Courts and thereupon or of his own motion, the Chief Presidency Magistrate shall provide for such distribution or transfer of cases as will tend to prevent the disposal of any one case being unduly delayed by stress of business in a particular Court.

If, in any case there exist special circumstances, which in the opinion of any party concerned or interested in such case, require a departure from the ordinary procedure prescribed by these rules, such party may bring such special circumstances to the notice of the Chief Presidency Magistrate, who shall thereupon make such lawful order in the matter as he shall think fit.

5. *Complaints, Applications for Process, &c.*—Ordinary applications for process, copies, certificates, &c., are to be made to the Magistrates on their first taking their seats on the Bench in the morning. Applications which are shown to involve urgency may be made at any time during the sitting of the Court.

(i) All applications must be presented in person or by pleader. The Magistrates will not undertake to reply to written communications. Whenever a pleader [as defined in Section 4 (r) of the Code of Criminal Procedure] representing a party to any criminal proceeding does not file in court a vakalat from his client, such pleader shall be required to file a memorandum of appearance containing a declaration that he had been duly instructed to appear by or on behalf of the party whom he claims to represent. (ii) Professional gentlemen applying on behalf of their clients for the issue of any process are requested to have their cases entered in the register of applications and also to furnish the Summons Clerk with a draft of the charge they wish to be entered in the process. (iii) Complaints and applications should, as a general rule, be made in writing with proper stamp affixed. In each complaint, the names of the complainant and of the accused parties and also of the witnesses and the section of the law alleged to have been infringed should be legibly written with such particulars of the facts as may be necessary to support the complaint. (iv) Subpœnas for witnesses must be applied for three clear days before the day of hearing, unless the Magistrate sees reason to order otherwise. (v) Applications for subpœnas will not ordinarily be received after 1 P.M. Any emergent application made subsequent to that hour should be brought to the notice of the Magistrate for orders.

6 *Copying fees.*—Copies of records will be granted to persons authorized to receive them upon payment of the copying and examining charges, which will be levied in the form of two-anna copy stamp papers, at the rate of one paper for every 175 words or fraction thereof, except in cases where, under the law, such copies should be furnished free of cost. The payment of these charges does not affect the payment of fees under the Court-fees Act, or the exemptions from such payment, when the copies are exhibited in Court. No suitor or pleader will be allowed to make copies of records either personally or by agent.

(i) Translations made by the Court Interpreters will be charged for at As. 8 per 90 words or fraction thereof. (ii) Applications for copies of records must bear a Court-fee stamp, value one anna. Forms can be obtained on application to the Chief Clerk.

7. *Reports, returns, and record of cases.*—The Magistrates shall submit such forms, records, reports and returns as may be called for by the Chief Presidency Magistrate.

8. *Benches of Magistrates.*—(i) The Chief Presidency Magistrate may, of his own motion or on the application of any Presidency Magistrate, refer any case or classes of cases, triable by a Presidency Magistrate, for trial by a Bench of two or more Magistrates and may, by his order, appoint the time and place at which such Bench shall sit.

(ii) The Chief Presidency Magistrate shall, if present, officiate as chairman. In his absence, the Senior Magistrate present shall officiate as chairman. (iii) The chairman shall conduct the proceedings of the Court and exercise all the functions in that behalf usually exercised by a Presidency Magistrate when sitting alone; but it shall be competent to any member of the Bench to put any question to a witness either direct or through the chairman, as the latter may deem advisable, and to suggest any matter for the chairman's consideration. (iv) Each member of the Bench shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail. When the numbers are even, the chairman shall have a casting vote. (v) In regard to the recording of evidence and the judgment, the proceedings shall be conducted in a manner similar to proceedings before a single Magistrate and subject to the provisions of Act V of 1898.

PRESIDENCY MAGISTRATES' COURTS.

Rules framed under Section 21, Code of Criminal Procedure.

1. The Honorary Presidency Magistrates shall sit as Benches to try such cases or classes of cases and to undertake such business as may be made over to them by the general or special order of the Chief Presidency Magistrate.

2. Each Bench will ordinarily consist of three Magistrates selected by the Chief Presidency Magistrate from the list of those appointed by Government. A Bench will sit in the Magistrates' Court at Egmore and another in the Court at Georgetown from 7-30 to 9-30 A.M. or till the work of the day is over, if earlier, on all days, except Sundays and close holidays.

3. Not less than ten days before the end of each month, the Chief Presidency Magistrate will arrange the order in which and the days on which the Honorary Presidency Magistrates shall sit during the following month and communicate the same to the Honorary Presidency Magistrates concerned. If any Honorary Presidency Magistrate is unable to attend on a day for which he has been named, he shall give timely notice to the Chief Presidency Magsitrate, mentioning, where possible, a substitute who is willing to take his place. The Chief Presidency Magistrate may depute such substitute in his place or make such other arrangement as he thinks fit. If occasion arises, the Chief Presidency Magistrate may alter any arrangements he has made under this rule.

4. The Chief Presidency Magistrate or any salaried Presidency Magistrate may, with the permission of the Chief Presidency Magistrate, sit as a member of a Bench of Honorary Presidency Magistrates.

5. In order to form a quorum, at least two Magistrates shall be present from the beginning to the end of a trial or inquiry as members of the Bench; provided that if a salaried Magistrate be present throughout the inquiry or trial, a case may be proceeded with to a decision notwithstanding that a quorum was not present throughout the proceedings. If a Bench is unable to sit for any particular day, the cases set down for hearing before it on that day may be put up before a Stipendiary Magistrate or adjourned to the Bench's next working day, as the Chief Presidency Magistrate may direct.

6. Any case before a Bench remaining unheard at the close of a sitting, may be either adjourned to the next working day or sent back to be disposed of as the Chief Presidency Magistrate directs.

7. The Chief Presidency Magistrate shall, if present, officiate as Chairman of the Bench. In his absence, the Stipendiary Presidency Magistrate (if any) present, shall officiate as Chairman of the Bench. In the absence of any Stipendiary Presidency Magistrate, the Bench shall, as often as may be necessary, elect a Chairman from among the Magistrates present. If the votes should be equal, the Chief Presidency Magistrate shall decide which Honorary Magistrate shall preside.

8. The Chairman shall conduct the proceedings of the Court and exercise all the functions in that behalf, usually exercised by a Stipendiary Magistrate when sitting alone He shall decide upon the admissibility of evidence and maintain order in the Court, but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman, as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

9. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

10. Each member of the Bench who has been present throughout the proceedings shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail; when the numbers are even, the Chairman shall have a casting vote.

11. Notwithstanding any arrangement made as provided in rule 3, any quorum that may have heard part of a case which stands adjourned at the rising of the Court shall proceed with such case till the conclusion of the trial or inquiry, as the case may be, at sittings held either from day to day or, if the case stands adjourned for more than one day, then on the days to which it stands adjourned. In such case, the Chief Presidency Magistrate may, for as long as shall be necessary, set aside or vary any arrangement made under rule 3.

12. Every Honorary Presidency Magistrate will sign the daily calendar of the day's proceedings at which he is present.

13. The Chief Presidency Magistrate may, at any time, transfer for disposal any case whether part-heard or not from the file of any Bench to his own file or to the file of any salaried Magistrate or Bench of Honorary Magistrates.

14. The Chief Presidency Magistrate may, at any time, delegate any of his powers under these rules to any salaried Magistrate subordinate to him.

15. These rules shall also apply to any additional benches of Honorary Presidency Magistrates which the Governor in Council may be pleased to appoint.

(Signed) G. STOKES,

Chief Secretary.

The Registration Act extends to the whole of British India, except such districts or tracts of country as the Local Government may, from time to time, with the previous sanction of the Governor-General in Council, exclude from its operation.

In Bengal, the Garo, Khasia, Jynteah, and Nagah Hills, the Chittagong Hill Tracts and the Tributary Mehals of Orissa and Chota-Nagpore have been excluded from the operation of the Act.—(*Beverley's Registration Manual*, p. 1.)

The whole of the Scheduled Districts of the Madras Presidency enumerated in Part I. of the First Schedule annexed to Act XIV of 1874, except the revenue taluks of Bhadrachalam and Nagur, is exempted from the operation of the Act.—(Vide *Notification published in Fort St. George Gazette, dated 28th November* 1905, *Part I, page* 991.)

The Act has been applied to the Province of Mysore and to the Hyderabad Assigned Districts and Cantonment of Secunderabad by the Governor-General in Council.—(*Notifications, 27th June* 1877, *Foreign Department, Simla, 20th July* 1871, *No.* 146.)

What documents must be registered.

1. The registration of the following documents is compulsory :—

i.—Instruments of gift.

ii.—Other non-testamentary instruments which purport or operate to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent of the value of 100 rupees and upwards, to or in immovable property.

iii.—Non-testamentary instruments which acknowledge the receipt or payment of any consideration on account of the creation, declaration, assignment, limitation, or extinction of any such right, title or interest.

Nothing in clauses ii. and iii. of this paragraph applies to any Composition Deed, nor to any instrument relating to shares in a Joint Stock Company, notwithstanding that the assets of such Company consist in whole or in part of immovable property, nor to any debenture issued by any such Company and not creating, declaring, assigning, limiting or extinguishing any right, title or interest to, or in immovable property except in so far as it entitles the holder to the security afforded by a registered instrument whereby the Company has mortgaged, conveyed or otherwise transferred the whole, or part of its immovable property or any interest therein to Trustees upon trust for the benefit of the holders of such debentures, nor to any endorsement upon or transfer of any debenture issued by any such Company, nor to any document not itself creating, declaring, assigning, limiting or extinguishing any right, title or interest of the value of 100 rupees and upwards to or in immovable property, but merely creating a right to obtain another document, which will, when executed, create, declare, assign, limit or extinguish any such right, title or interest, nor to decrees and orders of Courts and awards, grants of immovable property by Government, instruments of partition made by Revenue Officers, orders granting loans, and instruments of collateral security granted under the Land Improvement Act, 1871, or the Land Improvement Loans Act, 1883, or orders granting loans under the Agriculturists' Loans Act, 1884, and instruments for securing the repayment of loan made under that Act, or any endorsement on a mortgage deed acknowledging the payment of the whole or any part of the mortgage money, and any other receipt for payment of money due under a mortgage when the receipt does not purport to extinguish the mortgage, or a certificate of sale granted to the purchaser of any property sold by public auction by a Civil or Revenue officer.

iv.—All Leases* of immovable property except—(1) agricultural leases for a term, not exceeding one year, and (2) agricultural leases executed in any district of the Madras Presidency, the terms granted by which do not exceed 5 years, and the annual rents reserved by which do not exceed 50 rupees. The "Puttahs" granted by Zemindars to their ryots, as well as the "Muchilkas" (or counterparts) executed by the ryots under Section 8 of Act VIII of 1865, are defined to be leases for the purposes of the Registration Act, and all those not coming within the terms of the preceding exceptions, if executed after the 1st July 1871, must be registered.

v.—Authorities to adopt a son, executed after the 1st January 1872, and not conferred by a Will.

vi.—Deeds of sale and mortgage of immovable property of value less than Rs. 100 are also compulsorily registrable under the Transfer of Property Act, 1882.

2. No man, having a nephew or niece or any nearer relative, has power to bequeath any property to religious or charitable uses, except by a Will executed not less than twelve months before his death, and deposited within six months from its execution in a Registry office. This is not applicable to Hindus, Mahomedans or Buddhists.—(*Indian Succession Act, No. X of* 1865, *Sections* 105 *and* 331.)

What other documents may be registered.

3. The registration of the following documents is optional:—

i.—Instruments (other than instruments of Gifts and Wills) which purport or operate to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, of a value of less than 100 rupees to or in immovable property.

* Lease includes a counterpart, a Kabuliyat, an undertaking to cultivate or occupy and an agreement to lease.

ii.—Instruments acknowledging the receipt or payment of any consideration on account of the creation, declaration, assignment, limitation or extinction of any such right, title or interest.

iii.—Agricultural Leases of immovable property coming under the exceptions in clause iv of paragraph 1.

iv.—Instruments, other than Wills, which purport or operate to create, declare, assign, limit or extinguish any right, title or interest to or in movable property.

v.—Wills.

vi.—All other documents, not required by paragraph 1 to be registered.

4. But although the registration of these documents is not compulsory, the advantages of registering them are—

i.—That all documents, not testamentary, duly registered and relating to any property, whether movable or immovable, take effect against any oral agreement or declaration relating to such property, unless where the agreement or declaration has been accompanied or followed by delivery of possession

ii.—That every document of the kinds mentioned in clauses i, ii, iii, iv and vi, of paragraph 1, and clauses i and ii of paragraph 3, if duly registered, takes effect as regards the property comprised therein against every unregistered instrument relating to the same property, and not being a decree or order, whether such unregistered document be of the same nature as the registered document or not.

iii.—The period of limitation for a suit on a promise or contract in writing registered, and for the execution of any decree or order of any Civil Court of which a certified copy has been registered under the Registration Act, is six years instead of three (*Nos.* 116 *and* 182, 1st *Schedule, Limitation Act, IX of* 1908)

Deposit of Wills.

5. Any testator may either personally or by duly authorized agent, deposit with any Registrar his Will in a sealed cover superscribed with the name of the testator and that of his agent (if any) and with a statement of the nature of the document.

Description required in document relating to immovable property.

6 "No non-testamentary document relating to immovable property shall be accepted for registration unless it contains a description of such property sufficient to identify the same

i.—" Houses in towns shall be described as situate on the north or other side of the street or road (mentioning it) to which they front, and by their existing and former occupancies, and by their numbers, if the houses in such street or road are numbered. Other houses and lands shall be described by their name, if any, and as being in the territorial division in which they are situate, and by their superficial contents, the roads and other properties on which they abut, and their existing occupancies and also, whenever it is practicable, by reference to a Government map or survey.

ii.—" No non-testamentary document, containing a map or plan of any property comprised therein, shall be accepted for registration unless it be accompanied by a true copy of the map or plan, or in case such property is situate in several districts, by such number of true copies of the map or plan as are equal to the number of such districts."

(*a*) Where it is in the opinion of the Local Government practicable to describe houses, not being houses in towns, and lands by reference to Government map or survey, the Local Government may, by rule, require that such houses and lands as aforesaid shall, for purposes of paragraph 6, be so described.

The following rules have been sanctioned by the Madras Government under clause (*a*) and are in force in all surveyed tracts in the Madras Presidency:—

(1) Every non-testamentary document presented for registration and relating to land shall, if the land comprises one or more entire survey fields or sub-divisions, specify the number of each field or sub-division as given in the Government village map.

(2) If the land has no separate number assigned to it in the Government village map, the document shall specify the number assigned in such village map to survey the field or sub-division in which the land is situated, together with such description of the land as is sufficient for its identification.

(*b*) Save as otherwise provided by any rule made under (*a*); failure to comply with the provisions contained in clause (i) of this paragraph, will not disentitle a document to be registered if the description of the property is sufficient to identify such property.

7. "The term 'territorial division,' as used in the Indian Registration Act, 1908, shall, as far as practicable, include—

(1) The Registration District.
(2) The Registration Sub-District.

(3) The Taluk, Jaghire, Zemindary or Proprietary Estate.

(4) Any well-known division thereof, such as a Mootah, Hoondah, Khundum, Firka, Magany, Amshom, &c., and

(5) The village, hamlet, or suburb in which the property referred to in a registrable document is situated."

But if the property is described in the document relating thereto by a specific reference to an instrument which has been already registered, or of which a true copy has been filed in the office in which the document is presented for registration and in which the above particulars and such a description of the property as is required by the rules in force, are already given, they need not be repeated.

Time prescribed for Registration.

8. "No document, other than a Will, shall be accepted for registration unless presented for that purpose to the proper officer within four months from the date of its execution; or in the case of a copy of a decree or order, within four months from the day on which the decree or order was made, or where it is appealable, within four months from the day on which it becomes final.

"Where there are several persons executing a document at different times, such document may be presented for registration and re-registration within four months from the date of each execution."

If owing to urgent necessity or unavoidable accident, the presentation is not made within the prescribed time, the Registrar, where the delay does not exceed four months, may direct acceptance on payment of a fine, not exceeding ten times the proper registration fee.

When a document purporting to have been executed by all or any of the parties out of British India is not presented till after the expiration of four months, the registering officer, if satisfied—

(1) that the instrument was so executed, and

(2) that it has been presented for registration within four months after its arrival in British India, may, on payment of the proper registration fee, accept such document for registration.

A Will may at any time be presented for registration, or deposited.

9. No document, other than a Will, shall be registered unless the persons executing such document, or their representatives, assigns, or authorized agents appear before the registering officer within the time allowed for presentation under paragraph 8.

Provided that if owing to urgent necessity or unavoidable accident all such persons do not so appear, the Registrar, in cases where the delay in appearing does not exceed four months, may direct that on payment of a fine, not exceeding ten times the amount of the proper registration fee, in addition to the fine, if any, payable under paragraph 8, the document may be registered.

Such appearances may be simultaneous or at different times.

Provided, further, that it is not necessary for any officer of Government, or for the Administrator-General of Bengal, Madras, or Bombay, or for any Official Trustee, or Official Assignee, or for the Sheriff, Receiver or Registrar of a High Court to appear in person or by Agent at any Registration Office in any proceeding connected with the registration of any instrument executed by him in his official capacity.

Place of Registration.

10. The ordinary place for registering every document mentioned in paragraph 1, clauses i, ii, iii and iv, and paragraph 3, clauses i, ii and iii, is the office of a Sub-Registrar within whose Sub-District the whole or some portion of the property to which such document relates is situate; but the Registrar of a District including a Presidency Town, (*e.g.*, the Registrar of Madras), and the Registrar of the Lahore District may receive and register any document of this description without regard to the situation in any part of British India of the property to which the instrument relates, and any Registrar may, at his discretion, receive and register any instrument which might be registered by any Sub-Registrar subordinate to him.

11. Every other document may be presented for registration in the office of the Sub-Registrar, in whose Sub-District the document was executed, or in the office of any Sub-Registrar under the Local Government, at which all the persons executing and claiming under the document, decree or order, desire the same to be registered. A copy of a decree or order may be presented for registration in the office of the Sub-Registrar in whose sub-district the decree or order was made or where the decree or order does not affect immoveable property in the office of any other Sub-Registrar under the Local Government at which all the persons claiming under the decree or order desire the copy to be registered.

12. Wills must be deposited with the Registrars of Districts.

13. In ordinary cases, the registration or deposit of documents under the Indian Registration Act, 1908, must be made only at the office of the officer authorised to accept the same for registration or deposit; but such officer may, on special cause being shown, attend at the residence of any person desiring to present a document for registration or to deposit a Will, and accept for registration or deposit such document or Will.

Presentation of documents for Registration.

14. Except in the case mentioned in last preceding paragraph, every document shall be presented at the proper registration office by some person executing or claiming under the same, or in the case of a copy of a decree or order claiming under the decree or order, or by the representative or assign of such person, or by the agent of such person, representative or assign, duly authorized by power-of-attorney executed and authenticated in manner hereinafter mentioned.

15. For the purpose of paragraph 14, the powers of attorney hereinafter mentioned shall alone be recognized:

(*a*) if the principal at the time of executing the power-of-attorney resides in any part of British India in which this Act is in force, a power executed before and authenticated by the Registrar or Sub-Registrar within whose district or sub-district the principal resides;

(*b*) if the principal at the aforesaid time resides in any other part of British India, a power executed before and authenticated by any Magistrate;

(*c*) if the principal does not reside in British India, a power executed before and authenticated by a Notary Public, or any Court, Judge, Magistrate, British Consul or Vice-Consul, or representative of His Majesty or of the Government of India.

16. Every officer granting a loan under the Land Improvement Loans Act, 1883, shall send a copy of his order to the registering officer within the local limits of whose jurisdiction the whole, or any part of the land to be improved, or of the land to be granted as collateral security is situate, and such registering officer shall file the copy in his book No. 1.

17. Every Court granting a certificate of sale of immovable property under the Code of Civil Procedure, 1908, shall send a copy of such certificate to the registering officer within the local limits of whose jurisdiction the whole or any part of the immovable property comprised in such certificate is situate, and such officer shall file the copy in his book No. 1.

18. Every officer granting a loan under the Agriculturists' Loans Act, 1884, shall send a copy of any instrument whereby immovable property is mortgaged for the purpose of securing the repayment of the loan, and, if any such property is mortgaged for the same purpose in the order granting the loan, a copy also of that order, to the registering officer within the local limits of whose jurisdiction the whole or any part of the property so mortgaged is situate, and such registering officer shall file the copy or copies, as the case may be, in his book No. 1.

19. Every Revenue officer granting a certificate of sale to the purchaser of immovable property sold by public auction, shall send a copy of the certificate to the registering officer within the local limits of whose jurisdiction the whole or any part of the property comprised in the certificate is situate, and such officer shall file the copy in his book No. 1.

TABLE OF REGISTRATION FEES.

The following revised table of fees, prepared under section 78 of the Indian Registration Act, 1908 (XVI of 1908), and approved by the Governor-General in Council, is hereby published for general information in accordance with the provisions of section 79 of the Act.

	Rs.	A.	P.
1. (*a*) Registration of documents in books 1 and 4—			
(1) When the value does not exceed Rupees 10	0	4	0
(2) When the value exceeds Rupees 10 but does not exceed Rupees 25.	0	6	0
(3) When the value exceeds Rupees 25, but does not exceed Rupees 50.	0	8	0
(4) When the value exceeds Rupees 50, but does not exceed Rupees 75.	0	12	0
(5) When the value exceeds Rupees 75, but does not exceed Rupees 100	1	0	0
(6) When the value exceeds Rupees 100, but does not exceed Rupees 250	1	8	0
(7) When the value exceeds Rupees 250, but does not exceed Rupees 500	2	0	0
(8) When the value exceeds Rupees 500, but does not exceed Rupees 1,000	3	0	0

	Rs.	A.	P.
(9) When the value exceeds Rupees 1,000, but does not exceed Rupees 5,000, for the first Rs. 1,000 as under sub-clause (8) and for every Rs. 500 or part thereof in excess of Rs. 1,000	1	0	0
(10) When the value exceeds Rupees 5,000, but does not exceed Rupees 50,000 for the first Rs. 5,000 as under sub-clause (9) and for every Rs. 1,000 or part thereof in excess of Rs. 5,000 ..	1	0	0
(11) When the value exceeds Rupees 50,000 for the first Rs. 50,000 as under sub clause (10) and for every Rs. 1,000 or part thereof in excess of Rs. 50,000	0	8	0
(12) For the registration of powers of attorney	2	8	0

(b) The consideration expressed in a document shall generally be taken to be its value for determining the registration fee. Where no consideration is expressed, the value of the property dealt with as shown in the document shall be taken.

(c) The provisions of sections 5, 6, 20, 21, 23 and 25 of the Indian Stamp Act II of 1899 shall, *mutatis mutandis*, apply to calculations of value for the purpose of determining the registration fee.

(d) In the case of agreements to render service for hire, or to let movable property for hire, the value of the document shall not be taken at a higher amount than the hire for one year.

(e) In the case of leases, the value shall be taken—

(1) at the total rent for the whole term when the lease is for one year or less:

(2) at the average annual rent when the lease is for periods exceeding one year; and

(3) at one-fifth of the whole amount of rents payable for the first fifty years when the lease is perpetual. When a fine or premium is paid or is made payable, or money is advanced, that amount also should be added to the value. When a lessee undertakes to pay assessment, quit-rent, &c., in addition to the rent, the said payment should also be added to the rental value. If the rent is payable in kind and its money value is not specified in the lease, its value shall be taken to be the highest amount which the stamp borne by the document shall suffice to cover. If the document is exempt from stamp duty, the money value of the produce rent shall be calculated at the current market rates.

(f) In the case of deeds of partition, the value of the separated share or shares on which stamp duty is payable shall be taken as the value for consideration.

(g) In the case of all other documents in which neither the consideration for the transaction nor the value of the property affected is expressed, or in which it is only partially expressed, the value shall be the maximum amount which the stamp borne by the document shall suffice to cover, if the document is one which is liable to stamp duty at *ad valorem* rates. If the value cannot be determined from the stamp, as for instance, when the deed is not liable to stamp duty, or is liable to duty at a fixed amount irrespective of the value of the transaction, or when the transaction is not susceptible of money valuation, the fee leviable shall be Rs. 5, provided that in cases where the value of only a portion of the property or consideration is given and that value exceeds Rs. 2,000 the fee shall be levied on the value so expressed.

Note.—In the case of documents evidencing petty transactions incapable of valuation, the Inspector-General may, if he considers that the levy of a fee of Rs. 5 would be productive of hardship, authorize registering officers to levy a lower fee, which, however, shall not be less than 4 annas.

(h) The registration fee leviable upon a document purporting to give a collateral or auxiliary or additional or substituted security or security by way of further assurance, where the principal or primary mortgage is proved to the satisfaction of the registering officer to have been duly registered, shall be the same as for the principal or primary mortgage, if the same does not exceed Rs. 2; otherwise it shall be Rs. 2.

(i) The registration fee leviable upon a document acknowledging receipt or payment of consideration on account of any previously registered document and upon any receipt acknowledging payment of debts or rents due under previously registered mortgages, leases, etc., shall be *ad valorem* as prescribed in article 1 (a) subject to a maximum of Rs. 2.

(j) When a duplicate or counterpart of a document is presented for registration on the same day as the original document, the registration fee for such duplicate or counterpart shall, if the original document be also registered, be—

(1) for each duplicate a fixed fee of annas eight,

(2) for the counterpart, the rate prescribed for certified copies; provided that if the rate of annas eight or the copying fee is higher than the ordinary fee for registration, the latter shall be charged.

(*k*) No registration fee shall be leviable upon a mortgage deed executed by an officer of Government in Civil or Military employ for securing the repayment of an advance received by him from the Government for the purpose of constructing or purchasing a dwelling house or for the purpose of purchasing a motor-car or motor-boat for his own use.

(1) Special power ..	0	8	0
(2) General power ...	1	0	0

8. Issue of commission or attendance at a private residence or jail—

(1) For every attendance at a private residence—

(*a*) for registration of one or more documents executed by one and the same individual, or

(*b*) for the acceptance for registration of one or more documents executed in favour of one and the same individual, or

(*c*) for the attestation of one or more powers-of-attorney executed by one and the same individual, or

(*d*) for the examination of one and the same individual under section 33 or 38 there shall be paid, besides travelling allowance, an extra fee of Rs. 10.

(2) For attendance at a jail—

(*a*) for registration of one or more documents executed by a person confined in a jail, or

(*b*) for acceptance of one or more documents executed in his favour, or

(*c*) for attestation of one or more powers-of-attorney executed by such person, or

(*d*) for examination of such person under section 33 or 38; the fee to be paid, besides travelling allowance, shall be Rs. 5.

(3) For the services of a female, if required, a further fee of Rs. 3 shall be paid.

Provided that where two or more persons who are parties to the same document and who are entitled to exemption from attending the registration office reside together, only one attendance or commission fee shall be charged so far as those persons are concerned; and that when an attendance fee has been paid for attendance at the private residence of one or more persons, or at a jail where one or more persons are confined, such person or persons shall be entitled to present for registration or attestation at such attendance any number of documents or powers-of-attorney, or to admit execution of any number of documents presented for registration, without payment of any further attendance fee.

Note.—The Registrar may, in his discretion, remit the fees under (1), (2) and (3) when it appears to him that their exaction would be productive of hardship.

9. No fee will be levied for the safe custody of a document which remains unclaimed for fifteen days after registration, or after registration is refused; but for every fifteen days or part thereof after such first period calculated from the date on which the document is ready for delivery, a fee of As. 4 shall be levied, provided that the maximum fee leviable under the clause shall not exceed Rs. 2.

Note.—A Registrar is empowered in his discretion to remit in whole or in part fees leviable under this article by himself or by Registering officers subordinate to him in cases in which it appears to him that their exaction would be productive of injustice or hardship.

10. The fees for serving summonses issued and for the remuneration of executants and witnesses summoned under section 36 of the Indian Registration Act, 1908, shall be regulated according to the scale prescribed for the Courts of District Munsifs, and in the case of the district of Madras, for the Courts of the Presidency Magistrates. The fees for processes issued by Registrars under section 75 shall be levied according to the scale in force in the Principal Court of Original Civil jurisdiction.

11. (1) Registrars shall be allowed their actual travelling expenses up to a maximum of As. 4 a mile for proceeding to, and returning from, any residence or jail; and Sub-Registrars for similar journeys shall be allowed their actual travelling expenses up to a maximum of As. 3 a mile.

(2) Peons or other inferior Government servants accompanying Registrars and Sub-Registrars shall be allowed daily allowance at the rate of As. 2 per diem when the distance each way exceeds 5 miles.

12. Any person deputed by a Registrar or Sub-Registrar to make an examination at a private residence shall be allowed travelling allowance at the rate of As. 2 a mile.

	RS.	A.	P.
13. (1) Search for or inspection of a single entry or document—			
For the first year in the books of which search is made, for each entry or document	1	0	0
For every other year in the books of which search is continued, for each entry or document ...	0	4	0

(2) General search for or inspection of any number of entries or documents relating to one and the same property, or executed by or in favour of one and the same individual—

	RS.	A.	P.
For the first year in the books of which search is made ...	2	0	0
For every other year in the books of which search is continued ..	0	8	0

Provided that a fixed fee of 1 rupee only shall be charged without reference to the number of years in the books of which search is made, when a general search is made on the application of a public officer with a view to granting an encumbrance certificate—

(a) In respect of property offered as security for a loan under the Land Improvement Loans Act or Agriculturists' Loans Act, when the loan does not exceed Rs. 750 in amount, or

(b) In respect of property offered as security by a public servant for the due performance of his duties.

Note.—(1) Every application for the continuance of a search made after one week from the date of completion of that search, will be treated as a fresh application and the higher fees of Re. 1 and Rs. 2, respectively, will be charged for the first year in the books of which the search is desired to be continued.

(2) Every application for the grant of a certified copy unless made at the time of registration of a document shall be considered as an application for search and charged accordingly, provided, however, that a second search fee shall not be levied for granting copies of entries found in the course of a single or general search for which proper search fees had been levied, if the applicant mentions in the application, the number and year of the entry, the names of parties and the nature of the document.

(3) The Inspector-General of Registration may, in his discretion, remit in part the fee leviable under this article when it appears to him that the exaction of full fee would be productive of hardship.

14. Making or granting copies of reasons, entries or documents, for the benefit of any person or for transmission to any office—

(1) In English or in the vernacular of the registration sub-district—
Every 100 words or portion of 100 words ... .. . 1 anna.

(2) In any other vernacular—
Every 100 words or portion of 100 words ... ... 3 annas.

Note.—In reckoning the number of words, every figure, initial or abbreviation shall count as a word.

(3) In the case of copies of maps or plans, a reasonable fee to be specially fixed by the Registering officer.

(a) Provided that when there is present in the registration office a clerk conversant with a vernacular language referred to in clause (2) of this rule, the charge for copies of documents in such vernacular language shall be the same as that prescribed by clause (1).

(b) Provided also that in calculating the charge to be made for copies of entries or documents at the rates prescribed, it shall not be necessary, unless the applicant challenges the accuracy of the charge made, actually to count the number of words in such entries or documents, but the charge may be made on a reasonable estimate framed by the Registering officer of the number of words which the entries or documents are considered to contain.

Note.—Government officers who may require to search the registers or to take copies of entries for *bona fide* public purposes shall be permitted to do so without payment of any fee.

(4) When a copy is printed at the expense of an applicant, or when an applicant presents a printed copy of a document already registered and applies for a certified copy of the same, only the portion added in manuscript in the certified copy shall be charged for, at the ordinary rates for copying and, in addition, a fixed fee of *two* annas shall be levied for comparing and certifying each copy.

REGULATIONS UNDER THE INDIAN COMPANIES ACT, 1913.

FORT SAINT GEORGE GAZETTE

PART I, DATED 4TH JULY 1916, PAGES 725 TO 734

JUDICIAL DEPARTMENT.

NOTIFICATION.

Ootacamund, June 6, 1916.

No. 516.—His Excellency the Governor in Council is pleased to make the following regulations under section 248 (2), (4) and (5) of the Indian Companies Act, 1913 :—

Regulations under section 248 (2), (4) *and* (5) *of the Indian Companies Act.*

1. *Definition.*—In these regulations (*a*) "the Act" means the Indian Companies Act, 1913 and sections wherever quoted refer to sections of that Act; (*b*) the expression "Registrar" does not include "Assistant Registrar."

2. *Powers of the Registrar and Assistant Registrar.*—The Registrar may authorise his Assistant to register any company which is registrable by any other Assistant Registrar or any document registrable by the Registrar.

3. The Personal Assistant to the Inspector-General of Registration, who is an ex-officio Assistant Registrar of the Joint Stock Companies, shall, during the absence of the Assistant to the Registrar, exercise all the functions assigned to the Assistant.

4. All Assistant Registrars shall be subordinate to the Registrar of Joint Stock Companies who shall exercise a general supervision over all the offices established for the registration of companies.

5. *Registration of companies and documents.*—Documents filed under section 277 of the Act shall be registered in the Office of the Registrar of Joint Stock Companies, Madras.

6. (*a*) When a company which would ordinarily be registrable by an Assistant Registrar outside Madras City is registered by the Registrar, the records of the company so registered shall be transferred to the Assistant Registrar in whose jurisdiction the registered office of the company is situate and an intimation thereof shall be given to the company.

(*b*) The office of the Assistant Registrar to whom the records are so tranferred shall be the office to which the company shall forward its subsequent records.

7. The certificate of incorporation granted under section 23 of the Act shall be in Form 1 and a copy of such certificate shall be entered upon the Memorandum of Association of the company concerned, or where there is no space on the memorandum for such entry, shall be attached to it.

8. (a) On every document registered, recorded or filed there shall be endorsed the following particulars:—

(i) The number borne by the company on the register (regulation 10).

(ii) The name of the company.

(iii) The name of the document.

(iv) The serial number of the document.

(v) The date of registration, recording or filing, and the Registrar or Assistant Registrar shall affix his signature and the seal of his office thereto.

(b) If there is no space on the document for entering the particulars referred to in clause (a) the entries shall be made on a separate paper which shall be attached to the document and a note of the fact shall be made on the document itself and signed by the Registrar or Assistant Registrar.

9. When a document is registered, recorded or filed, the Registrar or Assistant Registrar shall give intimation of the same to the company in Form 2.

10. *Register of companies and index.*—(a) There shall be maintained in each office a "Register of Companies" in Form 3 in which shall be entered the names of the registered companies in the order of their registration. Each company shall be assigned a number in a consecutive series commencing and terminating with each official year. In the pages allotted to each company shall be entered a note of every registration effected or document filed or record made relating to the company and the Registrar or Assistant Registrar shall affix his signature to each note. The register shall contain such other particulars as may from time to time be prescribed by the Registrar

(b) A similar register shall be maintained in respect of companies established outside British India which file documents under section 277 of the Act.

(c) An alphabetical index shall be maintained of the companies entered in the registers.

11. *Receipt for and account of fees and documents.*—A receipt in Form 4 shall be granted for all fees paid.

12. An account of fees shall be maintained in each office.

13. *Audit of receipts and documents.*—The receipts of fees and of documents in the office of the several Assistant Registrars shall be checked periodically by the Registrar or under his directions by his Assistant.

14. *Enforcement of penal provisions.*—Whenever it is found necessary to enforce the penal provisions of the Act against any company the Registrar or Assistant Registrar, as the case may be, shall request the Government Solicitor if the registered office of the company in default is situated in Madras, or in other cases the Magistrate of the District in which the registered office of the company is situated to take the necessary steps.

15. *Seal.*—Every certificate or copy granted under the provisions of the Act shall in addition to being signed and dated by the Registrar or Assistant Registrar bear his seal.

16. The seal to be used shall bear the words $\frac{\text{Registrar}}{\text{Assistant Registrar}}$ of Joint Stock Companies, $\frac{\text{Madras.}}{\text{name of district}}$

17. *Fees.*—The following fees shall be charged for the inspection of documents and the grant of certificates of incorporation and of certified copies or extracts of documents—

	RS	A.	P.
(1) An inspection of one or more of the documents relating to a single company	1	0	0
(2) Certificate of incorporation of any company ...	3	0	0
(3) Certified copy or extract of any specified document or any part of such document for every 100 words or fractional part thereof	0	6	0

Note.—Where application is made for a certified copy and a printed one is supplied by the applicant for the preparation of such copy, only the portion added in manuscript in the certified copy shall be charged for at the ordinary rates for copying and in addition a fixed fee of six annas shall be levied for comparing and certifying each copy where the total number of words including printed matter exceeds 100.

18. A person applying for inspection of documents shall, on payment of the prescribed fee, be allowed to inspect under the supervision of the Registrar or Assistant Registrar but he shall not be permitted to take a copy of any record inspected,

19. *Inspection of registered office of companies.*—(*a*) The offices of companies situated at the headquarter stations of the Assistant Registrars of Joint Stock Companies or of Sub-Registrars of Assurances shall be visited by the Assistant Registrar or under his direction by a Sub-Registrar of Assurances for the purpose of seeing that the provisions of sections 72, 73 and 136 of the Act have been complied with. In the case of companies whose registered offices are situated in outlying villages information regarding compliance with those provisions shall be obtained by the Assistant Registrar from the District Magistrate. A list of the registered offices of the companies in outlying villages shall, for this purpose, be forwarded annually to the Magistrate of each district by the Assistant Registrar showing therein which companies should be visited twice during the year in order to ascertain that the provisions of section 136 of the Act have been complied with. The District Magistrate shall also be informed from time to time of any alteration to be made in the list.

(*b*) The Registrar shall arrange for similar visits to the offices of companies situated in Madras City.

20. *Administration report.*—The Registrar shall submit to Government so as to reach them on or before the 1st of June in each year a report on the working of the Indian Companies Act during the official year ending the 31st March preceding.

21. *Preservation and destruction of records.*—The documents of each company shall be placed together and kept distinct from those of other companies.

22. (*a*) The register of companies (Regulation 10), the register of mortgages and the index thereto (sections 112 and 113) and documents and correspondence filed with them under the Act shall be preserved permanently.

(*b*) All other records shall be preserved in such manner and for such period as the Registrar may, from time to time, direct.

REGISTRATION OF JOINT-STOCK COMPANIES

Under the Indian Companies' Act No. VII of 1913 and Act No. XXI of 1860, an Act for the registration of Literary, Scientific and Charitable Societies.

C. M. Schmidt, *Registrar*.

T. B. Setu Rao, B.A., *Asst. Registrar* (Madras City).

OFFICE—North Beach Road, Georgetown.

Summary of Act No. VII, The Indian Companies' Act, 1913.

CONSTITUTION AND INCORPORATION.

Prohibition of partnerships exceeding certain number.

4 (1) No company, association or partnership consisting of more than ten persons shall be formed for the purpose of carrying on the business of banking unless it is registered as a company under this Act, or is formed in pursuance of an Act of Parliament or some other Act of the Governor-General in Council, or of Royal Charter or Letters Patent.

(2) No company, association or partnership consisting of more than twenty persons shall be formed for the purpose of carrying on any other business that has for its object the acquisition of gain by the company, association or partnership, or by the individual members thereof, unless it is registered as a company under this Act or is formed in pursuance of an Act of Parliament or some other Act of the Governor-General in Council or of Royal Charter or Letters Patent.

Memorandum of Association.

Mode of forming incorporated company.

5. Any seven or more persons (or, where the company to be formed will be a private company, any two or more persons) associated for any lawful purpose may, by subscribing their names to a memorandum of association and otherwise complying with the requirements of this Act in respect of registra-

tion, form an incorporated company, with or without limited liability (that is to say), either—

(i) a company having the liability of its members limited by the memorandum to the amount, if any, unpaid on the shares respectively held by them (in this Act termed a company limited by shares); or

(ii) a company having the liability of its members limited by the memorandum to such amount as the members may respectively thereby undertake to contribute to the assets of the company in the event of its being wound up (in this Act termed a company limited by guarantee); or

(iii) a company not having any limit on the liability of its members (in this Act termed an unlimited company).

Memorandum of company limited by shares.

6. In the case of a company limited by shares—

(1) the memorandum shall state—

(i) the name of the company, with "Limited" as the last word in its name;

(ii) the province in which the registered office of the company is to be situate;

(iii) the objects of the company;

(iv) that the liability of the members is limited;

(v) the amount of share capital with which the company proposes to be registered, and the division thereof into shares of a fixed amount.

(2) no subscriber of the memorandum shall take less than one share:

(3) each subscriber shall write opposite to his name the number of shares he takes.

Memorandum of company limited by guarantee.

7. In the case of a company limited by guarantee—

(1) the memorandum shall state—

(i) the name of the company, with "Limited" as the last word in its name;

(ii) the province in which the registered office of the company is to be situate;

(iii) the objects of the company;

(iv) that the liability of the members is limited;

(v) that each member undertakes to contribute to the assets of the company in the event of its being wound up while he is a member, or within one year afterwards, for payment of the debts and liabilities of the company contracted before he ceases to be a member, and of the costs, charges and expenses of winding up, and for adjustment of the rights of the contributories among themselves, such amount as may be required, not exceeding a specified amount.

(2) if the company has a share capital—

(i) the memorandum shall also state the amount of share capital with which the company proposes to be registered and the division thereof into shares of a fixed amount,

(ii) no subscriber of the memorandum shall take less than one share;

(iii) each subscriber shall write opposite to his name the number of shares he takes.

Memorandum of unlimited company.

(8) In the case of an unlimited company—

(1) the memorandum shall state—

(i) the name of the company;

(ii) the province in which the registered office of the company is to be situate,

(iii) the objects of the company:

(2) if the company has a share capital—

(i) no subscriber of the memorandum shall take less than one share;

(ii) each subscriber shall write opposite to his name the number of shares he takes.

Signature of memorandum.

9. The memorandum shall be signed by each subscriber in the presence of at least one witness who shall attest the signature.

Restriction on alteration of memorandum.

10. A company shall not alter the conditions contained in its memorandum except in the cases and in the mode and to the extent for which express provision is made in this Act

Name of company and change of name.

11. (1) A company shall not be registered by a name identical with that by which a company in existence is already registered, or so nearly resembling that name as to be calculated to deceive, except where the company in existence is in the course of being dissolved and signifies its consent in such manner as the registrar requires.

(2) If a company, through inadvertence or otherwise, is, without such consent as aforesaid, registered by a name identical with that by which a company in existence is

previously registered, or so nearly resembling it as to be calculated to deceive, the first-mentioned company may, with the sanction of the registrar, change its name.

(3) A company shall not be registered by a name which contains any of the following words, namely:—"Crown", "Emperor", "Empire", "Empress", "Imperial", "King", "Queen", "Royal", or words expressing or implying the sanction, approval or patronage of the Crown or the Government of India or a Local Government except where the Governor-General in Council signifies his consent to the use of such words as part of the name of the company by order in writing under the hand of one of the Secretaries to the Government of India:

Provided that nothing in this sub-section shall apply to companies registered before the commencement of this Act.

(4) Any company may, by special resolution and subject to the approval of the Local Government signified in writing, under the hand of one of the Secretaries to such Government; change its name.

(5) Where a company changes its name, the registrar shall enter the new name on the register in place of the former name, and shall issue a certificate of incorporation altered to meet the circumstances of the case. On the issue of such a certificate, the change of name shall be complete.

(6) The change of name shall not affect any rights or obligations of the company, or render defective any legal proceedings by or against the company; and any legal proceedings that might have been continued or commenced against it by its former name may be continued or commenced against it by its new name.

Articles of Association.

Registration of articles.

17. (1) There may, in the case of a company limited by shares, and there shall, in the case of a company limited by guarantee or unlimited, be registered with the memorandum, articles of association signed by the subscribers to the memorandum and prescribing regulations for the company.

(2) Articles of association may adopt all or any of the regulations contained in Table A in the First Schedule.

(3) In the case of an unlimited company or a company limited by guarantee, the articles, if the company has a share capital, shall state the amount of share capital with which the company proposes to be registered

(4) In the case of an unlimited company or a company limited by guarantee, if the company has not a share capital, the articles shall state the number of members with which the company proposes to be registered, for the purpose of enabling the registrar to determine the fees payable on registration.

Application of Table A.

18. In the case of a company limited by shares and registered after the commencement of this Act, if articles are not registered, or, if articles are registered, in so far as the articles do not exclude or modify the regulations in Table A in the First Schedule, those regulations shall, so far as applicable, be the regulations of the company in the same manner and to the same extent as if they were contained in duly registered articles.

Form and signature of articles.

19. Articles shall—

(a) be printed,
(b) be divided into paragraphs numbered consecutively, and
(c) be signed by each subscriber of the memorandum of association in the presence of at least one witness who must attest the signature.

Alteration of articles by special resolution.

20. (1) Subject to the provisions of this Act and to the conditions contained in its memorandum, a company may by special resolution alter or add to its articles, and any alteration or addition so made shall be as valid as if originally contained in the articles, and be subject in like manner to alteration by special resolution.

(2) The power of altering articles under this section shall, in the case of any company formed and registered under Act No. XIX of 1857 and Act No. VII of 1860 or either of them, extend to altering any provisions in Table B annexed to Act No XIX of 1857, and shall also, in the case of an unlimited company formed and registered under the said Acts or either of them, extend to altering any regulations relating to the amount of capital or its distribution into shares, notwithstanding that those regulations are contained in the memorandum.

General Provision

Registration of memorandum and articles.

22. The memorandum and the articles (if any) shall be filed with the registrar for the province in which the registered office of the company is stated by the memorandum to be situate, and he shall retain and register them.

Associations not for Profit.

Power to dispense with "Limited" in name of charitable and other companies.

26. (1) Where it is proved to the satisfaction of the Local Government that an association capable of being formed as a limited company has been or is about to be formed for promoting commerce, art, science, charity, or any other useful object, and applies or intends to apply its profits (if any) or other income in promoting its objects, and to prohibit the payment of any dividend to its members, the Local Government may, by license under the hand of one of its Secretaries, direct that the association be registered as a company with limited liability, without the addition of the word "Limited" to its name, and the association may be registered accordingly.

(2) A license by the Local Government under this section may be granted on such conditions and subject to such regulations as the Local Government think fit, and those conditions and regulations shall be binding on the association, and shall, if the Local Government so directs, be inserted in the memorandum and articles, or in one of those documents.

(3) The association shall on registration enjoy all the privileges of limited companies, and be subject to all their obligations, except those of using the word "Limited" as any part of its name, and of publishing its name, and of filing lists of members and directors and managers with the registrar.

(4) A license under this section may at any time be revoked by the Local Government, and upon revocation the registrar shall enter the word "Limited" at the end of the name of the association upon the register, and the association shall cease to enjoy the exemptions and privileges granted by this section:

Provided that, before a license is so revoked, the Local Government shall give to the association notice in writing of its intention, and shall afford the association an opportunity of submitting representation in opposition to the revocation.

SHARE CAPITAL, REGISTRATION OF UNLIMITED COMPANY AS LIMITED AND UNLIMITED LIABILITY OF DIRECTORS.

Distribution of Share Capital.

Annual list of members and summary.

32 (1) Every company having a share capital shall once at least in every year make a list of all persons who, on the day of the first or only ordinary general meeting in the year, are members of the company, and of all persons who have ceased to be members since the date of the last return or (in the case of the first return) of the incorporation of the company.

(2) The list shall state the names, addresses, and occupations of all the past and present members therein mentioned, and the number of shares held by each of the existing members at the date of the return, specifying shares transferred since the date of the last return or (in the case of the first return) of the incorporation of the company by persons who are still members and persons who have ceased to be members respectively and the dates of registration of the transfers, and shall contain a summary distinguishing between shares issued for cash and shares issued as fully or partly paid up otherwise than in cash, and specifying the following particulars:—

(a) the amount of the share capital of the company, and the number of the shares into which it is divided;
(b) the number of shares taken from the commencement of the company up to the date of the return;
(c) the amount called up on each share;
(d) the total amount of calls received;
(e) the total amount of calls unpaid;
(f) the total amount of the sums (if any) paid by way of commission in respect of any shares or debentures, or allowed by way of discount in respect of any debentures, since the date of the last return;
(g) the total number of shares forfeited;
(h) the total amount of shares or stock for which share-warrants are outstanding at the date of the return;
(i) the total amount of share-warrants issued and surrendered respectively, since the date of the last return;
(k) the number of shares or amount of stock comprised in each share-warrant;
(l) the names and addresses of the persons who at the date of the return are the directors of the company and of the persons (if any) who at the said date are the managers of the company; and
(m) the total amount of debt due from the company in respect of all mortgages and charges which are required to be registered with the registrar under this Act.

(3) The above list and summary shall be contained in a separate part of the register of members, and shall be completed within seven days after the day of the first or only ordinary general meeting in the year, and the company shall forthwith file with the

registrar a copy signed by a director or by the manager or the secretary of the company, together with a certificate from such director, manager or secretary that the list and summary state the facts as they stood on the day aforesaid.

(4) If a company makes default in complying with the requirements of this section, it shall be liable to a fine, not exceeding fifty rupees for every day, during which the default continues, and every officer of the company who knowingly and wilfully authorises or permits the default shall be liable to the like penalty.

MANAGEMENT AND ADMINISTRATION.

Meetings and Proceedings.

Annual general meeting.

76. (1) A general meeting of every company shall be held once at least in every year, and more than fifteen months after the holding of the last preceding general meeting, and, if not so held, the company and every officer of the company, who is knowingly a party to the default, shall be liable to a fine, not exceeding five hundred rupees.

(2) When default has been made in holding a meeting of the company in accordance with the provisions of this section, the Court may, on the application of any member of the company, call or direct the calling of a general meeting of the company.

Statutory meeting of company.

77. (1) Every company limited by shares and registered after the commencement of this Act shall, within a period of six months from the date at which the company is entitled to commence business, hold a general meeting of the members of the company which shall be called the statutory meeting.

(2) The directors shall, at least ten days before the day on which the meeting is held, forward a report (in this Act called "the statutory report") to every member of the company and to every other person entitled under this Act to receive it.

(3) The statutory report shall be certified by not less than two directors of the company or, where there are less than two directors, by the sole director and shall state—

(a) the total number of shares allotted, distinguishing shares allotted as fully or partly paid up otherwise than in cash, and stating in the case of shares partly paid up the extent to which they are so paid up, and in either case the consideration for which they have been allotted.

(b) the total amount of cash received by the company in respect of all the shares allotted distinguished as aforesaid;

(c) an abstract of the receipts of the company whether from its share capital or from debentures, and of the payments made thereout, up to a date within seven days of the date of the report, exhibiting under distinctive headings the receipts of the company from shares and debentures and other sources, the payments made thereout and particulars concerning the balance remaining in hand and an account or estimate of the preliminary expenses of the company;

(d) the names, addresses and descriptions of the directors, auditors (if any), managers (if any) and secretary of the company;

(e) the particulars of any contract, the modification of which is to be submitted to the meeting for its approval, together with the particulars of the modification or proposed modification.

(4) The statutory report shall, so far as it relates to the shares allotted by the company and to the cash received in respect of such shares and to the receipts and payments of the company on capital account, be certified as correct by the auditors (if any) of the company.

(5) The directors shall cause a copy of the statutory report certified as by this section required, to be filed with the registrar forthwith after the sending thereof to the members of the company.

(6) Every director of the company who knowingly and wilfully authorises or permits a default in complying with the provisions of sub-section (2) or sub-section (5) shall be liable to a fine, not exceeding twenty rupees for every day during which the default continues.

(7) The directors shall cause a list showing the names, descriptions and addresses of the members of the company, and the number of shares held by them respectively, to be produced at the commencement of the meeting, and to remain open and accessible to any member of the company during the continuance of the meeting.

(8) The members of the company present at the meeting shall be at liberty to discuss any matters relating to the formation of the company, or arising out of the statutory report, whether previous notice has been given or not, but no resolution of which notice has not been given in accordance with the articles may be passed

(9) The meeting may adjourn from time to time, and at any adjourned meeting any resolution of which notice has been given in accordance with the articles, either before or subsequently to the former meeting, may be passed, and the adjourned meeting shall have the same powers as an original meeting.

(10) If a petition is presented to the Court in manner provided by Part V for winding up the company on the ground of default in filing the statutory report or in holding the statutory meeting, the Court may, instead of directing that the company be wound up, give directions for the statutory report to be filed or a meeting to be held, or make such other order as may be just.

(11) The provisions of this section as to the forwarding and filing of the statutory report shall not apply in the case of a private company.

Return as to allotments.

104. ( ) Whenever a company having a share capital makes any allotment of its shares, the company shall, within one month thereafter,—

(a) file with the registrar a return of the allotments, stating the number and nominal amount of the shares comprised in the allotment, the names, addresses and descriptions of the allottees, and the amount (if any) paid or due and payable on each share; and

(b) in the case of shares allotted as fully or partly paid up otherwise than in cash, produce for the inspection and examination of the registrar a contract in writing constituting the title of the allottee to the allotment together with any contract of sale, or for services or other consideration in respect of which that allotment was made, such contracts being duly stamped, and file with the registrar copies verified in the prescribed manner of all such contracts and a return stating the number and nominal amount of shares so allotted, the extent to which they are to be treated as paid up, and the consideration for which they have been allotted.

(2) Where such a contract as above mentioned is not reduced to writing, the company shall, within one month after the allotment, file with the registrar the prescribed particulars of the contract stamped with the same stamp-duty as would have been payable if the contract had been reduced to writing, and those particulars shall be deemed to be an instrument within the meaning of the Indian Stamp Act, 1899, and the registrar may, as a condition of filing the particulars, require that the duty payable thereon be adjudicated under section 31 of that Act.

(3) If default is made in complying with the requirements of this section, every officer of the company who is knowingly a party to the default shall be liable to a fine not exceeding five hundred rupees for every day during which the default continues:

Provided that, in case of default in filing with the registrar within one month after the allotment any document required to be filed by this section, the company, or any person liable for the default, may apply to the Court for relief, and the Court, if satisfied that the omission to file the document was accidental or due to inadvertence or that on other grounds it is just and equitable to grant relief, may make an order extending the time for the filing of the document for such a period as the Court may think proper.

Information as to Mortgages, Charges, etc.

Certain mortgages and charges to be void if not registered.

109. Every mortgage or charge created after the commencement of this Act by a company and being either—

(a) a mortgage charge for the purpose of securing any issue of debentures; or

(b) a mortgage or charge on uncalled share capital of the company; or

(c) a mortgage or charge on any immoveable property wherever situate, or any interest therein; or

(d) a mortgage or charge on any book debts of the company; or

(e) a floating charge on the undertaking or property of the company;

shall, so far as any security on the company's property or undertaking is thereby conferred, be void against the liquidator and any creditor of the company, unless the prescribed particulars of the mortgage or charge, together with the instrument (if any) by which the mortgage or charge is created or evidenced, or a copy thereof verified in the prescribed manner are filed with the registrar for registration in manner required by this Act within twenty-one days after the date of its creation, but without prejudice to any contract or obligation for repayment of the money thereby secured, and when a mortgage or charge becomes void under this section, the money secured thereby shall immediately become payable:

Provided that—

(i) in the case of a mortgage or charge created out of British India comprising solely property situate outside British India, twenty-one days after the date on which the instrument or copy could in due course of post, and if despatched with due diligence, have been received in British India shall be substituted for twenty-one days after the date of the creation of the mortgage or charge, as the time within which the particulars and instrument or copy are to be filed with the registrar; and

(ii) where the mortgage or charge is created in British India but comprises property outside British India, the instrument creating or purporting to create the mortgage or charge of a copy thereof verified in the prescribed

manner may be filed for registration notwithstanding that further proceedings may be necessary to make the mortgage or charge valid or effectual according to the law of the country in which the property is situate; and

(*iii*) where a negotiable instrument has been given to secure the payment of any book debts of a company, the deposit of the instrument for the purpose of securing an advance to the company shall not for the purposes of this section be treated as a mortgage or charge on those book debts; and

(*iv*) the holding of debentures entitling the holder to a charge on immoveable property shall not be deemed to be an interest in immoveable property.

Particular in cases of series of debentures entitling holders *pari passu*.

110. Where a series of debentures containing, or giving by reference to any other instrument, any charge to the benefit of which the debenture-holders of that series are entitled *pari passu* is created by a company, it shall be sufficient for the purposes of section 109 if there are filed with the registrar within twenty-one days after execution of the deed containing the charge or, if there is no such deed, after the execution of any debentures of the series, the following particulars:—

(*a*) the total amount secured by the whole series; and

(*b*) the dates of the resolutions authorising the issue of the series and the date of the covering deed (if any) by which the security is created or defined; and

(*c*) a general description of the property charged; and

(*d*) the names of the trustees (if any) for the debenture-holders;

together with the deed or a copy thereof verified in the prescribed manner containing the charge, or if there is no such deed, one of the debentures of the series, and the registrar shall, on payment of the prescribed fee, enter those particulars in the register;

Provided that, where more than one issue is made of debentures in the series, there shall be filed with the registrar for entry in the register particulars of the date and amount of each issue, but an omission to do this shall not affect the validity of the debentures issued.

Statements, Books and Accounts.

Copy of balance-sheet and auditor's report to be forwarded to the registrar.

134. (1) After the balance-sheet has been laid before the company at the general meeting, a copy thereof signed by the manager or secretary of the company shall be filed with the registrar at the same time as the copy of the annual list of members and summary prepared in accordance with the requirements of section 32.

(2) If the general meeting before which a balance-sheet is laid does not adopt the balance-sheet, a statement of that fact and of the reasons therefor shall be annexed to the balance-sheet and to the copy thereof required to be filed with the registrar.

(3) This section shall not apply to a private company.

(4) If a company makes default in complying with the requirements of this section, the company and every officer of the company who knowingly and wilfully authorises or permits the default shall be liable to the like penalty as is provided by section 32 for a default in complying with the provisions of that section.

Inspection and Audit.

Qualifications and appointment of auditors.

144. (1) No person shall be appointed or act as an auditor of any company other than a private company unless he holds a certificate from the Local Government entitling him to act as an auditor of companies.

Provided that the Governor-General in Council may, by notification in the *Gazette of India*, declare that the members of any institution or association specified in such notification shall be entitled to be appointed and to act as auditors of companies throughout British India.

(2) The Local Government shall, by notification in the local official Gazette, make rules providing for the grant of certificates entitling the holders thereof to act as auditors of companies and may by such rules provide the conditions and restrictions on and subject to which such certificate shall be granted. The holder of such a certificate shall be entitled to act as an auditor of companies throughout British India unless such certificate restricts or limits the exercise of the right.

(3) Every company shall at each annual general meeting appoint an auditor or auditors to hold office until the next annual general meeting.

(4) If an appointment of an auditor is not made at an annual general meeting, the Local Government may, on the application of any member of the company, appoint an auditor of the company for the current year, and fix the remuneration to be paid to him by the company for his services.

(5) The following persons: that is to say,

(*i*) a director or officer of the company; and

(*ii*) a partner of such director or officer; and

(*iii*) in the case of a company other than a private company any persons in the employment of such director or officer,

shall not be appointed auditors of the company.

(6) A person, other than a retiring auditor, shall not be capable of being appointed auditor at an annual general meeting unless notice of an intention to nominate that person to the office of auditor has been given by a member of the company to the company not less than fourteen days before such annual general meeting, and the company shall send a copy of any such notice to the retiring auditor, and shall give notice thereof to its members either by advertisement or in any other mode allowed by the articles not less than seven days before the annual general meeting.

Provided that, if after notice of the intention to nominate an auditor has been given to the company, an annual general meeting is called for a date of fourteen days or less after the notice has been given, the requirements of this section as to time in respect of such a notice shall be deemed to have been satisfied, and the notice to be sent or given by the company may, instead of being sent or given within the time required by this section, be sent or given at the same time as the notice of the annual general meeting.

(7) The first auditors of the company may be appointed by the directors before the statutory meeting, and if so appointed shall hold office until the first annual general meeting, unless previously removed by a resolution of the members of the company in general meeting, in which case such members at that meeting may appoint auditors.

(8) The directors may fill any casual vacancy in the office of auditor, but while any such vacancy continues, the surviving or continuing auditor or auditors (if any) may act.

(9) The remuneration of the auditors of a company shall be fixed by the company in general meeting, except that the remuneration of any auditors appointed before the statutory meeting, or to fill any casual vacancy, may be fixed by the directors.

Service and Authentication of Documents.

Service of documents on registrar.

149. A document may be served on the registrar by sending it to him by post, or delivering it to him, or by leaving it for him at his office.

WINDING UP.

Preliminary.

Mode of winding up.

155. (1) The winding up of a company may be either—

(*i*) by the Court; or

(*ii*) voluntary; or

(*iii*) subject to the supervision of the Court.

(2) The provisions of this Act with respect to winding up apply, unless the contrary appears, to the winding up of a company in any of those modes.

Penalty for falsification of books.

236. If any director, manager, officer or contributory of any company being wound up destroys, mutilates, alters or falsifies or fraudulently secretes any books, papers or securities, or makes, or is privy to the making of, any false or fraudulent entry in any register, book of account or document belonging to the company with intent to defraud or deceive any person, he shall be liable to imprisonment for a term which may extend to seven years, and shall also be liable to a fine.

Removal of Defunct Companies from Register.

Registrar may strike defunct company off register.

247. (1) Where the registrar has reasonable cause to believe that a company is not carrying on business or in operation, he shall send to the company by post a letter inquiring whether the company is carrying on business or in operation.

(2) If the registrar does not, within one month of sending the letter, receive any answer thereto, he shall, within fourteen days after the expiration of the month, send to the company by post a registered letter referring to the first letter and stating that no answer thereto has been received and that, if an answer is not received to the second letter within one month from the date thereof, a notice will be published in the local official Gazette with a view to striking the name of the company off the register.

(3) If the registrar either receives an answer from the company to the effect that it is not carrying on business or in operation, or does not within one month after sending the second letter receive any answer, he may publish in the local official Gazette, and send to the company by post a notice that, at the expiration of three months from the date of that notice, the name of the company mentioned therein will, unless cause is shown to the contrary, be struck off the register and the company will be dissolved.

(4) If, in any case where a company is being wound up, the registrar has reasonable cause to believe either that no liquidator is acting or that the affairs of the company are fully wound up, and the returns required to be made by the liquidator have not been made for a period of six consecutive months after notice by the registrar demanding the returns has been sent by post to the company, or to the liquidator at his last known place of business, the registrar may publish in the local official Gazette and send to the company a like notice as is provided in the last preceding sub-section.

(5) At the expiration of the time mentioned in the notice the registrar may, unless cause to the contrary is previously shown by the company, strike its name off the register, and shall publish notice thereof in the local official Gazette, and, the publication in the local official Gazette of this notice, the company shall be dissolved.

Provided that the liability (if any) of every director and member of the company shall continue and may be enforced as if the company had not been dissolved.

(6) If a company or any member or creditor thereof feels aggrieved by the company having been struck off the register, the Court, on the application of the company or member or creditor, may if satisfied that the company was at the time of the striking off carrying on business or in operation, or otherwise that it is just that the company be restored to the register, order the name of the company to be restored to the register, and thereupon the company shall be deemed to have continued in existence as if its name had not been struck off; and the Court may by the order give such directions and make such provisions as seem just for placing the company and all other persons in the same position as nearly as may be as if the name of the company had not been struck off.

(7) A letter or notice under this section may be addressed to the company at its registered office, or, if no office has been registered, to the care of some director, manager or other officer of the company, or, if there is no director, manager or other officer of the company whose name and address are known to the registrar may be sent to each of the persons who subscribed the memorandum addressed to him, at the address mentioned in the memorandum.

Companies Established outside British India.

Requirements as to companies established outside British India.

277. (1) Every company incorporated outside British India which at the commencement of this Act has a place of business in British India, and every such company which after the commencement of this Act establishes such a place of business within British India shall, within six months from the commencement of this Act or within one month from the establishment of such place of business, as the case may be, file with the registrar in the province in which such place of business is situated,—

(a) a certified copy of the charter, statutes or memorandum and articles of the company, or other instrument constituting or defining the constitution of the company, and, if the instrument is not written in the English language, a certified translation thereof;

(b) the full address of the registered or principal office of the company;

(c) a list of the directors and managers (if any), of the company;

(d) the names and addresses of some one or more persons resident in British India authorised to accept on behalf of the company service of process and any notices required to be served on the company;

and, in the event of any alteration being made in any such instrument or in such address or in the directors or managers or in the names or addresses of any such persons as aforesaid, the company shall, within the prescribed time, file with the registrar a notice of the alteration.

(2) Any process or notice required to be served on the company shall be sufficiently served, if addressed to any person whose name has been so filed as aforesaid and left at or sent by post to the address which has been so filed.

(3) Every company to which this section applies shall in every year file with the registrar of the province in which the company has its principal place of business—

(i) in a case where by the law, for the time being in force, of the country in which the company is incorporated such company is required to file with the public authority an annual balance-sheet,—a copy of that balance-sheet; or

(ii) in a case where no such provision is made by the law, for the time being in force, of the country in which the company is incorporated,—such a statement in the form of a balance-sheet as such company would if it were a company formed and registered under this Act, be required to file in accordance with the provisions of this Act:

Provided that the Governor-General in Council may, by notification in the *Gazette of India* subject to such restrictions and conditions, if any, as he may therein prescribe, exempt any such company or any class of such companies from this requirement.

(4) Every company to which this section applies and which uses the word "Limited" as part of its name, shall—

No. 3517.—In exercise of the powers conferred by section 8 of the Indian Stamp Act 1 of 1879, the Governor-General in Council is pleased to remit the duty chargeable under

the said Act on the Memorandum and Articles of Association of any Association registered under section 26 of the Indian Companies' Act VI of 1882.—(Published at page 604 of the *Fort Saint George Gazette*, dated 12th August 1890); and also *vide* exemption under Article 39, Schedule I of Act II of 1899.

SUMMARY OF ACT XXI OF 1860.

An Act for the registration of Literary, Scientific and Charitable Societies.

Societies formed by Memorandum of Association and Registration.

1. Any seven or more persons associated for any Literary, Scientific or Charitable purpose, or for any such purpose as is described in Section 20 * of this Act, may, by subscribing their names to a Memorandum of Association, and filing the same with the Registrar of Joint-Stock Companies form themselves into a Society under this Act.

† Memorandum of Association

2. The Memorandum of Association shall contain—

The name of the Society. | The objects of the Society.

The names, addresses, and occupations of the Governors, Council, Directors, Committee, or other governing body to whom, by the rules of the Society, the management of its affairs is entrusted.

A copy of the rules and regulations of the Society, certified to be a correct copy by not less than three of the members of the governing body, shall be filed with the Memorandum of Association.

Registration Fees.

3. Upon such Memorandum and certified copy being filed, the Registrar shall certify under his hand that the Society is registered under this Act. There shall be paid to the Registrar for every such registration a fee of fifty rupees, or such smaller fee as the Governor-General of India in Council may from time to time direct; and all fees so paid shall be accounted for to Government.

Annual list of managing body to be filed

4. Once in every year, on or before the 14th day succeeding the day on which, according to the rules of the Society, the Annual General Meeting of the Society is held, or if the rules do not provide for an Annual General Meeting, in the month of January, a list shall be filed with the Registrar of Joint-Stock Companies, of the names, addresses, and occupations of the Governors, Council, Directors, Committee or other governing body then entrusted with the management of the affairs of the Society.

Property of Society how to be vested.

5. The property, movable and immovable, belonging to a Society registered under this Act, if not vested in Trustees, shall be deemed to be vested, for the time being, in the governing body of such Society, and in all proceedings, civil and criminal, may be described as the property of the governing body of such Society by their proper title.

How suits by and against Societies to be brought.

6. Every Society registered under this Act may sue or be sued in the name of the President, Chairman, or Principal, Secretary, or Trustees as shall be determined by the rules and regulations of the Society, and in default of such determination, in the name of such person as shall be appointed by the governing body for the occasion: Provided that it shall be competent for any person having a claim or demand against the Society, to sue the President or Chairman, or Principal, Secretary or the Trustees thereof, if on application to the governing body, some other officer or person be not nominated to be the defendant.

Inspection of documents.

7. Any person may inspect all documents filed with the Registrar under this Act on payment of a fee of one rupee for each inspection; and any person may require a copy or extract of any document or any part of any document to be certified by the Registrar, on payment of two annas for every hundred words of such copy or extract; and such certified copy shall be *primâ facie* evidence of the matters therein contained in all legal proceedings whatever. (Sec. 19.)

Certified copies.

To what Societies the Act shall apply.

* Section 20.—The following Societies may be registered under this Act:—Charitable Societies, the Military Orphan Funds or Societies established at the several Presidencies of India, Societies established for the promotion of Science, Literature, or the Fine Arts, for instruction, the diffusion of useful knowledge, the foundation or maintenance of Libraries, or Reading-rooms for general use among the members, or open to the public, or public Museums and Galleries of Paintings and other Works of Art, Collections of Natural History, Mechanical and Philosophical Inventions, Instruments, or Designs.

† Not liable to stamp duty—*vide* Inspector-General's Circular, No. 28, dated 18th Nov. 1879.

Note.—The Indian Companies Act of 1882 has been replaced by the new Act, VII of 1913 which came into force from the 1st April 1914.

6.—The rates for water-boats are for boat-hire only and do not include the cost of the water.

7.—The maximum rates of hire of boats plying between 6 P.M. and 6 A.M. are 50 per cent. higher than the corresponding rates of hire of boats plying between 6 A.M. and 6 P.M.

BOAT RULES FOR MADRAS PORT.

Rules made by the Government of Madras under section 6 of the Indian Ports Act, (XV of 1908), for licensing and regulating catamarans plying for hire, and flats, cargo, passenger and other boats plying, whether for hire or not and whether regularly or only occasionally, in, or partly within and partly without the Port of Madras, and for determining the quantity of cargo or the number of passengers to be carried by any such vessels.

Boats plying within the port to be licensed.

No person, either as owner or servant, shall use any boat or catamaran to carry goods or passengers to or from any ship or vessel at the port, as defined for the time being, or from place to place within the limits of the port, unless such person or persons shall hold a license granted by the registering officer so to use such boat or catamaran, and unless the boat or catamaran so used shall have been registered. This rule is not to be considered as interfering with boats forming part of the vessel's equipment or maintained solely for purposes of pleasure.

Minor and female owners.

2. Should the owner of a boat be a minor, the license may be obtained by the guardian of the minor. Should the owner of a boat be a female, who owing to the custom of the country cannot appear in public, the license may be obtained on her behalf by her duly constituted agent. In such cases the guardian or the agent shall be deemed to be the owner for the purposes of these rules.

Licenses and rules to be kept in the boat.

3. Owners of licensed boats shall supply the tindal of each of their registered boats with the boat's license, which shall be kept in the boat when plying and shall be produced at any time when demanded by any duly authorised person. A printed copy of these rules, and of any written directions issued by the registering officer for carrying the same into effect, shall be supplied by the owner to the tindal, and shall be shown by such tindal to any consignor or passenger by such boat who shall demand to see them.

Steam launches.

4. Every boat being a steam launch having engines of under 50 nominal horse-power shall, when plying, whether for hire or not, have on board in charge of the engines a person possessing a certificate of competency as an engine-driver granted under the Indian Steam Ships Act, 1884, or under the Inland Steam Vessels Act, 1884. When application is made to the registering officer for a license for a steam launch, of which the owner or master does not hold a certificate of Survey under the Indian Steam Ships Act, 1884, or the Inland Steam Vessels Act, 1884, the application shall be accompanied by a fee of Rs. 25.

Electric, oil and petrol launches.

5. (a) Every boat having engines driven by electricity, oil or petrol shall, when in use, whether plying for hire or not, have on board in charge of her engines a person experienced in his work and able to prove to the registering officer's satisfaction, by starting, stopping, reversing and slowing the Engines, that he is competent to be in charge; and a second person who has had sea experience and understands how to handle a boat in a seamanlike manner. The owner or owners of such boats shall keep them clean and free from oil refuse.

(b) Owners of power-propelled launches, other than steam launches, must submit their engines for inspection not less frequently than once a year. For such inspection the registering officer will obtain a competent inspector from the Port Conservators. The registering officer may, at his discretion, insist on more frequent inspection of such engines.

Registering and numbering of fishing boats.

6. Every boat used for the purpose of fishing not being a catamaran, shoe-dhonie or canoe used exclusively for fishing shall be registered and the owner or owners of every such boat shall obtain a license, and every such boat shall carry on one of its sails and on each of its sides, a number to be assigned to it by the registering officer at the time of registration, together with the name of the port at which it was registered, and no person shall use any such boat for the purpose of fishing until it has been registered and a license obtained for it and a number and port name have been placed upon it as described above. Registration and licensing for fishing in one port shall free every such boat for fishing in all other ports in the Madras Presidency.

Distinctive numbering of boats.

7. Every owner of a registered boat, not being a catamaran, shoe-dhonie or canoe used exclusively for fishing, shall paint upon a white ground, in black English figures not less than six inches in length, on a conspicuous part of the bow of such boat on one side and of the quarter on the other, the number and tonnage of such boat as given in the register and in his license. The number of the boat shall be placed over the figure of the tonnage, a space of not less than three inches dividing the two—example $\frac{67}{4}$. No person shall paint or cause to be painted or counterfeited upon any boat not duly registered any such figures as aforesaid or other mark likely to induce the belief that such boat has been registered.

Precautions in regard to numbering.

8. For the better prevention of fraud and omission in figuring registered boats, the number and tonnage of each boat on it being registered shall be cut or branded thereon in Tamil characters and the owner or owners of every such boat shall keep cut or branded and painted on his or their boat, the English and Tamil registered

figures, and shall not hide or obliterate them, or any of them. No person, whether an owner of a registered boat or boats or not, shall alter or erase, or shall assist in altering or erasing any such figures as aforesaid. On the license granted in respect of a registered boat being withdrawn, all numbers painted or branded on such boat shall be effaced by the owner.

Changes of ownership or of control.

9. No boat which has (*a*) changed ownership, or (*b*) been mortgaged or been out of the owner's control, shall ply without in case (*a*) obtaining a fresh license, or in case (*b*) having the license endorsed by the registering officer within six days after the change of possession.

Changes in crew or of structure.

10. Whenever the tindal of any registered boat or the number of its crew shall be changed, or any alteration in the boat shall be made so as to affect any of the particulars contained in the license granted for it, such change or alteration shall be reported within 48 hours after it has occurred, by the owner or owners, of such boat to the registering officer, who will amend such license, except in cases in which such alteration affects the carrying capacity of such boat, in which cases the boat shall be re-measured and the original license held by the owner or owners thereof shall be cancelled and a fresh license be issued, and no such boat shall ply until such fresh license shall have been issued. If a boat is absent from the port at the time when such change takes place, the change should be reported within 48 hours of its return to the port.

Registration of tindals and of boatmen.

11. The owner of every registered boat shall be required to produce the tindal and crew of his boat, whenever required by the registering officer, for the purpose of their names being registered in a book to be kept for the purpose. Except with the permission of the registering officer, the owner shall not employ any person as a tindal or boatman in a registered boat, or permit his registered boat to be used, until such tindal or boatman shall have been registered by the registering officer on the application of the owner of such registered boat. Provided that if the boat is absent from the port on the date fixed, the owner shall produce the tindal or boatmen within 24 hours after it has returned.

Annual and special inspections of boats and crews.

12. All owners of registered boats shall submit their boats together with their licenses for inspection every year during the month of January In addition to the January general inspection, special or partial inspections may be held by the registering officer or by any person duly authorized by him, at any time he may consider necessary. At these musters each boat shall have its full complement of crew and equipment, and no person who, in the opinion of the registering officer, is unaccustomed to the use of boats, or is inefficient, shall be employed either as a tindal or as a boatman.

Repairs of boats ordered on inspection.

13. Owners of registered boats shall execute such repairs to their boats as the inspecting officer shall direct in order to render them efficient, and no owner or other person shall use any such boat until such repairs shall have been duly executed thereto and the registering officer shall have granted permission for their use.

Owner responsible for crews, Tindal for working boat.

14. The owner or owners of a registered boat shall provide the boat with such full complement of crew and with such equipment as may have been determined upon by the registering officer and noted in the license. The tindal of the boat shall be responsible that the boat, when plying and under weigh, is always manned by the full complement of crew and equipment as prescribed in the license and, if so required, he shall carry the full number of passengers or quantity of goods entered in the license granted in respect of the boat of which he is in charge.

Badges of crews.

15. The owner or owners of a registered boat shall cause the tindal and every boatman employed in such boat to wear, when afloat in such boat, a metal badge engraved with the registered number of such boats. These badges will be supplied by the registering officer of the port free of charge in the first instance, and shall be returned to him in the event of the boat being sold or broken up, or of the license of the boat or of the tindal or of the boatman being cancelled. Boat owners may transfer these badges to tindals or boatmen employed temporarily to relieve the men registered for the boat, a written request of such transfer being sent with the names and thumb prints of the substitutes to the registering officer within 48 hours from the time of the transfer.

Refractory or obstreperous crews.

16. If any tindal or boatman serving in any registered boat shall, by wilful neglect of his duty or by any unlawful action, cause any impediment to the service of such boat, or to any person employed therein or to any public servant in the execution of his duty, or to the boat traffic generally, the license of such boat shall be liable to be withdrawn.

Obstructing boat traffic.

17. No tindal or boatman serving in any registered boat shall, without reasonable excuse, obstruct or hinder the loading, discharge or service of such boat or of any other boat or obstruct or hinder the boat traffic in the port.

18. Should either the owner or the tindal in charge of a registered boat plying for hire, without reasonable excuse, of which, subject to the appeal provided in Rule 28, the registering officer shall be the sole judge, refuse to allow such boat to ply for hire when required to do so, the license of such boat shall be liable to be withdrawn.

Refusal to ply without lawful excuse.

19. Without the special permission of the registering officer no registered boat shall ply when the signals indicating bad weather or high sea are displayed from the Harbour office flagstaff. When the Great Danger Signal is hoisted, all small craft and lighters must at once go into Springhaven Basin for safety.

Bad weather as affecting the working of boats.

20. No person shall overload or cause to be overloaded any registered boat with passengers or cargo beyond the number or quantity specified in its license by the registering officer; and no such boat other than a steam boat shall be allowed to carry both passengers and cargo at the same time to or from any ship or vessel at the port.

Permissible load of boats in fine and bad weather.

21. Whenever the number of passengers or the quantity of cargo in a boat, exceeds the number or quantity entered in the license, the tindal or owner may, before starting from the vessel or from the shore, require any passenger to leave the boat or any consignor, consignee or shipping or landing agent concerned to remove from the boat the whole or any part of the cargo.

Power of owner or tindal to prevent overloading.

22. No tindal or other person in charge of or navigating any registered boat shall attempt to make such boat fast to any mooring buoy, or shall take it alongside of a vessel approaching an anchorage before such vessel shall have come to anchor or been moored to a buoy.

Boats interfering with vessels' mooring or with buoys.

23. (a) All goods shall be landed or shipped within the limits of the port as determined by Government. All passengers, whatever their class, will embark or disembark at such place or places as may be defined from time to time by the Chairman, Madras Port Trust. No person shall ship or land passengers or goods beyond the limits of the port unless the sanction in writing of the Chief Customs Officer at the port has previously been obtained.

Landing of passengers and goods to be in port limits.

(b) All passengers coming under the Native Passenger Ships Act or under the Emigration Act, when embarking or disembarking not directly at a quay but by boat, must use the Springhaven Steps for embarking and disembarking. Officers and crews of vessels in the harbour and first and second class passengers may use either the Springhaven Steps or the Anchor Steps opposite the Harbour Office. At the Springhaven Steps shelters have been provided for all classes of passengers, and the disinfecting shed and the plague passport office are close by. At the Anchor Steps also there are all conveniences for waiting passengers.

(c) Any licensed jolly boat or catamaran embarking passengers at any other place in contravention to the above rules will be liable on conviction to be deprived of its license by the Deputy Port Conservator.

24 No owner of a registered boat licensed to ply for hire, or person deputed by the owner of such boat to carry passengers for hire, shall demand a rate beyond that sanctioned from time to time by Government for the carriage of such passengers.

Rates of boat hire.

25. The tindal of every registered boat shall be responsible that when his boat is at anchor or moored, with cargo on board, by day or by night, at least one member of the crew remains on board as watchman, whose duty it shall be to guard the boat from leakage, collision or other danger, and to raise the alarm should assistance be required.

Watchmen on moored or anchored boats.

26. No boat of any description shall be hauled up for repairs without the permission of the registering officer, and such boats shall be beached only where he shall direct.

Permission for hauling boats up for repairs.

27. The registering officer may cancel the license or licenses held in respect of any or all boats by a boat owner who has been convicted of a breach of any of the foregoing rules; and the registering officer may also require a boat owner, on pain of cancellation of his license, to dismiss from his boat a tindal or any member of the crew who has been convicted of a breach of these rules.

Withdrawal of license.

28. Upon any matter in connection with these rules an appeal shall lie from the decision of the registering officer to the Conservators of the Port, provided that such appeal be preferred in writing within seven days after the decision of the registering officer shall have been communicated in writing to the party or parties concerned The decision of the Conservators of the Port of Madras shall be final

Appeal from the registering officer to the Conservators.

NOTE.—*Attention is called to Section 54 of the Indian Ports Act, 1908 (XV of 1908) as amended by Act VI of 1916.*

Penalty for disobedience to rules and orders of the Local Government.

" 54. If any person disobeys any rule or order which a Local " Government has made in pursuance of this Act and for the " punishment of disobedience to which express provisions have " not been made elsewhere in this Act, he shall be punished " for every such offence with fine which may extend to Rs. 100."

SUPPLEMENT TO THE BOAT RULES FOR THE PORT OF MADRAS.

1. It will be the duty of the Deputy Conservator of the Port of Madras to see that the Boat Rules—framed by Government under the authority of section 6, clause (*k*) of Act XV of 1908—of the Port are complied with. The Deputy Conservator is the *Registering Officer* referred to in the following rules. It rests with him, *vide* Boat Rule No. 14, to prescribe the proper complement of crew for each class of boat.

2. Upon the application of the owner or owners of a boat, and upon such boat being brought by him or them to such place as the registering officer shall appoint for that purpose, the registering officer shall survey and measure such boat, or cause it to be surveyed and measured, in the presence of the owner or owners thereof or of any other person duly appointed for that purpose by such owner or owners. On being satisfied that a boat is seaworthy and fit for the service of the port, and on the owner or owners delivering to him a document signed by such owner or owners specifying his or their name or names, occupation or respective occupations, and place or respective places of residence, and subscribing to a declaration, in the presence of the registering officer or of any person duly authorized by him, that he or they fully understand these rules, the registering officer will grant a license, in a form approved by Government, to such owner or owners to use the boat for the purpose of carrying goods and passengers, or goods or passengers, whether for hire or not, within the limits of the port.

3. Every boat license shall express the dimensions of the boat, its rig, its equipment, the number of crew considered necessary by the registering officer, the number of passengers and weight of cargo, or the weight, on an assumed basis, of both combined, it is to be permitted to carry, and whether it is for hire or not. Every such license shall also contain a number for such boat and the name or names, occupation or occupations, and place or places of residence of the owner or owners thereof, and the name and place of residence of the tindal of such boat. All of these particulars shall be entered by the registering officer in a book or register, to be kept by him for that purpose.

4. Every boat being a steam launch, the owner or master of which does not hold a certificate of survey under Act VI or Act VII of 1884, before being licensed as hereinbefore provided, shall be surveyed by a person, to be selected for the purpose by the registering officer, holding a first-class certificate of competency as a marine engineer. The person so selected shall report to the registering officer as to the condition of the hull and machinery of such boat and the time for which her hull and machinery will probably be sufficient, and the registering officer shall not license any such boat until her hull and machinery shall have been declared by the engineer so selected to be sufficient for the service intended and in good condition, and the license granted under these rules in respect of such boat shall, unless forfeited as hereinafter provided, be in force for one

year from the date of survey of the hull and machinery, if such boat shall be reported to the registering officer as sufficient for so long, otherwise such license shall be granted only for the time for which the hull and machinery of such boat shall be reported sufficient. The fee of Rs. 25 referred to in Boat Rule No. 4 to be paid in advance by the owner of any such launch to the registering officer before any such survey shall be made, shall be paid by the registering officer to the person making the survey on receipt of his report.

5. The Deputy Port Conservator may remove or cause to be removed any boat, timber, raft, wreck or any other thing, floating or being in any part of the port or hauled up on the beach, which in his opinion obstructs or impedes the free navigation of the port or the lawful use of any pier, jetty, landing place, wharf, quay, basin, dock, mooring or other work, on any part of the shore or beach that shall have been declared to be within the limits of the port and is not private property. The owner of any such boat, timber, raft, wreck or other thing shall thereupon be called upon to pay the expenses of the removal thereof. Should such owner or any other person have caused any such obstruction or impediment as to create any public nuisance affecting or likely to affect such free navigation, or the lawful use of the harbour works or foreshore, he will be liable to fine as laid down in section 54 of Act XV of 1908. Should any owner, who shall have caused any such obstruction, impediment or public nuisance, neglect to pay the expenses incurred in the removal thereof, such expenses shall be recovered as provided for in section 11 of Act XV of 1908, the Indian Ports Act. Permission to repair boats on the beach, inside the artificial harbour, will only be given when it is apparent that the boat to be repaired is in so unseaworthy a condition as to be unable to reach the beach outside the harbour in safety.

6. Notices of a general nature by the Deputy Port Conservator to boat owners or tindals will be published in the *Fort St. George Gazette*, on the notice board at the Deputy Port Conservator's office, and in two prominent places within the Port Trust's premises ; and such publication will be considered sufficient notice. Owners or tindals disregarding such notices will be dealt with for disobedience as provided in section 54 of Act XV of 1908.

7. Prosecutions under the Boat Rules will be conducted by the Deputy Port Conservator or by any person deputed by him.

Note.—The attention of the Deputy Conservator is called to the provisions of Section 54 of Act XV of 1908, which are as follows :—

"If any person disobeys any rule or order which a Local Government has made in "pursuance of this Act and for the punishment of disobedience to which express provi- "sions have not been made elsewhere in this Act, he shall be punished for every such "offence with fine which may extend to Rs. 100."

The law under which Customs duties are levied is the Indian Tariff Act, 1894 (VIII of 1894), as amended by Acts XVI of 1894, III of 1896, XIV of 1899, VIII of 1902, XII of 1903, XI of 1904, I of 1906, Act VIII of 1910 and Act, II of 1916. Under this Act the majority of the articles imported into India are taxed at 7½ per cent.; but certain metals and manufactures of metals are taxed at 2½ per cent., vinegar in casks and green copperas at 2½ per cent. Special duties are imposed on arms and ammunition and military stores, liquors, opium, salt and salted fish, tobacco, silver (except Govt. of India coins) and petroleum. The export duty is levied on rice, but cotton goods produced in the country are liable to a duty of excise; Jute (raw and manufactured) and in the case of ea, an addition to the Export fees of ¼ pie per pound is levied under Act I of 1903, (The Indian Tea Cess Act).

Tariff values are fixed for many articles under section 22 of the Sea Customs Act and exemptions are granted under section 23. All the tariff values and the majority of the exemptions are embodied in the schedules to the Tariff Act, which are appended.

Information regarding prohibitions and restrictions on importation and exportation, drawback, entry and clearance of vessels, discharge of cargo, entry inwards of goods, warehousing, transhipment, coasting trade and other matters governed by the Sea Customs Act will be found in the Pamphlet of Notifications and Rules published under the authority of the Board of Revenue.

Rules relating to particular classes of goods, more especially petroleum, explosives, including carbide of calcium, and arms and ammunition will be found in the rules under the Acts relating to those subjects, copies of which may be obtained on application to the Superintendent, Government Press.

Parties having goods to clear through the Custom House may do so either personally or through authorized agents. Instructions regarding procedure in clearance may be obtained on application to the Collector of Customs, at whose office a list of authorized agents will be found posted. Parties are advised that it is their business to declare goods brought to the Custom House and that the Customs officers do not undertake to advise consignees of the existence of goods which are brought there. Goods left uncleared for four months are forfeited to Government and sold by auction.

Under section 85 (*b*) of the Sea Customs Act, goods, at the port of Madras, are landed into the custody of the Madras Port Trust, who are responsible for seeing that they are delivered to the rightful owners. Bills of lading or other proofs of ownership in goods should be produced to the Port Trust.

Goods imported must be declared at the real value as defined in the Act. Undervaluation of goods renders the owner liable to penalties as well as to have his goods taken over by Government at the price put upon them.

Under section 196 of the Sea Customs Act, the unshipping, carrying, shipping and landing of all goods, and the bringing of them to the proper place for examination or weighing, and the putting of them into or out of the scales, and the opening, unpacking, bulking, sorting, lotting, marking and numbering of goods, when such operations are necessary or permitted, and the removing of goods to and the placing of them in the proper place of deposit, shall be performed by and at the expense of the owner of such goods.

The rules governing shipment are similar to those governing the landing of goods.

Special arrangements are made for the passing of passengers' baggage in regard to which the following rules are the most important.

(1) The *bonâ fide* baggage of a passenger is exempt from duty when it accompanies him; does not form part of the cargo; and is not included in the manifest.

(2) *Bonâ fide* baggage shall include wearing apparel and personal effects, provided that the articles are not for sale and are imported for the personal use of the passenger or for the use of members of his family travelling with him; but it shall not include the following articles on which duty must be paid in all cases.

(*a*) Arms, ammunition and all other articles enumerated in schedule II of the Tariff Import Schedule.

(*b*) Alcoholic liquor exceeding two quarts, perfumed spirit exceeding one quart, and all other articles enumerated in Schedule III.

(*c*) Cigars and cigarettes exceeding 100 in number, whether in open or unopened boxes, and other tobacco exceeding 1 lb. in weight.

(*d*) Pianos, pianolas, carriages, motor cars and motor cycles.

(*e*) Articles for household use such as furniture, pictures, carpets, glass, crockery, cutlery, and silver and plated ware except such articles (other than furniture or carpets) as shall appear to the Customs authorities to be imported in a moderate quantity and to be required for the personal use of the passenger whilst travelling or immediately upon his arrival at his destination.

(3) Notwithstanding anything to the contrary in rule (1), *bonâ fide* baggage landed at any Customs Port within one month before or after the arrival of a passenger in India, may, subject to the exceptions specified in rule (2), be passed free at the discretion of the Collector of Customs.

CUSTOM HOUSE PUBLICATIONS.

For the convenience of the mercantile public, a daily list and a monthly statement of imports and exports with supplement for outports are published by the Statistical branch of the Custom House and may be obtained on payment. The aggregate value of the sea-borne trade of the Presidency was nearly Rs. 5,455 lakhs, showing an increase of Rs. 569 lakhs, or 12 per cent, as compared with that of the preceding year, and an increase of Rs. 215 lakhs, or 4 per cent, when compared with the average for five years ending 1913-14, and only Rs. 361 lakhs, or 6 per cent below the record figures of 1913-14. Government transactions amounted to Rs. 804 lakhs, or Rs. 222 lakhs more than those of 1915-16.

Foreign trade continued to feel the effects of the war and in view of the difficulties of obtaining tonnage and the very high rates of freight, coupled with the restrictions extended to most commodities and exchange difficulties it is remarkable that the total value of our sea-borne trade considerably exceeded that of the average for the five years immediately preceding the war. It must be borne in mind, however, that this increase was largely due to the high prices prevailing almost everywhere and that the quantity of trade borne by sea was in most cases materially less than in previous years.

The United Kingdom has increased her trade with Madras both in imports and exports, and this is also true in the case of the United States of America and Japan.

Foreign trade, including Government transactions, improved from Rs. 3,714 lakhs to Rs. 4,245 lakhs, or by 14 per cent. *Coasting trade* increased from Rs. 1,172 lakhs to Rs. 1,210 lakhs, or by 3 per cent. Excluding Government transactions, foreign trade improved by 9 per cent and coasting trade by 2 per cent.

Under *foreign trade*, *imports* of private merchandise expanded from Rs. 1,153·20 lakhs to Rs. 1,285·59 lakhs, or by 11 per cent, due to increased values under cotton manufactures, paper and pasteboard, cotton twist and yarn, motor vehicles, spices, metals, chemicals sugar, machinery and millwork, provisions, woollen manufactures and soap, while under railway materials, matches and cement there was a decrease.

Exports improved from Rs. 2,458·27 lakhs to Rs. 2,591·27 lakhs, or by 5 per cent, and if the figures for tanned cow hides shipped under Government control from September 1916 be added the total exports show an increase of 13 per cent. The increase in value chiefly occurs under leather, raw cotton, oils, drugs and medicines, raw skins, raw rubber, spices, sugar, fish, manures, postal articles, raw jute and living animals. These increases were partly counterbalanced by decreases under grain and pulse, seeds, indigo, coffee and cotton twist and yarn.

Imports of *treasure* declined from Rs. 2·87 lakhs to Rs. 2 lakhs, or by 30 per cent, while exports improved from Rs. 34·56 lakhs to Rs. 89·98 lakhs, or by 160 per cent, owing to larger shipments of Rupees to Ceylon and the Straits Settlements.

Under *coasting trade*, imports of private merchandise declined from Rs. 660·32 lakhs to Rs. 612·75 lakhs, or by 7 per cent, owing to smaller imports of grain and pulse, while exports improved from Rs. 488·92 lakhs to Rs. 558·43 lakhs, or by 14 per cent, in consequence of larger shipments of coffee, cocoanuts, groundnut oil, manures, sugar, seeds and spices.

Balance of trade.—The following table shows the balance of trade in merchandise and treasure under foreign trade during the past five years:—

The total gross revenue was Rs. 101·21 lakhs, an increase over the previous year of Rs. 27·30 lakhs, or 37 per cent. The amount of import duty realised improved from Rs. 59 94 lakhs to Rs. 87·03 lakhs, or by 45 per cent, partly as a result of enhanced rates of duty leviable under the revised tariff of March 1916 and partly as the result of the high prices of the articles. Larger payments of duty were received on manufactured articles (+ Rs. 11·69 lakhs or 89 per cent), sugar (+ Rs. 3·74 lakhs or 191 per cent), articles of food and drink (+ Rs. 3·02 lakhs or 80 per cent) and cotton manufactures (+ Rs. 2·40 lakhs or 80 per cent.) The increase of Rs. 0·21 lakh, or 1·5 per cent, under export duty was the net result of larger collections on tea by Rs. 2·86 lakhs and smaller collections on rice by Rs. 2·67 lakhs.

As already pointed out, prices of both imported and exported goods were high. Under exports, however, the prices of coffee, coir manufactures and sugar showed declines.

FOREIGN TRADE.

Imports.—The increase under group I was due to larger imports of spices, sugar and provisions, and that under group III to increased values under cotton manufactures, cotton twist and yarn, metals, machinery, paper and pasteboard, motor cars, chemicals and soap, partly set off by smaller imports of railway materials, cement and matches.

Exports.—Smaller shipments of grain and pulse and coffee, partly counterbalanced by large shipments of spices, fish and sugar brought about a decline under group I. The increase under group II was caused by increased shipments of raw cotton, raw rubber, oils, raw skins, manures, and mica. Only exports of seeds showed a decline. Under group III large increase was accounted for by heavy shipments of leather, drugs and medicines. These were partly counterbalanced by smaller shipments of indigo and cotton twist and yarn.

The total imports of *liquors* showed a decline of 25 per cent. in quantity, but the value rose by 13 per cent.

Imports of *malt liquors* fell by 35 per cent in quantity, those from the United Kingdom having decreased by 78,949 gallons, or by 40 per cent. Japan, Holland and Denmark, supplied 9,821, 4,622 and 759 gallons of *beer* against 827, 2,770 and 2,022 gallons respectively, in the previous year.

Imports of *spirits* declined by 15 per cent, *whisky* showing a decrease of 28 per cent and *brandy* of 14 per cent. Twenty-nine thousand nine hundred and twenty-seven gallons of *brandy* came from France, 14,920 gallons from Holland and 4,713 gallons from the United Kingdom compared with 40,467, 7,886 and 8,987 gallons respectively, in the previous year.

Imports of *other sorts* of spirits increased by 32 per cent. Eighteen thousand six hundred and thirty-one gallons of *gin*, 8,333 gallons of *essences*, 1,644 gallons of *rum* and 741 gallons of *liqueurs* were imported against 16,415, 3,421, 1,950 and 676 gallons respectively, in 1915-16.

Imports of *wines* fell by 15 per cent, the decline being most marked under *port* and *still red wines* from the United Kingdom and France.

Provisions and oilman's stores.—Imports under this head totalled Rs. 30·58 lakhs compared with Rs. 21·49 lakhs in 1915-16. Supplies from the United Kingdom were valued at Rs. 22·94 lakhs and from the Straits Settlements at Rs. 4·24 lakhs. *Biscuits and cakes* improved from Rs. 4·86 lakhs to Rs. 6·88 lakhs, *farinaceous and patent foods* from Rs. 7·69 lakhs to Rs. 9·52 lakhs, *condensed milk*, from Rs. 3·85 lakhs to Rs. 3·89 lakhs, *canned and bottled provisions* from Rs. 2·19 lakhs to Rs. 2 66 lakhs and *other sorts* of provisions from Rs. 5·90 lakhs to Rs. 7·63 lakhs.

Spices.—Imports of *spices* advanced from Rs. 48 19 lakhs to Rs. 56·69 lakhs. *Betelnuts*, which are the chief spices imported, rose from 263,191 cwt. valued at Rs. 46·46 lakhs to 287,884 cwt. valued at Rs. 52·94 lakhs, of which Ceylon and the Straits Settlements sent almost equal quantities. Imports of *pepper* increased threefold from 2,887 cwt. valued at Rs. 0·85 lakh to 6,331 cwt. valued at Rs. 2·81 lakhs: consignments from the Straits Settlements again showing an increase.

Imports of *sugar* improved by 25 per cent in volume and 11 per cent in value. *Refined sugar* declined by 18 per cent in quantity and 7 per cent in value. Under the arrangements made by the Royal Commission appointed to control sugar supplies, Java sent large quantities of raw sugar to the refineries in the United Kingdom. As a result Java, which is our chief source of supply, was unable to send such large quantities as usual in India and imports thence declined by 14 per cent in quantity and 2 per cent in value. The local prices of "Java white" rose from Rs. 35 per bag of 2 cwt. to Rs. 38¼ in May 1916, and to Rs. 41 at the end of November, but thereafter gradually declined the closing price being Rs. 40¼. The decrease of 69 per cent in supplies from Mauritius was likewise due to purchases by the Commission on behalf of the French Government.

Imports of *unrefined sugar* advanced by 84 per cent. This was to some extent the natural outcome of the shortage under refined sugar. Two large consignments were received for the first time from the Philippine Islands and landed at Cuddalore and Cocanada. There were no imports either from Java or Mauritius. Imports of *molasses* from Java increased fourfold and were used principally for distillery purposes.

The total imports of *tobacco* improved by 27 per cent in quantity and 46 per cent in value; although the quantity imported was much below the pre-war average yet the value showed a 37 per cent advance.

Imports of *raw tobacco* showed a decline of 21 per cent in quantity and 10 per cent. in value, those from the United Kingdom and Holland having fallen from 42,708 and 41,425 lbs. to 36,594 and 31,705 lbs. respectively, while those from Ceylon increased from 56 to 642 lbs. A consignment of 1,908 lbs. was imported from the United States of America for the first time.

Imports of *cigarettes* improved by 103 per cent in quantity. The United Kingdom supplied 133,044 lbs. compared with 65,765 lbs. in 1915-16. Egypt sent 906 lbs., whereas none was sent in the previous year.

The quantity of *mineral oils* showed a fall of 7 per cent, but there was a slight rise, amounting to 1 per cent, in the value.

The figures for *Kerosene oil* show a decrease of 20 per cent in quantity and 8 per cent in value. The average price has risen by one anna per gallon in each of the last two years and now stands at 8 annas 4 pies.

Imports *Borneo oil* showed a further drop of 51 per cent. but imports of *American oil* rose by 22 per cent. This increase is due to consignments intended for Pondicherry and Karaikal being landed at Madras and sent by rail instead of being imported by sea direct. About four-fifths of the kerosene oil was carried in bulk and the remainder in cases. The decrease in the imports of foreign oil was partly met by larger imports of *Burma oil* which increased by about half a million gallons to 19 million gallons valued at Rs. 66·29 lakhs.

Liquid fuel showed an increase of over a million gallons, or 65 per cent.

Lubricating oils showed a rise of 11 per cent. There have been no imports of *foreign petrol* during the past four years. Coastwise imports of *petrol* advanced from 930,496 gallons to 1,337,206 gallons owing to the large number of motor vehicles which have been imported in the last two years.

Textile materials —The imports of *raw silk*, from China, showed a recovery and its value amounted to Rs. 4·84 lakhs against Rs. 2·88 lakhs in 1915—16.

Wood and timber.—The cessation of imports of *jarrah wood* from Western Australia brought about a fall from Rs. 4·58 lakhs to Rs. 3·92 lakhs, or 14 per cent. under this head. Imports of *teak-wood* from Siam, which ceased during the previous two years, revived and amounted to Rs. 1·07 lakhs. Fewer *Palmyra rafters* were received from Ceylon.

Miscellaneous.—The imports of *artificial and mineral manures*, consisting of basic slag, sulphate of potash, nitrate of soda, muriate of potash, and superphosphates, declined from Rs. 1·31 lakhs to Rs. 1·27 lakhs, the average imports before the war being Rs. 3·36 lakhs.

III.—ARTICLES WHOLLY OR MAINLY MANUFACTURED.

The total value of the imports under this head increased from Rs. 884·39 lakhs to Rs. 981 99 lakhs.

Apparel.—The fall of Rs. 2·96 lakhs, or 7 per cent, in the total value under this heading was due to smaller imports of *gold and silver thread* from France which deceased from Rs 32·30 lakhs to Rs. 29 94 lakhs and resumed normal. The imposition of a higher rate of duty in 1916 does not appear therefore to have had much effect on the total imports The imports of gold thread by land from Pondicherry declined from Rs. 6 69 lakhs to Rs 0·31 lakh. Smaller quantities of *drapery*, *hats* and *caps* were imported.

Imports of *boots and shoes* further declined from Rs. 1·73 lakhs to Rs. 1·5 lakhs.

Carriages including cycles and motor-cars.—Imports of *carriages and carts* improved from Rs 0·72 lakh to Rs. 1·60 lakhs *Motor vehicles and accessories* rose from Rs. 18 65 lakhs to Rs 30 49 lakhs. The number of motor cars imported increased from 448 to 560. Imports of motor vehicles would have been considerably greater but for the embargo placed on them towards the close of December last. The demand for cheap cars still continues as will be seen from the following table.—

The number of *motor cycles* also went up from 279 to 360, of which 305 were of British manufacture. One hundred and seven *motor wagons* (87 from the United States of America and 20 from the United Kingdom) valued at Rs. 5·69 lakhs were imported against 6 valued at Rs. 0·43 lakh in the previous year.

Imports of *cycles and accessories* further declined from Rs. 4 38 lakhs to Rs. 3·41 lakhs: most of the consignments came from the United Kingdom.

Chemicals, drugs and medicines.—The value of chemicals imported (other than chemical manures) again showed a remarkable increase. In 1914 15, Rs. 11 88 lakhs' worth were imported, in 1915-16 Rs. 16·61 lakhs and this year Rs. 24·41 lakhs. The main factor in this increase was the large quantity of *soda compounds* (especially cyanide of sodium for the Mysore gold mines) which was imported. Eighty-two per cent of the chemicals came from the United Kingdom. Under *drugs and medicines* imports of *camphor* decreased by 31 per cent in quantity and 23 per cent in value; practically the whole coming from Japan.

Proprietary and patent medicines improved from Rs 1·15 lakhs to Rs. 1·87 lakhs.

Cutlery, hardware, implements and instruments.—*Clocks and watches* improved from Rs. 1·48 lakhs to Rs. 2·57 lakhs and *cutlery* from Rs. 0·78 lakh to Rs. 1·1 lakhs.

There was an increase of 8 per cent in the value of *hardware* but imports were still far below the average imports before the war, showing that other countries have not yet taken the place formerly held by Germany and Austria in this trade. Seventy-three per cent of the imports came from the United Kingdom, 11 per cent from the United States and 4 per cent from Japan.

Instruments and apparatus showed an increase of Rs. 2·48 lakhs to Rs. 13·91 lakhs. This was mainly due to the increase in the number of electrical appliances received.

Dyes and Colours.—When compared with the previous year there was some recovery in *dyeing and tanning substances* imports of which amounted to Rs. 6·81 lakhs against Rs. 2·89 lakhs, but they were far below the pre-war averages. The present position of the imports of alizarine and aniline dyes is given in the following table :—

Imports of *alizarine* amounted to 50,772 lbs. valued at Rs. 8·04 lakhs and these came from the United Kingdom. In 1915-16 10·528 lbs. were imported from Germany and 20 720 lbs. from Belgium by prize vessels, and there were no imports from the United Kingdom. Prices of both alizarine and aniline were phenomenally high, the average price per lb. of the former rising from As. 8 in 1914-15 to about Rs. 4 in 1915-16 and to Rs. 6 in the current year.

Imports of *aniline dyes* amounted to 49·240 lbs. valued at Rs. 2·26 lakhs against 11,355 lbs. valued at Rs. 0·48 lakh. A small quantity of *synthetic indigo* amounting to 4 cwt. valued at Rs. 940 was imported from the United Kingdom.

Imports of *paints and painters' materials* improved from Rs. 6·55 lakhs to Rs. 7·07 lakhs.

Glassware and earthenware.—Although there was some recovery in the imports of *glassware* (from Rs. 5·10 lakhs to Rs. 8·25 lakhs), yet they represented only 48 per cent of the annual average imports before the war. The United Kingdom supplied 53 per cent. and Japan 20 per cent against 48 and 38 per cent respectively, in the previous year. Before the war the shares of these two countries were only 11 and 1 per cent.; Austria-Hungary, Germany and Belgium's shares being 55, 15 and 18 per cent respectively. Imports of *bottles and phials* rose in value from Rs 1·36 lakhs to Rs, 2·85 lakhs and those of *sheets and plates* from Rs 1 75 lakhs to Rs. 3 02 lakhs. Imports of *glass bangles* and *beads*, including *false pearls*, have been considerably affected by the war : their average imports before the war were Rs. 7·48 lakhs and Rs. 2·8 lakhs respectively, but have now dwindled down to Rs. 0·33 and 0·92 lakh respectively.

Imports of *earthenware* amounted to Rs. 2 15 lakhs compared with Rs. 2·63 lakhs in 1915-16.

Imports of *machinery* improved by Rs. 7·13 lakhs, or 17 per cent. With the exception of prime-movers (other than electrical), boilers and sugar machinery, all the sub-heads showed increases. The increase under electrical machinery, was due to the larger demands for electric installations, and that under sewing and knitting machines to local stocks having reached a low level. The United Kingdom sent 84 per cent of the machinery and the United States of America 12 per cent.

The extension of Government control over iron and steel industries in the United Kingdom, the high prices at the supplying centres and the shortage of tonnage, all combined to bring about a decline of 20 per cent in quantity. The urgent demand for the available material however brought about a rise of 13 per cent in value; and the local price of iron has more than doubled since the commencement of the war. During the five years ending 1913-14 the average value of iron was Rs. 140 per ton and rose to Rs. 170 in 1914-15, to Rs 220 in 1915-16 and to Rs. 310 in 1916-17. Previous to the war the United Kingdom supplied 45 per cent of the iron and steel imported into this Presidency. This share increased to 66 per cent in 1914-15, to 70 per cent in 1915-16 and to 80 per cent in 1916-17. Belgium prior to the war sent 40 per cent. Supplies from America have fallen from 22 per cent in 1915-16 to 13 per cent.

Imports of *bar iron* improved by 58 per cent in volume and 131 per cent in value The prevailing high prices of imported bars gave an impetus to bars of Pondicherry manufacture and these rose from 4,400 tons valued at Rs. 5·23 lakhs to 5,015 tons valued at Rs. 8·33 lakhs.

On the other hand, *steel bars* showed a decline of 70 per cent and *plates and sheets* of 36 per cent. The increase under *pipes and tubes* was due to larger imports for the Madras water works, and that under *hoops and strips* to larger demands for baling cotton and coir yarn.

There was an unprecedented demand for *copper* both in Europe and America for the huge munition requirements and consequently exports to India diminished greatly. There was a fall of 63 per cent in quantity and 38 per cent in value. The price in England of standard copper rose from £10[illegible] per ton in February 1916 to £145 in middle of May, but receded to £88 in July and again rose to £15[illegible] early in February 1917. The United Kingdom supplied 82 per cent against 73 per cent in 1915-16, and Japan 13 per cent against 7 per cent. Imports of *yellow metal sheets* showed a decline of 61 per cent and those of *braziers and sheets* 86 per cent. The opening price per candy of 500 lb of yellow metal sheets was Rs. 375 and the closing price Rs. 505. Imports of *tin* expanded by 31 per cent as a result of larger receipts from the Straits Settlements. Large quantities of *lead* sheets for tea chests were received from the United Kingdom and imports of this metal increased by 11 per cent. Only 2 cwt. of *aluminium*, valued at Rs 347, were imported.

The total value of imports of *paper and pasteboard* amounted to Rs. 38·53 lakhs against Rs. 22·06 lakhs, an increase of 74 per cent. This increase in value was the result of inflated prices of the articles, whereas the quantities imported declined.

The decrease in the quantity of printing paper was the net result of smaller imports from the United Kingdom, Norway and Sweden, and larger imports from the United States. The market value for the last year has been about As 6 per lb. against the pre-war average of As. 2-4 per lb. The decrease in the imports from Norway and Sweden was due to abnormal imports of cheaper kinds of paper in 1915-16, and the increase in the case of imports from the United States was due to the merchants seeking a new source of supply in anticipation of shortage from the United Kingdom as a result of the restrictions placed there on imports of paper-making materials. Of the total imports of paper and pasteboard the United Kingdom's share was the same as in the previous year, *viz.*, 71 per cent, and that of Norway and Sweden 16 per cent against 23 per cent, in 1915-16. The shares of the United States and Japan, whose trade in previous years in these articles was inconsiderable, amounted to 7 and 4 per cent respectively.

Imports of *stationery* improved from Rs. 7·02 lakhs to Rs. 10·6 lakhs, of which Rs. 8 26 lakhs' worth came from the United Kingdom and Rs 1·47 lakhs' worth from Japan as against Rs. 6·14 lakhs' and Rs. 0·41 lakhs' worth respectively in 1915-16.

Railway plant and rolling-stock.—The total imports again declined from Rs. 68·61 lakhs to Rs. 35·56 lakhs, or by 48 per cent. *carriages and wagons* falling from Rs 30·27 lakhs to Rs. 18·71 lakhs, *locomotive engines and tenders* from Rs. 23·35 lakhs to Rs. 4·03 lakhs and *materials for construction* from Rs. 14·99 lakhs to Rs. 12·82 lakhs. Of the total imports 75 per cent from the United Kingdom and 25 per cent from the United States against 95 and 5 per cent respectively in 1915-16.

Cotton-goods.—Yarns and textile fabrics—The value of imports under this head improved from Rs. 386·10 lakhs to Rs. 454·42 lakhs.

The total value of imports of *cotton goods*, representing 38 per cent of the total foreign imports, increased by 17 per cent. The market at Madras showed considerable fluctuations during the year and it often happened that piecegoods, bought in a moment of considerable activity, actually arrived to a deadly dull market. The chief feature of the year was the speculative purchases of coloured yarns and goods owing to the general view that the scarcity of dye stuffs would cause a considerable rise in the price of dyed goods. Large stocks were carried forward from the previous year's purchases and these, added to the continual rise of prices in Manchester, tended to reduce the imports in grey and white piece-goods. Fairly brisk sales took place as usual from September to November and though prices were high a fair amount of buying from Manchester took place to replenish stocks. A sudden rise in prices at home, however, put further buying out of the question and business practically ceased from January to March 1917. During these last months local prices rose 25 to 50 per cent owing to shortages of certain qualities in the bazaar.

Imports of *cotton twist and yarn* declined by 20 per cent. in quantity, but rose by 11 per cent. in value, the average value per lb. having risen from Rs. 1-1-0 to Rs. 1-8-0. *Mule Yarn* declined by 56 per cent., the high rates prevailing in Manchester for mule yarn, coupled with the absence of dyes to colour these grey yarns, enabled Indian mills to compete successfully in producing yarns, especially counts 31 to 40, at a cheaper rate than home supplies. Under *coloured yarns*, the common counts (1 to 20 and 31 to 40) were in good demand and as there were no dyestuffs to colour the country-made yarns, weavers often resorted to using imported 40s doubled in place of the usual country-dyed 20s. Imports of other descriptions of yarn failed to maintain the improvement of the previous year and declined by 24 per cent.

The total imports of *cotton piece-goods* further decreased by 19 per cent. in quantity, but increased by 20 per cent. in value. The decrease in quantity was the net result of smaller imports of *grey and white piece-goods*, partly set off by larger imports of *coloured goods*, which expanded by 23 per cent. in quantity and 89 per cent. in value. *Saris and scarves* rose by Rs. 27·4 lakhs, *prints* and *chintz* by Rs. 13·99 lakhs, *cambrics* including *madapollams* by Rs. 2·75 lakhs, and *shirtings* by Rs. 1·99 lakhs. Under *grey goods* there was a decline of 38 per cent. in quantity and 16 per cent. in value. *Longcloths* and *shirtings* declined by Rs. 15·06 lakhs owing to the substitution of country-made cloth manufactured in the mills at Bombay, Sholapur, Ahmedabad, etc. *Dhotis, saris and scarves* fell away by Rs. 9·36 lakhs; most of the poorer classes favour the use of grey dhotis with coloured borders and the coarser Indian woven cloth with plenty of substance in it suits their requirements admirably. *Jaconets, madapollams, mulls and cambrics* improved by Rs. 7·48 lakhs, and suffered less than other grey goods, because it is not so easy to replace these fabrics, made of finer yarn, by locally-made substitutes. Under *white goods jaconets* including *madapollams*, increased by Rs. 16·30 lakhs, and *dhotis, saris and scarves*, which are not produced locally to any extent, increased by Rs 1·85 lakhs, while *nainsooks* decreased by Rs. 5·36 lakhs and *longcloths and shirtings* by Rs. 3·94 lakhs, as these can be replaced easily by bleaching the grey cloths, and therefore when prices are high these goods always show a falling off. The net result shows an increase of Rs. 9·61 lakhs, or 16 per cent in the value of white goods although the quantity declined by 19 per cent. The considerable increase under *coloured goods* is due to the continued demand arising from the desire to have bright coloured goods whatever the price may be. As it has been very difficult to obtain dyeing materials locally there have been increased importations from home.

The trade in cotton piece-goods was almost entirely confined to the United Kingdom, only 1 per cent coming from other sources.

There was an increase under *other cotton fabrics* as there were larger imports of hosiery from the United Kingdom and Japan and sewing thread from the United Kingdom.

Haberdashery and millinery.—Imports improved from Rs. 6·78 lakhs to Rs. 7·37 lakhs. Rs. 5·05 lakhs' worth came from the United Kingdom, Rs. 0·96 lakhs' worth from Japan and Rs. 0·85 lakhs' worth from France.

Jute and Wool.—Imports of *jute manufactures*, which consisted almost entirely of re-imports of old rice gunny bags from Ceylon, rose from Rs. 13·99 lakhs to Rs. 15·4 lakhs. There were large consignments of woollen piece-goods from the United Kingdom, and therefore imports of *woollen manufactures* expanded from Rs. 2·85 lakhs to Rs. 8·35 lakhs.

Other minor items.—Imports of *arms, ammunition and military stores* improved from Rs. 9·83 lakhs to Rs. 10·85 lakhs.

Imports of *cement*, mainly from the United Kingdom, declined from Rs 16·04 lakhs to Rs. 8·58 lakhs owing to the high cost and the difficulty of obtaining supplies. Imports of *safety matches* declined from Rs. 6·13 lakhs to Rs. 3·94 lakhs and other matches from Rs. 5·18 lakhs to Rs 1·41 lakhs. Japan sent Rs 3·01 lakhs' worth of matches, Sweden Rs. 1·21 lakhs, and Norway Rs. 0·63 lakh against Rs. 4·40, Rs. 4·77 and Rs. 1·60 lakhs respectively in 1915-16. Imports of *soap* improved from Rs. 12·81 to Rs. 17·38 lakhs. Household and laundry soaps increased by Rs. 2·71 lakhs and toilet soap by Rs. 1·89 lakhs, the imports being almost entirely from the United Kingdom.

IV.—MISCELLANEOUS AND UNCLASSIFIED.

The total value of imports under this head rose from Rs 33·27 lakhs to Rs. 37·17 lakhs.

Imports *of living animals* showed a decrease of Rs. 0·4 lakh. One thousand seven hundred and thirty-four horses valued at Rs. 9·85 lakhs were imported against 2,180 valued at Rs. 10·38 lakhs in 1915-16. One thousand six hundred and ninety horses came from Victoria, 30 from the Straits Settlements, and 14 from Ceylon.

Articles imported by post amounted to Rs. 26·13 lakhs against Rs. 21·72 lakhs. The United Kingdom sent to the value of Rs 12 32 lakhs, Japan Rs. 4·91 lakhs, Ceylon Rs. 4·88 lakhs, the Straits Settlements Rs. 1·62 lakhs, and France Rs. 1·33 lakhs against Rs. 5·65, 3·45, 7·65, 1·36 and 1·79 lakhs respectively, in the previous year.

The exports of *grain and pulse* declined by 18 per cent. in quantity and 19 per cent. in value. Exports of *paddy* (rice unhusked) improved by 76 per cent in quantity and 83 per cent. in value, while those of *rice* (rice husked) declined by 23 per cent in quantity and [illegible] per cent. in value. Shipments of rice and paddy to Ceylon, represented 90 per cent of the total exports under this head, and declined by 19 per cent both in quantity and value. This was partly due to want of tonnage and partly to larger supplies from Burma to that colony. The average value of rice rose from Rs 8-3-9 to Rs 8-7-5 per cwt. Shipments to the Straits Settlements declined by 22 per cent. and those to Mauritius by 9 per cent. The variations under *other grains* are small and call for no remarks.

There was a very slight decline in the quantity of *spices* exported, but the value rose by 26 per cent. During the first nine months of the year under review shipments of *pepper* fell away by 47 per cent in quantity and 21 per cent in value when compared with those in the corresponding period of 1915-16. During the last three months, however, shipments increased sixfold in quantity and ninefold in value. The final figures for the whole year showed a decline of 9 per cent in quantity and a rise of 36 per cent. in value, the average value having risen from As 4-8 to As. 7-0 per lb. The 1916 crop was a good one and the demand was very brisk, consequently, pepper fetched high prices. Shipments to

the United States and the United Kingdom decreased from Rs. 18·24 and Rs. 15·22 lakhs to Rs. 16·90 and Rs. 14·21 lakhs respectively, the pre-war average shipments to these countries being Rs. 5·31 and Rs. 3·57 lakhs. Shipments to France and Italy, however, showed a marked recovery from Rs. 1·51 and Rs. 2·13 lakhs to Rs. 13·21 and Rs. 4·95 lakhs respectively.

Exports of *ginger* receded by 33 per cent in quantity and 25 per cent in value.

There were larger shipments of *chillies* to Ceylon and the Straits Settlements.

Sugar.—There was a great recovery in the exports of *sugar* (mostly unrefined sugar) from 60,897 cwt. valued at Rs 5·17 lakhs to 220,684 cwt. valued at Rs. 17·08 lakhs, and exports almost reached the level of 1912-13. The area of sugarcane under cultivation increased by 20 per cent. and the total yield by 31 per cent. The outturn would have been still larger had not the crop suffered by the unusually heavy north-east monsoon rains in the Circars and by the devastations of the severe cyclone in South Arcot in November 1916. The price of *jaggery* in 1914-15 and 1915-16 in different districts varied from 25 to 60 per cent. above that which prevailed in 1913-14, but in 1916-17 this high level was not maintained and the average price fell during the year from Rs. 8-1-0 to Rs 7-8-0 per cwt. Shipments to Ceylon improved from Rs. 3·58 lakhs to Rs. 14·77 lakhs. A large quantity of palm jaggery was exported to Ceylon on account of Ceylon sugar refineries. Shipments of unrefined sugar to the United Kingdom, which before the war amounted to Rs 8·5 lakhs, practically ceased.

Tea.—The total exports amounted to 24·91 million lb. valued at Rs. 175·85 lakhs against 25·81 million lb. valued at Rs. 173·76 lakhs, a decrease of 4 per cent in quantity and an increase of 1 per cent in value. The decrease is ascribed to want of tonnage. In March restrictions were placed on exports to the United Kingdom but the effect of these restrictions will only be felt in 1917-18. The average price rose from As. 10·9 to As. 11·4 per lb. The acreage under tea was reported to be 73,402 in 1916 against 68,288 acres in 1915. Shipments to the United Kingdom and Ceylon declined from 82 and 16 per cent to 67 and 15 per cent respectively, while those to Canada rose from 1 per cent. to 17 per cent.

The season's crop was delayed by tardy blossoming showers and late rains in October and November, but when it was harvested it turned out better than that of the previous season. Prices which were high at the beginning of the season, subsequently declined, and as freights to consuming countries were also high, exports declined 17 per cent in quantity and 18 per cent in value. During March 1917 more than half the quantity exported during the whole year was shipped. As in the previous year 48 per cent went to the United Kingdom, whereas France increased her receipts from 24 to 26 per cent.

Tobacco.—Exports of *tobacco* increased by nearly a million lb. and amounted to 8·95 million lb. The value likewise rose by almost a lakh and reached Rs. 9·51 lakhs. The trade in *leaf tobacco* amounted to 3·44 million lb. valued at Rs. 6·11 lakhs. As usual, the chief consumers were the Straits Settlements and the Federated Malay States. A quantity of 850,120 lb. valued at Rs 1·14 lakhs, was sent to the United Kingdom. Shipments of *cigars*, 80 per cent of which went to the Straits Settlements and the Federated Malay States, further declined from 748,903 lb. to 463,346 lb. in quantity and from Rs. 4·25 lakhs to Rs. 3·11 lakhs in value. Higher grade cigars to the value of Rs. 0·82 lakh were exported to the United Kingdom against Rs. 0·66 lakhs worth in 1915-16.

II.—RAW MATERIALS AND PRODUCE AND ARTICLES MAINLY UNMANUFACTURED

The total value of exports under this head increased from Rs. 706·03 lakhs to Rs 748·18 lakhs.

Exports of *raw hides* from the Madras Presidency are comparatively unimportant, but there was an improvement of 11 per cent in quantity and 31 per cent in value The whole quantity went to the United Kingdom.

Raw skins, consisting almost entirely of goat skins, expanded by 15 per cent in weight and 75 per cent in value, the average value having risen from As. 14-4 to Rs. 1-6-0 per lb. The marked increase in price is ascribed to the large demand for tanned skins at the London sales which reacted on raw skins locally. The share of the United Kingdom rose from 18 to 32 per cent, while that of the United States fell from 53 to 36 per cent.

Metallic ores.—Shipments for *manganese ore* to the United Kingdom, which as usual formed the chief item under this head, amounted to 9,450 tons valued at Rs. 1·05 lakhs against 2,000 tons valued at Rs. 0·18 lakh.

Oils.—There was again a considerable increase in the quantity of oil exported and the value rose by Rs. 24 14 lakhs to Rs. 77·82 lakhs.

Animal Oils, consisting almost entirely of fish oils, have fallen away very considerably. In 1914-15 220,839 gallons were shipped, in 1915 16 29,080 gallons, but in the year under review only 10,500 gallons, valued at Rs 6,·00, were shipped. Under *essential oils and lemongrass oil* from South Malabar improved from 30,976 gallons to 34,99[illegible] gallons valued at Rs. 4 81 lakhs. The value of shipments to France more than doubled, while those to the United States and the United Kingdom both declined. Other essential oils, consisting mostly of *sandal wood oil* amounted to 4, 91 gallons valued at Rs. 7·73 lakhs, practically the whole of which went to the United Kingdom.

Under *vegetable oils*, exports of *cocoanut oil*, representing more than half the quantity of all oils advanced amounted to the same quantity as in the previous year, namely 2·02 million gallons, but the value rose from Rs. 38·57 lakhs to Rs. 42·51 lakhs, a rise of 10 per cent, or from Rs. 1-14-0 to Rs. 2-2-0 per gallon. The value of shipments to the United Kingdom improved from Rs. 21·54 lakhs to Rs 34-25 lakhs, the average exports before the war being valued at Rs. 6·15 lakhs. Shipments to the United States, which before the war were valued at Rs. 8·60 lakhs, almost doubled in 1915-16, but declined to Rs. 7·69 lakhs in the year under review, as the export to that country has been prohibited since July 1916.

Exports of *castor oil* increased from 884,305 gallons valued at Rs. 5·08 lakhs to 1,016,9·5 gallons valued at Rs. 14 30 lakhs. The United Kingdom absorbed to the value of Rs. 18·07 lakhs against Rs. 8·92 lakhs. Shipments of *groundnut oil* also increased from 262,641 gallons to 418,812 gallons valued at Rs. 4·18 and 6·94 lakhs respectively. The increase was particularly marked in the case of consignments to the United Kingdom.

Seeds form one of the principal exports from the Madras Presidency and before the war were exported in a larger quantity than any other produce. In 1916 17 the quantity declined by 44 per cent and the value by 25 per cent and represented only 8·34 per cent for the total foreign exports.

Groundnuts.—The trade in groundnuts represented 68 per cent of the total exports of seeds. Before the war the exports annually averaged 197,318 tons valued at Rs. 344·49 lakhs and France was the chief consumer. During 1914-15 there was a decline of 42 per cent in quantity and 45 per cent in value, but much of the unshipped balance went to Calcutta. In 1915-16, however, the trade with foreign countries revived and large consignments of nuts were sent to Marseilles. The shortage of tonnage to Mediterranean ports gave rise to considerable anxiety as to the disposal of the season's harvest, which was above the average, and prices dropped considerably. The position improved somewhat towards the close of the official year and an outlet was found by considerable exports to the Straits Settlements and coast-wise to Bengal and by railing to Bombay for shipment thence and consequently the prices hardened to some extent. The figures for the whole year disclose a fall of 56 per cent in quantity and 49 per cent in value. The high prices prevailing in 1915-16 induced cultivators to sow more crops and the area under groundnuts in 1916-17 increased by 60 per cent. This is particularly marked in the Deccan where groundnut cultivation is extending to black cotton soils. The estimated yield is 30 per cent above that of the previous year and is given as 825,000 tons. At the beginning of April 1916 the price was Rs. 35 per candy of 5 0 lb., at the end of that month it was Rs. 38-8-0, but in the middle of July it fell to Rs. 34 and again rose to Rs. 37 at the end of September from which date there was, on the whole, a gradual decline, the closing price being Rs. 26-8-0. Fully 90 per cent of the exports of groundnuts was consigned to Marseilles, and it is interesting to note the phenomenal rise in freight rates to that port since the outbreak of the war. In July 1914 the rate quoted was 23*s*. 9*d*. per ton and in November 34*s*. 10*d*. In November 1915 125*s*. was quoted, but by November 1916 as much as 275*s*. per ton was paid. Since then rates have been nominal, but as much as 450*s*. per ton has been paid. Exports to France (59,554 tons) declined by 59 per cent in quantity and 52 per cent in value. Shipments to Italy and the United Kingdom increased by 14 and 19 per cent. Exports coastwise remained about the same and amounted to 25,286 tons.

The following table compares the foreign export trade in groundnuts of the principal ports of this Presidency:—

The total quantity, both foreign and coasting, shipped at Madras was 56,819 tons compared with 97,535 tons in 1915-16, a decrease of 42 per cent.

Exports from Pondicherry amounted to 19,568 tons against 42,238 tons in 1915-16, a decrease of 54 per cent.

Copra or cocoanut kernels.—Inasmuch as Germany was formerly by far the largest importer of copra, with Belgium and Russia standing next, it was only to be expected that the complete cessation of exports to these countries would have a very serious effect on the trade in this product. This was early realized and manufacturers in England turned their attention to producing "vegetable butter." They also bought large quantities of cocoanut oil. France increased her imports of copra and, whereas before the war only 8 per cent went to that country, during the last two years her share has been 56 and 83 per cent and the United Kingdom's share 48 and 12 per cent respectively. During 1916-17 exports of copra improved by 61 per cent in quantity and 65 per cent in value, the average value having risen from Rs. 18-4-0 to Rs. 18-11-0 per cwt.

The following table shows the foreign export trade in the several products of the cocoanut palm:—

Essential oilseeds.—In 1915-16 exports of *coriander seed* to Ceylon declined, but this trade has since revived and consequently shipments under this head increased by 28 per cent.

Castor-seed.—For the past two seasons the castor seed crop has been very poor and exports have now dropped far below those of any previous year and were only about half those of 1915-16, though the quantity in that year was the smallest on record. The situation, however, is not as bad as it would appear as much of the seeds which were formerly crushed in Europe are now crushed in India and the very large quantities of castor oil exported during the last two years have more than compensated for the small quantity of castor seeds shipped.

Cotton seed.—There was a decrease of 15 per cent in the quantity of *cotton seed* exported and the increase to the United Kingdom noticed last year was not maintained.

Sesamum (til or jinjili).—The cultivation of *jinjili* declined by 16 per cent and was supplanted by groundnuts and indigo. The outturn was 12 per cent less than in the previous year and exports decreased 60 per cent in quantity and 58 per cent in value.

Niger seeds.—Exports in 1914-15 amounted to 1,762 tons, but declined in 1915-16 to 310 tons and in 1916-17 to 190 tons valued at Rs. 14,000.

Textile materials.—The total value under this head improved from Rs. 196·27 lakhs to Rs 268·12 lakhs.

Exports of *raw cotton* showed a decline of 2 per cent in volume and a rise of 37 per cent in value. Shipments during the first nine months amounted to 548,080 cwt. valued at Rs. 237·04 lakhs against 504,693 cwt. valued at Rs. 158·64 lakhs, an increase of 8 per cent in quantity and 54 per cent in value. Owing to scarcity of tonnage shipments during January 1917 amounted only to 4,063 cwt. against 14,737 cwt. in January 1916, and there were no shipments during February and March. The area under cotton cultivation was estimated at 2,288,000 acres, an increase of 11 per cent. The estimated yield was 377,000 bales, an increase of 6 per cent.

The distribution and output of the different trade descriptions of *cotton* were as follows:—

There was a further rise in price. The spot price of middling American cotton at Liverpool, which was 5·7*d.* in April 1915 and 7·6*d.* in April 1916, rose to 12·1*d.* at the close of November but declined to 10·8*d* at the beginning of February 1917 and again rose to 12·5*d.* at the close of the year. The local average *f.o.b.* price per candy or 500 lb. of cotton Westerns was Rs. 180 in April 1916 and Rs. 243 in March 1917. Shipments to Japan expanded by 61 per cent, while those to the United Kingdom and Italy declined by 80 and 19 per cent respectively. The increase in the exports to Japan was due partly to low freights and partly to the expansion in the trade in cotton textiles, yarns, hosiery and other cotton goods in that country, while the decrease in the case of the United Kingdom and Italy is attributed to high freights and scarcity of tonnage. As in the case of groundnuts, large quantities of raw cotton were sent by rail to Bombay for shipment thence to foreign countries.

Hemp, raw.—Exports declined slightly from 2,500 tons to 2,393 tons while the value rose from Rs. 7·85 lakhs to Rs 9·53 lakhs. Eighty-five per cent of the exports went to the United Kingdom and 14 per cent to Italy.

Jute, raw.—No jute, properly so called, is exported from this Presidency but the *Hibiscus* fibre usually grown in the coast districts north of Madras is technically known as jute, e.g., Bimlipatam, Gopalpore and Kottapatam jute, and is classified as such. Exports of this fibre improved from 5,807 tons to 6,090 tons in quantity and from Rs 12·60 lakhs to Rs 16·54 lakhs in value. Exports were almost entirely restricted to the United Kingdom.

Wood and timber.—With an increase of Rs 1·2 lakhs the total value stood at Rs. 15·44 lakhs. Exports of *teak* and other timber amounted to Rs. 1·81 lakhs against 1·92 lakhs and of *sandalwood* to Rs. 13·59 lakhs against Rs. 12·27 lakhs. The United Kingdom and the United States received sandalwood to the value of Rs 7·66 and 5·[illegible] lakhs respectively, against Rs 3·52 and 8·28 lakhs in the previous year. The average value of exports to Germany before the war was Rs. 5·85 lakhs.

Exports of *raw rubber* have shown a large increase every year and in 1916-17 further improved by 31 per cent in quantity and 19 per cent in value. This was brought about by larger areas of rubber trees coming into bearing. Shipments to the United Kingdom, Ceylon and the United States amounted to Rs. 77·89, 29·70 and 6·67 lakhs respectively, against Rs. 63·6[illegible], 28·91 and 3·39 lakhs in 1915-16.

Fibre for brushes and brooms, consisting chiefly of palmyra fibre shipped from Cocanada, Tuticorin and Calicut amounted to Rs. 19·05 lakhs against Rs. 17·28 lakhs in 1915-16, the chief consumer being the United Kingdom.

Exports of *manures* amounted to Rs 11·91 lakhs against Rs. 8·05 lakhs. Shipments of *bones* amounted to Rs 3·44 lakhs, *fish manures and guano* to Rs. 8·82 lakhs and *other manures* to Rs 2·65 lakhs against Rs. 3·08, 2·16 and 2·80 lakhs respectively, in 1915-16. The increase under fish manures was due to larger catches of sardines for manure.

The quantity of *mica* exported improved from 257 to 279 tons, or by 9 per cent, and the value from Rs. 3·75 lakhs to Rs. 6·05 lakhs, or by 61 per cent. Shipments were confined to the United Kingdom.

III.—ARTICLES WHOLLY OR MAINLY MANUFACTURED.

The total value under this head increased from Rs. 862·03 lakhs to Rs. 963 lakhs.

Chemicals, drugs and medicines—Exports of *cinchona bark* amounted to 688,143 lbs. valued at Rs 1·78 lakhs against 607,807 lb valued at Rs. 1·60 lakhs in 1915-16. Shipments were confined to the United Kingdom. Consignments of *nux vomica* declined from 2,225 tons valued at Rs. 3·28 lakhs to 2,172 tons valued at Rs 3·53 lakhs and were consigned to the United Kingdom and the United States. Shipments of *senna* have again shown a considerable increase, and rose from 1,599 tons to 4,753 tons and from Rs. 7·19 lakhs to Rs 29·03 lakhs. Rupees 20·11 lakhs' worth was sent to the United Kingdom compared with Rs. 5·81 lakhs' worth in 1915-16 and the United States and France increased their supplies from Rs. 0·91 and 0·55 lakhs to Rs. 4·11 and 3·03 lakhs respectively. Large crops of *senna* are grown in the Tinnevelly and Ramnad districts, and early in the year high prices were offered in England even for the lower grades of leaves and pods. The market at home however became heavily overstocked with senna of poor quality and this will probably affect the exports for the year 1917-18.

Dyes and colours.—The remarkable expansion referred to in last year's report under the head of *dyeing and tanning substances* was not maintained and exports declined from Rs. 116·69 lakhs to Rs. 73·84 lakhs.

Exports of *indigo* receded from 1,308 tons to 614 tons, or by 53 per cent, and from Rs. 108·77 lakhs to Rs. 67·55 lakhs, or by 38 per cent. The average value from Rs. 116 to Rs 550 per cwt. Shipments to the United Kingdom, representing 60 per cent of the total exports, declined from Rs. 89·93 lakhs to Rs 41 86 lakhs, while those to Egypt, the United States and Italy improved from Rs. 9 53, 3·95 and 1·87 lakhs to Rs. 15 26, 6 02 and 2·62 lakhs respectively. The market opened with brisk demands from Egypt and with enquiries from the United States, and competitors were forced to pay higher prices every day. Owing to large stocks in London, offers from that centre were not encouraging and the high price of indigo, coupled with high freight rates, restricted trading. Speculative shipments to Egypt however continued. The area under indigo in 1916-17 is reported to have been 449,900 acres, or double the actual area sown in 1915-16. The yield was estimated at 2,954 tons, or about 2½ times last year's estimate. Heavy rains in the Guntur district and the Deccan caused serious damage to the crop so that the yield per acre has been poor and the quality is reported to be indifferent. In the North Arcot, Salem and Chittoor districts, however, the harvest has been favourable. Exports coastwise declined from 1·6 tons to 68 tons.

Exports of *myrobolans*, the major portion of which went to the United Kingdom, declined from Rs 2·52 lakhs to Rs 0·48 lakh. Exports of *turmeric* rose from Rs. 3 83 lakhs to Rs. 1[illegible]3 lakhs This was due to the United States taking fifty times as much as in the previous year Shipments to Ceylon increased whilst those to the Straits Settlements decreased.

Hides and skins, tanned or dressed, and leather. The total exports of *tanned hides and skins* on private account decreased by 16 per cent. in quantity but increased by 30 per cent. in value. Exports on private and Government account combined showed an increase of 24 per cent. in weight and 70 per cent. in value.

The above table includes 131,746 cwt. of tanned cow hides valued at Rs. 178·63 lakhs purchased on Government account since September 1916 and shipped by private exporters. In the general returns these amounts have been classified under Government stores; for purposes of comparison however, they are taken into consideration here. The total shipments of *tanned hides* showed an expansion of 23 per cent in quantity and 54 per cent in value. If we exclude the cow hides referred to above then exports of tanned hides declined by 36 per cent in weight and 21 per cent in value.

The increased demand for war materials improved the trade under *cow hides* by 22 per cent in quantity and 53 per cent in value. High prices at home induced larger shipments of tanned *buffalo hides* and these "buffs" rose by 29 per cent in quantity and 61 per cent in value.

Exports of all tanned hides were almost entirely confined to the United Kingdom.

Exports of *tanned skins* improved by 27 per cent in weight and 88 per cent in value. There was an extraordinary demand from Europe and America during the year under review and prices rose steadily until December 1916. At the end of the year the export of tanned skins was prohibited to the United States of America, and from January 1917 a fall has taken place. The high prices obtainable for goat and sheep skins however, prompted tanners to tan skins on a far larger scale, and new tanneries were opened. Under *goat skins* the United Kingdom increased her imports by 25 per cent and the United States by 13 per cent.

Under *sheep skins* the United Kingdom received skins valued at Rs. 108·81 lakhs, the United States Rs 36·81 lakhs, Japan Rs. 15·03 lakhs, and the Straits Settlements Rs 4·36 lakhs against Rs. 48·78, 19·66, 8·85 and 3·69 lakhs respectively, in the previous year.

Calf skins and other skins improved from 7,189 cwt. to 12,470 cwt owing to increased demand and these were, as usual, almost entirely confined to the United Kingdom.

The following table shows in detail the quantity and average price of the different kinds of hides and skins exported :—

Yarns and textile fabrics.—Exports of *cotton twist and yarn* declined in quantity from 5·96 million lbs to 1·81 million lb. or by 70 per cent in quantity, and from Rs. 25·86 lakhs to Rs. 11·69 lakhs, or by 55 per cent. in value. The trade with Shanghai, which was considerable in 1915-16, was not maintained. Exports of *cotton piece-goods* slightly declined and amounted to 28·36 million yards valued at Rs. 117·36 lakhs, a fall of 1 per cent. in quantity and a rise of 6 per cent. in value. *Grey goods*, chiefly to Ceylon, the Straits Settlements and the Fedeaated Malay States declined from Rs. 2·67 lakhs to Rs. 1·73 lakhs. Under *coloured goods* the value of lungis and saris rose from Rs. 103·50 lakhs to Rs. 108·55 lakhs, and other sorts from Rs. 4·05 lakhs to Rs. 6·05 lakhs. The Straits Settlements absorbed coloured goods to the value of Rs. 81·40 lakhs, Ceylon Rs. 24·72 lakhs, Sumatra Rs. 4·02 lakhs, and the Federated Malay States Rs. 2·85 lakhs against Rs. 72·54, 23·75, 5·71 and 3·97 lakhs respectively, in the previous year The export trade in Madras *handkerchiefs* made by handlooms, declined from Rs. 13·73 lakhs to Rs. 4·19 lakhs, partly owing to the restriction placed on the import of these goods into the United Kingdom. Shipments to other countries were unimportant.

Exports of *woollen goods* amounted to the same value as in the previous year, *viz.*, Rs. 3·59 lakhs. Carpets and rugs amounted to Rs. 2·02 lakhs and other sorts to Rs. 1·57 lakhs against Rs. 2·09 and 1·46 lakhs respectively, in the previous year.

Miscellaneous.—Exports of *coir manufactures*, consisting chiefly of coir yarn and matting, amounted to Rs. 63·54 lakhs against Rs. 63·19 lakhs in 1915-16. Exports to the United Kingdom, France and Ceylon increased considerably, while those to the United States, Portugal and Italy declined.

Oil-cakes to the value of Rs. 48·92 lakhs were exported against Rs. 51·51 lakhs in 1915-16. Sesamum cake amounted to Rs. 26 19 lakhs, groundnut cake to Rs 17·20 lakhs and castor cake to Rs. 5·48 lakhs. The exports of cocoanut cake practically ceased.

IV.—MISCELLANEOUS AND UNCLASSIFIED.

The total value of exports under this head rose from Rs. 57·64 lakhs to Rs. 67·70 lakhs.

RE-EXPORTS.

The total value of *re-exports* amounted to Rs. 21·69 lakhs against Rs. 21·59 lakhs in the previous year and exceeded the figure for 1913-14 by Rs. 1·08 lakhs. Cotton piece-goods sent to the Straits Settlements, the Federated Malay States and Ceylon accounted for Rs. 8·43 lakhs, or 39 per cent, articles by post for Rs. 6·92 lakhs, or 32 per cent. and hardware for Rs. 1·42 lakhs, or 7 per cent.

TREASURE.

Gold.—There were no imports of gold during the year under review, whereas the average *imports* of gold prior to the war amounted to Rs. 38·3 lakhs and declined to Rs. 437 in 1915-16.

Exports of gold declined from Rs. 2·31 lakhs to Rs. 0·08 lakhs, of which sovereigns to the value of Rs. 4,950 and other gold coins to the value of Rs. 2,900 were sent to Ceylon

Silver.—*Imports* of silver declined from Rs. 2·87 lakhs to Rs. 2 lakhs. The quantity of bar silver amounted to 66,175 ounces, valued at Rs. 1·56 lakhs, against 144,760 ounces, valued at Rs. 2·57 lakhs. Imports from the United Kingdom declined from Rs. 2·53 lakhs to Rs. 0·01 lakh, while those from the Straits Settlements rose from Rs. 48 to Rs. 1·53 lakhs. Imports of Government of India *rupees* amounted to Rs. 43,300 against Rs. 28,000 in the previous year.

Exports of silver, consisting mostly of rupees shipped to Ceylon (Rs. 80 lakhs), the Straits Settlements (Rs. 8·9 lakhs) and the Federated Malay States (Rs. 1 lakh), were valued at Rs. 89·9 lakhs compared with Rs. 32·23 lakhs in 1915-16.

GOVERNMENT TRANSACTIONS

The total value of *Government stores* imported and exported amounted to Rs. 97·12 lakhs and Rs. 179·28 lakhs respectively, compared with Rs. 68 18 lakhs and Rs. 1 55 lakhs in the previous year. The increase of Rs. 38·98 lakhs under *imports* was brought about by larger receipts of apparel (+ Rs. 17·77 lakhs), cotton goods (+ Rs. 16·93 lakhs), hardware (+ Rs. 3·04 lakhs), and drugs and medicines (+ Rs. 2·15 lakhs), but imports of chemicals declined by Rs. 4·58 lakhs. Imports were mostly from the United Kingdom. The increase under *exports* was due to the shipment of Rs. 178·68 lakhs' worth of tanned cow hides to the United Kingdom on Government account.

The particulars given in the above table are for the whole Presidency and relate to *shipping* entering from, and clearing to, foreign ports. Vessels calling at Madras *en route* to Calcutta are treated as foreign entries and coasting clearances and *vice versa*.

Previous to the war the total tonnage averaged 3·96 million tons per annum In 1914-15 there was a decrease of a million tons and during the past two years a further drop to 2·28 million tons On the other hand the actual number of vessels has steadily increased and amounted to 4,161 against a pre-war average of 3,243. The average tonnage per vessel consequently declined and was 549 tons against 677 in the previous year and less than half the average for the five years ending 1913-14 This result was due to the larger number of Native craft now employed. Excluding the ferry steamers plying daily between Dhanushkodi and Talaimannar, the average tonnage of British vessels entering and clearing was 1,835 and that of foreign vessels 2,311 tons Of the 26 vessels which entered under foreign colours five were Norwegian, five Dutch, four Russian, four Swedish, two French, two Greek, two Italian, one American and one Arabian. The tonnage of British vessels amounted to 87 per cent of the whole against 86 per cent in 1915-16. British Indian vessels and native craft claimed 7 per cent against 5 per cent in the previous year. The number of Native craft engaged in foreign trade rose from 1,020 to 1,289 and their tonnage from 63,980 to 88,431.

Imports and exports of treasure and Government stores are excluded from the above table

Of the aggregate trade in the Madras Presidency the *British Empire's* share, which before the war amounted to 63 per cent, improved to 75 per cent both in 1915-16 and 1916-17. The value of *imports* advanced by Rs. 93·35 lakhs, or by 10 per cent, and that of *exports* by Rs. 68·2 lakhs, or by 4 per cent, giving a total increase of trade of Rs. 161 55 lakhs, or 6 per cent. The trade with other countries also improved by Rs. 108·84 lakhs, or by 12 per cent, made up of Rs. 39·04 lakhs under *imports* and Rs. 64·8 lakhs under *exports*.

BRITISH EMPIRE.

United Kingdom.—The trade with the United Kingdom represented 48 per cent. of the total trade compared with 47·33 per cent. in 1915-16 and expanded by Rs 152·54 lakhs or 9 per cent. If we include the tanned cow hides shipped under Government control the total trade would show an expansion of Rs. 31·17 lakhs, or 19 per cent. Under foreign *imports* 67 per cent came from the United Kingdom against 66 per cent in 1915-16 and the value increased by Rs. 94 19 lakhs, or 12 per cent There were larger receipts of cotton piece-goods (+Rs. 45 77 lakhs), cotton twist and yarn (+Rs. 16·28 lakhs) metals (+Rs 11·93 lakhs), paper and paste-board (+Rs. 11·75 lakhs), articles by post (+Rs 6·07 lakhs), woollen goods (+Rs 5·45 lakhs), chemicals (+Rs. 4 98 lakhs), dyeing and tanning substances (+Rs. 4·91 lakhs). soap (+Rs. 4 71 lakhs), provisions (+Rs. 3 80 lakhs), machinery (+Rs. 5·21 lakhs), arms and ammunition (+Rs. 2·89 lakhs), tea chests (+Rs. 2 22 lakhs), tobacco (+Rs. 2·21 lakhs), glass and glassware (+Rs. 2·21 lakhs), stationery (+Rs. 2·12 lakhs), and drugs and medicines (+Rs. 1·57 lakhs). These increases were partly counterbalanced by smaller receipts of railway plant and rolling-stock (-Rs. 38·74 lakhs) cement (—Rs. 6 28 lakhs), patent fuel (—Rs. 1 62 lakhs), and cycles (—Rs. 1·06 lakhs *Exports*, to the United Kingdom represented 39 per cent of the total exports as compared with 38 per cent in 1915-16, and improved by Rs. 58 35 lakhs, or 6 per cent. There were increased shipments of tanned skins (+Rs. 125·66 lakhs), oils (+Rs. 13·28 lakhs), senna leaves (+Rs. 14 34 lakhs) raw rubber (+Rs. 11·24 lakhs), raw goat skins (+Rs. 11·58 lakhs), coir manufactures (+Rs. 9 85 lakhs), raw jute (+Rs. 4 28 lakhs). sandalwood (+Rs. 4 16 lakhs), unwrought leather (+Rs. 2·99 lakhs), mica (+Rs. 2·30 lakhs) and leaf tobacco (+Rs. 1·12 lakhs). Against these, decreases were recorded under tanned hides excluding cow hides shipped on Government account—(—Rs. 51·11 lakhs), indigo (—Rs. 28·07 lakhs), raw cotton (-Rs 24·05 lakhs), tea (—Rs, 21·08 lakhs), seeds (—Rs 12·72 lakhs), coffee (—Rs 7·63 lakhs), raw hemp (—Rs. 3·19 lakhs), spices (—Rs. 2·01 lakhs), myrobolans (—Rs 1·82 lakhs), and rice (—Rs 1·4 lakhs).

Ceylon—The *import* trade with *Ceylon* advanced by Rs. 5 63 lakhs due to increased arrivals of betelnuts, jute, gunny bags and raw skins, while the *export* trade declined by Rs. 41·06 lakhs, in consequence of smaller shipments of rice and paddy (—Rs. 71·92 lakhs), fresh vegetables (—Rs. 5 21 lakhs). tea (—Rs. 3 21 lakhs), raw cotton (—Rs. 1·83 lakhs), and oil-cakes (—Rs 1·59 lakhs, partly set off by larger shipments of sugar (+Rs. 11·51 lakhs), fish (+Rs. 7·37 lakhs,) manures (+Rs. 6·75 lakhs), postal articles (+Rs 4 63 lakhs) chillies (+Rs. 2·95 lakhs). coloured piece-goods (+Rs. 1·47 lakhs) and coir manufactures (+Rs 1·02 lakhs).

Straits Settlements—*Imports* from the *Straits Settlements* improved by Rs. 9 13 lakhs, increases being recorded under sugar (+Rs. 9 62 lakhs), betelnuts (+Rs. 4·09 lakhs), farinaceous foods (+Rs 1·60 lakhs), pepper (+Rs 1·55 lakhs) and tin (+Rs. 1 lakh), but there was a deficit of Rs. 9·16 lakhs under kerosene oil. *Exports* further advanced by Rs 15 28 lakhs: larger shipments of coloured piece-goods (+Rs. 8·86 lakhs), ground-nuts (+Rs 3·73 lakhs), and living animals (+Rs 2·98 lakhs). mainly contributed to this improvement.

Other British Possessions—Smaller imports of sugar reduced the trade with *Mauritius* by Rs. 10·83 lakhs. The *Federated Malay States* share improved by Rs. 5 23 lakhs as a result of larger shipments of living animals, rice and silk goods. *Canada* received more tea and *Egypt* more indigo and for these reasons our trade with these countries improved by Rs 26 46 lakhs and Rs. 5·64 lakhs respectively. Larger shipments of raw goat skins increased the trade with *New South Wales*. The decline in trade with *Victoria* was due to smaller imports of horses from, and smaller shipments of coffee to, that colony.

THE CONTINENT OF EUROPE.

Prior to the outbreak of the war the trade of the Madras Presidency with the *Continent* amounted to 28 per cent of the total foreign trade; in 1914 15 it dropped to 20 per cent, in 1915-16 to about 12 per cent and in 1916-17 to 10 per cent. Imports declined by Rs. 13·16 lakhs, or 17 per cent. and exports by Rs. 55·06 lakhs, or 15 per cent., making a total deficit of Rs 68·22 lakhs, or 16 per cent.

France.—Trade with *France*, which amounted to 7 per cent. of the total foreign trade, fell away by Rs. 45 lakhs, or 14 per cent. *Imports* declined by Rs. 1·74 lakhs in consequence of smaller receipts of gold and silver thread and haberdashery, and *exports* by Rs. 43·27 lakhs as a result of smaller shipments of groundnuts (—Rs. 107·95 lakhs) and coffee (—Rs. 6·17 lakhs), partly counterbalanced by larger exports of copra (+Rs. 47·89 lakhs), pepper (+Rs. 11·70 lakhs). coir manufactures (+Rs. 2·76 lakhs), senna leaves (+Rs. 2 48 lakhs), raw skins (+Rs. 2·24 lakhs), oils (+Rs. 1·65 lakhs) and tanned skins (+Rs. 1·46 lakhs).

The trade with *Italy* improved by Rs. 3·82 lakhs as there were larger shipments of pepper, raw cotton and groundnuts but shipments of raw hemp declined. Smaller arrivals of matches and iron and steel reduced the trade with *Sweden* by Rs. 6 29 lakhs. There have been no exports to that country during the past two years. The expansion of Rs 2 03 lakhs in the trade with *Norway* was due to larger shipments of copra to that country. *Holland* received less coir manufactures and *Spain* less raw cotton and groundnuts than in the previous year, and the trade with these two countries was reduced by Rs. 7·89 lakhs and Rs 5·93 lakhs respectively. There was very little variation in the trade with

Switzerland which amounted to Rs. 5·28 lakhs; larger imports of watches having been counterbalanced by smaller shipments of raw cotton. There were no imports from *Russia* and exports to that country declined from Rs. 1·52 lakhs to Rs. 0·15 lakh.

The small quantity of imports from enemy countries represents goods landed from prize vessels.

ASIA.

The trade with Asiatic ports, other than British ports, improved by Rs. 92·41 lakhs, or 43 per cent. and represented 8 per cent. of the aggregate trade. The trade with *Japan* expanded by Rs. 107·66 lakhs, or 101 per cent. Larger arrivals of articles by post, stationery paper and pasteboard, haberdashery and cotton hosiery, partly set off by smaller receipts of camphor and matches improved the imports from that country by Rs. 3·17 lakhs. Exports were larger by Rs. 104·49 lakhs, raw cotton (+ Rs. 97·12 lakhs), tanned sheep skins (+ Rs. 6·17 lakhs) and articles by post (+ Rs. 1·87 lakhs) contributing to the increase. By sending two large consignments of sugar the *Philippine Islands* increased their trade with Madras at the expense of *Java*. The trade with *China* declined by Rs 19·19 lakhs due to smaller supplies of cotton twist and yarn (—Rs. 15·84 lakhs) and raw cotton (—Rs. 4·93 lakhs) to that country.

AFRICA.

The trade with *Africa*, excluding Egypt, improved from Rs. 0·61 lakh to Rs. 4·01 lakhs on account of large shipments of rice to *Reunion*.

AMERICA.

There was a further expansion of Rs. 76·25 lakhs, or 85 per cent, in the trade with *America*, practically the whole of which was confined to the United States. The total trade amounted to Rs. 298·33 lakhs against Rs. 222·08 lakhs in 1915-16 and was nearly double the share hold by America before the war, and accounted for 7·69 per cent of the total trade. *Imports* showed an increase of Rs. 37·36 lakhs, or 53 per cent, chiefly under motor vehicles (+ Rs. 11·08 lakhs), railway plant and rolling-stock (+ Rs. 7·52 lakhs), mineral oils (+ Rs. 6·76 lakhs), machinery (+ Rs. 3·11 lakhs), paper and pasteboard (+ Rs. 2·65 lakhs), instruments (+ Rs. 2·30 lakhs) and chemicals (+ Rs. 1·86 lakhs). Imports of iron and steel however, declined by Rs. 2·11 lakhs. *Exports* expanded by Rs. 38·89 lakhs as there were larger shipments of tanned skins (+ Rs. 41·37 lakhs), senna leaves (+ Rs. 3·50 lakhs), raw rubber (+ Rs. 3·18 lakhs), indigo (+ Rs. 2·07 lakhs), turmeric (+ Rs. 1·93 lakhs), palmyra fibre (+ Rs. 1·28 lakhs), tea (+ Rs. 1·28 lakhs), and raw skins (+ Rs. 1 lakh), and smaller shipments of cocoanut oil (—Rs. 8·94 lakhs), sandalwood (—Rs. 2·80 lakhs), pepper (—Rs. 1·84 lakhs) and seeds (—Rs. 1·80 lakhs).

COASTING TRADE.

The aggregate value of coasting trade improved from Rs. 1,172 lakhs to Rs. 1,210 lakhs, or by 3 per cent; Rs. 1,171 lakhs representing private merchandise and Rs 39 lakhs Treasure and Government stores.

The following table shows the distribution of the coasting trade in private merchandise only:—

Imports coastwise of Indian produce declined from Rs. 586·65 lakhs to Rs. 530·96 lakhs or by 9 per cent, while those of foreign merchandise increased from Rs. 73·66 lakhs to Rs. 81·79 lakhs, or by 11 per cent. *Exports* of both Indian and foreign produce increased by 13 and 56 per cent. respectively, the figures for the former being Rs. 541·48 lakhs and the latter Rs. 16·95 lakhs against Rs 478·03 lakhs and Rs. 10·89 lakhs respectively, in the previous year.

Bombay.—The decline of Rs. 1·21 lakhs in *imports* from Bombay was the net result of smaller receipts of grain and pulse by Rs. 5·82 lakhs, coffee by Rs. 1·90 lakhs, cotton twist and yarn by Rs. 1 80 lakhs, salt by Rs. 1·41 lakhs, coriander seeds by Rs 1·37 lakhs and copper by Rs. 1·22 lakhs, partly counterbalanced by larger imports of raw cotton by Rs. 8·20 lakhs, sugar by Rs. 2 69 lakhs and paper and pasteboard by Rs. 1·17 lakhs. The expansion in the case of *exports* to Bombay was due to increased shipments of coffee by Rs. 12·29 lakhs, groundnuts by Rs. 9 28 lakhs, cocoanuts by Rs. 8·19 lakhs, drugs and medicines by Rs. 4·48 lakhs, copra by Rs 3·48 lakhs, dried fruits by Rs. 2·98 lakhs, timber by Rs. 3·59 lakhs betelnuts by Rs. 2·25 lakhs, pepper by Rs. 1·74 lakhs, groundnut oil by Rs. 1·70 lakhs, sandalwood by Rs. 1·04 lakhs, and ginger and manures by Rs 1 lakh each, but shipments of raw cotton and rice declined by Rs. 11·78 lakhs and Rs. 1·91 lakhs respectively

Burma.—There was a decrease of Rs. 38 03 lakhs in the *imports* from Burma, the net result of smaller imports of grain and pulse (− Rs. 59·13 lakhs), partly met by larger receipts of teakwood (+ Rs. 11·86 lakhs), petrol (+ Rs. 4·34 lakhs), kerosene oil (+ Rs. 1·70 lakhs) and raw hides (+ Rs. 1·29 lakhs). The increased *exports* to Burma were brought about by heavier shipments of groundnut oil (+ Rs. 7 18 lakhs), jinjili seeds (+ Rs. 4·59 lakhs), cocoanut oil (+ Rs. 2·95 lakhs), coffee (+ Rs. 1·32 lakhs) and coir manufactures (+ Rs. 1·28 lakhs), but shipments of cotton piece-goods and groundnuts declined by Rs 4 lakhs and Rs. 2·72 lakhs respectively.

Bengal.—Smaller imports of coal (— Rs. 13·23 lakhs) and jute gunny bags (— Rs. 3·77 lakhs), reduced the *imports* from Bengal by Rs. 16·35 lakhs, and smaller shipments of rice (— Rs. 9·51 lakhs), cocoanut oil (— Rs. 3·09 lakhs), groundnuts (— Rs. 2·86 lakhs), coir manufactures (— Rs. 1·55 lakhs) and indigo (— Rs. 1·48 lakhs), partly set off by larger shipments of cotton twist and yarn (+ Rs. 5·41 lakhs), raw cotton (+ Rs. 3·89 lakhs) and salt (+ Rs 1·94 lakhs) brought about a decrease of Rs. 9·32 lakhs in the *exports* to Bengal.

Other ports.—The decline in *imports* from *Sind* was due to smaller receipts of grain and pulse, and the slight improvement in *exports* was the net result of larger shipments of cocoanut oil and smaller shipments of copra. Larger shipments of rice to Goa improved the export trade with *non-British Indian ports.*

Shipping.—The number of *entries* from coasting ports increased from 12,705 with a tonnage of 3,621,937 to 13,028 of 2,665,843 tons. The number of *clearances* to coasting ports was 13,151 of 2,633,189 tons against 12,708 of 3,464,483 tons in 1915–16. The total number of vessels which entered and cleared was 26,179, and of these 1,951 were British, 202 British Indian, 73 Foreign and 23,953 Native craft compared with 2,836, 283 103 and 22,191 respectively, in the previous year. Of the entries and clearances of Native craft 38 were British, 22,712 British Indian and 1,203 Foreign against 29,21,296 and 866 respectively, in 1915–16

TRADE OF IMPORTANT PORTS.

The relative importance of the trade of the outports remained much the same as in the previous year. Cocanada, which occupied the sixth place in 1915-16, ranked eighth in the year under review. The volume of trade at Negapatam, Cocanada, Cuddalore, Tellicherry, Cannanore, Porto Novo and Pamban declined, but at all the other principal ports there was an improvement.

Chief Port (Fort St. George).—Sea-borne trade on private account at the port of Madras represented 45 per cent of the trade of the whole Presidency compared with 42 per cent. in the previous year, and improved in value from Rs. 2,027·75 lakhs to Rs. 2,311·75 lakhs, or by 14 per cent.

Foreign trade.—Private trade with foreign countries rose from Rs. 1,8 2·47 lakhs to Rs. 2,023·80 lakhs, or by 12 per cent. *Imports* of merchandise improved by Rs. 121·27 lakhs, to Rs. 1,017·86 lakhs, or by 13 per cent. The trade in cotton goods rose by Rs. 50·24 lakhs, or 23 per cent. There were also increases under paper and pasteboard (+ Rs. 16·25 lakhs), motor vehicles (+ Rs. 11·81 lakhs), metals (+ Rs. 9·79 lakhs), oils (+ Rs. 8·53 lakhs) chemicals (+ Rs. 6·98 lakhs), machinery and millwork (+ Rs. 6 lakhs), provisions (+ Rs. 5·52 lakhs), wool manufactures (+ Rs. 5·29 lakhs), sugar (+ Rs. 4·34 lakhs), postal articles (+ Rs. 5·75 lakhs), soap (+ Rs. 3·4. lakhs), hardware (+ Rs. 3·29 lakhs), stationery (+ Rs. 3·24 lakhs), glassware (+ Rs. 3·13 lakhs), liquors (+ Rs. 2·37 lakhs), instruments (+ Rs. 2·36 lakhs), tobacco (+ Rs. 2·12 lakhs), spices (+ Rs. 1·51 lakhs), clocks and watches (+ Rs 1·09 lakhs), arms and ammunition (+ Rs. 1·03 lakhs), and haberdashery (+ Rs 1 lakh). On the other hand there were decreases under railway plant and rolling stock (—Rs. 50·36 lakhs), cement (—Rs. 6·03 lakhs), and matches (—Rs 3·54 lakhs).

Exports amounted to Rs. 965·13 lakhs against Rs. 869·68 lakhs, an increase of Rs. 95 15 lakhs, or 11 per cent. (If the value of tanned hides shipped under Government control be added the exports from Madras show an increase of Rs 274·08 lakhs, or 31 per cent.). There were heavier shipments of tanned skins (+ Rs. 193·69 lakhs), raw skins (+ Rs. 19 82 lakhs), oils (+ Rs. 14·39 lakhs), cotton piece-goods (+ Rs. 5·30 lakhs), mica (+ Rs 2 30 lakhs), and fresh vegetables (+ Rs 2 13 lakhs), but against these should be set reduced shipments of tanned hides, excluding hides shipped under Government control (—Rs. 49 21 lakhs), groundnuts (—Rs. 16·54 lakhs), indigo (—Rs. 41·38 lakhs), handkerchiefs (— Rs. 9·55 lakhs), and oil-cakes (— Rs. 1·13 lakhs).

Treasure.—There were no *imports* of gold, and imports of silver declined from Rs. 2 60 lakhs to Rs. 1·56 lakhs. *Exports* of gold declined from Rs 2·07 lakhs to Rs. 0 05 lakh, while those of silver improved from Rs. 2·28 lakhs to Rs. 9·90 lakhs.

Government transactions.—The total value of Government stores amounted to Rs 276·01 lakhs against Rs. 64·48 lakhs, an increase of Rs. 211·53 lakhs, or 328 per cent. *Imports* rose from Rs. 63·07 lakhs to Rs. 97·04 lakhs and *exports* from Rs. 1 41 lakhs to Rs. 178·97 lakhs, of which Rs. 178·53 lakhs' worth represent the shipments of tanned hides under Government control

Coasting trade.—The total private trade increased by Rs. 62·67 lakhs, to Rs 287·95 lakhs or 28 per cent. *Imports* improved from Rs. 125·49 lakhs to Rs. 183·79 lakhs, or by 46 per cent. as a result of larger arrivals of kerosene oil (+ Rs. 2·44 lakhs), teakwood (+ Rs. 11·18 lakhs), petrol (+ Rs. 8·44 lakhs), grain and pulse (+ Rs. 5·57 lakhs), and raw hides (+ Rs. 2 07 lakhs), but imports of coal and coke declined by Rs. 2 36 lakhs.

Exports increased by Rs. 4·37 lakhs in consequence of larger shipments of sugar (+ Rs. 8·21 lakhs), hardware (+ Rs. 4·42 lakhs), coffee (+ Rs. 2·18 lakhs), tanned skins (+ Rs. 1·37 lakhs) and salt (+ Rs. 1 19 lakhs), partly set off by smaller shipments of cotton piece-goods (—Rs. 4 21 lakhs), groundnuts (—Rs. 3 94 lakhs), rice (—Rs 2·17 lakhs), indigo (—Rs. 1·48 lakhs), provisions (—Rs. 1·33 lakhs) and fresh vegetables (—Rs. 1·17 lakhs).

Shipping.—The number of vessels entering declined from 354 aggregating 1,021,443 tons to 351 of 911,504 tons, while the number clearing rose from 341 of 1,006,949 tons to 346 of 925,307 tons.

Tuticorin.—In spite of the alternative route to Ceylon offered via Dhanushkodi, Tuticorin still maintains its place at the head of the outports. The total trade improved from Rs. 765·48 lakhs to Rs. 830·17 lakhs, or by 8 per cent.

Foreign trade improved from Rs. 610 95 lakhs to Rs. 695·37 lakhs, or by 14 per cent. *Imports* rose from Rs. 82·87 lakhs to Rs. 93·41 lakhs, or by 13 per cent. The chief articles contributing to the increase were cotton twist and yarn (+ Rs. 11 84 lakhs), raw silk (+ Rs. 2 09 lakhs) and jute gunny bags (+ Rs. 1·89 lakhs), but there were smaller imports of betelnuts (— Rs 3 98 lakhs), tea chests (—Rs. 2·11 lakhs), kerosene oil (— Rs. 1·88 lakhs) and sugar (— Rs. 1·39 lakhs). *Exports* rose by Rs. 73·86 lakhs to Rs. 601·96 lakhs, or by 14 per cent. The chief items of increase were raw cotton (+ Rs 75·47 lakhs), treasure consisting chiefly of Government of India rupees (+ Rs. 50 lakhs), senna leaves (+ Rs. 21 53 lakhs), raw rubber (+ Rs 10·18 lakhs), sugar (+ Rs. 6 63 lakhs), oil-cakes (+ Rs. 5·91 lakhs), chillies (+ Rs. 2·64 lakhs) and fish (+ Rs. 1·28 lakhs). On the other hand there were decreases under rice and paddy (Rs. 74·39 lakhs), cotton twist and yarn (— Rs. 14·56 lakhs), tea (— Rs. 6·74 lakhs), fresh vegetables (— Rs. 5·16 lakhs), articles by post (— Rs. 3·45 lakhs) and seeds (— Rs. 1·44 lakhs).

Coasting trade declined from Rs. 154·53 lakhs to Rs. 134·80 lakhs, or by 13 per cent. *Imports* receded by Rs. 33·29 lakhs as a result of shortages of grain and pulse (— Rs. 33·50 lakhs), kerosene oil (— Rs. 4·16 lakhs), timber (— Rs. 1·91 lakhs), coal (— Rs. 1·20 lakhs) and salt (— Rs. 1·13 lakhs), but imports of sugar and raw cotton improved by Rs. 6·48 and Rs. 6·15 lakhs, respectively. *Exports* improved by Rs. 13·56 lakhs), due to larger shipments of cotton twist and yarn by Rs. 5·96 lakhs and drugs and medicines by Rs. 5·24 lakhs.

Shipping.—The number of vessels that entered at Tuticorin was 1,260 with a tonnage of 415,479, and the number that cleared was 1,304, of 415,181 tons, compared with 1,403 entries of 564,700 tons and 1,384 clearances of 556,285 tons in 1915-16.

Cochin.—*Cochin* is the most important port on the West Coast and is the chief centre of the cocoanut industry. The total trade showed a slight increase from Rs. 555·29 lakhs to Rs. 556·89 lakhs.

Foreign trade improved from Rs. 277·64 lakhs to Rs. 309·95 lakhs. *Imports* declined by Rs. 3·63 lakhs owing to smaller receipts of cotton piece-goods (— Rs. 2·10 lakhs) and sugar (— Rs. 2·03 lakhs), but the value of kerosene oil imported increased by Rs. 1·71 lakhs. *Exports* improved by Rs. 35·94 lakhs owing to heavier shipments of copra (+ Rs. 15·56 lakhs), pepper (+ Rs. 9·74 lakhs), raw rubber (+ Rs. 4·30 lakhs), cocoanut oil (+ Rs. 3·82 lakhs, groundnut oil (+ Rs. 2 lakhs), and turmeric (+ Rs. 2 lakhs), but shipments of tea declined by Rs. 4·31 lakhs.

Coasting trade declined from Rs. 277·65 lakhs to Rs. 249·94 lakhs. *Imports* showed a falling off of Rs. 41·73 lakhs due to smaller receipts of grain and pulse (— Rs. 29·11 lakhs), kerosene oil (—Rs. 12·91 lakhs) and petrol (— Rs. 1·84 lakhs). *Exports* showed an increase of Rs. 14·02 lakhs as a result of larger shipments of groundnuts (+ Rs 4·67 lakhs), provisions (+ Rs. 1·92 lakhs, copra (+ Rs. 1·61 lakhs), cocoanut oil (+ Rs. 1·59 lakhs) and groundnut oil (+ Rs. 1·36 lakhs).

Shipping.—One thousand and fifty-three vessels with a tonnage of 330,974 entered against 989 vessels of 401,169 tons, and there were 1,079 clearances against 1,045 in the previous year.

Dhanushkodi.—The trade of this port was almost entirely confined to foreign trade and rose from Rs. 241·87 lakhs to Rs. 299·72 lakhs, or by 24 per cent. *Imports* expanded from Rs. 20·74 lakhs to Rs 33·60 lakhs owing to larger receipts of betelnuts (+ Rs. 6·92 lakhs), postal articles (+ Rs 1·50 lakhs), raw skins (+ Rs. 1·40 lakhs) and jute gunny bags. *Exports* improved from Rs 221·18 lakhs to Rs. 266·12 lakhs in consequence of heavier shipments of rice (+ Rs. 30·63 lakhs), postal articles (+ Rs. 11·66 lakhs) and salted fish (+ Rs. 6·07 lakhs), but shipments of oil cake declined by Rs. 3·71 lakhs.

Shipping.—Six hundred and eighty-two vessels with an average tonnage per vessel of 255 tons entered compared with 723 entries with an average tonnage of 236 in 1915-16.

Calicut.—The total trade expanded by Rs. 30·65 lakhs to Rs. 259·16 lakhs.

Foreign trade—Improved from Rs. 141·72 lakhs to Rs. 166 lakhs. *Imports* declined by Rs. 5·44 lakhs as a result of smaller receipts of sugar (— Rs. 2·32 lakhs), patent fuel (— Rs. 1·46 lakhs) and railway materials. *Exports* improved by Rs. 29·72 lakhs to which tea contributed Rs. 14·44 lakhs, copra Rs. 6·91 lakhs, raw rubber Rs. 3·64 lakhs, sandalwood Rs. 3·42 lakhs, pepper Rs. 2·94 lakhs, fish manure Rs. 2·41 lakhs and coffee Rs. 2·29 lakhs, but shipments of tanned hides and skins declined by Rs. 8·77 lakhs.

Coasting trade—Improved from Rs. 86·79 lakhs to Rs. 93·16 lakhs. *Imports* declined by Rs. 1·51 lakhs, as the net result of smaller imports of grain and pulse (—Rs. 6·82 lakhs) and salt (—Rs. 2 lakhs), and larger imports of manures (+ Rs. 3·12 lakhs) and raw cotton (+ Rs. 2·06 lakhs). *Exports* improved by Rs. 7·88 lakhs due to larger shipments of coconuts, timber, tea and ginger.

Shipping.—Two thousand six hundred and eight vessels aggregating 264,810 tons entered and 2,529 vessels of 265,344 tons cleared. The figures for the previous year were 1,336 vessels of 306,813 tons under entries and 1,362 vessels of 310,078 tons under clearances.

Mangalore.—The total trade expanded from Rs. 176·31 lakhs to Rs. 214·76 lakhs, or by 21 per cent.

Foreign trade improved from Rs. 52·86 lakhs to Rs. 54·38 lakhs. *Imports* receded by Rs. 3·04 lakhs, smaller arrivals of kerosene oil and metals, mainly contributing to the decrease. *Exports* rose by Rs. 4·56 lakhs as the net result of heavier shipments of copra (+ Rs. 13·12 lakhs), pepper (+ Rs. 8·74 lakhs) and manures (+ Rs. 1·71 lakhs), partly set off by smaller shipments of coffee (— Rs. 15·63 lakhs).

Coasting trade expanded from Rs. 123·45 lakhs to Rs. 160·38 lakhs. *Imports* rose by Rs. 4·70 lakhs, the result of increased supplies of manures, cotton twist, copra and coffee, and *exports* by Rs. 32·23 lakhs, as there were heavier shipments of coffee (+ Rs. 18·45 lakhs), groundnuts (+ Rs. 4·02 lakhs), betelnuts (+ Rs. 8·78 lakhs), rice (+ Rs. 2·29 lakhs), pepper, cocoanuts and cardamoms.

Shipping.—Two thousand five hundred and thirty-one vessels with an average tonnage of 50 per vessel entered and 2,572 cleared against 2,296 with an average of 60 tons per vessel both under entries and clearances in the previous year.

Negapatam.—The total trade declined from Rs. 175·51 lakhs to Rs. 149·08 lakhs.

Foreign trade receded from Rs. 148·34 lakhs to Rs. 128·01 lakhs. *Imports* declined by Rs. 2·09 lakhs due to smaller receipts of railway materials, sugar and jute gunny bags, and *exports* by Rs. 18·24 lakhs in consequence of smaller shipments of groundnuts (— Rs. 15·09 lakhs), coloured piece-goods (— Rs. 3·27 lakhs), rice (— Rs. 3·16 lakhs), and turmeric (— Rs. 1·29 lakhs), partly counterbalanced by larger shipments of sugar (+ Rs. 2·67 lakhs), living animals (+ Rs. 2·38 lakhs) and silk goods (+ Rs. 1·65 lakhs).

Coasting trade declined from Rs. 27·22 lakhs to Rs. 21·07 lakhs. *Imports* declined by Rs. 3·89 lakhs, the decrease being mainly under coal, and *exports* by Rs. 2·26 lakhs, smaller shipments of groundnuts and tobacco leaf chiefly contributing to the decrease.

Shipping.—The number of vessels that entered at Negapatam rose from 378 to 406 but their tonnages declined from 377,950 to 349,577.

Cocanada.—There was a considerable fall in the total trade of this port from Rs. 206·77 lakhs, to Rs. 126·62 lakhs, or by nearly 40 per cent.

Foreign trade declined from Rs. 140·83 lakhs to Rs. 85·87 lakhs. *Imports* receded by Rs. 8·15 lakhs as a result of smaller receipts of kerosene oil (— Rs. 6·37 lakhs) and metals (— Rs. 2·80 lakhs), and *exports* by Rs. 46·51 lakhs in consequence of smaller shipments of rice (— Rs. 37·11 lakhs), raw cotton (— Rs. 9·92 lakhs), castor seeds (— Rs. 4·13 lakhs) and oil-cakes (— Rs. 2·45 lakhs), but shipments of castor oil, raw hemp and palmyra fibre increased by Rs. 2·95, 1·58 and 1·18 lakhs respectively.

Coasting trade fell from Rs. 65·91 lakhs to Rs. 40·75 lakhs. The decline of Rs. 8·69 lakhs under *imports* was brought about by smaller arrivals of kerosene oil (— Rs. 7·74 lakhs) and petrol (— Rs. 1·80 lakhs), but imports of teakwood rose by Rs. 1.35 lakhs. The decrease of Rs. 16·50 lakhs under *exports* was the net result of reduced shipments of rice (— Rs. 9·32 lakhs), raw cotton (— Rs. 7·80 lakhs and tobacco leaf (— Rs. 1·86 lakhs) and larger shipments of gingili seeds (+ Rs. 4·70 lakhs).

Shipping.—One hundred and twenty-one vessels entered and 139 vessels cleared compared with 140 and 158 respectively, in 1915-16. The average tonnage per vessel was 1,411 tons as against 1,898 tons in the previous year.

Cuddalore.—The trade of this port further receded from Rs. 103·11 lakhs to Rs. 78·07 lakhs.

Foreign trade had a set-back from Rs. 80·46 lakhs to Rs. 57·40 lakhs. *Imports* improved by Rs. 10·63 lakhs, betelnuts (+ Rs 7·23 lakhs) and sugar (+ Rs. 2·38 lakhs) mainly contributing to the increase, while *exports* fell by Rs. 33·69 lakhs owing to a shortage of Rs. 35·29 lakhs under groundnuts, but shipments of coloured piece-goods rose by Rs. 2·25 lakhs.

Coasting trade declined from Rs. 22·95 lakhs to Rs. 20·67 lakhs. Smaller imports of coal and jute gunny bags resulted in a decrease of Rs. 1·39 lakhs under *imports* and smaller shipments of sugar, partly counterbalanced by larger shipments of groundnut oil, brought about a decline under *exports*.

Shipping.—Seventy-seven vessels entered during the year with an average tonnage of 2,426 compared with 101 vessels of 2,389 tons per vessel in 1915-16.

Tellicherry.—The total trade dropped from Rs. 80·47 lakhs to Rs. 74·63 lakhs.

Foreign trade declined from Rs. 61·37 lakhs to Rs. 56·49 lakhs. *Imports*, declined by Rs. 0·25 lakh and *exports* by Rs. 4·63 lakhs. The decline under exports mainly occurred under coffee (— Rs. 3·44 lakhs) and pepper (— Rs. 2·48 lakhs), but copra showed an increase of Rs. 2·26 lakhs.

Coasting trade amounted to Rs. 18·14 lakhs against Rs. 19·10 lakhs in 1915-16. Smaller imports of grain and pulse were counterbalanced by larger shipments of pepper and coffee.

Shipping.—Five hundred and fifty-two vessels with a tonnage of 86,911, entered the port against 495 vessels of 119,129 tons in 1915-16.

Kulasekarapatnam.—The total trade improved by Rs. 10·24 lakhs as a result of larger imports of treasure and larger exports of sugar coastwise.

Badagara.—The increase of Rs. 3·01 lakhs in the trade of Badagara was brought about by larger coastwise exports of copra and cocoanuts which compensated for the reduced coastwise imports of grain and pulse.

Cannanore.—Smaller imports of grain coastwise reduced the trade of Cananore by Rs. 3·81 lakhs.

Porto Novo.—The total trade declined from Rs. 24·50 to Rs. 14·55 lakhs in consequence of smaller shipments of groundnuts (— Rs. 7·59 lakhs) and rice (— Rs. 2·34 lakhs) to foreign countries.

Masulipatam.—The increase of Rs. 4·17 lakhs in the trade of Masulipatam was due to larger shipments of rice to foreign countries.

Pamban.—Smaller coastwise imports of coal reduced the trade of Pamban from Rs. 15·08 lakhs to Rs. 9·07 lakhs.

The total revenue receipts for the Presidency increased from Rs. 79,31,527 to Rs. 1,07,06,467, or by 35 per cent.

Chief Port (Fort St. George).—The duty collected on imports at Madras improved by Rs. 23,37,277, or 49 per cent, the increase being mainly under manufactured articles and silver manufactures (+ Rs. 10,37,422), cotton piece-goods (+ Rs. 2,50,961), sugar (+ Rs. 2,32,883), tobacco (+ Rs 1,63,441), metals (+ Rs. 1,36,172), cutlery, hardware, implements and instruments (+ Rs. 1,33,094), articles of food and drink (+ Rs. 1,05,097), raw materials, (+ Rs. 71,654), machinery (+ Rs. 68,746), railway plant and rolling-stock (+ Rs. 66,452), petroleum (+ Rs. 43,794), and liquors (+ Rs. 28,540), but there was a decrease under silver bullion and coin. Excise duty on cotton manufactured amounted to Rs. 2,57,954 against Rs. 1,92,607 in the previous year, and formed the greater part of the miscellaneous receipts.

Outports.—The increase of Rs. 3,68,971 under *import duty* was due to increased collections at Cuddalore (+ Rs. 1,61,090), Dhanushkodi (+ Rs. 1,32,256), Tuticorin (+ Rs. 1,21,824), Negapatam (+ Rs. 46,041) and Calicut (+ Rs. 3,887), but there were smaller collections at Cocanada (− Rs. 56,594), Mangalore (− Rs. 37,416), Tellicherry (− Rs. 8,199) and Cochin (− Rs. 4,830). The decrease of Rs. 7,486 under *export duty*, was the net result of smaller collections at Cocanada (− Rs. 1,60,091), Tuticorin (− Rs. 1,34,297) and Negapatam (− Rs. 18,507), which were partly set off by increased collections at Dhanushkodi (+ Rs. 1,43,793), Calicut (+ Rs. 71,421) and Masulipatam (+ Rs. 38,998).

Land Customs.—Receipts at the Land Customs stations showed a decrease from Rs. 2,77,907 to Rs. 2,38,653. Receipts on the Pondicherry frontier fell from Rs. 1,08,512 to Rs. 91,239 and those at Karaikal from Rs. 1,64,323 to Rs. 1,42,709. The Mahé and Yanam frontiers accounted for Rs. 4,126 and Rs. 779 against Rs. 4,422 and Rs. 650 respectively, in the previous year.

Disbursements.—The total disbursements on account of customs for the whole Presidency amounted to Rs. 7,01,480 compared with Rs. 5,77,094 in 1915-16. Rs. 2,14,887 was charged under *Salaries, Establishments and Contingencies* for the chief port and Rs. 2,14,132 for the outports and Land Customs stations. Disbursements under *Refunds and Drawbacks* for the whole Presidency amounted to Rs. 2,72,460 compared with Rs. 1,62,316 in 1915-16.

Customs offences.—The number of offences dealt with under the Sea Customs Act during the year was 1,494 against 1,188 in the previous year. Penalties realized Rs. 27,019 against Rs. 17,281 in 1915-16. The sum of Rs. 27,019 includes Rs. 4,000 paid in instalments in connection with the large seizure of feathers mentioned in last year's review. Eight hundred and ninety-four cases occurred at Madras and 600 at the outports.

At Madras there were three cases of smuggling of opium. In one of these the quantities seized was 512 tolas and the offenders, two in number, were convicted by the Presidency Magistrate and each sentenced to two months' rigorous imprisonment. In the second case the quantity seized was small and the two offenders were sentenced in the Police Court to pay a fine of Rs. 70 collectively. In the third case the quantity was very small. In all three cases the opium was confiscated.

At Negapatam two cases of smuggling were detected, 55 seers of opium and 46 seers of ganja were seized in a Native craft which cleared at dead of night but was overtaken by the Customs and Excise officers. The accused, consisting of the twelve men found on board, were convicted in both cases by the Joint Magistrate. In the first case they were each sentenced under the Opium Act to rigorous imprisonment for one year and to pay a fine of Rs. 250. In the second case they were each sentenced under the Abkari Act to six months' rigorous imprisonment and to pay a fine of Rs 250. On appeal the judgments were upheld by the District and Sessions Judge.

At Sauramangalam, on the Karaikkal frontier, a case of smuggling of 7,000 bars of silver valued at about Rs. 32,000 was detected. The silver was confiscated.

At Pondicherry there was a case of smuggling of forty bars of silver which were confiscated.

The Indian Merchandise Marks Act.—There were 255 infringements of the Act against 130 in 1915-16. Of these, 254 occurred at Madras and only 1 at outports. The following table in the prescribed form shows the nature of the offences and the manner in which they were dealt with :—

The majority of the infringements were as usual under clause B (1), in which goods manufactured chiefly in Japan and the United States of America bore descriptions suggestive of British origin unaccompanied by a distinctive and permanent indication of the country of origin.

The more important of the cases are summarised below :—

(i) A small consignment of toilet powder was imported from Japan put up in imitation of the product of a well-known English manufacturer without the necessary indication of the country of origin. It was confiscated but subsequently released on payment of a redemption penalty of Rs. 100.

(ii) Two consignments of Japanese matches bore the counter-indication of the country of origin in such minute type as to be scarcely visible. They were passed on payment of penalties of Rs. 25 and Rs. 75.

The increase in the number of cases under class D from 33 to 103 was due to the inclusion in the revised list of piece goods (published under section 19 of the Merchandise Marks Act) of a number of new items which formerly did not require to be stamped with yardage, and to the importers not having taken proper steps to advise the suppliers of the additions to the list.

Penalties amounting to Rs. 1,451 were imposed in 204 cases. In the previous year there were 83 cases and the penalties amounted to Rs. 712.

Cotton Duties Act.—The total production of *yarn* in the Presidency was 44,196,007 lb. during the year under review, against 44,303,811 lb. in 1915-16, showing a decrease of less than ¼ per cent.

The total quantity of *cloth* produced in the mills of the Presidency was 13,927,193 lb. against 11,959,884 lb. in the previous year. Of the total production, the mills in the City of Madras were responsible for 12,258,611 lb., the bulk of which consisted of khaki cloth for the military authorities.

The *excise duty* collected during the year amounted to Rs. 2·87 lakhs against Rs. 2·11 lakhs in 1915-16, an increase of 26 per cent.

The amount of *drawback* paid on account of shipment to foreign ports was Rs. 2,239 compared with Rs. 2,610 in the previous year.

Documents.—There was an increase of 1 per cent in the total number of documents dealt with during the year. These comprised 43,651 bills of entry, 62,587 shipping bills, 17,591 import manifests and 17,404 export manifests, against 42,185, 65,017, 16,249 and 16,154 respectively, in the previous year. The number of documents amended was 3,823 and the amount of fees realised was Rs. 2,645 against Rs. 4,103 and Rs. 2,849 respectively, in 1915-16. The number of bonds executed for goods warehoused during the year was 387 compared with 351 in the previous year.

Administration.—During the year the Motor Spirit (Duties) Act II of 1917 provided for an imposition of an excise duty of 6 annas on each Imperial gallon of motor spirit either manufactured or imported. Act VI of 1917 further amended the Indian Tariff Act, and under it the import duty on cotton piece-goods and other manufactured cotton goods was raised from 3½ per cent to 7½ per cent, and that on silver manufactures was fixed at 10 per cent *ad valorem*. The export duty on jute and jute manufactures was doubled.

Statistical Publications.—The sale-proceeds of statistical publications amounted to Rs. 6,766 against Rs. 6,676 in 1915-16, the cost incurred in preparing them (excluding the monthly statement of imports and exports from the chief port and the supplement for outports, which are printed at the Government Press) was Rs. 4,996 against Rs. 5,129 in the preceding year.

Administration of outports.—With the exception of a few ports in the Western Customs Circle, all the outports and principal land customs stations were inspected by the Collector or Senior Assistant Collector.

On the Pondicherry frontier, Karadikuppam Chauki has been converted temporarily for one year into an outgate. On the West Coast the sub port of Shirur was closed as such and made a wharf of Baindur.

The Northern Customs Circle was in charge of Mr. J. B. Chatterton until 8th June 1916 when Mr. S. R. Beeson from Cuddalore took charge. Mr. Beeson was promoted soon afterwards to be Assistant Collector of Customs, Madras, and handed over charge to M. R. Ry. P. Duraiappa Ayyar.

At the beginning of the year the Central Customs Circle No. I was in charge of Mr. S. R. Beeson, but about the middle of June Mr. J. W. Borebank from Dhanushkodi relieved him.

M.R.Ry. Duraiyappa Ayyar held charge of the Southern Customs Circle until 7th September 1916 when M.R.Ry. S. Raghava Achariyar was promoted to act as Inspector and to hold charge with Tuticorin as his headquarters.

Dhanushkodi, including the administrative control of the ports of Pamban, Devipatnam and Kilakarai, changed hands on 12th June 1916 from Mr. J. W. Borebank to Mr. J. B. Chatterton.

Mr. A. E. Ramsbotham and B. D. Court continued to hold charge of the Central Customs Circle No II and the Western Customs Circle respectively.

Assistant Inspector M.R.Ry. M. R. Natesa Ayyar, who had been supervisor of the Bonded Factory at Dindigul since its inauguration in 1912, was relieved by Assistant Inspector M.R.Ry. K. R. Srinivasa Chari on 10th October 1916.

Establishment.—Mr. C. W. E. Cotton, I.C.S., who assumed charge as Collector of Customs, Madras, on the 27th October 1915 went on privilege leave for six week from 26th April 1916. Mr. G. N. Bower, the Senior Assistant Collector, was appointed Officiating Collector during Mr. Cotton's absence on leave and again when the latter was transferred to Calcutta on 8th September 1916. On 6th November 1916 Mr. Bower was relieved by Mr. P. Eccles, I.C.S.

On 31st January 1917, Mr. Eccles proceeded on five weeks' privilege leave and Mr. Bower again officiated as Collector.

Mr. P. W. Singleton, Assistant Collector, went on privilege leave for one month from 16th June 1916. Mr. T. H. Potts from Bombay was appointed Assistant Collector at Madras on 20th June 1916, but on account of ill-health he was granted long leave from 11th July 1916, and Mr. S. R. Beeson, an Inspector of the Salt, Abkari and Customs Department, was appointed to officiate as an Assistant Collector and posted to Madras on 7th September 1916.

Mr. Bower again supervised the preparation of this report and has done most of the inspection of the outports.

THE ARTIFICIAL HARBOUR AT MADRAS.

1. Nature having done absolutely nothing for the provision at Madras of any kind of shelter for shipping, it has been necessary artificially to provide such shelter as the trade could afford, and that at an expense of about two millions sterling. The following is a sketch of the provision so made. Needless to say, in view of the flatness of the ground on the land side as far as the visible horizon, no shelter at all from *winds* is practicable. But very little of this is needed for modern vessels, and the engineer's task has been to keep out the *waves*, which interfered with the working of cargoes in and out of lighters and were liable to break ships' own mooring lines, though not the Trust's moorings. following is a description of how this task has been accomplished.—

2. The construction of an artificial harbour for Madras was sanctioned by the Secretary of State for India in March 1875, chiefly through the warm support accorded by Lord Hobart, then Governor of Madras. The works, as originally constructed, were designed by Mr. William Parkes, M.I.C.E., a well-known harbour engineer, who had designed the Manora breakwater at Karachi which was completed in 1874.

3. The harbour was commenced in June 1875, under the superintendence of the late Mr. James May, M.I.C.E., who, like Mr. Parkes, had been an assistant and colleague of the late Mr. James Walker, M.I.C.E., an eminent harbour engineer much employed by Government in the design and construction of harbours on the British coasts. On the 15th December 1875, a memorial stone of the commencement of the works was laid on the east side of the beach road, opposite the old High Court, now the Madras Collectorate, by H. R. H. the Prince of Wales (the late King, Edward VII), on the occasion of his visit to this Presidency. This stone was removed from its original site on the 15th December 1913 and, with another stone of like size commemorating the landing at Madras of King George V when Prince of Wales, on the 24th January 1906, nowadays flanks the main entrance beneath the signal tower of the new harbour offices. In January 1876 the root of the north breakwater was commenced, and in December of the same year the first concrete block was laid. At the end of the fair season of 1881, the two breakwaters were nearly finished, forming an artificial enclosed harbour with a 500-feet opening at the entrance in the centre of the eastern side. From the beach road each arm extends nearly a mile into the sea.

4. On 12th November 1881, a cyclone wrecked both the eastern breakwaters, from the elbows to the entrance, but did not affect seriously the rest of the work. Mr. Parkes, the Engineer-in-Chief, visited Madras shortly afterwards, and, after a careful examination, submitted his report to Government on the state of the works, with his recommendations for the reconstruction of the damaged portions. The Secretary of State for India referred the question to a committee, formed of the two well-known harbour engineers, Sir John Hawkshaw and Sir John Coode, with whom was associated Professor Stokes. The work of reconstruction on the amended design was commenced in July 1884, and on the 9th May 1896 the Board's engineer reported that the artificial harbour had been completed according to the sanctioned design, at a total cost of about Rs. 1,27,00,000.

5. The harbour had been vested in Trustees by Act II of 1886; but, later, a new Act, II of 1905, was passed, altering the status of the Harbour Trust, and making it the Madras Port Trust. This Act was amended in 1915.

6. The artificial harbour so constructed being only a bare enclosure, mitigating the strength of the waves but little and providing no traffic or landing facilities at all, various projects for developing and improving it have been under consideration since 1896; and in 1908 the Secretary of State for India approved of estimates, amounting to about Rs. 46,00,000, for constructing a new entrance to the harbour at its north-east corner, to be protected by a massive breakwater about 1,600 ft. long, and for closing the then existing eastern entrance. The actual work of building the new protecting arm was commenced in February 1906; the new entrance was opened for the use of ships on 3rd January 1910;

and the old entrance was completely closed on 9th September 1910. The estimates for these important developments—chiefly because of the addition of new works—were, later, brought up to Rs. 60,00,000. of which Rs. 20,00,000 were supplied by a free grant from Government, and the balance by a loan repayable by the Trust by equated payments of principal and 4 per cent. interest to cease in 1952. The whole of the work covered by these estimates was completed by July 1912.

7. In connection with the harbour alteration work just referred to, a 9-acre boat basin was excavated in the south accretion for the protection of the floating craft employed on the works, but it now serves for the safe harbourage of all the small craft, from 1,000 tons downwards, working in the harbour. It is equipped with 1,600 feet of shallow quay walling, alongside of which barges and cargo boats can lie, and is now extensively used for the landing and shipping of iron and stone as well as for non-dutiable coasting cargo, for the handling of which 18 hydraulic cranes have been provided.

8. A canal from the boat basin leads into a 2-acre timber pond, equipped with small jetties and cranes and with all facilities for handling the timber trade, for which a large storage area is reserved around the pond. The boat basin shelters the Trust's own fleet of some 17 vessels of 1,000 tons and downwards, and, in addition, accommodates as many 40 to 100-ton lighters as private enterprise sees fit to supply for the needs of the landing and shipping business.

9. There has also been constructed in the boat basin a slipway capable of taking vessels up to 500 tons deadweight, and an area has been reserved with a ramp leading to it on which the smaller barges and boats may be built and repaired. Close alongside the boat basin and its slipway the Trust has built its new and convenient permanent workshops, which are able to undertake all reasonable repairs to its own extensive plant and occasionally to render assistance to shipping. During the war, very valuable services were rendered to a large number of small river crafts intended for Mesopotamia, by the shipway and the waterboys.

10. At two places, at which vessels can lie alongside the breakwaters cranes are available for picking weights up to 33 tons direct from steamers' holds. There is also a 15-ton crane for use with barges. The port also has a piece of floating plant capable of picking up a 30-ton load from the bottom of the harbour in case of accident.

11. The port does a large trade in bulk oils, and is adequately provided with piping, through which the oil may be pumped into the merchants' installations from vessels lying at their moorings.

12. Horses and cattle can walk straight ashore into, or can embark from, paddocks, without the intervention of railway wagons.

13. Until quite recently the only conveniences available for the landing as well as for the shipment of cargo at the port—besides the primitive one-ton surf or masulah boats—was a screw pile pier, built before the days of the artificial harbour, and therefore much too high for present conditions. For those interested in archæology, the history of this structure, now half a century old, will be found in previous numbers of this Almanac, for 1907 and earlier. This old pier now no longer exists, having been dismantled in 1913. A second, a third and a fourth pier have since been finished and equipped with a number of hydraulic cranes; there was also provided a length of 700 feet of a ferro-concrete quay for lighters, similarly equipped. However, all these very useful, but temporary, pieces of equipment have now disappeared, by dismantlement, in favour of the West Quay.

14. This last work, the West Quay, the Port Trust's most important scheme, now completed, consists of the quaying of the whole of the western face of the harbour by sinking wells to a depth of 50 to 60 feet below low water and dredging in front of them from 26 to 30 feet below low water, so that ships may lie alongside and work their cargo direct with the shore. The whole length of this work is now ready and sufficient length of quay to accommodate four vessels has been completed and is in use. The West Quay provides berthing for four, or in an emergency, e.g., during mobilisation, for six, vessels of 24 to 26 feet draft. Back of the four berths are four transit sheds of an area of about 7 acres. Between the ship berths, spaces, equipped with 30 one-ton hydraulic cranes, have been reserved for working cargo in and out of lighters. Large portal cranes are under supply for working cargo direct in and out of the holds of ships lying at the quay; these, however, like many other things, are delayed because of the war. Before the construction of this West Quay the 200-acre harbour enclosure afforded about half its area, with a depth of 26 to 35 feet, as a mooring space for shipping, while the other half shallowed off to the western shore in the form of a shelving strand. Now the whole of the area is available for steamers of Suez Canal drafts.

15. Besides the four berths available for ships to lie at the West Quay, there have, for the last few years, been available three other ship-quays, namely, the Outer Quay, used chiefly for the discharge of case oil and petrol on the north-eastern sheltering breakwater; the East Quay, used for coal, at the old, now closed, harbour entrance; and the South Quay, used chiefly by Rangoon and Singapore passenger vessels, as well as by horse and cattle boats. All these three quays, as well as the West Quay berths, are connected up by rail, on both the metre and the standard gauge, with all parts of the harbour. Everywhere troops and passengers can pass from rail to ship's side in half a dozen paces.

Until two or three years ago the whole of the coal trade of Madras used to be done on the north beach, chiefly by masulah boats, and the coal dust caused much annoyance to the offices situated at that front of the City. But now the whole of this coal business, except a little bunkering coal which has not yet been specially dealt with, has been removed to a new yard on the south of the south breakwater, and coal vessels lying at the East Quay are able to work their cargoes at the rate of 1,000 to 1,400 tons per day into the new yard without their trains of wagons interfering with, or being interfered with, by the other traffic of the port.

16. When vessels carrying Burma, Singapore and other such passenger traffic are unable for the moment to find accommodation at the South Quay, their passengers are conveyed, for a fixed charge collected at their port of origin, to what are called the "Springhaven Steps" in the boat basin, where convenient waiting accommodation and disinfecting arrangements have been provided. When, on the other hand, such vessels come up to the South Quay, trains convey passengers to and from ship's side, and medical and disinfecting arrangements are to be found conveniently near.

17. The Port of Madras has always been very defective in accommodation for cargo awaiting the arrival of vessels for export. For this purpose many old and inconvenient godowns in the town have long been in use, as well as certain sheds made available for the purpose by the Railways. But now the Port Trust has entered on a policy of spending Rs. 12 lakhs on the provision of warehouses for lease to merchants wherein produce intended for export and, to some extent also, if desired, the same merchants' imports, may be stored at a fixed rate per unit of area. Two out of three such warehouses has already been completed and the whole of it is leased. Part of the steel work for the third has arrived, but the balance is held up owing to war conditions. It is believed that the provision of this class of accommodation will have a very beneficial effect on the development of the export trade of Madras, and particularly on that of the groundnut trade. Already they are largely used by Government for munition supplies. The warehouses when complete will have a total floor area of about 5¼ acres in which exports can be graded, bagged and marked in preparation for shipment. Moreover the flat roofs are available for drying and grading purposes.

18. On the night of November 22-23, 1916. Madras port was attacked by a violent cyclone. The centre of the wind storm passed inland, perhaps 100 miles south of the port; but the heavy seas resulting from the cyclonic winds—winds which though violent in the path of the storm were of compara-tively low magnitude at Madras—undermined and overturned the 5000-ton monolithic bastion block, forming the end of the outer sheltering breakwater and supporting a small lighthouse. Thereupon, deprived of its head, the structure of the breakwater was unable to stand up against the violence of the waves though composed of 20 to 33-ton concrete blocks with a 5-foot capping of solid concrete, and about 180 feet of it was destroyed and lies under water while another 100 feet of it—out of the whole length of 1,600 feet—is badly shaken. The restoration of the damage and the formation of a new and impregnable bastion will probably cost not less than Rs. 15 lakhs, and the work will probably occupy fully three years. During the year which has elapsed since the cyclone, good pregress has been made with the repairs of the damage. But the most important adjunct to the completion of the restoration, a 230-ton steel caisson is hung up in England because of war conditions

RULES TO REGULATE THE LANDING AND EMBARKING OF ALL CLASSES OF PERSONS PASSING BETWEEN THE SHORE AND STEAMERS LYING AT MOORINGS IN MADRAS HARBOUR.

[NOTE.—*These Rules do not apply to Steamers at the Quays.*]

1. (*a*) All third class passengers from and to Rangoon and the Straits Settlements, and all emigrants, must use the Spring haven steps for embarking and disembarking. The steps in question are reached from Spring haven Road which leaves the "South Beach Road" opposite the "Fraser Bridge Road," or else by the "Harbour Station Road" which leaves the "North Beach Road" opposite the Collectorate and the Indian Bank.

(*b*) First and second class pass-ngers may disembark at, and embark from, either the Anchor steps or the Springhaven steps.

(c) Hackney carriages are allowed to ply for hire within the harbour premises. at the Springhaven steps and at the Anchor steps only.

2. (*a*) All bum-boat men, hawkers and petty traders dealing with vessels in the harbour must embark and disembark at the Springhaven steps and there only. Should such a person be found using any other place for landing or embarking he will be liable to have his license cancelled.

(*b*) Ships' stores and provisions must be shipped either from No. 1 berth of the West Quay or from the Springhaven steps. The Anchor steps are not to be used for this purpose, being intended only for passenger traffic.

3. Captains and officers of vessels in the harbour and shipping agents and their clerical staff may use either the Anchor steps or the Springhaven steps for embarking and disembarking.

4. Coolies employed on board ships in the harbour will be mustered and discharged as follows:—

(a) Messrs. Binny & Co.'s labour; at that firm's boat repair yard at the south-west corner of Springhaven basin.

(b) Labour employed by all other firms or by consignees handling their own cargo; at the stone steps at the north end of the West Quay, close by the boat repair yard ordinarily used by Messrs. Gordon, Woodroffe & Co

5. Port Trust-bye-laws Nos. 13, 14, 15 and 16, prohibiting the obstruction of quays, wharves and landing places by jolly boats or other craft, will be strictly enforced.

6. The police must be careful to see that the landing places, and especially the Anchor steps, are at all times kept clear of jolly boats, etc., and to prevent loafers from loitering about such landing places or under the archway of the Harbour Offices. At the Anchor steps a clear semi-circle of a radius of not less than 100 yards must be kept free of jolly boats, whether plying for hire or not, except at such times as a boat is in the act of taking in or setting down a passenger.

IDENTIFICATION TICKETS FOR THE ADMISSION INTO THE HARBOUR OF PERSONS WHO HAVE BUSINESS TO TRANSACT.

To be brought into force from 15th November 1914 in supersession of the temporary system previously in use.

During *working hours*, no one will be allowed into the Madras Harbour premises who is not in possession of either an identification ticket, or a metal token, or a license issued either by the Customs Department or by the Port Trust. During *non-working hours*, no one may enter the harbour except on personal passes issued by the Chairman, the Deputy Port Conservator or the Traffic Manager. Persons found in the harbour during either working or non-working hours, without either the identification tickets, the metal tokens the licenses or the passes above specified, will be liable to prosecution as trespassers under the Port Trust bye-laws.

2. Identification tickets will be issued, free of cost, in two forms—*A*, for the permanent staff of the various firms and bodies, as well as for Government officials, who have business in the harbour but are not licensed by the Collector of Customs; and *B*, for cartmen and dealers who visit the harbour to clear goods sold and delivered to them by importers.

3. The following are the two kinds of identification tickets which will be used in future:—

(a) FORM A will be issued to:—

(i) *The permanent staff of firms* who are not licensed by the Collector of Customs to transact business in the harbour but need to come into the harbour occasionally.

(ii) *Shippers and their clerks* who transact business on their own account and do not employ agents licensed by the Collector of Customs.

(iii) *Owners of goods* who are also importers and do not possess licenses but wish to supervise the delivery of their goods.

(iv) *Dubashes, labour contractors and cart maistries.*

(v) *Motor lorry drivers* in permanent employment.

(vi) *Government officials* having business in the harbour.

(b) FORM B will be issued to:—

(i) *Cartmen* not in permanent employment.

(ii) *Dealers* who come into the harbour occasionally to take delivery of goods purchased by them from importers.

4. The following system will be followed in issuing identification tickets:—

(i) Application for identification tickets should be made in the official form.

(ii) Tickets in form A will be issued over the signature of the Traffic Manager, Madras Port Trust.

(iii) Tickets in form B will bear the name of the person to whom they have been issued, the name of the firm or person who issued them and the date of issue, a fresh entry being made for each day of issue. These tickets will be in books of a dozen ruled pages so that they can be issued over and over again, one line only being necessary for each day of a ticket's issue.

5. The following procedure will be adopted in the case of daily-paid labour:—

(i) *Aluminium tokens*, bearing serial numbers and the words 'Madras Port Trust," will be issued, free of cost, to all employers of labourers, temporary or otherwise, such as shore coolies, stevedores' coolies, lightermen, etc. These tokens will be issued in separate series according to the requirements of each employer.

(ii) Employers of labour will be held responsible for seeing that a record is kept, as a means of identification, of the name of each person to whom a token has been issued each day. This record should take the form of a register which

can be inspected, at any time, by the harbour police. Should tokens be lost, a fee of Rs. 2 will be charged for each token replaced by the Port Trust.

(iii) *Brass tokens* as used at present will continue to be recognized as the means of identifying labour employed by the Trust's traffic department, and *zinc tokens* for workmen employed by the engineering department. In both cases daily entries will be made in a register of the names of the persons to whom the tokens have been issued.

(iv) Tokens will only be recognised by the police as an authority to enter the harbour during working hours. Persons found loitering in the harbour during non-working hours, even though in possession of tokens, are liable to be treated as trespassers.

6. All persons in possession either of *tokens* or of *identification tickets* in Form A or B must enter and leave the harbour by gates Nos. 4 and 8. The police have received orders not to allow such persons to enter or leave the harbour by any other gate.

7. These rules do not apply to licensed hackney carriage drivers, or to persons licensed by the Chairman to angle in the harbour or to jolly-boat men in possession of metal badges issued by the Deputy Conservator, or to members of the Madras Sailing Club and friends accompanying them, to whom special tickets have been issued. The admittance of such persons into the harbour will be governed by the rules issued from time to time by the licensing authorities.

8. Customs officials are excluded from the operation of these rules The Customs appraisers are well known to the police and to the Port Trust staff, the preventive officers, tide-waiters and beach-peons all wear uniform and the Customs peons have badges.

9. *Passengers embarking.*—A steamer-passenger's ticket will be accepted as a pass, if presented to the police at the gate. Friends and relations of third class deck passengers will be allowed on quay tickets sold at annas four per ticket by the Trust near the passenger enclosure on the day of the arrival and departure of passenger vessels.

10. Officers and crews of vessels cannot, for obvious reasons, be brought within the scope of these rules, and the police must therefore use their discrimination in passing them in and out of the gates at all hours.

MADRAS PORT BYE-LAWS.

Fort St. George Gazette Notification, dated 20th February 1914.

No. 12.—The following by-laws, which the Madras Port Trust Board have made under sections 95 and 97 of the Madras Port Trust Act, 1905 (II of 1905), in supersession of all previous bye-laws and submitted for the approval of Government under section 96 of the said Act, are published for information. In these bye-laws, the term Port Trust Act means the Madras Port Trust Act II of 1905 and the term Port Trust means the Madras Port Trust Board.

1. *Working hours* —(i) *Landing and shipping of cargo.*—The landing and shipping of cargo shall be carried on only on the days and within the hours allowed and appointed under section 72 of the Sea Customs Act (VIII of 1878), or on other days and at other hours with the permission of the Collector of Customs.

(ii) *The Port Trust's working hours.*—The hours during which work may be carried on in each of the several sections into which for traffic working purposes the harbour premises are divided, will be fixed by the Port Trust from time to time to suit the varying exigencies of working. During the non-working hours of any section that section will be in charge of the Government police on behalf of the Port Trust.

2 *Trespassers*—(i) *During working hours* —Any person found trespassing upon the harbour premises in the vicinity of cargo which is being landed or shipped, or which is stored therein or thereon shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs 20.

(ii) *During non-working hours.*—Any person found trespassing in any section of the harbour premises, during the hours other than those fixed by the Port Trust for work in such section, shall, on conviction of such trespass before a Magistrate, be liable to a fine not exceeding Rs. 20.

(iii) *Use of the harbour premises by the general public.*—But when certain parts of the harbour premises shall, from time to time, have been thrown open by the Port Trust, with or without restriction, for the use and enjoyment of the public, the presence therein of persons not having harbour business to transact shall not be deemed to be trespass.

(iv) *Persons connected with ships.*—The passage through certain parts of the harbour premises appointed from time to time by the Port Trust for the purpose of such passage, of the officers, crews and passengers of vessels in the harbour, and of the public having lawful business with them, shall not be deemed to be trespass.

(v) *Onus of proof.*—The onus of proof that their business on the harbour premises is lawful shall lie on persons believed by the Port Trust's officials and police to be trespassing.

3. *Production of the Manifest.*—(i) The master or agent of any merchant vessel arriving at the port, whether loaded or in ballast, shall, on requisition by the Port Trust, furnish the Port Trust's Traffic Manager with a copy of the vessel's Import Manifest within 24 hours of such requisition.

(ii) The agent of any merchant vessel departing from the port, whether loaded or in ballast, shall within five days of her departure furnish the Traffic Manager with a copy of her Export Manifest. Should a vessel departing from the port have no Madras agent, the master shall send to the Traffic Manager a copy of her Export Manifest by post on his arrival at his next port of call.

(iii) Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to fine not exceeding Rs. 100 for each offence.

4. *Deposit of goods landed or for shipment.*—No goods may be landed or shipped except at the places appointed by the Port Trust for each class of cargo. Whoever deposits goods within the harbour premises, except at such places as may be set apart for the purpose by the Port Trust shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for each offence.

5. *Receipt and delivery of cargo.*—When the Port Trust undertakes the reception, removal, porterage or storage of cargo under section 39 of the Port Trust Act, it shall deal with such cargo promptly and in an orderly manner and shall deliver it or permit its shipment after all dues shall have been paid. In the case of cargo of which the Port Trust does not elect to undertake the reception, removal, porterage or storage, no steamer agent, shipper or consignee may remove any part of such cargo from the Port Trust's premises until authorised by the Port Trust so to do, after dues shall have been paid.

6. *Payment of dues.*—Harbour dues on goods shipped or landed, together with all cooly-hire and charges for carrying, packing and storing and all godown rent, wharfage or demurrage payable under these bye-laws, shall be charged in accordance with the scale of rates fixed by the Port Trust and sanctioned by Government under the provisions of Sections 42, 43 and 44, of the Port Trust Act Such dues, whether on exports or on imports, shall be paid previous to the removal of goods from the harbour premises to such person as the Port Trust may depute to receive and grant receipts for them.

7. *Documents to be produced by shippers and consignees.*—All applications for permission to export or to import goods shall be on forms approved by the Port Trust, and such forms shall in all cases be correctly filled in and signed by the shipper or consignee of the goods or by his agent. Whenever required by the person authorised by the Port Trust to call for and inspect them, all necessary documents shall be produced by shippers or consignees or their agents at the time of the shipping or landing of goods. Whenever cargo is shipped by a vessel other than that entered on the application for permission to ship it, a fresh application must be submitted to the Port Trust for the cargo in question and any person failing to submit such fresh application shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 10 for each default.

8. *Opening of packages*—(i) *Restrictions.*—No package shall be opened upon the harbour premises by the importer or owner, for appraisement, examination, or survey, without the permission of the Port Trust. All workmen employed for opening packages on the harbour premises for appraisement, examination or survey, shall be licensed by the Port Trust, and any workman not so licensed found opening any package on the harbour premises shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50.

(ii) *Packages opened at owner's risk.*—Goods opened by order of the Customs Department for examination or appraisement, or for survey at the request of the steamer agents or of the owners of the goods, remain at the risk of the owner until, with the permission of the Customs Department, if opened for appraisement or for Customs examination, or at the written request of the owner if opened for survey, they shall have been returned definitely to the Port Trust by the owner for custody and a receipt for them shall have been granted.

(iii) *Removal of opened packages.*—Goods opened for appraisement, examination or survey, which the owner does not intend to return to the Port Trust as laid down in clause (ii) above, must be removed from the Trust's premises immediately after the appraisement, examination or survey shall have been completed.

9. *Port Trust not responsible when notice of loss has not been given within one month.*—The Port Trust will not be in any way responsible for loss of or damage to goods handed into its custody on the harbour premises, unless notice of such loss shall have been given within one month of the date of the receipt granted for them by the Trust under section 40 (1) of its Act.

10 *Floating timber.*—All floating timber discharged from vessels inside the harbour must be properly rafted and towed or floated into the timber pond. Any floating timber which the importer or his landing agent is unable to transport to the timber pond on the day of discharge must be properly rafted and secured in the south-westernmost corner of the harbour or as may be directed by the Port Trust. Any person contravening this bye-law shall, on conviction before a magistrate, be liable to a fine not exceeding Rs. 50 for each offence

10 (*a*). The master of any vessel discharging timber into the sea at the port of Madras shall cause such timber to be actually lowered into the water and shall not allow it to be thrown overboard. Any person contravening this bye-law shall, on conviction before a magistrate, be liable to a fine not exceeding Rs. 100 for each offence.

11. *Works of art, bullion, etc.*—The Port Trust will not accept responsibility in respect of any package containing a work of art or an article of *vertu* of which the value including

that of the package exceeds Rs. 500, or containing specie, bullion, gold or silver articles, jewellery, precious stones or coral, unless six hours at least before the package is landed or shipped, written notice is given to the Port Trust by the owner or consignee, and the package is specially delivered to the Port Trust and a receipt therefor obtained. Should any package containing any of the articles above referred to be brought to any wharf or pier in the possession or occupation of the Port Trust without written notice thereof as hereinbefore provided being given to the Port Trust, the package, if for export, shall be shipped or, if imported, shall be removed to the Custom House or to the Port Trust's sheds at the sole risk of the owner and shall remain at his risk until cleared.

12. *Unrestricted working permitted only during certain hours.*—In the absence of a duly-signed permit from the Port Trust, no work may be carried on, within the harbour premises, outside the regular working hours prescribed for the particular section from time to time by the Port Trust. Any person found at work and refusing to close work or to leave the premises, when called on to do so either by the Port Trust's servants or by the police on duty in the yard, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 20 for each offence.

13. *Boats and other craft to keep clear of pier ladders.*—Any person being a tindal or a member of the crew of any boat or other craft who fails to keep such boat or other craft clear of the pier ladders shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 20 for each offence.

14 *Boats and other craft not to make fast to piers, wharves or jetties* —No boats, lighters or rafts shall be permitted to lie alongside of, or make fast to, the piers, wharves or jetties, except when loading or unloading, or for the purpose of taking off or landing passengers or baggage. Any person contravening this bye law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs 20 for each offence.

15. *Tindals and crews to remain in boats.*—Tindals and the men composing the crews shall remain in their respective boats and lighters when alongside the piers, wharves or jetties, and shall obey the orders and directions of the Traffic Manager or his assistants. Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine of Rs. 20 for each offence.

16. *Mooring of craft when not working* —When afloat and unemployed, lighters, boats and rafts shall be securely moored at a distance of not less than one hundred yards from the piers. Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 20 for each offence.

17 *Lighters, boats and other craft to be beached only at places assigned.*—No lighters boats or other craft shall be brought ashore or beached for the purpose of repair, except at such places as may be assigned by the Port Trust for that purpose. Any person contravening this bye law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 20 for each offence

18. *Admission of catamarans inside the harbour.* - No catamaran shall enter the harbour without a license from the Deputy Conservator of the Port. Any person contravening this bye law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 20.

19. *The sinking of any boat in the harbour to be reported by the Master of the boat.*—The Master of any cargo, masulah or other boat which shall from any cause be sunk in the harbour shall forthwith report the fact of such sinking and the place where it occurred, to the Deputy Conservator of the Port, if between the hours of 10 A.M and 4 P.M., and to the Senior Harbour Master, if between the hours of 4 P.M. and 10 A.M Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence.

20. *The sinking of a boat to be reported by the Master of a vessel in certain circumstances.*—The Master of any vessel in the harbour, alongside of which any cargo, masulah or other boat shall from any cause be sunk whilst taking in cargo or passengers from or discharging cargo or passengers into such vessel, shall forthwith report the fact of such sinking and the place where it occurred to the Deputy Conservator of the Port, if between the hours of 10 A.M. and 4 P.M., and to the Senior Harbour Master if between the hours of 4 P.M. and 10 A.M. Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence.

21. *Loss of cargo overside.*—Should any article likely to be dangerous to shipping, or exceeding 10 cubic feet in measurement or 4 cwt. in weight, be dropped overboard alongside a vessel in the harbour, the Master of the vessel shall at once buoy the place and shall report having done so by letter or signal to the Deputy Conservator of the Port. The Master of every vessel in the harbour, on leaving port, shall furnish to the Deputy Conservator, either direct or through the vessel's agents, a list of all cargo dropped overside, whatever their measurement or weight. Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence. But this bye-law shall not apply to coal cargo in bulk

22. *Public excluded from harbour premises, except on business.*—The general public cannot claim to be admitted to the harbour premises when traffic or work is going on. At such times those persons only who have business to transact can claim to be admitted.

23. *Sites set apart for coolies and boatmen to obtain food.*—Certain sites shall, from time to time, be set apart as occasion may require, by order of the Chairman of the Port Trust at his discretion, to enable boatmen or coolies to obtain their food, and all persons bringing such food shall be restricted to these sites and the pathways leading thereto and therefrom, which shall be indicated by notice-boards.

24. *Use of fires or naked lights prohibited*—(i) *On shore.*—Any person, without permission previously obtained from the Traffic Manager, kindling or making use of fire or a naked light on the piers or jetties, or in any godown or enclosure or open space used for the time being for the storage of goods within the harbour premises, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence. Any employee of the Port Trust is empowered to put out such fire or naked light. Any person smoking in or near any godown or enclosure or open space used for the storage of cargo shall be deemed to have infringed this bye-law.

(ii) *Afloat.*—If any person kindles or makes use of a fire or a light on board a barge, or lighter, carrying cargo, the registered tindal of such craft will be held responsible that such fire or light is kindled only in a safe fire-place, stove or lantern. Any such tindal or any member of his crew contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine of Rs. 50 for each offence.

25. *Masters of vessels to report immediately outbreak of fire, explosion, collision or leak.*—Should any vessel lying in the harbour spring a leak, suffer collision or catch fire, or should an explosion occur on board of her, the Master of such vessel shall immediately report the occurrence to the Deputy Conservator of the port by the quickest available means. If this report is made by signal, a written or verbal report shall follow as soon as possible. In the case of fire or leak, the Master shall make the International code urgent signal by day, and by night the port signal, signifying his condition, and shall keep the same hoisted until the fire is extinguished, or the leak stopped. Any person contravening this bye law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence.

26. *Landing of explosives.*—No package containing gunpowder or other explosive shall be landed within the limits of the port without permission first obtained from the Collector of Sea Customs and from the Chairman of the Port Trust, or, in his absence, from the Traffic Manager, and in the landing or shipping thereof, all rules or directions from time to time made or given by the Port Trust or by the Chairman, to ensure safety, shall be rigidly adhered to and observed. Any person contravening this bye-law shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 100 for each offence.

27. *Prosecutions require sanction of the Chairman.*—All prosecutions, under the provisions of these bye-laws, shall be instituted by, or by order of, the Chairman of the Port Trust.

THE MADRAS PORT TRUST'S SCALE OF RATES.

(*In force from 20th July, 1917.*)

PART I (A).—STATEMENT OF THE CHARGES FOR CERTAIN SERVICES WHICH THE TRUST IS PREPARED TO RENDER TO THE PUBLIC, AND OF THE CONDITIONS ATTACHING TO SUCH SERVICES.

1. THE TRUST'S RESPONSIBILITY FOR GOODS PASSING THROUGH ITS PREMISES—(a) *Accommodation and watching.*—For the convenience of its clients, whether importers, exporters or steamer agents, the Port Trust provides and polices accommodation, covered, uncovered, locked or unlocked, as required, for imports in process of transit between ship or lighter and cart or wagon, and for exports in the reverse direction.

(b) *Trust not responsible unless goods be definitely tendered to it for custody.*—But the passage of goods into or through the Trust's premises, or its handling of them or its storing of them for the convenience of its clients, whether under roof or not, or locked or not, does not bring such goods under the baileeship of the Trust, as contemplated in section 41 (1) of the Madras Port Trust Act, unless and until, in compliance with a request by the tenderers, a receipt relating thereto, as specified in section 40 (1) of that Act, shall have passed from the Trust to those tendering the goods to it for custody. In the case of export cargo, the prescribed receipt will not be granted until the tenderer shall have complied with the conditions noted on the reverse of the Port Trust form called the "Export Application".

(c) *Additional dues on exports taken into the Trust's custody.*—On all goods intended for export which, at the owner's request, the Trust takes definitely into its custody under sections 40 and 41 of its Act, and gives a receipt for, an extra charge will be levied of 2¼ annas per ton over and above the charges shown in Part II, Schedule of Rates.

(d) *Owner responsible for packages under appraisement.*—Goods opened by order of the Customs Department or removed by the Trust, under the instructions of the Customs Department, for examination or appraisement, will remain at the risk of the owner until, with the permission of the Customs Department, they shall have been returned definitely by the owner to the Trust for custody and a receipt for them shall have been granted.

(e) *Conditions of Trust's acceptance of baileeship.*—Goods tendered for custody to the Trust as bailees, by importers, exporters or steamer agents, must be tendered at such places and be stacked in such manner as the Trust may appoint for the purpose, from time

to time, or may direct to the tenderer; and until so placed, and the prescribed receipt shall have passed from the Trust to the owner, such goods shall continue to be at the owner's sole risk.

(*f*) *Conditions on which exports in Trust's custody may pass out.*—Exports which have passed into the Trust's custody, as per clause 1 (*b*) and (*e*), may not be moved for shipment, or from the harbour premises, until the receipt given for them by the Trust to the exporter, or an acquittance of equivalent validity, shall have passed to the Trust from the exporter. But from the moment of the surrender of such receipt or of such acquittance by the owner to the Trust, such goods shall be at the owner's sole risk notwithstanding their being in the Trust's premises and enjoying such conveniences as those referred to above in clause 1 (*a*).

2. THE TRUST'S OPTION TO PERFORM SERVICES.—(*a*) *To carry goods by water.*—Under section 39 of its Act, the Trust has the option to land, ship or tranship goods between vessels in the port and its wharves, piers or docks. But it does not at present perform any such services.

(*b*) *To take charge of goods for delivery or shipment*—Under section 39 of its Act, the Trust has the option to undertake, or to refuse to undertake, the reception, removal, porterage or storage of goods brought within its premises. For goods of which it consents to take charge, the Trust is bound, under section 40 (1) of its Act, to give a receipt if thereunto required.

(*c*) *Goods of which the Trust does not take charge.*—But at present the Trust does not take charge of the following classes of goods, whether in the open or under such shelter locked or unlocked, as it may have placed at owners' or steamer agents' disposal, *viz.*:—(i) exports not specifically tendered for custody under clause 1 (*b*) and for which a receipt has, therefore, not been granted; (ii) iron and steel, etc., the handling of which has been relinquished by the Trust to steamer agents, (iii) non-dutiable coasting cargo of which the handling has been relinquished by the Trust to steamer agents—other than the combustibles that must be landed under the Trust's combustibles permit, (iv) Government stores; (v), free goods, (vi) goods enumerated in Part II (B) of the Scale of Rates; and (vii) all goods landed outside the harbour.

3 PORTERAGE OF IMPORTS.—(*a*) *Rates and charges.*—The rates given in Part II (A) of the Scale of Rates cover porterage of imports by the Trust. The rates quoted in that part of the Scale do not cover the handling of goods landed outside the harbour. Part II (B) of the Scale enumerates certain goods, the porterage of which by the Trust is not covered by the rates quoted. Whenever, at the request of importers, the Trust handles any goods not ordinarily so handled, it will levy an additional charge equal to the actual cost incurred in such handling, with 4 annas per ton as a minimum, and also cranage charges if incurred, but will accept no responsibility in respect of cargo so handled.

(*b*) *Relinquishment of porterage by Trust to steamer agents.*—Whenever the Trust agrees with steamer agents to relinquish to the latter, the porterage of non-dutiable coasting cargo, the rates of harbour dues payable by owners of such cargo will be 4 annas less per ton than those quoted in the Schedule of Rates; this reduction will not, however, apply to the exceptions given above, *viz.*, to items in Part II (B) of the Scale, to goods landed outside the harbour, and to goods of which the rate is per "each." Whenever the Trust agrees with steamer agents to relinquish to the latter the porterage of iron or steel, etc., whether coasting or foreign, consigned to others than to Government, and landed at the boat basin iron yard, the rate of harbour dues thereon will be 8 annas per ton less than that quoted in the Schedule of Rates.

(*c*) *Trust may collect steamer agent's porterage charges.*—Should an agreement be come to between the Trust and a steamer agent that the latter shall handle cargo ordinarily handled by the former, at an agreed rate, both parties to the agreement will be at liberty to arrange, mutually, for the Trust to collect from owners, and to pay to the steamer agent, the agreed rate for porterage, without the steamer agent being thereby constituted the Trust's contractor or agent.

4. PORTERAGE OF EXPORTS—(*a*) *Trust passes out exports at exporter's risk.*—The porterage of exports by the Trust is not covered by the rates given in the scale. But in order to avoid the confusion that must occur if the carrying and craning of exports passing out for shipment through its sheds and over its piers or wharves, are left to exporters themselves, the Trust ordinarily supplies the labour and machinery for handling and craning cargo so passing out, under a general charge of 4 annas per ton, per passage, whether its cranes are used or not Exports so handled for shipment do not, however, pass thereby into the Trust's custody, but are at the risk of the owner. Should any part of them have been in the Trust's baileeship under clause 1 (*e*), prior to their passing out for shipment, they will already have left such custody under clause 1 (*f*) before being handled.

(*b*) *Services covered by the 4-anna per ton charge.*—With the exception of goods intended for export that require the use of cranes for their unloading from wagons or carts and for which the rate of cranage will be that laid down in clause 11 (*a*), the 4 anna charge specified in clause 4 (*a*) is intended to cover the use not only of labour but also of such shedding, wharves, cranes, trollies, etc., as has been provided by the Trust for the general convenience of its clients, whether their goods may have come into its custody or not. But the 4-anna per ton charge will not be levied on goods removed from a ware house leased to a shipper and shipped by him on board a vessel lying at a quay.

(c) *Rebate if owners handle exports.*—Should owners of exports desire to do so, they may, with the Trust's permission endorsed on the "application," handle their goods themselves, and in that case they will be granted a rebate of 2 annas off the above 4-anna charge. But such permission will be given for the handling of the whole, not a part, of the exports covered by one "application."

(d) *Unloading exports.*—Exports arriving by road must be unloaded and stacked by owners. Exports arriving by rail, other than ores, coal, kerosine-oil, rough stone, ballast, timber and such like, will be dealt with as per clause 2 of Part I (B).

(e) *Conditions.*—For the purpose of assessing dues, all exports must be suitably stacked for count, weighment or measurement at places pointed out by the Trust. No exports may be moved forward for shipment until all dues thereon shall have been paid.

5. SPECIAL PORTERAGE.—For porterage, other than that for exports as per clause 4 (a), done by the Trust and not covered by harbour dues, the charge will be the actual cost to the Trust of such porterage, with 4 annas per ton as a minimum.

6. TRANSIT DUES ON IMPORTS LEFT LYING IN THE TRUST'S PREMISES.—(a) The Trust's intention, in imposing transit dues on imports is *not* to act as warehousemen for profit, but to prevent the congestion of its sheds which experience shows to take place if its charges for shelter are too low. Such congestion is found seriously to interfere with the speedy transit through the harbour premises of goods of which owners desire to take early delivery. In order to prevent congestion the following transit dues are imposed :—

On goods not cleared within six *working* days following the date on which the vessel concerned shall have completed discharge of her cargo, and excluding Sundays and Chamber of Commerce holidays, transit dues will be charged at the following rates :—

For the first week, or portion thereof—

(i) On consignments, actually landed, whose actual invoiced weight or measurement covers 50 tons and over	2 annas per ton per day.
(ii) On consignments, actually landed, whose actual invoiced weight or measurement covers 10 tons and over, but less than 50 tons	4 annas „ „
(iii) On consignments, actually landed, whose actual invoiced weight or measurement covers less than 10 tons	8 annas „ „

For the second week or portion thereof—twice the above rates.

For the third and succeeding weeks or portions thereof—thrice the rate for the first week.

(b) *Salvaged goods.*—In the case of salvaged goods, the six free days mentioned in clause 6 (a) will be calculated from the day following the notification of salvage by the Receiver of Wrecks in the *Fort St. George Gazette.*

(c) *Dangerous goods* – On the undernoted dangerous goods, if landed at a quay and not cleared from the Trust's premises by consignees within (excluding Sundays and holidays) 24 hours after the day of landing, transit dues will be levied at double the full rates quoted in clause 6 (a) :—Matches; sulphur; glycerine; pitch; tar; creosote; acids other than sulphuric, nitric, carbolic, muriatic and hydrochloric acid; nitrate of potash and similar alkalis.

(d) *Goods on which dues are quoted "per each".*—On goods for which a special rate of harbour dues "per each" is quoted, the rate of transit dues, after the free days mentioned in clause 6 (a), will be calculated as a percentage of the harbour dues, thus :—For the first week or part thereof 25 per cent, for the second week or part thereof 50 per cent, and for the third and succeeding weeks or parts thereof 100 per cent.

(e) *Other Conditions.*– (i) With the exception of dangerous goods, half the above rates will be charged if goods lie in the open without covering of tarpaulin or roof. (ii) Goods remaining uncleared at the expiry of the free days will be liable to the "special porterage" fee specified in clause 5, if shifted by the Trust in the interests of cargo generally. (iii) After *transit* charges begin to accrue, no allowance will be made for Sundays or holidays

(f) *Goods from unknown vessels.*—On goods from vessels whose names are unknown, transit dues will be charged up to a maximum of two months only.

7. STORAGE OF EXPORTS—(a) *Convenience for exporters.*—In return for its ordinary harbour dues, as per the schedule, the Trust provides accommodation, as per clause 1 (a) for the use of exporters for a period long enough, ordinarily—vide (b) below—to enable them to effect the shipment of their goods. Also, see clause 9, it places certain spaces, at a rental, at exporters' disposal. But in order to prevent, in the interest of all exporters equally, the abuse of the privilege of free accommodation and the congestion resulting therefrom, the Trust is obliged to impose penality charges as per clause (c). But in imposing these penalty charges the Trust does not thereby offer to act as warehousemen for gain; for by allowing the very liberal free days noted in the clause it hopes to minimise its penalty collections.

(b) *Free accommodation for exports.*—Exports may stand within the Trust's premises, free of storage charges, for a period of six working days, excluding Sundays and Chamber of Commerce holidays, before that of the arrival in port of the vessel in which shipment is effected, with, in addition, the days the vessel remains in port.

(c) *Penalty charges.*—But for periods longer than the aforesaid free days, penalty charges will be levied at the following rates in order to prevent congestion :—

For the first week or portion thereof—1 anna per ton per day.

For the second week or portion thereof—2 annas per ton per day.

For each of the third and following weeks, or part thereof—4 annas per ton per day.

Half the above storage rates will be charged if the goods lie in the open, without covering of tarpaulin or roof.

(d) *Exports that have to be shifted.*—Goods remaining on hand at the expiry of the free days will be liable for the "special porterage" fee specified in clause 5, if shifted by the Trust in the interest of cargo generally.

(e) *Goods shut out from shipment.*—No free days will be allowed on goods brought into the Trust's premises and removed therefrom without being shipped or without being waterborne for shipment But intended shipments which have been waterborne for shipment and have been shut out, if removed from the premises, will receive the benefit of the free days as if they had been shipped. If removed from the premises after the departure of the vessel by which they were shut out, the total number of free days allowed will be the six days before the arrival in port of the vessel by which the goods were shut out, in addition to the stay of the vessel in port and 24 hours, excluding Sundays and holidays, after her departure. But for goods waterborne for shipment by one vessel and subsequently shipped to another vessel, after having been shut out by the first vessel and left in the Trust's premises, the free period as laid down in clause 7 (b) will count only from the date of the arrival of the vessel by which the goods were actually shipped.

8. STORAGE OF EXPLOSIVES.—For such explosives as the Trust is licensed to store and does store in its magazine, the following scale of storage will be charged after the expiry of the same number of free days as are allowed to other imports :—

Two pies per pound per month or part of a month for the first year.

For the second year—twice the above rates.

For the third and subsequent years—three times the above rates.

Storage will be charged on the gross tonnage of consignments and must be paid monthly. The first year will be considered as commencing from the date of the reception of the explosives in the magazine.

9. RENTED SPACE—(a) *Allotment of space.*—Persons requiring to rent space for the storage of their goods on the Trust's premises may obtain it, if available, by making application in writing for a permit in the form prescribed by the Trust from time to time. But it will be in the Trust's discretion to consent or to refuse to allot such space, and an allotment will, ordinarily, be refused unless the application has been made before the deposit of the goods. Rented space may not be sub-let.

(b) *Owners' risk.*—In applying to be let to store goods on space available for rent, owners must state that they understand that they accept all risks and responsibility for goods so stored.

(c) *Open space.*—For rough goods stored in the open, such as ashes, coal, coke, minerals, timber, scrap iron, firewood, redwood, stone, etc., rent will be charged for at the rate of 2 annas per day per 1,000 square feet allotted, or part thereof, from the date of allotment.

(d) *Covered space.*—For cargo stored in certain of the transit sheds allotted by the Trust for such purpose from time to time, the rent will be at the rate of Rs. 3-12-0 per calendar month, or *pro rata* for part thereof, per 100 square feet allotted or part thereof, whether the sheds are locked by the Trust or by the owners of the cargo. For space allotted in Port Trust shed No. 5 for the storage of country-pressed vegetable oils, intended for export, which cannot be stacked more than one cask high, the rent leviable on the whole area of the compartment allowed for such storage shall be Rs. 2 instead of the above Rs. 3-12 0 per 100 square feet per mensem or part thereof. But before he can be allotted space on these terms the lessee must put it in writing that he understands clearly that the locking by the Trust of sheds thus partly or wholly rented to him does not avail to make it bailee of the goods so stored unless the receipt specified in clause 1 (b) shall have passed from the Trust to him.

(e) *Merchants' warehouses.*—The Trust has provided certain covered sheds for lease to merchants for the storage by them, at their own entire risk, primarily of goods intended for export. The rent to be charged for these warehouses will be at the rate of Rs. 3-12-0 per calendar month or *pro rata* for part thereof per 100 square feet allotted or part thereof.

(f) *Timber.*—For timber allowed to lie in the sorting enclosures of the timber yard beyond the free time allowed by the Trust's timber-yard rules from time to time, rent, payable by the landers of such timber, will be charged at 4 annas per day or part thereof per 1,000 square feet or part thereof on the whole area of the enclosures allotted to them. But for such timber the permit referred to in clause 9 (a) is not necessary. The transit dues leviable under clause 6 will be recovered, from landers, on timber left afloat in the timber pond beyond the expiry of such free days as the Trust may see fit to grant. A consignee of timber landed in the floating or non-floating timber yard failing

to pay his dues within seven days (Sundays and holidays not to count), including the date of the departure of vessel from which his timber has been landed, will be liable for transit dues under clause 6 up to the date of payment of dues.

(g) *Conditions.*—The occupation of space under rental terms will be subject to the conditions set forth in the permit. In the absence of the permit, double the above rents will be charged from the date of allotment.

10. ADDITIONAL CHARGES ON IRON AND STEEL.—(a) After allowing for such free days, exclusive of Sundays and Chamber of Commerce holidays, as the Trust may see fit to grant, the following transit charges per ton per day will be made on undelivered balances of consignees' iron, or steel, handled by steamer agents at the boat basin iron yard, as worked out from day to day. The first month will be considered as commencing from the date of the sailing of the vessel concerned :—

First month ...	½ pie.	Third month .	.. 2 annas.
Second "	1 anna.	Later months ...	4 "

(b) On goods stored under cover in the shed allotted for sheltering certain kinds of iron and steel, transit charges will be recovered at four times the above rates.

(c) If, in the interests of the Trust's business, it is found necessary to shift any of such iron or steel, the charge to the consignee for its removal will be 8 annas per ton for each shift. Iron or steel remaining unremoved beyond the end of the day following delivery, will have to pay 8 annas per day or part of a day for each 100 square feet or part thereof occupied.

11. CRANAGE.—(a) *Rates per ton.*—For the cranage of goods at any wharf, pier, dock, land or building in the possession or occupation of the Board, or into or from any truck or railway vehicle, the charge for each package, by measurement at 50 cubic feet to the ton, or by weight at the Trust's option per ton per hoist, will be as follows :—

	RS.	A.	P.		RS.	A.	P.
Up to 1 ton	0	4	0	Over 5 tons and up to 10 tons .	4	0	0
Over 1 ton and up to 2 tons .	1	8	0	Over 10 tons and up to 15 tons .	5	0	0
Over 2 tons and up to 5 tons ...	2	8	0	Over 15 tons . .	6	0	0

(b) *Exception.*—But when, in the scale, a rate is quoted per package or per animal, such rate shall cover only one cranage when the goods are landed or shipped. All other cranage, if incurred, must be paid for at the rate of Re 1 8 0 per hoist, per package or per animal.

(c) *Iron and timber.*—All goods passed in at the boat-basin iron-yard, and all timber handled at the floating or non-floating boat basin timber-yard measuring 5 cubic feet and over for each piece, will pay 4 annas per ton cranage, whether the cranes that have been provided are used or not. When timber measuring less than 5 cubic feet per piece is craned, cranage at 4 annas per ton will be charged. Iron, steel and timber landed elsewhere than at the boat-basin iron or timber yards must pay cranage charges, as per clause 11 (a).

(d) *Hire of cranes.*—Cranes, if available, of 5 tons capacity or under, hired to merchants for a special purpose, outside the ordinary routine of landing and delivery, will be charged for at the rate of one rupee per crane per hour or part thereof for hand cranes and at double this rate for steam cranes. The use of the wagon-loading cranes in the timber yards is free.

(e) *Cranage on liquids.*—For the calculation of cranage on liquids, whose rates of harbour dues are fixed in the scale per 54 gallons, one ton will be considered as equivalent to 216 gallons, or to 50 cubic feet, at the Trust's discretion.

12. LOCAL ENGINE HAULAGE AND HANDLING DONE IN THE HARBOUR—(a) *Haulage and handling charges.*—For export produce railed from sheds rented by exporters in Trust's premises, for direct shipment from wagon to steamer or from wagon to boat, the Trust will charge Rs. 6 8 0 per loaded trip for each 23-ton broad gauge wagon and Rs. 3-8-0 per loaded trip for each 12-ton broad gauge wagon, and proportionately to carrying capacity for smaller wagons if employed. The loading of such wagons must be done at their own expense by the exporters concerned. But when, with the Trust's permission, the unloading of wagons at the ship's side and the shipment into the steamer or into lighters is done by exporters, they will be given a rebate of Rs. 4-4 0 per 23-ton broad gauge wagon and Rs. 3 per 12-ton broad gauge wagon for goods shipped direct from wagons into a steamer and Re 3 per 23-ton broad gauge wagon and Rs. 1-8-0 per 12-ton broad gauge wagon for goods unloaded from wagons into boats. If smaller wagons are employed the rates of rebate per wagon will be in proportion to the carrying capacities of such wagons. For handling of cargo by the Port Trust, at the request of owners, in connection with the shipment of export produce from warehouses, the rates will be Rs. 6 for each 23-ton broad gauge wagon and Re. 3 for each 12-ton broad gauge wagon and proportionately for wagons of smaller carrying capacity In the case of goods, other than export produce from a warehouse, loaded and unloaded by the Trust, at the request of owners. into and out of Port Trust wagons, the rates for handling will be Rs. 6 for each 23-ton broad gauge wagon and Rs. 8 per each 12-ton broad gauge wagon and proportionately for smaller wagons, for each operation, and the haulage charge on such wagons, for each loaded trip, will be Rs. 3 for each 23-ton broad gauge wagon and Re. 1-8-0 for each 12-ton broad gauge wagon and proportionately for smaller wagons.

(*b*) *Hire of Port Trust wagons.*—Port Trust wagons, if available, will be hired to the public at the rate of Rs. 10 for each 23-ton broad gauge wagon and Rs. 5 for each 12-ton broad gauge wagon, per midnight-to-midnight, day or part of such day. Vehicles hired from the Port Trust will be hauled, on behalf of the hirers, at the rate of Rs. 3 per 23-ton broad gauge wagon and Re. 1-8-0 per 12-ton broad gauge wagon for each loaded trip.

13. TRANSHIPMENT.—Goods manifested for transhipment, and transhipped, from ship to ship, whether directly or *via* the shore, will pay only quarter harbour dues. But if handled by the Trust, such goods will pay a further sum of 4 annas per ton for each operation, whether in or out. The rates quoted in clause 7 (*c*) will apply to all goods, other than iron and steel and timber stored in the iron and timber yards respectively, awaiting transhipment in the Trust's premises, except that for such goods the penalty charges, there quoted, will be halved. In the case of iron and steel and timber awaiting transhipment in the iron yard and timber yards respectively, the rates of transit dues will be the full rates ordinarily charged in these two yards on the abovementioned goods. Cranage will not be charged on such goods. Coal or petroleum fuel, for bunkers, which has paid harbour dues, may be re-shipped free of further harbour dues. If the tonnage of transhipped goods cannot otherwise be readily ascertained, dues will be levied on the tonnage of the lighters or other craft conveying them from the vessel by which they were manifested for transhipment. In the case of import goods on which the Trust relinquishes a portion of the harbour dues for handling, the harbour dues for transhipment will be calculated on the balance left after the amount to be relinquished has been deducted.

14. WORKING HOURS.—The Trust's "ordinary working hours" are the hours fixed for Customs working from time to time by the Collector of Customs, Madras.

15. OVERTIME WORKING.—Steamer agents or others who require business to be done outside the Trust's ordinary working hours, shall put in a regular application for such overtime working, not later than 2 p.m. on the same day, or in the case of Sundays and holidays on the previous working day, and shall pay to the Trust overtime fees on the following scale, whether subsequently they offer cargo during such outside hours or not. But no charge will be made for overtime fees if applications for night work are cancelled in writing before 5 p.m. on the same day, or before 4 p.m. on the day previous, in the case of applications for overtime working on Sundays and holidays.

Services to be paid for by each applicant for overtime work.	Each hour after 6 P.M. and before 6 A.M. per section.	Sundays and Gazetted Holidays: Half a day from 6 A.M. to noon or from noon to 6 P.M. per section.	Sundays and Gazetted Holidays: A full day from 6 A.M. to 6 P.M. per section.
	Rs.	Rs.	Rs
Keeping a section of the yard open for outside labour.	5	10	15
Keeping a section of the yard open for the Trust's labour.	10	20	30

Exception (*a*).—The above-noted fees will not apply to a tanker pumping oil through a pipe line to an installation.

Exception (*b*).—The charge of Rs. 15 levied for keeping open a section of the yard between 6 a.m. and 6 p.m. on Sundays and holidays, for the landing of oil other than in bulk or of coal, has nothing to do with the charge for the use of a locomotive included in the rate referred to in clauses 12 (*a*) and 12 (*b*) of the scale. The working hours for the landing of oil other than in bulk and of coal are from 6 a.m. to 9 p.m. and all haulage done within these hours is covered by the rate laid down in clause 12 (*b*). For the use of a locomotive from 9 p.m. to midnight the charge will be Rs. 16 and from 9 p.m. to 6 a.m. the charge will be Rs. 32.

Exception (*c*).—No charge will be made for keeping a gate open for the passage of export goods to spaces or sheds leased to merchants under clause 9.

16. REFUNDS OF OVERCHARGES.—(*a*) Applications for refunds of overcharges of dues, paid on imports or on exports, will not be considered unless submitted to the Trust, in writing, by the importer or shipper or on his behalf, within three calendar months from the date of the filing of the relative harbour application in the case of imports and within one month from the date of the departure of the vessel concerned in the case of exports. No refund will be made unless the amount refundable is one rupee or more. In the case of goods which have not been shipped refunds will only be made on proof of short shipment.

(*b*) *Refund of dues on kerosine oil in bulk.*—Refunds of dues on account of shortage of kerosine oil in bulk will be based on the amended manifest in the case of oil from coast ports or according to the dip, as advised by the Collector of Customs, in the case of kerosine oil on which customs duty is leviable. For the purposes of the scale of rates, two hundred and seventy-five gallons of kerosine in bulk will be considered as equivalent one ton.

(c) *Refunds on goods of which the rate is "per each."*—When goods have paid dues at a rate quoted *per each* in the scale, and have then failed to be shipped, one-fourth of the dues so paid shall be retained by the Trust when making a refund, if the goods have been craned by the Trust.

17. DUES, HOW LEVIABLE.—(a) Harbour dues, cranage, removal fees and porterage special, as well as transit dues and storage if incurred, will be levied on the gross tonnage of each package. Dues on coal, coke and kerosine oil in bulk will be levied on the manifested tonnage of the vessel's cargo.

(b) In calculating the charges leviable under the schedule of rates on any one item, all half annas or fractions of less than half an anna will be waived while all fractions exceeding half an anna will be treated as one anna. Similarly, in calculating the tonnage of any one item, a load of less than or up to 5 cwt. will be treated as 5 cwt.; a load exceeding 5 cwt. and up to half a ton will be treated as half a ton; a load exceeding half a ton and up to 15 cwt. will be reckoned as 15 cwt.; while a load exceeding 15 cwt. and up to 1 ton will be calculaed as 1 ton. Fractions of measurement-tonnage will be similarly treated.

18. SHIPS' REQUIREMENTS.—*Bona fide* ships' fittings, ships' stores, dunnage, and provisions for the use of ships using or frequenting the port need not pay harbour dues, but will have to pay for special services, in the shape of cranage, storage, removal fees, porterage, haulage, etc., if rendered.

19. MINIMUM CHARGE.—If the aggregate of all charges payable to the Trust in respect of any one consignment shall amount to less than 4 annas, a charge of 4 annas will be levied for that consignment. "Consignment" means the goods covered by one import or export "application." If transit or storage dues are incurred and amount to less than 2 annas, a charge of 2 annas will be levied on the consignment concerned.

20. HARBOUR DUES ON GOVERNMENT STORES.—For all Government stores, excluding articles enumerated in Part II (B) of the scale, a uniform rate will be charged of Rs. 2 per ton of 20 cwt. or per ton of 40 cubic feet, inclusive of all cranage. The schedule rates will apply to articles enumerated in Part II (B) of the scale. The all-round rate does not include transit dues or storage, haulage of wagons, hire and demurrage on wagons, harbour terminal charges, removal fees or overtime fees, which, if incurred, will be levied at the usual rates. Whenever the Port Trust relinquishes the porterage of Government stores other than the exceptions above referred to, the rate of harbour dues for such stores will be Re. 1-12-0 per ton instead of Rs. 2. When the articles enumerated in Part II (B) of the scale are porteraged by the Trust, the charge will be the actual cost to the Trust of such porterage with 4 annas per ton as a minimum. The baggage of troops embarking and disembarking will be covered by a charge of 4 annas per head on soldiers and followers. All regimental and mess stores and officers' chargers will be charged at schedule rates.

21. PASSENGER LANDING TOLL.—All steamers landing or embarking deck passengers or emigrants at Madras shall pay to the Port Trust a toll of 4 annas per head of this class of passengers. In return the Port Trust will either bring such steamers alongside a quay or arrange for the landing of their passengers in boats free of charge. The Master or Agent of every such vessel must submit to the Trust a copy of his passenger-list in support of the amount so paid.

22. VESSELS IN DISTRESS.—The following are the rules for collecting dues on cargo landed at the Port of Madras from vessels in distress:—

(a) All cargo to pay import harbour dues on landing, except such cargo as may already have paid export harbour dues at Madras and may not have been carried to its destination.

(b) All cargo to pay cranage both in and out and transit dues or storage while on the Trust's premises, at the usual rates.

(c) Cargo found sound, and re-shipped without having left the Trust's premises, to be exempt from further export harbour dues.

(d) Where marks are indistinguishable and the cargo is landed in bulk, or under such conditions that the tonnage is not readily ascertainable, the licensed carrying capacity of the barge that brings the cargo to shore shall be taken as the tonnage, a proportionate reduction being made for half loads. Where marks are indistinguishable and the cargo is landed direct on to a quay, in bulk or under such conditions that the tonnage is not readily ascertainable, the measurement shall be made by actual cubical contents at 50 cubic feet to the ton.

23. PAYMENT OF CLAIMS.—The following are the rules regulating the basis on which the Trust will pay claims for the loss or destruction of goods for which it has become liable under the Madras Port Trust Act:—

(a) Claims for the shortage of or damage to goods will be settled on the prime cost of the article less trade discount. The exchange value of the rupee will be considered to be one shilling and four pence.

(b) An allowance of 15 per cent of the actual value, in the case of ordinary cargo, will be granted by the Trust to cover all incidental and out-of-pocket expenses, such as freight, insurance, customs duty, landing charges, etc.

(c) In the case of wines and spirits the Trust will pay the actual customs duty recoverable and will grant, in addition, an allowance of 10 per cent to cover incidental expenses.

(d) Every claim bill should be accompanied by the relative invoice in original.

(e) In the case of exports the calculation will be based on the market value of the goods on the date of settlement.

24. WEIGHMENT OF COAL.—Coal passing out of the harbour by rail may be weighed, free of charge, on the Trust's automatic wagon weighbridge. Coal removed by cart for local use, may, if desired, be weighed on the Trust's cart weighbridge at a charge of 6 pies per ton.

25. QUAY TICKETS.—Non-passengers accompanying *bona fide* third class passengers embarking from, or wishing to meet, those landing at, the Port of Madras, will be charged a fee of four annas per head for access to quays or landing steps. Quay tickets issued by the Trust at the passenger enclosure will entitle the holder to accompany, or meet, *bona fide* passengers to, or from, the quays, or landing steps. Quay tickets are not transferable and are only available for the day of issue.

PART I (B).—STATEMENT OF SERVICES WHICH THE TRUST MAY RENDER TO THE PUBLIC IN THE CASE OF GOODS RECEIVED AND DESPATCHED BY RAIL AND OF THE CONDITIONS AND CHARGES ATTACHING THERETO.

1. THE TRUST'S RESPONSIBILITY FOR GOODS RECEIVED AND DESPATCHED BY RAILWAY WAGONS.—(a) *Responsibility for inwards goods.*—The responsibility of the carrying Railway and of the Trust for the safe custody and delivery of goods arriving in the harbour premises by railway wagons will cease (i) when the railway receipt has been surrendered and railway freight has been paid in the case of goods unloaded in the general sheds, (ii) when wharfage, as laid down in clause 13 below, begins to accrue, or (iii) when the goods have been unloaded on to a rented plot or into a shed leased to a merchant, subject in the last case to such damages, shortages and deficiencies as may be noticed at the time of unloading the wagons. If the owners of inwards rail-borne goods wish to tender their goods to the Trust for custody under the Madras Port Trust Act II of 1905, as amended by Act II of 1915, after the surrender of the carrying Railway's receipt, they must comply with the conditions laid down in clause 1 (b), Part I (A) of this scale.

(b) *Responsibility for outwards goods.*—No responsibility will be accepted by the Trust for goods intended for despatch by rail out of the harbour unless and until (i) such goods have been stacked in a manner and in a position pointed out by an officer not lower in rank than a section master and (ii) a consignment note shall have been accepted for them by the Trust. Printed forms of consignment notes, which alone may be used, must be signed by the sender or senders or in his or their behalf, and must contain a declaration of the weight, description and destination of the goods. The Trust's goods clerks have instructions to demand from consignors or consignees a written description of their goods as required by the neighbouring Railways under section 58 of the Railway Act X of 1890.

(c) *Trust not responsible for goods under certain conditions.*—The Trust, acting as carriers, will not be responsible for the loss of or damage to goods, if they

(i) are insufficiently, incorrectly, or improperly packed, marked, directed or described;

(ii) contain articles liable to break or damage each other;

(iii) are liable to fermentation, or to leakage arising from bad casks, bad cooperage, bad soldering or defective joints in tins or drums,

(iv) suffer accidental or unavoidable delays in transit or otherwise,

(v) are damaged by the act of God, fire, the King's enemies or civil commotion.

2. RAIL-BORNE GOODS WHICH MUST BE UNLOADED AND LOADED INTO WAGONS BY OWNERS.—The following classes of goods must be unloaded from and loaded into wagons by owners even if not quoted in the neighbouring railway tariffs as having to be unloaded or loaded by owners. But the Trust reserves to itself the right to unload or load goods which the owner has to, but fails to, unload or load within nine working hours of the wagons having been placed in position. In all cases in which the obligation of loading or unloading falls on owners of goods, the risks attending these operations must be borne by the owners whether such loading or unloading is done by them or by the Trust:—

(i) goods consigned from and to the oil installations;

(ii) goods unloaded into or loaded from a warehouse or on to or from a plot of land leased to a merchant,

(iii) the excepted articles noted in Part II (B) of the scale which the Trust does not handle.

3. OFFENSIVE GOODS.—Offensive goods are not permitted to be consigned to Madras harbour. The following are declared to be offensive goods: (i) dried blood or blood manure; (ii) bones, horns or sinews; (iii) carcases of dead animals; (iv) corpses, (v) rags and (vi) any decayed animal or vegetable matter.

4. NOTICE OF ARRIVAL OF GOODS.—The Trust does not undertake to serve a notice of arrival of goods on a consignee, and the non-receipt of such notice does not entitle the consignee to exemption from wharfage or demurrage charges.

5. RAILWAY RECEIPT TO BE GIVEN UP.—The railway receipt must be duly endorsed by the consignee and surrendered to the Trust before goods can be delivered. When a railway receipt is lost or for some other reason is not forthcoming, the Trust reserves to itself the right to demand an indemnity bond before giving delivery of the goods concerned. The Trust will not accept railway receipts mutilated or disfigured in any way.

6. Port Trust Staff authorised to demand Payment of Freight.—The chief goods clerk is authorised to demand and receive payment of freight for the conveyance of any article by rail and also the charges incidental thereto. The public are cautioned against paying any charges to any persons other than the clerk appointed to receive money in the goods offices.

7. Partial delivery of a consignment.—A consignee cannot legally refuse to take delivery of part of a consignment because the remainder is not available for delivery or is damaged If he does not take delivery of that part of a consignment which is available for delivery, the goods will remain in the harbour premises solely at his risk and subject to the usual wharfage or demurrage rules.

8. Time-limit to Refund of Overcharges.—No person shall be entitled to a refund of an overcharge in respect of railway freight or other charges in connection with the conveyance of goods by rail unless his claim shall have been made, in writing, to the Traffic Manager within six months from the date of the delivery of the goods for carriage by the railways.

9. Harbour Charges on Railway Traffic.—For all goods entering or leaving the harbour in railway vehicles, with the exception of the articles noted in part II (B) of this scale, the Railways, when collecting their freight from owners, will also on behalf of the Trust collect the sum of 3 pies per maund as "harbour terminal charges." In the case of the exceptions, just referred to, as well as all military traffic booked as goods, two pies per maund will be recovered On export produce railed in from a Railway's local godowns for direct shipment from wagons to steamer or from wagon to boat the railway will collect 2¼ pies per maund for the Port Trust and half a pie per maund for their own shunting charge.

10. Harbour Charges on Troop and Passenger Trains —To cover the cost of haulage within the Trust's premises the Railways, when collecting their freight charges on vehicles containing passengers, troops or animals entering or leaving the harbour, will, on behalf of the Trust, collect harbour terminal charges at the rate of one pie per maund calculated on the tare of the vehicles. But the Railways and the Trust may agree to convert this into a rate per vehicle according to gauge or class.

11. Extra Shunting —The harbour charges cover only the shunting of vehicles between the time they are taken over from the Railways and the time they are placed in position for loading or unloading. For all extra shunting outside these operations a charge of Rs 2-8-0 per vehicle per shunt will be made irrespective of whether the wagons are loaded or empty.

12. Demurrage on Wagons.—(a) The demurrage rates are one anna per ton or part of a ton of carrying capacity per hour or part of an hour for broad gauge wagons and four pies per ton or part of a ton of carrying capacity per hour or part of an hour for metre gauge wagons.

(b) The Trust's working hours for railway traffic are from 7 hours to 17 hours (7 a.m. to 5 p.m.) except on Sundays, Christmas day and Good Friday which are "dies non," when no railway business is transacted.

(c) Demurrage is chargeable on a loaded wagon after the expiry of nine working hours from the time the wagon is placed in position for unloading, or in the event of the siding being full of wagons, from the time the wagon is placed on an adjoining siding

(d) Demurrage is chargeable on an empty wagon, which a consignor has indented for, after the expiry of nine working hours from the time the wagon is placed in position for loading, or in the event of the siding being full of wagons, from the time it is placed on an adjoining siding.

(e) In the case of an empty wagon, which has been ordered by a consignor, but which he does not load, demurrage is chargeable from the time the wagon is received from the railway till the time it is returned to its parent line.

(f) On all wagons, whether empty or loaded, which cannot be loaded or unloaded owing to the owner of the goods to be loaded or unloaded not being present, or to the railway freight not having been paid, or owing to any other delay on the part of the owners of the goods, demurrage is recoverable after the expiry of two working hours from the time wagons are received from the railways in case of wagons to be unloaded, or from the time the wagons are placed in position in the case of wagons to be loaded, until the owner of the goods has rectified matters. This demurrage charge is independent of any charge which may be made under clauses 12 (c), 12 (d) and 12 (e), Part I-B.

13. Wharfage on Goods.—Wharfage at the rate of one anna per maund or part of a maund per day or part of a day is recoverable on goods consigned to Madras harbour but not taken delivery of by the owner after the expiry of ten working hours [see clause 12 (b), Part I-B, for working hours] from the time the goods are unloaded. Wharfage is also chargeable on goods for outward despatch which are not consigned on the same date as they are tendered for despatch to the Trust.

14. Goods loaded or unloaded by the Trust.—With the exception of the articles noted in clauses 2 (i) and 2 (iii), Part I-B, all goods received from and despatched by wagons belonging to outside Railways will be loaded and unloaded by the Trust in return for the terminal charges laid down in clause 9, Part I-B But when, with the Trust's permission, such loading or unloading is done by owners, they will be given a rebate of two

annas per ton on the goods so handled. The goods referred to in clause 2 (ii), Part I-B, must be handled by the owners themselves, who, however, will get the rebate mentioned above.

15. CRANAGE CHARGES.—If cranes are required to load or unload goods into and out of railway wagons, the charges will be those laid down in clause 11 (a), Part I-A of this Scale of Rates, in addition to such harbour and other charges as may be recoverable. The cranes provided in the timber yard for loading timber into wagons are free.

16. GOODS SPECIFIED TO BE LOADED AND UNLOADED BY OWNERS BUT ACTUALLY LOADED OR UNLOADED BY THE TRUST.—When any goods specified in these rules as having to be loaded or unloaded by owners (see clause 2, Part I-B, of this scale) are actually loaded or unloaded by the Trust, a charge will be made of four annas per ton for each operation subject to a minimum of Re. 1 per consignment.

17. GOODS LOADED BY THE TRUST AND THEN STOPPED BY THE OWNER.—When goods, after having been consigned by the owner and loaded into wagons by the Trust, are stopped by the owner and unloaded by the Trust, a charge of four annas per ton will be made for unloading the goods and for each subsequent operation.

18. HIRE OF RAILWAY VEHICLES.—Hire charges on vehicles, which have been hired to the public by permission of the Railways concerned, will be collected by the Trust and remitted to the owning Railways. Vehicles hired from a Railway will be hauled by the Trust, on behalf of the hirers, at the rate of Rs. 2-8-0 per vehicle for each loaded trip; but the Trust will accept no responsibility for the loss of or damage to the contents of such hired vehicles.

19. RAILED GOODS NOT SHIPPED.—Excepting goods consigned to the Trust, all goods entering the harbour premises by rail, whether shipped or not, are liable for harbour dues. Goods railed to a warehouse in the harbour, and afterwards taken out of the harbour premises for re-conditioning, will have to pay harbour dues before they are removed; but when such goods are again brought back for shipment after having been re-conditioned no further harbour dues will be recovered, provided the owner gives a written declaration to the Trust about the identity of goods with those previously removed. Goods transhipped between wagons in the harbour premises will be treated as export cargo and will be liable for harbour dues and terminal charges.

20. OTHER CONDITIONS.—All other conditions governing the conveyance of goods by rail will be found in the goods tariffs of the neighbouring Railway.

21. ONLY SEA-BORNE GOODS DEALT WITH.—The Port Trust is not prepared to, and ordinarily will not, receive, book or deliver goods tendered to it other than those entering or leaving its premises by sea.

NOTIFICATION.

Fort St. George, March 12, 1909.

No. 84.—Under the provisions of section 44 of the Madras Port Trust Act, 1905 (II of 1905), the Governor in Council is pleased to direct that all vessels entering the artificial harbour at the port of Madras shall be liable to the payment of pilotage fees in accordance with the undermentioned scale, which will, until further orders, include both inward and outward pilotage.

G. O. No. 879, dated 3rd August 1881, prohibits vessels of any tonnage entering the harbour without a pilot on board.

	Rs.		Rs.
Vessels up to 100 tons	5	Vessels of 1,500 to 2,000 tons	50
„ of 100 to 200 tons...	10	„ of 2,000 to 3,000 „	60
„ of 200 to 500 „	20	„ of 3,000 to 4,000 „	70
„ of 500 to 1,000 tons	30	„ of 4,000 tons and upwards.	80
„ of 1,000 to 1,500 tons ...	40		

Provided that whenever any vessel is piloted into or out of the artificial harbour between sunset and sunrise on any working day or any Sunday or holiday notified under the Negotiable Instruments Act, 1881 (XXVI of 1881), fees shall be paid at the following rates in addition to the rates already mentioned :—

For each harbour master employed, a fee of Rs. 5 on account of each vessel piloted.
„ pilot boat tindal „ „ 4 annas „ „
„ „ boat man „ „ 3 „ „ „
„ mooring boat tindal „ „ 2 „ „ „
„ „ boat man „ „ 2 „ „ „
„ catamaran man „ „ 2 „ „ „

The Governor in Council is further pleased to direct that fees be also charged under the provisions of the same section of the Act for the undermentioned services at the rates specified against them :—

For shifting the berth of a vessel	Rs. 10
For re-mooring a vessel	„ 10
For mooring a vessel outside the harbour when she does not enter or leave it	„ 20
For hire of boats employed for the stern fasts of a vessel ..	„ 3

2. The scale of fees for the crews of harbour master's boats will take effect from the date of this notification.

Note.—From the 1st January 1917 and until further notice, the pilotage fees now leviable in the Port of Madras on all vessels entering the artificial harbour, will be increased by 50 per cent.

NOTIFICATION.

Dated 2nd May 1911.

Under the provisions of section 44 of the Madras Port Trust Act, 1905 (II of 1905), the Governor in Council is pleased to make the following addition to the rules for the payment of pilotage fees published in notification No. 44, on pages 268 and 269 of Part I of the *Fort St. George Gazette*, dated 24th March 1901:—

" When a moored vessel is shifted for its own convenience or to make room for another vessel, the vessel for whose convenience the shifting takes place must pay the shifting and re-mooring fees.

" When a vessel is shifted for the convenience of the port, no shifting or re-mooring fees will be charged."

NOTIFICATION.

In exercise of the powers conferred by sub-section (1) section 35 of the Indian Ports Act, 1908 (XV of 1908), the Governor in Council is pleased to direct that, with effect from the date on which the steam tug which it is proposed to purchase for the Madras Harbour becomes available for use by the shipping, the following scale of fees shall be charged for each mooring berth occupied by a steamer within the limits of the port of Madras :—

(1) Rs. 60 for the first day or part of a day and Rs. 30 for each succeeding day or part of a day, for each berth inside the artificial harbour.

(2) Rs. 45 for the first day or part of a day and Rs. 15 for each succeeding day or part of a day, for each berth outside the artificial harbour.

2. A day shall be reckoned as twenty-four hours from the time mooring in a berth is completed.

3. No vessel shall be liable to pay more than one of the above mooring fees for any one day or part of a day

4. A vessel shifting from an outside berth to an inside berth or *vice versa* shall pay the fees chargeable for the berth in which she began the day or part of the day for which the fees are calculated.

5. Marine Department notification No. 75, dated the 24th July 1909, published on page 689 of Part I of the *Fort St. George Gazette*, dated 27th July 1909, will, with effect from the same date, be cancelled. (True Extract.)

Note.—As a temporary measure, for a period of one year, with effect from the 15th May 1917, the mooring fees leviable at the port of Madras shall be enhanced by 25 percent.

COMMISSION FOR GOVERNMENT EXAMINATIONS.

The system of Public Service Examinations in this Presidency owes its origin to the famous despatch of the Court of Directors dated 19th July, 1854, authorizing the Government of India to establish a liberal system of education and to institute public examinations for testing the fitness of candidates for offices under Government. The scheme in question, after occupying a detailed and careful discussion, was brought into operation on the 22nd May 1857 by the introduction of the first code of rules for the Public Service Examination. This scheme having failed in its object, Mr. A. J. Arbuthnot, the then Director of Public Instruction, brought in his second scheme on 4th March 1858, cancelling the first scheme. The scheme of 1858 remained in force till 26th April 1861 when it was superseded by a third scheme drawn up by the same officer. The General Test Examination portion of Mr. Arbuthnot's scheme of 1861 was amended by Colonel Macdonald's scheme of 1880, which replaced the old General Test Examination by the Middle School Examination which continued to be in force till 1890, when, in accordance with Mr. Grigg's proposal of 4th July 1887, Government in their order No. 351, of 20th June 1889, instituted the Lower and Upper Secondary Examinations in place of the said Middle School Examination. The Upper Secondary Examination of Mr. Grigg's scheme was in force till December 1910, when it was replaced by the School Final Scheme of Dr. Sir A. G. Bourne, sanctioned by Government in their order No. 427 Educational, dated 21st July 1909. As for the Government Technical Examinations, they were first instituted in 1886, known as the Government Examinations in Science, Art, Industries and Commerce. The same owes its origin to recommendations of the Royal Commission on technical instruction, and the first examination was held in August 1886 during the Directorship of Mr. Grigg. In 1891 Dr. Duncan had the title of the examination changed into Government Technical Examinations and the three grades of the Examination were designated as Elementary, Intermediate and Advanced.

Under G. O. No. 57, Educational, of 2nd February 1894, the examinations which for several years included under the general name of the Uncovenanted Civil Service Examinations are now known as Government examinations under the control of the Commissioner for Government Examinations.

The Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction and Commissioner for Government Examinations.

D. A. Hobday—Secretary.

R. Krishna Rao Bhonsle—Office Manager.

SCHEME FOR THE AWARD OF SECONDARY SCHOOL-LEAVING CERTIFICATES SANCTIONED IN G.O No 427, EDUCATIONAL, DATED 21st JULY 1909.

I. The following scheme for the award of Secondary School-leaving Certificates is published for general information.

II. *To whom awarded.*—These certificates may be awarded on the completion of their school course to boys or girls who

(1) have attended one or more recognised secondary schools from at least the fourth form upwards,

(2) have attended each of the fourth, fifth, and sixth forms either for not less than sixty per cent. of the number of working days in each term and for not less than 120 working days in each school year, or for not less than 150 working days in each school year.

III. *By whom awarded* —(1) The certificates shall be awarded by a Board consisting of the Director of Public Instruction as President, five officers of the Government Educational Service and five non-official members and of each of these groups of members two shall be appointed on nomination by the Syndicate of the University of Madras.

(2) The members of the Board shall be appointed for a period of three years and shall be eligible for re-appointment.

(3) The Secretary to the Commissioner for Government Examinations shall be Secretary to the Board.

(4) The Board shall arrange for the award of the certificates in accordance with the provisions of this scheme

IV. *Scope of certificate.*—The certificate will take into account the school work done by the pupil from the fourth form upwards, and shall also contain the results of a public examination conducted by the Board It shall show exactly what subjects a pupil has studied and discriminate fairly between one pupil and another as to the benefit he has received from a school course.

The subjects of study will ordinarily include those specified in groups **A** and **B** mentioned below and one or more of those specified in list **C**.

A

Elementary Mathematics. English.* Vernacular Composition, and Translation, including a paper on Text-books *

B

Science. Geography and History of India for Form IV and History of the British Empire with connected Geography for Forms V and VI. Drawing. Physical Training. Domestic Economy and Sewing (*for Girls*)

C

One of the following languages:—

(*a*) Classical.—Sanskrit. Greek. Latin. (*b*) Foreign.—French. (*c*) Indian Vernaculars.—Urdu (Hindustani). Canarese. Tamil. Telugu. Malayalam. Arabic. Persian. Hebrew. German. Mahratti. Uriya. Burmese Sinhalese History of England, and India Algebra and Geometry. Practical Mathematics. Trigonometry. Botany. Physics. Chemistry. Music Agriculture. Commercial Practice and Geography. Book-keeping and Commercial Arithmetic Short-hand (English or Vernacular) and Type-writing. Precis-writing and Indexing. Needle-work and Dress-making. Lace-work. Physiology. Any other subject within the secondary school course.

V *Preparation of certificate.* (1) The certificate shall be in the form shown in the appendix to this scheme. Every pupil on entering a fourth form shall be provided with a blank certificate to be kept in the custody of the school so long as he remains there, the entries in the certificate for each term being made in due course by the headmaster.

(2) The results of school work done shall be entered against each subject taught in the school in the form of the number of marks gained out of a maximum of 100 for each subject except in the case of physical training where a general remark will be entered.

(3) The school work of a year in which the pupil is not promoted to a higher form shall not be taken into account; and no term certificate shall be accepted which is not gained in one and the same school.

VI *The Public Examination.*—(1) At the end of the course in the sixth form, the headmaster shall forward to the Secretary to the Board the certificates of such of his pupils as wish to complete them by appearing for the public examination conducted by the Board and as are, in his opinion, competent to appear for that examination.

(2) The certificate of no pupil shall thus be forwarded whose age then is less than 15 years unless he will complete the age of 15 years on or before the first day of the month in which the examination is to be held. It shall however be competent to the Director to relax this rule in the case of girls

(3) A fee of Rs. 12 shall be sent along with each pupil's certificate.

(4) The public examination will include the subjects of group **A** and any of the subjects of list **C**.

(5) It will be held at such places and on such dates as may, from time to time, be notified.

(6) The marks obtained out of a maximum of 100 in each subject at this examination will be entered by the Board on the last page of the certificate and the Board shall

*** Great weight will be attached to handwriting and spelling and to simplicity and directness of expression.**

also be competent to moderate the marks obtained in school work except those obtained in the subjects of group **B**.

VII. *Award of certificate.*—(1) The certificates thus filled in and completed shall be returned by the Board to the headmaster of each school for delivery to those who are leaving the school.

(2) The certificate of a pupil who is not, in the opinion of the headmaster, competent to appear for the public examination shall, if he is leaving the school, be endorsed to that effect over the headmaster's signature on page 13 column III. It shall then be forwarded to the Secretary to the Board for inspection and when returned to the headmaster shall be handed to the pupil.

(3) The certificates of pupils who take Sanskrit or any classical or Foreign languages under Group **C** will not be considered incomplete, because they contain no entry under Vernacular Composition and Translation in Group **A**

VIII. *Supplementary certificate.*—(1) If a pupil wishes to improve the certificate thus awarded to him, whether in regard to its quality in one or more subjects already brought up or by bringing up additional subjects under list **C** he may go back to the same or any other recognised school and appear at a succeeding examination conducted by the Board in any subject or subjects in which the examination is held.

(2) There shall be no limit to the number of times which a pupil may thus be re-examined.

(3) The fee shall be Rs. 12 for re-examination in a subject or subjects in which a pupil has already been examined by the Board, but a pupil who merely presents additional subjects shall pay a fee of Rs. 3 for each, provided that no pupil shall be called upon to pay more than Rs. 12 on any occasion.

(4) In either case, a further endorsement shall be made on the pupil's original certificate with regard to his progress in a manner similar to that laid down for the entries in the original certificate

IX *Subsidiary rules.*—The Board shall be competent to propose such subsidiary rules as it thinks fit for the estimate of school work done, the conduct of the public examination and other matters connected with the award of certificates subject to the provisions of this scheme. Such rules will be notified from time to time by the Director of Public Instruction

X. *Date from which this scheme is to take effect* —The scheme shall come into force from 1st January 1910 and the first public examination under it shall be held in March 1911, the school work corresponding to it being confined, as a transitory measure, to the first and second terms of the preceding school year. The school work in connection with the next following examination shall cover four terms and that in connection with all subsequent examinations the full six terms.

THE UNIVERSITY OF MADRAS.

The Madras University was incorporated on 5th September 1857 under Act XXVII of 1857 of the Legislative Council of His Excellency the Governor-General of India for the better encouragement of His Majesty's subjects of all classes and denominations within the Presidency of Fort St. George and for the purpose of ascertaining by means of examination the persons who have acquired proficiency in different branches of science, literature and art, and to reward them in open convocations by academical degrees as evidence of their respective attainments. The above Act of incorporation was amended by Act VIII of 1904 (Indian Universities Act, 1904), in virtue of which the Madras University, besides being a purely examining body, was invested with the following powers —

(1) To provide for the instruction of students.

(2) To appoint university professors and lecturers.

(3) To hold and manage educational endowments.

(4) To erect, equip and maintain university libraries, laboratories and museums.

(5) To make regulations relating to the residence and conduct of students.

(6) To do all acts which tend to the prosecution of study and research.

Schedule of examinations, fees, date of application, and dates of several examinations may be found in the notifications of the Registrar of the University in the *Fort St. George Gazette* or the University Calendar published from time to time.

COLLEGES AND SCHOOLS.

THE PRESIDENCY COLLEGE, CHEPAUK, MADRAS.

(AFFILIATED NOVEMBER 1877.)

This Institution was first established in 1841 under the name of "The High School of the Madras University." "The Madras University" was intended to consist of two Departments, a College and a High School, and was at first under the control of a governing body, designated the President and Governors of the Madras University. The first President was Mr. George Norton, then Advocate-General of Madras, and the Governors, fourteen in number, consisted of European and Indian gentlemen in equal proportions. The High School progressed rapidly, and in 1853 collegiate classes were opened. In 1855, when the control of the Institution was transferred to the newly-appointed Director of Public Instruction, the College was duly constituted under a Principal and Professors and received its present name. From 1841 to 1870, the work of the College was carried on in a rented building in Egmore, but in March of the latter year, the new buildings at Chepauk were formally opened by H. R. H. the Duke of Edinburgh and the students were transferred to it in the month of July following. This College is affiliated in all the groups of the Intermediate course and in branches I, II-A, II-B, III-A, III-B, III-C, III-P, IV and V of the B. A. Pass course; and also in branches I, II-A, II-B, III-A, III-C, III-B, IV, V, VII and VIII of the Honours course.

MADRAS CHRISTIAN COLLEGE

(*Affiliated*, *November* 1877)

This Institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland in Madras, and it was for a number of years the only one in Southern India where natives of the country could obtain a liberal education. It was originally styled the "General Assembly's Institution," but as it remained in dependence on that section of the Church of Scotland, which in 1843 dissolved its connection with the State, it was from that time known as the "Free Church of Scotland Mission Institution" The College department was opened in 1865; in 1876, its basis was widened; other Christian bodies combined with the Free Church of Scotland in contributing to its support, and are represented on its Council, so that it has become the centre of Christian liberal education in Southern India.

UNITED FREE CHURCH OF SCOTLAND MISSION.

This Mission is united with other Missionary bodies in carrying on the Christian College, Madras. In addition to the interest it has in the College, it conducts an extensive work in Madras City, and in the Ponneri, Conjeeveram, Saidapet, Trivellore and Chingleput Taluks of the Chingleput District. In these taluks there are four Mission Districts, *viz.*, Madras and Ponneri, Conjeeveram, Sriperumbudur and Chingleput.

In the Madras and Ponneri District there are 15 Schools for boys and girls with about 2,260 pupils, including the large Royapuram Girls' Boarding School with its Training Classes.

Medical Mission work has been carried on in the City since 1857 when Dr. Paterson opened a dispensary in Georgetown, and afterwards one in Royapuram. The medical work is now maintained by the U. F. C. Women's Foreign Mission in the Christina Rainy Hospital for Women and Children in Tondiarpet. This new building was opened by Their Excellencies, Lord and Lady Pentland, in January 1914. It has 50 beds for medical, surgical and midwifery cases. It is staffed by women, three doctors and a Nursing Superintendent, with 19 Indian Nurses. The Hospital provides a Training School for young Christian women who wish to be trained as nurses. In connection with the Hospital there are three dispensaries in different parts of the city, each of which is open two days a week. There is also an extensive private practice, the fees from which provide for a great part of the upkeep of the Hospital. A dispensary for men is carried on in Georgetown under a qualified Indian medical man.

In the Conjeeveram District there are 18 Schools for boys and girls, including a High School, and two incomplete Secondary Schools, with about 1,700 pupils. There has also been considerable medical work carried on in the City for twelve years. In January 1907 the Hospital was completed and opened by Sir Alexander Simpson, M.D., of Edinburgh. Since then several additions have been made to it, the cost of the whole being about Rs. 45,000. Provision has been made for 30 beds. In 1914-15 458 patients were treated in Hospital, and 585 in their homes, while about 9,000 out-patients were also treated. Midwifery, Gynaecology and diseases of the eye receive special attention.

In the Sriperumbudur District there are 17 Schools for boys and girls with about 570 pupils, while in the Chingleput District there are 28 Schools for boys and girls with nearly 1,400 pupils. These include a Boarding School for boys and another for girls, and also a High School. In connection with the Girls' Boarding School, a lace-making school was started by Mrs. Andrew in 1902 to teach the village girls an industrial pursuit, and has proved a marked success. There are also three farm settlements founded about twenty years ago for the benefit of the poor Christians by the Rev. A. Andrew. One of them is called Melrosapuram, where an agricultural Boarding School has been established. Here an interesting experiment was begun several years ago, on behalf of Government, to ascertain if an oil engine would be of use in the irrigation of crops from wells. It proved to be very successful, and now many hundreds of oil engines have been installed for well-irrigation throughout the Presidency as the result of the experiment. Lately the Government presented the oil engine to the Mission as a token of its appreciation of the effort thus put forth.

There are thus in connection with the U. F. C. Mission 79 Schools, with over nearly 7,000 boys and girls under instruction, with a fee income of over Rs. 42,000.

Zenana and Bible-women's work, Evangelistic and Congregational work are also carried on. The Christian community numbers about 3,500 in the whole field.

DOVETON PROTESTANT COLLEGE, VEPERY.

OPENED, 1ST MARCH 1855.

(*Affiliated, November* 1877.)

The Institution owes its existence to *Captain John Doveton*, a Eurasian by birth, whose large fortune was, with the exception of a few personal legacies, equally divided between the Parental Academic Institution at Calcutta and a similar institution established in Madras, under the name of the "Madras Parental Academy Institution and Doveton College." Shortly after it was amalgamated with the Protestant College and was thereafter known as the "Doveton Protestant College." The first Principal was the Rev. R. Halley, M.A., appointed in 1856.

QUEEN MARY'S COLLEGE FOR WOMEN, LATE MADRAS COLLEGE FOR WOMEN.

Queen Mary's College for Women is a Government College which prepares students for the Intermediate Examination of the University in the compulsory subjects and in the subjects required for group III and also for the B A Degree examination (Pass course) in Part I and in groups IV and V of Part II.

At present students taking Groups I and II of the Intermediate course attend lectures at the Presidency College.

The College is affiliated to the University of Madras in group III of the Intermediate course, and in group V of the B. A. course.

The aim of the College is education in the widest sense of the term. The Principal and staff exercise watchful care over the moral and physical welfare of the students and reside in the College hostel.

The practice of their own religious observances by students of all creeds is encouraged by the College.

The Principal of the College, sub. *pro tem*, is Miss D. de la Hey (B.A. Honours diploma—Oxford).

Professor.—Miss G. C. McCormick, M.A., (Dublin). *Addl. Professor.*—Miss M. L. Ebbutt, M.A., (Dublin.)

Assistant Professor—Miss I. Gunther, B.A., L.T.

Addl. Asst. Professors.—Miss T. Joseph, B.A., Honours, Miss M. G. Alexander, M.A., (Lond.), Miss D. Handoo, B.A., Honours.

There are also qualified teachers provided for the classical, foreign and vernacular languages.

Students are also admitted who desire to continue their education beyond the High School standard even if they do not wish to prepare for any University or other examination.

The fees are levied at the following rates:—

	Intermediate.	B.A. Pass Course. Part I.	B.A. Pass Course. Each group of Part II.
	RS. A.	RS. A.	RS A.
Long term	27 8	17 8	17 8
Short term	16 8	10 8	10 8

The College offers a certain number of scholarships:—

Hindu widow scholarships at Rs. 25 per mensem.

Collegiate scholarships at Rs. 9 per mensem in the Intermediate classes, Rs. 14 per mensem in the B.A. classes.

Scholarships taking the form of whole remission of fees; and other special scholarships.

In all cases these scholarships can be awarded only to applicants who have good qualifications and who are genuinely in need of such assistance.

The College is located on the Marina. New buildings have been constructed, which provide comfortable hostel accommodation for students.

Hostel accommodation is organised in three sections:—

(*a*) European, Rs. 28 per mensem.
(*b*) Indian Christian, Rs 10 per mensem.
(*c*) Caste Hindu—About Rs. 15 per mensem.

These charges cover all necessary items of board and lodging.

Applications for admission should be addressed to the Principal, Queen Mary's College for Women, Mylapore Post Office, Madras. They should give the full name, age, caste or creed of the applicant, information as to previous education (if possible a secondary school-leaving certificate should be attached) and the course of study desired. If this is for the Intermediate examination, the group chosen should be stated with the language for Part II and the subjects for group III, if this is selected.

They should also state whether hostel accommodation is required, and if so, in which section.

Applications should be signed by a parent or guardian who should indicate his official position or social status.

The College will re-open after the ensuing summer vacation on Monday, 8th July 1918.

PRESENTATION CONVENT TRAINING COLLEGE & SCHOOLS FOR YOUNG LADIES.

MACLEAN STREET, GEORGETOWN, MADRAS.

Conducted by the Sisters of the Presentation Convent.

The Convent of Nuns of the Presentation Order was established in Madras by the late Dr. John Fennelly on the 18th February 1842. The limited accommodation of that time has now developed into a street of buildings consisting of the Convent, Infant School, Orphanage, High School, Technical School and Training College.

The Sisters began to prepare pupils for the Matriculation in 1898 and in 1899, the School was affiliated to the Madras University, and continued until 1908 to prepare pupils for the First in Arts Examination. The scheme of work is as follows:—

The High School for Europeans comprises High, Middle and Primary Departments in charge of Sisters who hold English University and Teachers' Certificates, and the course of education followed is that prescribed by the Code of Regulations for European Schools. Pupils are prepared for the European High School, Middle and Scholarship examinations as well as for the Technical examinations.

The scale of fees is as follows:—

High School Department	...	Rs. 5 0	
Middle School „	...	„ 4 0	and Rs. 3 0
Primary „	...	„ 2 8	„ „ 2 0

Library and stationery fee, Re. 1.

Boarding Establishment.—Boarders are received at the rates of Rs. 25 per month.

Training College for young ladies opened in 1912. Prepares for teaching profession. Number of students at present 20. All receive Government stipends.

St. Mary's Orphanage.—The Rev. John Fennelly gave the Sisters in 1894 a generous donation, which enabled them to build the present Orphanage with its spacious and airy dormitory and class rooms. The children are prepared for the Middle School and Primary examinations, as well as being taught dressmaking, shorthand, typewriting and cookery, which enables them to secure a decent livelihood when they leave school. There are at present 150 orphans being fed and clothed, 70 of whom are supported solely by the labours of the Sisters.

Technical School.—There is a recognized Technical School attached to the High School and pupils are prepared for the highest examinations in Music, Dressmaking, Typewriting and Shorthand

St. Xavier's Industrial Class.—This class is composed mainly of orphans who have completed their general education. They are taught lace-making, drawn-thread work, embroidery, etc.; orders for all kinds of plain and fancy needlework are executed here, the proceeds of which go towards the upkeep of the orphanage.

ST. GABRIEL'S HIGH SCHOOL, MADRAS.

(Late St. Mary's College.)

No. 5, Armenian Street.

ESTABLISHED 1839.

This Institution was founded in the year 1839 by the Right Rev. Joseph Carew, D.D., for the purpose of affording to the Catholic youth of Madras the facilities of a liberal education. For nearly 44 years it was known as St. Mary's Seminary and had the Very Rev. Dr William Kelly (of Maynooth) for its first Principal. In 1862 the school began to prepare candidates for the Matriculation Examination of the University of Madras, and in February 1883 was affiliated to the University as a Second Grade College. In April 1905, the Government of Madras issued a Code of Regulations for European Schools. This necessitated the separation of the European from the Indian students of the Institution. The F. A. classes were closed on the 1st April 1907, and it was decided that the Secondary School for Indian pupils should thenceforth be called *St. Gabriel's High School.*

The course of secular studies is adapted to the requirements of the scheme for the award of Secondary School-Leaving Certificates approved by the Government of Madras in G. O. No. 427, dated 21st July 1909. A Library is maintained for the benefit of the pupils, while a well-equipped Gymnasium affords healthy exercise to the boys To facilitate the teaching of Geography and Science in accordance with modern methods, a set of up-to-date School-Room Maps has been supplied, and the necessary Physical and Chemical Apparatus has been furnished. Provision has moreover been made for the Practical work of pupils in the Laboratory. The Reference Library for Teachers has also been considerably enlarged and improved. A Provident Fund was started three years ago for the benefit of the teachers.

The Institution is supported by the Madras Catholic Mission, by fees collected, and by a Grant-in-aid from Government, and is under the management of Fathers belonging to the Society of St Joseph, Mill Hill, London. European Fathers of this Society are ranked by the Government of Madras in the Educational Department as Trained Licentiates in Teaching —Vide *Fort St. George Gazette, 15th February 1901.*

WESLEY COLLEGE, ROYAPETTAH.

(AFFILIATED IN 1881.)

Principal.—Rev J. E. Neill, B.A. *Vice-Principal*.—Rev C. K. Williams, M.A. *Head Master of the High School*—Rev. H. Ashcroft, M.A., and forty-two other Masters, with Tamil, Telugu, Hindustani and Sanskrit Munshis and Drawing Masters and Gymnastic Instructors.

The College was founded by the Rev. E. E Jenkins, M.A., in 1851, with the object of giving a superior education based on Christian principles to all classes of the Indian community. At first the school was held in a thatched shed, but in 1857, a permanent building was erected which was enlarged in 1863, and in 1886 and again in 1906. The entire cost of the buildings has been Rs. 80,000. The College contains 205 students in the College classes (Intermediate) and 750 in the school department. The course of secular studies is adapted to the requirements of the S. S L. C. course and the Intermediate (Br I & III) examination of the Madras University. A Hostel to accommodate 35 students was erected in 1914.

THE KELLETT HIGH SCHOOL, TRIPLICANE.

Manager and Principal.—Rev. D. G M. Leith, M.A. *Headmaster of Primary Dept.*—C. S. Ramaswamy, and twenty-six Assistant Masters.

This School, formerly the Aryan Boys' High School, was taken over by the Wesleyan Mission in 1900. It is a fully equipped Boys High School with about 600 pupils, recognised by Government. Situated in Venkatesa Naick Street, Triplicane. Optional subjects at present taken. English History, Vernaculars, Physics, Chemistry, Advanced Mathematics, Sanskrit.

---o---

WESLEYAN MISSION GIRLS' BOARDING HIGH SCHOOL, ROYAPETTAH.

This School was established in 1848, chiefly for the benefit of Native Christian girls though non-Christians are not refused admittance. It is situated in "Myrtle Grove", Royapettah, and now contains about 200 pupils of whom 100 are boarders. The course of study is adapted to the requirements of the Government School Leaving Certificate, and special attention is paid to needlework and to instruction in the duties of domestic life. While the Tamil language is by no means neglected, special attention is given to the teaching of English. Any other particulars will be gladly supplied by the Principal on application. Two English ladies are in charge of the School. *Principals*—Miss Lockhart, B.A., and Miss Triggs, B.A.

---o---

WESLEYAN MISSION HINDU GIRLS' SCHOOLS.

Five Hindu Girls' schools are supported by the Mission—in Royapettah, Meersaibpettah, Pudupaikam, Mylapore, and Thousand Lights. These schools are supported chiefly by subscriptions from England, and contain about 400 scholars. The languages taught are Tamil and English. The schools are under Government inspection.

CHURCH OF SWEDEN EVANGELICAL LUTHERAN MISSION SCHOOLS, ANGLO-VERNACULAR

Under the Management of a British Committee. Convener.—Rev. J. H. Maclean, B.D.

1. *Fabricius Secondary School at Pursewalkum.*—This School, which was established in 1849 as a Middle School, imparts a sound religious education. It is named Fabricius School to perpetuate the blessed memory of that famous Lutheran Missionary who laboured 100 years ago for 50 years in Madras, and whose Bible version and hymns are still used in the Lutheran Church. The strength of the school is 449. Attached to this is a boarding establishment, where about 50 children are educated. *Correspondent.*—Rev. W. Meston, M.A., B.D.

2. *Pursewalkum Girls' Secondary School.*—This School, which was established in 1849, teaches up to the I Form. Religious lessons, singing and needlework are properly attended to. English is also taught throughout. Attached to this is a boarding establishment where about 30 children are educated. *Correspondent.*—Miss T. Forbes.

3. *Brick-kiln Road Mixed School.*—This School was opened in 1898. *Correspondent.*—Rev. J. P. Shrimpton, B.A.

4. *Mixed School at Kotircherry, Chetput.*—This School was opened in 1881. It teaches up to the Fourth Standard and is mostly frequented by the children of servants in European houses. *Correspondent.*—Rev. J. P. Shrimpton, B.A.

GOVERNMENT HOBART TRAINING SCHOOL.

(For Muhammadan School Mistresses.)

No. 3, White's Road, Royapettah, Madras.

This Institution has been in existence for upwards of 30 years. Its income was originally derived from the following sources:—(1) An endowment of Rs. 10,000 bestowed by Lady Mary Hobart; (2) profits from the sale of work. These being found inadequate to defray the increasing expenditure, the Government in 1889 took over the entire responsibility of its maintenance. In 1890 it was placed under the supervision of the Superintendent of the Presidency Training School for Mistresses, which fact affords sufficient proof of the utility of the School. It provides education up to the VIIth Standard, in their own vernacular, for all classes of Muhammadan female children. It has several classes, including a normal class, which yearly sends out duly qualified teachers. The teaching of English was begun in 1902 to the pupils of the 3rd class and upwards. A large and commodious building has been purchased by Government for the accommodation of the School. Prizes and Scholarships are awarded by the Madras Government. There are 15 Teachers on the Staff. *Superintendent.*—Miss G. I. Peters, B.A., L.T. *Head Mistress.*—Model School Mrs. Muzhauddin. *Drawing Mistress.*—Miss Gladys Mitchell. The school may be inspected by ladies during the school hours, 10—4, Fridays and Sundays excepted. The school has been under the direct control of the Inspectress of Girls' Schools, Central Circle, since May 1905.

(1) English was abolished in January 1908, as it did not serve the purpose for which it was intended, *viz.*, of attracting the better class of Muhammadans, but it has been re-introduced from July 1911.

(2) New subjects have been introduced into the school according to the revised English curriculum, (1) Nature study, *i.e.*, Elementary Science, Botany and Zoology; (2) Gardening. A course of 2 years' training was recently sanctioned for all Elementary grade students, according to which students now receive a training of 2 years, during which time they are taught as well as trained.

Industrial subjects.—White embroidery, silk and gold thread embroidery and braid work were again started in June 1909, and two additional teachers for this work were appointed from the same date for two years, as a temporary measure. These Industrial classes have now been made a permanent section of the School from 1st January 1913, and the classes advanced sufficiently to take in orders for any kind of work. The Model School has been raised to the status of a Secondary one since August 1917.

Statement of the Objects and an Appeal on behalf of the Civil Orphan Asylums.

The MADRAS CIVIL ORPHAN ASYLUMS were founded one hundred and eight years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency. They have thus stood the test of time, and continue to retain public confidence.

The necessity, character and scope of the work done in these Institutions are well known to the general public in Madras, and the help received is practically confined to the residents in this city. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the Mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the Mofussil, for some contribution towards the support of these Institutions, does not appear to be so generally recognised.

These Institutions are managed by a Directorate, who are elected by the subscribers. The Bishop of the Diocese is the President, the Archdeacon and Garrison Chaplain are the Vice-Presidents, the Principal and Secretary is a Clergyman of the Church of England and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these institutions. Though the religious instruction imparted here is in accordance with the teaching of the Church of England, destitute orphans of all denominations are admitted.

Contributions may be remitted to the Principal and Secretary, Civil Orphan Asylums, Poonamallee Road, Kilpauk, Madras.

TRINITY CHAPEL SCHOOL, PARKTOWN.

Boys' School, established 1st June 1836; Girls' School, established 1st January 1840; united into a Mixed School, June 1878.

Patron.—The Right Reverend the Lord Bishop of Madras. *Vice-Patron.*—The Chaplain of South Georgetown. *Directors,*—Canon Goldsmith and D. W. Hankins. STAFF.—*Head Mistress.*– Mrs. Benjour. *Assistants.*—Mrs. Evans and Miss Michael.

GORDON ORPHAN REFUGE.

SAN THOME, MADRAS.

President.—H. E. Lady Pentland, *Honorary Secretary.*—Mrs. Firth. *Treasurers.*—Bank of Madras. The design of this Institution is to afford a Refuge for such destitute *orphan* girls of European descent, as are not eligible for either the Military or the Civil Female Orphan Asylums. As such, it is one, the Committee plead, *well* deserving of public support. For the information of new subscribers, it may be mentioned that "The Refuge" was commenced in 1860, by Mrs. W. A Morehead, by whose exertions sufficient money was raised to purchase the premises at St. Thomé, where "The Refuge" is now located. Subsequently, the Trustees of the property of the late Mrs. Gordon of the Mount endowed it to the amount of about Rupees 479-8-0 per annum, on condition that it assumed its present title. From April 1st, 1873, the Institution has received a Grant-in-aid from Government of Rupees 100 per mensem, *provided* the subscriptions reach that amount. As many old subscribers have left Madras, and as it is most desirable to secure the Government Grant, and, if possible, to enlarge the operations of this Institution, the Committee think it right to put forth this statement, in the hope that new subscribers will kindly come forward. The Committee invite those who may be disposed to aid this Institution to visit it between the hours of 5 and 7 P.M., and to judge by personal inspection whether it be worthy of support. *Hony. Secy.*—Mrs. A. Firth.

"INDUSTRIAL HOME" FOR GIRLS.

SAN THOME, MADRAS.

The girls in the "Industrial School" receive an elementary education in reading, writing, and arithmetic, are taught domestic duties, and all kinds of useful needlework, so that after leaving it they may be able, as neat good workers, to maintain themselves in comparative comfort. It is trusted that this project may meet with the approbation of the public, and that they will kindly give the Institution that practical and pecuniary support of which it stands so much in need All subscribers are invited to visit it between the hours of 5 and 7 P.M., and to judge its usefulness by personal inspection whether it be worthy of support. *Hony. Secy* -- Mrs. A. Firth.

"HOME" FOR DESTITUTE INFANT CHILDREN.

San Thome, Madras.

The following brief account of the Infants' Home will show its present position and requirements:—The Home was started in January 1882, under the auspices of the late Lord Bishop of Madras, in the old premises of the Girls' Industrial School. All interested in this charity are invited to visit it between the hours of 5 and 7 P.M. and to judge for themselves if it is worthy of their support; it is hoped that this statement will be sufficient to ensure the enlarged and liberal support needed to carry it on. *Hony. Secy.*—Mrs. A. Firth.

ST. MARK'S SCHOOL.

North Georgetown, Madras.

Educational work was commenced in this district in September 5th, 1860, by the late Archdeacon C. R. Drury, M. A., and was carried on for forty-nine years in a building known as The Drury Poor School. In 1910 this school building was in such a bad state of repair and altogther the school in such a bad way financially, that it was decided to amalgamate it with the day school section of St. Mark's Orphanage, both institutions being connected with St. Mark's Church, and buildings quite close together. In 1915, owing to financial difficulties, St. Mark's Orphanage had to be closed. From 1874, when the Orphanage was opened as an Orphanage and Industrial School, to the year 1915 when it was closed, a most useful work was accomplished in maintaining and educating a large number of destitute European and Eurasian Orphan boys sent from the diocese of Madras. The present school, St. Mark's, is the successor to the Drury Poor School and St. Mark's Orphanage and is held in the Orphanage building. The school provides such an education for the poor European and Eurasian children of this poverty stricken district as will enable them to earn their livelihood. From the beginning of this year a small scale of fees is charged according to the income of parents. A free mid-day meal of curry and rice is given to the poorest of the children as these poor boys and girls would otherwise have to go unfed for the day. Clothing is also given as far as funds permit Religious instruction is given daily. Donations and subscriptions gratefully received by the Chaplain. *Head Mistress.*—Miss Henegan.

RAJAGOPAUL CASTE GIRLS' SCHOOLS.

The following schools of the United Free Church Mission—Chetty Girls' School, established 1870; Rayapuram Hindu Girls' School, 1877; and Mint Girls' School, 1880—were founded by the late Rev. P. Rajagopaul for the purpose of giving an elementary education on Christian principles to Hindu girls About 740 children are on the rolls and the staff consists of 30 female teachers. The annual cost of the schools exceeds Rs. 8,900 which is met from the proceeds of the founder's endowment, Government grant, fees, and subscriptions from friends in Scotland. The Chetty School is conducted in its own building in Thumboo Chetty Street, the Mint Girls' School in its own premises in Kondalier Street, and the Rayapuram School in a rented building in Mannarswamy Covil Street, Rayapuram. These schools are under the management of the United Free Church Mission, Madras. These are included in the General Statement of the United Free Church of Scotland Mission.

MUTHIALPET HINDU GIRLS' SCHOOL.

130, Thumbu Chetty Street, Madras, E.

This institution was originally founded by H. H. the late Maharaja of Vijianagaram. After the demise of His Highness in 1896, the management of the School changed hands. This is a purely Hindu institution and a recognised one. Girls are taught up to 5th Standard. The staff is qualified departmentally. The Committee invite those who may be disposed to aid the institution to visit the same and judge by personal inspection whether it be worthy of support.

PACHAIYAPPA'S COLLEGE, MADRAS.

(Affiliated January 1889.)

This College and High School is a purely native Institution maintained out of the fruits of native benevolence, managed by a body of Hindu Trustees, and dedicated solely to the education of the Hindu community, particularly of Madras. Pachaiyappa Mudaliyar, in whose name the Institution was founded, was a wealthy, benevolent, Hindu gentleman, who, dying a hundred years ago, when education was almost unknown in Madras, endowed various religious institutions and private charities with no less than a lakh of Pagodas. The provisions of the will, however, were in great part neglected by the Executors, so that the Supreme Court at Madras intervened and assumed control of the Estate. In course of time, these funds amounted to nearly 7½ lakhs of rupees, and after assigning the original lakh of pagodas to the specific religious Charities mentioned in the will, the surplus funds were ordered, under a decree of the Supreme Court, to be devoted to educational establishments in various parts of the Presidency and particularly in Madras itself.

A school was therefore established in Georgetown in January 1842 under the name of Pachaiyappa's Central Institution, controlled by a governing body of Hindu gentlemen, being householders in Madras, called the President and Trustees of Pachaiyappa's Charities. On the 20th March 1850, the school was removed to the present building specially erected for the purpose, the ceremony of the opening of Pachaiyappa's Hall taking place the same day amidst a crowded meeting of European and Native gentry with a former Governor, the Right Hon'ble Sir Henry Pottinger, in the Chair.

LODD GOVINDAS' VEDIC SCHOOL.

This is intended to give instruction in Hindu Scripture, *viz.*, Vedas, to all the boys of Dvijas, *viz.*, Brahmans, Kshatriyas and Vaisyas. But of late, there seems to be a great apathy amongst non-brahman classes to receive instruction in Vedas. As Yejur Veda is mostly prevalent in this part of the country Mr. Lodd Govindas has engaged a very competent teacher who is available to give free instruction in Vedas to qualified Brahmans and non-brahmans. *Apply to*—Brahma Stree Lakshuminarasimha Somayajulu, Professor of Strouthа and Smarthakarma.

MUSIC CLASS FOR THE BLIND.

Manager.—S N. Ramalinga Mudaliar.

(*Established in* 1901.)

A Music Class for the helpless blind people of this City had been established at 4, Harris Road, Pudupett, Madras, under the patronage of His Excellency Sir Arthur Lawley and of Their Excellencies Lord Curzon, Lord Ampthill, Lord Wenlock, Their Highnesses the Gaekwar of Baroda, the Maharajah of Travancore, the Maharajah of Mysore, Rajahs of Pittapuram, Kurupam, Kallikote, and Attegada, the Nawab of Banganapalle, Mrs. Annie Besant and other sympathisers from Madras, Hyderabad, etc., who have liberally subscribed.

The Institution was established in December 1901, and at present consists of 15 blind persons of all classes and creed, the object being to save them from a life of beggary, by teaching them a profession which will enable them to earn an honest livelihood. The class is open daily from 4 to 6 P.M., and vocal and instrumental music is taught by a professional Indian violinist. The school is entirely supported by subscriptions and donations given by the charitable public.

The Manager appeals to the generous public, who sympathise with the poor and unfortunate blind, to assist him in the maintenance and support of such a laudable institution. A regular monthly or annual subscription, however small, will go a great way towards helping the helpless blind for whose exclusive benefit this classes has been started.

BRAHMA SAMAJ POOR SCHOOLS.

(ESTABLISHED IN 1881).

Hony. Manager.—S. Somasundaram Pillai, B.A., B.L.

The Brahma Samaj maintains the following schools for the poorer classes in this city:—(1) The Brahmo Ragged Day School, recognised under the Grant-in-Aid Code with nearly 200 pupils; 75 per cent. pay only half the usual fees and the rest are taught free; (2) Raja Ram Mohan Roy Free Night School, at 97, Annapillai Street, Georgetown; and (3) Maharaja Gajapathi Rao Free Night School near Gangadeeswarar Kovil, Pursewalkum. The Night Schools are also recognised under the Grant-in-Aid Code and have more than 80 pupils. These belong to the poor working classes who, during the day, work at some trade or other. Donations and Subscriptions, however small, may be sent to the Honorary Manager, at 97, Annapillai Street, Georgetown, Madras.

THE ELEMENTARY BOYS' SCHOOL.

(54, PADAVATTAMMAN COVIL STREET, KOSAPETT, PERAMBUR BARRACKS, MADRAS. N.C.,

(*Recognised by Government*)

(Established in June 1910.)

Founder:—M. Aruldason

(1) This school is not a denominational but an independent seminary working on a solid and healthy moral basis. It imparts a sound elementary education to the sons and daughters of the poorer and backward classes and thus elevates them.

(2) This is under the management of a Local Committee. Its success so far has been due to the generous patronage of the public-spirited citizens of Madras, both European and Indian, and a few Indian aristocrats, H. H. the Maharanee of Mysore, H. H. the Maharanee of Vizianagram, H. H. the Jaghirdar of Arni, Kunwar Maharajsingh of Simla, H. H. the Rajah of Ettaiyapuram, etc. The Hon'ble Justices C. G. Spencer, W. W. Phillips, J. H. Bakewell. The Hon. Advocate General, etc. etc. There is a staff of five teachers who take a keen interest in the education of the pupils.

(3) *Committee.*—Dr. D. J. S. Money, M.B. (Camb.) and D. Aroonachellum Chetty. *Hony. Secretary and Correspondent.*—A. G. Ratnam.

(4) Funds are urgently needed for the successful maintenance and upkeep of the school and contributions may be kindly sent to the Hony. Secretary at the above address.

THE EGMORE BALIKA PATASALA.

No. 66, HIGH ROAD, EGMORE, MADRAS.

Origin and Object.—The Patasala originally known as "Swadeshi Balika Patasala" was *started on 19th June* 1908 with the sole object of extending free primary education as far as possible to the destitute children of the locality, and it is achieving its object admirably. Subsequently in November 1908 at the instance of the Committee, the name of the School was changed into the Egmore Balika Patasala.

Muthumanicka Mudaliar, *Auditor.*—A. Babu Naidu. *Bankers.*—The Indian Bank, Ltd., Madras.

Origin and Object.—It is hardly necessary to say that the School is serving a very useful purpose. It was started in 1908 and has till now been giving *free education to girls* with the help of local subscriptions, but the management is very much handicapped by want of funds. This school is the only school of an indigenous character in this part of the city and its maintenance is felt to be a real necessity. The Committee fully trust that the enlightened citizens of the locality and near about will come forward to assist the school by payment of monthly subscriptions so as to enable the Executive Committee of the Patasala to work the School on a satisfactory basis.

THE INDIAN CHRISTIAN SCHOOL

Cross Road, New Washermanpet, Madras, N.E.

This is a First Grade Higher Elementary School, conducted on home-to-home lines. It is intended for Indian Christian children of respectable parentage. The chief characteristics of the school are as follow -(*a*) It is conducted on Salvation lines, (*b*) It pays individual attention to pupils; (*c*) It gives private tuition to backward pupils outside school hours, and (*d*) It provides home comforts for the inner man. The School is recognised as a Higher Elementary School up to III Form. *Manager.*—G. Samuel Israel. *Head Master.*—T. Samuel, assisted by a staff of four teachers.—Gnanamuthu Joseph Israel. *Principal or Founder.*

The Madras Tamil Mission has 7 other schools--3 in Georgetown, and 4 in the Chingleput District. The number of other workers is 22. There is an Evangelistic Band arranged by the Principal.

THE OLCOTT PANCHAMA FREE SCHOOLS.

The Olcott Panchama Free Schools were specially instituted by the late Col. H.S. Olcott, President-Founder of the Theosophical Society, for the purpose of encouraging and educating the children of the backward class—the Panchamas. They become very good domestic servants. The attention of the public is drawn to this fact. Book-binding, cane-work and sewing are also taught. These schools are situated both in and outside the limits of the Madras Municipality. They are five in number :—

1. Damodar Free School, Teynampet.
2. Olcott Free School, Adyar.
3. Tiruvallur Free School, Mylapore.
4. H. P. Blavatsky Memorial Free School, Kodambakam.
5. Annie Besant Free School, Krishnampet.

The Damodar Free School is the biggest of these schools with a staff of 9 teachers. This school has a strength of 200 pupils. In the Annie Besant Free School Krishnampet, with 198 pupils, evening classes in Telugu and Tamil are held for grown-up members of the community, at their special request. Most of these people are scavengers. On every Saturday throughout the year, all the teachers of all the above schools meet at the Damodar Free School at Teynampet, and undergo a course of training. Once every year the Teachers' Training Class is officially inspected. *Superintendent.*—Miss C. Kofel. *Secretary and Treasurer.*—A. Schwarz. *Director of Training.*—M. Ponnusawmy Pillay.

BUCKINGHAM AND CARNATIC MILLS SCHOOLS.

STEPHENSON ROAD, PERAMBORE.

These schools were established in 1904 to educate by day classes half timers, and by night classes operatives in the Buckingham and Carnatic Mills, and to qualify them more fully for their work in the factories.

The education is practically free. The schools are maintained by the Mills and assisted by Government.

Joint Principals.—Miss M. D. Sage, M.A., and Miss G. A. Pearce, Hawkfield, Perambur Barracks.

STUDENTS' HOSTELS, MADRAS CITY.

THE PACHAIYAPPA'S COLLEGE HOSTEL.

DARE'S GARDENS, CHETPUT.

Early in August last year, the College Hostel was transferred from Doveton House to Dare's Gardens and with the change of place there has also been a change of management. The Hostel is now under the direct management of the Trustees, who have appointed a Special Committee for its administration, consisting of four of the Trustees, the Principal and the Warden. Mrs. Besant has presented nearly all the furniture that there is in the Hostel (shelves, cots and chairs), Mr. C. P. Ramsamy Iyer still continues his aid to it and particularly to the Reading Room. About 80 students live in the Hostel, 40 in a bungalow, Dare's Gardens, the kind gift of Government, and 40 in the neat and beautifully designed outhouses completed through the energetic labour of Mr. Masilamoni Pillai, the Hostel Engineer and the contractors. Beautiful avenues and roads are being laid out The Students have, through the special grace of the Traffic Manager and the District Traffic Superintendent, a special station within a few yards of the Hostel, where two trains in the morning and two in the evening stop to pick up and set down students of the Hostel. The Hostel is excellently equipped for Athletics, situated as it is in close proximity to the magnificent playground provided for the College by Government. There will be provision for football, cricket, tennis, badminton and hockey and a swimming-bath in the new grounds. There is at present provision for practice football, tennis and badminton. The Athletic Department is managed by a General Secretary elected from among the students. The immediate supervision of the Hostel is entrusted to an Assistant Professor of the College, P. Subramania Aiyah, B.A., L.T. He is assisted in the administration of it by the representative committee of students The main Hostel building is rapidly progressing and will be available for use in about a year or thereabouts.

THE YOUNG MEN'S INDIAN ASSOCIATION HOSTELS

THE GEORGETOWN HOSTEL.

This branch of activity of the Association is fulfilling a real want in the city, but only a small number of the student population can obtain the benefit of this hostel, now working under the auspices of the Association, for want of sufficient accommodation. The Georgetown hostel is located in No. 107, Armenian Street, Georgetown The kitchen and dining rooms are in the premises in Armenian Street, Georgetown

THE MYLAPORE HOSTEL.

"PALM LODGE," MYLAPORE.

This is located in a large bungalow situate in a very extensive compound This is intended exclusively for students of law and provides accommodation for forty of them at present. It has a resident Warden, who carefully looks after the interests of those placed in his charge.

CAITHNESS HALL

This Hostel was erected by Dr. Miller with the aid of a grant from Government and was presented by him to the College in 1902. It is designed for non-Brahmins and provides accommodation for 16 students. *Superintendent.*—James Angus, M.A., B SC.

FENN HOSTEL.

The Hostel was opened in 1888 in commemoration of the name of the Rev. David Fenn, Secretary in Madras of the Church Missionary Society. It is intended for Indian Christian students and provides accommodation for 45 members.

Superintendent.—S. J. Crawford, B.A , B. LITT.

HOSTEL FOR MUHAMMADAN PUPILS, MOUNT ROAD.

This Hostel stands erected in Umdah Bagh and is intended for the boarding and residence of pupils under instruction in the Madras-i-Azam and recognised Colleges.

Superintendent.—C. W. Moss, M.A *Manager.*—C. Jafer Husain Sahib, Umdah Bagh, Mount Road.

BODDAM MUSLIM HOSTEL.

This Hostel is situated in Singauna Naick Street, Georgetown, and is managed by the Muhammadan Educational Association of Southern India. *Hony. Secys.*—A. Hameed Hassan and Mir Zynuddin.

THE RUNGIAH CHETTY HOSTEL.

This Hostel was presented to the Christian College in 1910 by S. Ramanujam Chetti and S. Rajamannar Chetti in memory of their father who for many years was an Assistant Professor in that College. Primarily intended for the accommodation of Vaisya students of the Christian College, it accommodates, in their absence, students of all classes and denominations, this being possible since the Hostel provides lodging only to students, who mess in other Hostels of the College and in neighbouring Hostels, while facilities are also provided on the premises for Members who agree to carry on Boarding.

Superintendent.—S. J. Crawford, M.A., B. LITT., Professor, Christian College.

THE STUDENTS' HOME, MADRAS.

There are two Students' Homes, one erected in 1884 by Dr. Miller and the other in 1895. Both are now acquired by the Christian College and the membership is confined to Brahmin students of that College. They afford board and lodging for 86 students.

Superintendent.—The Hon'ble Rev. G. Pittendrigh, M.A., Professor, Christian College.

VICTORIA HOSTEL, TRIPLICANE, MADRAS.

This is a Hostel named after Her late Majesty Victoria the Good and provides accommodation for students of different sects.

HOME DEPARTMENT, PUBLIC, *Fort William, Dec.* 1871. — (Signed) E. C. BAYLEY, *Secy. to the Govt. of India.*

2. According to a ruling of the Madras Government, all Magazines, Reviews, Literary and Scientific Journals and similar *Periodical* literature published in parts at fixed intervals, and intended to be continued for an indefinite time, should also be registered in the same way as books.

OFFICE OF THE REGISTRAR OF BOOKS, *Madras*, 15*th August* 1908. — (Signed) M. RANGACHARYA, *Registrar of Books.*

CIRCULAR MEMORANDUM.

Certain cases of failure to deliver regularly for registration, books, periodicals, Magazines and other serial publications *within a month* from the date of their issue from the press, as required by Section 9 of Act X of 1890, having been recently noticed, the Registrar of Books finds it necessary once more to call the attention of all Proprietors of Printing-presses to the provisions of the law relating to the neglect to deliver for registration, within the prescribed time, every book, pamphlet or periodical printed by them, and also relating to any evasion of the law to supply such books, periodicals, &c., as are claimed by the Librarian of the British Museum or of the India Office Library, London, or by both, *within a month* from the date of requisition from this office. Through such neglect or evasion, a printer renders himself *liable to prosecution before a Magistrate* under Section 16 of the Act noted above.

2. The absence of the publisher or the author, &c., and the consequent difficulty in getting copies to be delivered for registration, or for supplying the books claimed on behalf of the public Libraries named above, are often urged as an excuse for delays, but they cannot and will not be accepted as a sufficient excuse either at this Office or in a Court of Law.

3. It is the duty of every printer before delivering an edition of any work to the publisher or author to secure as many copies as are necessary to meet the requirements of the Registration Act, XXV of 1867, and Act X of 1890, and thereby be in a position to remove all cause of complaint from this Office or from higher authorities.

OFFICE OF THE REGISTRAR OF BOOKS, *Madras*, 15*th August* 1908. — (Sd.) M. RANGACHARYA, *Registrar of Books.*

CIRCULAR TO PRINTERS AND PUBLISHERS.

With reference to Section 3 of Act XXV of 1867, as amended by Act X of 1890, which requires that "every book or paper printed within British India shall have printed legibly on it the name of the printer and the place of printing, and (if the book or paper be published) of the publisher, and the place of publication," the Registrar of Books hereby notifies that failure to insert on the title-page of any work delivered for registration, the names referred to will be treated as an evasion or violation of the above-mentioned section, and will be dealt with according to Section 12 of the Act, wherein is laid down that "whoever shall print or publish any book or paper otherwise than in conformity with the rule contained in section 3 of this Act, shall, on conviction before a Magistrate, be punished by fine not exceeding five thousand rupees, or by simple imprisonment for a term not exceeding two years, or by both."

2. The names in question should also be entered as required in columns 5 and 6 of the Memorandum of Particulars, which should accompany every book delivered by a Printer pursuant to clause (*a*) of the first paragraph of Section 9 of the amending Act X of 1890.

OFFICE OF THE REGISTRAR OF BOOKS, *Madras*, 8*th February* 1910 — M. RANGACHARYA, *Registrar of Books.*

WILLS: TESTATORS AND EXECUTORS.

Reasons for making a Will.—Every man having a wife and family should make his will. However small his estate, however remote may seem the probability of death, however confident that his property will pass to those he most wishes to benefit, it is an imperative duty in most cases, and is safer in every case, to protect the interest of the survivors by means of a will, and by the appointment of one or more trustworthy persons to carry his wishes into effect. When persons die intestate, having foolishly put off making a will until it is too late, their negligence may deprive those for whom they were most anxious of the very benefits which had demanded a life-long struggle to provide. Thus a widow may find, to her grievous disappointment that the estate, a life policy perhaps, or a few hundreds in shares, is not all hers, but has to be shared with a distant cousin of her husband's, whose name perhaps she had never before heard. Or it may be the eldest son of an intestate ousting all his brothers and sisters from possession of the real estate, or an improvident or unbusiness like nearest relative may claim to administer the estate. Instances might be multiplied in which negligence, or unreasoning dislike to making a will, becomes an irreparable crime against those who have the first claim to protection. The help of a lawyer in making a will is not in every case essential, but it is always advisable, particularly where there is a desire on a testator's part to provide for his property being "settled" as it is called- *e.g.*, the income being paid to his widow for her life, or until re-marriage, and on her death or re-marriage, the capital being divided among his children equally. The tying-up or postponing the enjoyment of income or capital requires the skill of a practised lawyer. Assuming that a lawyer is not employed, a person having resolved to make a will must not regard it as a light matter, to be got rid of in a few minutes, like writing a letter, but one demanding the most serious attention. It is only after a person is dead, and cannot explain his meaning, that his will can be open to dispute It is the more necessary, therefore, to express what is meant in language of the utmost clearness, avoiding the use of any word or expression that seems to admit of another meaning than the one intended. The lawyers have a maxim that the unforeseen (*i.e.*, the event not provided for) always happens. It is better to be prolix than to leave the smallest room for doubt or uncertainty, although the same name or word be repeated over and over again. Sounding phrases are entirely out of place. Avoid the use of "legal terms," such as "heirs" and "issue" when the same thing may be expressed in plain language. If in writing the will, a mistake be made, it is better to re-write the whole. Before a will is executed, that is, *signed by the testator in presence of two witnesses*, an alteration may be made by striking through the words with a pen, but opposite to such alteration the testator and witnesses should write their names or place their initials. Never scratch out a word with a knife or other instrument, and no alteration *of any kind whatever* must be made after the will is executed. If the testator afterwards wishes to change the disposition of his estate, it is better to make a new will revoking the old one, or to add a codicil to the first, which must be duly executed and attested in the same manner as the original will. *A will should be written in ink and very legibly on a single sheet of paper.* Although, of course, forms of wills must vary to suit different cases, the following directions may be found useful to those who, in cases of emergency, are called upon to draw up wills, either for themselves or others:—

Testator or Testatrix.—The person who makes the will is the testator, or if the will-maker be a woman, the testatrix.

Estate.—By this word is to be understood property of all kinds, both real and personal. Real property includes tithes and advowsons, as well as freehold lands and houses; while personal property includes debts due, arrears of rents, money, leasehold property, house furniture, goods, assurance policies, stock in public companies and the like.

Residuary Legatees.—It is well in all cases to leave to some person or persons "the residue of my estate and effects," although it may be thought that the whole of the property has been disposed of in legacies already mentioned in the will. It should be remembered that a will operates on property acquired after it has been made.

To begin a Will.—A form in which a will may be commenced is:—"This is the last will of me, Thomas Smith, of Vine Cottage, Murray's Road, Vepery, Madras."

To end a Will.—After disposing of the property, the will may be ended as follows:— "And I revoke all former wills and codicils. Dated this tenth day of December 1903."

Execution of a Will.—The testator should sign his name at the foot or end of the will, in presence of two witnesses, who will immediately sign their names in his and in each other's presence. A person who has been left a legacy or share of residue in the will, or whose wife or husband has been left a legacy, should not be an attesting witness. Their attestation would be good, but they would forfeit the legacy. It is better that a person named as executor should not be a witness. Husband and wife may both be witnesses, provided neither is a legatee. If a solicitor be appointed executor, it is lawful to direct that his ordinary fees and charges shall be paid; but in this case he (as an interested party) must not be a witness to the will.

ATTESTING EXECUTION.—Opposite to or beneath the testator's signature should be written the attestation clause. The following form of attestation will be found sufficient:—

THOMAS SMITH [Signature of Testator.]

Signed by the testator [or testatrix, as the case may be], in the presence of us, both present at the same time who in his [or her] presence and in the presence of each other have hereunto set our names as witnesses.

William Jones, Clerk, of Palm Cottage, Egmore, Madras.
Henry Morgan, Accountant, of Parklands, Nungumbaukam High Road, Madras.

It is desirable that the witnesses should be fully described, as they may possibly be wanted at some future time. If the testator should be too ill to sign, even by a mark, another person may sign the testator's name to the will for him, in his presence and by his direction, and in this case it should be shown that the testator knew the contents of the document. The attestation clause should therefore be worded: "Signed by Thomas Brown, by the direction and in the presence of the testator, Thomas Smith, in the joint presence of us, who thereupon signed our names in his presence and in the presence of each other, the will having been first read over to the testator, who appeared fully to understand the same." If the testator be blind, the will should be read aloud to him in the presence of the witnesses, and the fact mentioned in the attestation clause. If by inadvertence, the testator should have signed his will without the witnesses being present, then the attestation should be:—"The testator acknowledged his signature already made as his signature to his last will and testament, in the joint presence," &c. Any omission in the observance of these details causes delay and expense, and sometimes great difficulty is experienced in procuring an affidavit by one of the attesting witnesses before the will can be admitted to Probate.

CODICIL.—When any change is required to be made in the disposition of property as stated in the will, the change should be embodied in a codicil A codicil should begin:—"This is a codicil to the will of me, Thomas Smith, of Murray's Road, Vepery, Madras, he said will bearing date," &c. A codicil must be dated at the end and signed, and witnessed with exactly the same formalities as the will.

EXECUTORS.—It is usual to appoint two executors, although one is sufficient. The name and address of each executor should be given in full, as follows:—"I appoint John Jones, Bookseller, of 499, Mount Road, Madras, and Edward Matthews, Engineer, of Avondale House, St. Thome, Madras, executors of this my will." An executor may be a legatee under the will. Thus a child or wife to whom the whole or a portion of the estate is left may be appointed sole executor, or one of two executors. The addresses of the executors are not necessary, if it is well known, who are the persons intended; but it is desirable, then as elsewhere, to avoid ambiguity or vagueness.

APPOINTMENT OF TRUSTEES.—The form of appointment of executors will also serve when the estate is left in care of trustees, except that the persons should be designated "executors and trustees."

TRUSTS OF THE WILL.—When the estate is wholly for the children, the will may read after the appointment of the executors and trustees:—"I give and devise all my estate and effects, real and personal, of which I may die possessed or entitled to, unto the said John Jones and Edward Matthews, upon trust in equal shares for all or any of my children or child living at my death who being sons or a son attain the age of 21 years or being daughters or a daughter attain that age or marry. And for all or any of the children or child living at my death, who being male, attain the age of 21 years, or being female, attain that age, or marry, of any child of mine who dies in my lifetime leaving children or a child living at my death, such last mentioned children or child to take the share or shares which their parent would have taken if living at my death, and so that no grand-child of mine shall take whose parent is living and capable of taking." Where the widow is to have a life-interest; use the following words. "upon trust for my wife during her life [or during her widowhood] and after her death [or second marriage, which first happens] upon trust in equal shares for all, or any of my children or child," &c., as before. The words in square brackets will only be used where the widow is to lose her interest if she marries again.

WHO CANNOT MAKE A WILL.—A minor cannot make a will. A woman married before the 1st of January, 1883, can make a will with her husband's consent, but without such consent she can only (under the Married Women's Property Act) bequeath property accruing to her after that date except in certain circumstances, respecting which it is advisable to consult a solicitor. But a woman married after that date, can dispose by will of all property belonging to her at the time of her marriage, and of all property acquired thereafter, in all respects, as if she were an unmarried woman.

REVOCATION.—A will is revoked by a subsequent will (but only so far as such subsequent will operates as a virtual revocation, as by making other provisions inconsistent with the previous will; for this reason a will should always have a clause revoking previous testa-

mentary disposition), or by burning, tearing, or otherwise destroying the same. It is not sufficient to obliterate the will with a pen. Marriage in every case, acts as the revocation of a will: so that after marriage, the old will should be re-acknowledged, or a new one made.

Lapsed Legacies.—If a legatee die in the lifetime of the testator, the legacy or share of residue lapses and falls into the residue, excepting only in cases where the legatee is a child or "other issue" of the testator and leaves issue living at the testator's death, and the will does not provide for the class of children or issue being ascertained at some period other than the death of the testator. For instance, if a share of residue is left to "all my children living at my wife's death," the share of a child who died in the wife's lifetime would lapse, even though the child should leave issue.

To One Person Absolutely.—When it is the intention to leave all the property to one person, as for instance, a wife or child, the will may read:—"I devise and bequeath all my estate and effects, real and personal, which I may die possessed of, or entitled to, unto my wife Mary Smith, absolutely."

To Children under Age.—When estates are left wholly or in part to children under the age of 21 years, trustees should be appointed to hold the property in trust for those to whom it will ultimately belong. The trustees will have power to apply the annual income for their maintenance. A wife may be appointed a trustee, or may be sole trustee. It is also usual to appoint the executors, or some near relative, guardians of children under age. By the Guardianship of Infants Act, 1896, the mother of a child, if she survives, the father becomes the guardian of such child, either alone, if no guardian is appointed, or jointly with any guardian appointed by the father.

All Property to be Invested.—Executors and trustees may be empowered to sell and dispose of an estate, and after the payment of all just debts and expenses to invest the remainder. For this purpose, the section headed "Trust Investments" should be consulted.

The stringency of the law as to the due execution of wills is only relaxed in favour of sailors and soldiers while on service. The law of wills is mostly contained in the Wills Act, 1 Vict. c. 27.

Administrators.—If an executor has not been appointed in the will, or if the executor be dead, or does not wish to act, the residuary legatee nearest of kin to the deceased, or a legatee under the will, is entitled to act and administer the will, and is called administrator.

CHURCHES AND CHAPELS IN MADRAS.

With their respective Office-Bearers and Times of Service.

CHURCH OF ENGLAND.

THE CATHEDRAL CHURCH OF ST. GEORGE.

TEYNAMPET (1816).

THE Church is situated on the Mount Road about three miles from Fort St. George; the locality was called "Choultry Plain" in former years. It was in course of construction in 1814-15 and was opened and consecrated by Bishop Middleton on the 8th January 1816: it is built in the classic style, deHavilland, of the Corps of Engineers, built the edifice on the plans of Col. Caldwell, R. E. The Nave is entered from the West, North and South through lofty porches supported on massive Ionic pillars, carrying entablature and pediment common to Roman architecture. The Western or main entrance contains an ample carriage porch from which the Church is entered through a vestibule with a vaulted roof, the upper portion of which is the tower containing a clock and peal of bells and terminating in a spire 139 feet above ground. On either side of the vestibule are the vestries for the Lord Bishop, Clergy and Choristers.

The Nave is 100 feet long and 27 feet 3 inches wide (centre to centre of columns), flanked by Ionic columns 30 inches in diameter, and 25 feet 6 inches high from floor to top of capitals. The Aisles are 100 feet long and 13 feet 4 inches wide (from side walls to centre of columns). The Chancel is 22 feet 6 inches long and 20 feet wide. The Chancel was extended in 1857, and finished with a semi-circular apse with windows fitted with stained glass; subsequently the heads of doors and ventilators, which had ordinary glass, were replaced with stained glass, and the Organ Gallery at the West end of the Nave removed. At a later period, with the renewal of the sittings, the Chancel was painted and decorated and paved with encaustic tiles. In 1891 the Chancel was further embellished with a handsome dado of glazed encaustic tiles, and the ventilation was improved. Height of roof of Chancel—32 feet.

The Nave is covered with a tiled roof and the Aisles with flat terraced roofing on teak-wood supports. The Nave is ceiled in a segmental form with teak planking, painted white, with papier-mache enrichments. The Aisles are also ceiled with teak planking. Height of ceiling above floor in the Nave is 33 feet and 2 inches, and height of ceiling above floor in the Aisles 30 feet and 1 inch. The interior walls and columns are plastered and finely polished with shell-lime, a work for which Madras is noted. The exterior is also plastered with shell-lime The details of corner moulding, &c., are those usually seen in Roman architecture.

The Edifice as originally erected by Lieutenant-Colonel Caldwell cost Rs. 2,06,842.

The Organ is a fine instrument of three manuals by Hill & Sons of London, which has recently (November 1905) been considerably enlarged and improved. The musical Services are generally recognised as of a high order.

The Tower contains a fine peal of eight bells, which are rung by one man by means of a chiming machine.

Bishop Middleton writes in his diary with reference to the opening services :—"Yesterday (8th January 1816) I consecrated a handsomer Church than any which I can recollect in London, supported on 18 Ionic columns, which no English eye could distinguish from marble, with a lofty and elegant spire, and standing in a field also to be consecrated of 5 or 6 acres surrounded with rows of palm trees—the whole conveys a magnificent idea of Christianity in the East. I was assisted on this occasion by seven of my clergy, a great number to bring together in this country." We should hardly nowadays endorse Bishop Middleton's Eulogy of the Cathedral fabric; but without doubt the building is a fine one and full of dignity.

The 'field' to which the Bishop refers was only consecrated in part, namely, that part which is now known as St. George's Cathedral Cemetery.

The Church contains some fine monuments, amongst which should be especially noticed that to *Dr. James Anderson* (died August 6th, 1809)—a wonderfully lifelike and natural seated figure of the physician-general; and that to *Bishop Heber* (drowned at Trichinopoly, April 3rd, 1826), which represents his Lordship in the act of confirmation. These two sculptures are by Chantry. There is also a fine marble statue by Flaxman to *James Stephen Lushington*, B.C.S. (died 12th September 1832, aged 28) and a figure of Faith

holding a cross in memory of the Venerable *John Mousley*, D.D., first Archdeacon of Madras (died 31st August 1819), also by Flaxman. To the memory of *Dr. Daniel Corrie*, the first Bishop of Madras (died 5th February 1837) is a remarkably fine statue of heroic size, by Weekes. He is represented imparting religious instruction to a Brahmin boy. *Bishop Dealtry* (died 5th March 1861) is commemorated by a piece of wall sculpture, administering Holy Orders. A curious and finely erected monument is in memory of *John Mack*, Assistant Surgeon (died 20th May 1832). It exhibits a figure of Hygeia, goddess of health, offering milk to a serpent, which drinks from the cup she holds. Among other remarkable monuments should be noticed those to *John Dent*, M.C.S. (died 17th January 1845) by Weekes; to *William Parry* (died 14th August 1824), by W. Baily, R.A.; to *Captain Andrew French* and others (1824-5), a bas-relief of a battlefield by Sievier; to *Neville Somerville Cameron*, M.C.S. (died 12th December 1833); to *Major George Broadfoot* (died 21st December 1845), a fine sculpture by Richardson, and to *Sir Robert Henry Dick*, K.C.B., K.C.H. (died 10th February 1846). A short account of the more important memoirs and monuments in the Cathedral and adjoining Cemetery has recently been published by the Rev. B. M Morton and may be obtained from the Cathedral Clerk.

Electric lights and fans were installed in 1911.

ST. MARY'S CHURCH.

FORT ST. GEORGE.

OPENED 28TH OCTOBER 1680.

The ancient Church of St. Mary's, situated within the ramparts of Fort St. George, is not only a conspicuous landmark to all who approach the Presidency town by sea, but is also a witness to the piety and devotion of the early settlers on the Coromandel Coast in the seventeenth century. Madras itself dates from the 1st March 1639-40.

A small fort was erected on the site of the present Secretariat Offices, and a town gradually sprung up around it. For about 40 years Divine Service was regularly held in one of the rooms of this inner Fort, but in 1677 Mr Streynsham Master, on his arrival as Agent and Governor, set about collecting funds for the erection of a more suitable place of worship. Subscriptions were raised from all the English inhabitants, and it does not appear that any assistance was asked for or given by the Directors of the English Company. St. Mary's was the result of local effort entirely. The first sod was turned on Lady Day, March 25th, 1678, and the Church was completed and was dedicated to the Blessed Virgin Mary and opened for worship on the 28th October 1680. It was consecrated by the Chaplain, Richard Portman, acting under a Commission from the Bishop of London.

The church stands to-day exactly as it was erected, with the exception of the vestry, organ chamber, and sanctuary, which were added in the nineteenth century, and the spire, which was rebuilt at the end of the eighteenth century. The chief objects of interest in this old church are as follow:—

The old Tombstones. These are situated round the north side of the church, and form a kind of pavement. These stones were taken in 1760 from the old graveyard, which

was on the site now occupied by the Law College. During the second siege of Madras by the French in 1758-9, the large monuments of the old graveyard afforded shelter to the French sharp-shooters. When the siege was raised, the old burial ground was dismantled, and the gravestones brought to St. Mary's and placed round the church. There are among them also some which were taken from the old Capuchin Church of St. Andrew, which was destroyed in 1749 when Madras was handed back by the French after the Peace of Aix-la-Chapelle. These old stones are of great interest. The most ancient of them is that of *Elisabeth Baker*, the wife of *Aaron Baker*, the first Governor of Madras, and is dated August 5th, 1652. Most of the stones are in an extremely good state of preservation, in spite of their exposed situation.

Inside the church are to be seen many interesting objects. Below the Chancel steps are the graves of the Governors. The tomb marked simply with a cross and the words "In Memoriam" marks the last resting place of the ill-fated *Lord Pigot*. After having risen from the lowest to the highest station in Madras, this unfortunate nobleman was sent out again to stem the tide of corruption among the higher civilians. He was worsted in the encounter, and after having been arrested by the members of his Council, was kept as a prisoner at the Mount until he died on the 11th May 1777. The other Governors who lie buried here are *Lord Hobart*, April 1875, *Sir Henry George Ward*, August 1760, and *Sir Thomas Munro*, July 1827.

The monuments on the walls are worth noticing, especially those to *Sir Barry Close*, *Joseph Moorhouse*, *George Gilbert Keble*, *Josiah Webbe*, and the famous missionary *Frederick Christian Swartz*. There are two fine statues. One near the organ is that of Thomas H. S. Conway, "the soldiers' friend"; the other, near the Font, of *Hercules Henry Pepper*—both of them distinguished soldiers.

Of the old regimental colours which adorn the walls and pillars, the pair behind the pulpit are of the greatest interest. They belonged to the old 102nd Madras Fusiliers (now the Dublin Fusiliers), and were carried by that famous regiment through the second Burmese War in 1852-3, and the Indian Mutiny, 1857-8.

Over the altar is a large painting of the Last Supper. This picture is supposed to have been taken from a church in Pondicherry when it was captured by the British in 1761. The painting is by an unknown artist, but expert opinion dates it as of the sixteenth century, and possibly by a pupil of Raphael. At any rate, it is a valuable historic work. In September 1910 the picture was restored by H. B. Millar. The carved teakwood railing of the west gallery was noticed by Lockyer in 170?. It is of oriental design and beautiful workmanship. The organ is by Hill of London, and was erected by the Rev. C. H. Malden in 1894.

The church possesses some very fine old silver plate and ancient records and registers. These are not kept at the church, but can be seen by appointment with the Garrison Chaplain. For a detailed account of the church and its history to the end of the eighteenth century, the reader is referred to the Rev. F. Penny's book "The Church in Madras."

FORT ST. GEORGE, 31st *October* 1868, *No.* 87.—Government having directed that the following rules are to be observed in every Military Hospital, they are published accordingly for general information:—

I. A book shall be placed in every European Military Hospital to be entitled "The Chaplain's Register of his visits and services in the Hospital."

II. This book is to be provided by the Chaplain, and each visit and service performed at the Hospital is to be entered in it.

III. It is to be kept for the information of the Bishop, and is to be open to the inspection of the *Military* and *Hospital* authorities.

IV. It is not to be removed from the Hospital; the Medical Officer in charge is to arrange for its safe custody and production when required by the Chaplain or for inspection.

CHURCH OF SCOTLAND.

ST. ANDREW'S CHURCH

POONAMALLEE ROAD (1821).

On 1st September 1815 a public notification was widely circulated in Madras, which supplied the Scotsmen of this historic city with a fertile and novel topic of discussion. It told how the East India Company had resolved to build a Scots Church in the Presidency town, for the benefit of its Scottish employees, and to establish there a Chaplaincy of the Church of Scotland; how the General Assembly of the Church of Scotland of the previous year had gratefully welcomed this resolution; how the Rev. Dr. Allan, the first Chaplain of the Church, had now arrived in Madras, armed with authority from the Assembly to proceed with the formation of the first Scots congregation in South India; and, finally, it called upon all who intended to attach themselves to the Scots Church to send in their names to Dr. Allan and four co-signatories, in order that definite information might be furnished to the Government as to the accommodation required for the new congregation.

The names and employments of these four devoted Churchmen—the earliest members of the Kirk Session—are interesting as showing the part which influential Scots in those days took in the advancement of their Church, as also as partly accounting for the generous treatment meted out to the Scots congregation by the Madras Government when the Church came to be built. With two Members of Council as builders, and, as it happened, a Scotsman, the Right Hon'ble Hugh Elliot, as Governor of the Presidency, advocacy of the Scottish claims would not be wanting. In the Church records the names are as follow:—Robert Fullerton, C.S., Member of Council; David Hill, C.S., Secretary to Government; Kerby Dalrymple, Merchant; William M'Taggart, Merchant.

To the notice thus issued a cordial response was made. Scotsmen rallied to their Church, and without further delay Divine Service, according to the rites of the Church of Scotland, began to be held. At first, in the absence of a Church, the congregation met in the College Hall, which was temporarily fitted up by Government to suit the emergency, but the question of building a Scots Church was diligently pushed forward. The size and influential nature of the congregation, which rapidly formed under Dr. Allan's ministry, gave weight to the petition which it soon sent up to Government, that the Scots community might be furnished with a church of its own. To the petition Government gave a ready assent, and requested the Kirk Session to select a suitable site and prepare plans of a suitable building for the further consideration of the Government.

The present site—the most central spot in all Madras—was secured and the work of building began. Fortunately there was then in the service of the Government one of the ablest architects India has seen—Major Thomas Fiott deHavilland of the Engineers—and to him the work was entrusted. How well he did his work may be judged by the unstinted admiration which St. Andrew's Church evokes from all who see it. "Perhaps the noblest Christian edifice in Hindustan" is what Bishop Middleton's biographer said of it,—himself no lover of the Scottish Church—and the praise is not undeserved. The foundation stone was laid by the Rev. Dr. Allan on the 16th April 1818, and it was his privilege to solemnly dedicate the Church to the service of ALMIGHTY GOD on the 29th February 1821.

The cost of this splendid edifice was about £20,000, which must be deemed exceedingly moderate for a building of this description.

The edifice may be thus described. The body of the Church is a circle 81 feet and 6 inches in diameter in the clear, with a rectangular compartment east and west of it, and a portico extending beyond the latter to westward. Over the circular part is a dome, covering as it were the nave of the Church, with an annular arch round it, over what may be termed the aisles. The architrave and frieze which stand on 16 columns are of stone, but the cornice above is of brick, and on it rests the dome; of these columns four are of granite, the remainder are of what is termed in Madras "iron stone."

The dome is constructed with but a framework of brick, running upwards from the columns towards the crown, where these ribs are terminated and united together by a circular arch of the same description. This framework is then filled in with masonry formed of cones of pottery such as are used in Syrian roofs. The thickness of the dome at the crown is only nine inches, whence it is gradually increased to nearly twice that dimension at the cornice. Over the Syrian cones before mentioned, three courses of flat tiles are carefully laid and on them the stucco is applied. The dome of the Kirk is believed to be "unique," in that a dome of masonry fifty-one and a-half feet in diameter is supported on a colonnade thirty-five feet high, without beam or lintel, its height at highest point of dome being 54 feet above the pavement of the Church.

To the westward of the compartment containing the steeple stands the portico of the modern "Ionic" order upon a colonnade double its depth, surmounted by a pediment along the whole front in the tympanum, on which the sacred name JEHOVAH appears in Hebrew characters of gold on a triangle emanating rays of glory, while in the frieze below stands the name of the edifice and the date of its erection. Corresponding at the back of the building is also a triangle with two lions guarding a shield under which is inscribed.—"Auspicio Regis et Senatus Angliæ," the arms and motto of the H. E. I. Co.

The steeple stands on the tower, which is raised over the vestibule to a level with the crown of the dome. rises 111¾ feet above it, and is divided into three storeys giving the whole an elevation of 131½ feet above the entablatures, and 166½ feet above the pavement of the Kirk. The steeple was completed on 8th May 1820.

The site on which the church stands was purchased for 4,000 pagodas and covers nearly 7 acres. The soil was most unfavourable, as it is throughout the vicinity of Madras. The practice which has obtained from time immemorial in this part of India to secure edifices in such cases is that of substituting wells for the pile work used in Europe. The whole of the foundation of St. Andrew's Church is erected over numerous wells from 10 to 14 feet deep. In 1885 the Church was beautified by the addition of rich stained glass windows and a marble font. The Church possesses a splendid grand organ by Conacher of Huddersfield, England. Some of the best views of Madras may be obtained from the Clock Tower, sanction to ascend which is readily granted by the Senior Chaplain.

For stateliness and general lightness of effect St. Andrew's is probably unsurpassed by any building of the same size, while the marble pavement of the aisles and the highly polished Madras chunam pillars give to the Church an air of purity and grateful coolness that is much appreciated by the worshippers. It is a church to be proud of and thankful for.

THE NATIONAL CHURCH OF INDIA.

This undenominational Christian Church of India was founded in Madras by the late Dr. S. Pulneyandy, M.D., F.L.S., and a few Indian Christian leaders. Branches were subsequently formed at Nagercoil, Tuticorin, Ramapalem, Kolar Gold Fields. At the last place the church has grown vigorously; it numbers over 700 souls. The Rev. Dr. J. Lazarus, a retired Missionary, has been elected President. He has a Council of eight members. Other office-bearers are Rev. Job Paul, Secretary, Rev. J. I. Kanniah, Superintending Pastor, and Rev. D. David (Assistant Pastor) at Marikuppam. Efforts are being made to organise similar churches in Madras, Bangalore and elsewhere. No aid of any kind is received from Foreign Missions. The members have built their own Church and school. It is earnestly hoped that many Indian Christian leaders who are longing for their own national religious organisations will come forward and help this important movement. *President*:—Rev. J. Lazarus, B.A., D.D., F.M.U., Vepery, Madras. *Secretary*:—Rev. J. Paul, Cubbonpetta, Bangalore City. *Superintending Pastor*:—Rev. J. I. Kanniah, Robertsonpet, K. G. F. *Assistant Pastor*:—Rev. D. CATHOLIC CHURCHES.

THE CHURCH OF ST. MARY OF ANGELS.

Commonly called the Catholic Cathedral, No 2, Armenian Street, Madras.

THE Capuchin Mission of Madras was founded in 1642, under the sanction of Pope Urban VIII., by the well-known Father Ephraim, the pioneer of the Madras Mission, of whom *Tavernier* gives an interesting account. He was a native of Auxerre, and brother of Monsieur de Chateau des Bois, Councillor of Paris. He was destined for the Mission of Pegu, and in order to reach his destination he made a journey by land across the peninsula from Surat to Masulipatam. Before the English settlement at Masulipatam was broken up, he might have got a ship here to take him across the Bay of Bengal; but then there was none, and he was recommended to go 200 miles further south to the British settlement lately established at Madras. Pope Urban VIII erected the Capuchin Mission into a Prefecture Apostolic. When the Friars built their Armenian Street Church in 1775, they inscribed the date 1642 over the gates as a public record of their first establishment in Madras, and, on a later occasion, when the Church was repaired and the gates widened, the number was preserved at the particular request of the oldest inhabitants. The earliest Capuchins, the founders of the Madras Mission, were Ephraim de Nevers, Zenon de Bauge, Cosme de Giers, Jacques de Bourges, Espirit de Tours, Laurent d'Angoulême, Michael Ange de Bourges, Rene d'Angoulême and Thomas de Poitiers. The last named built in 1675, the Church of St. Andrew within the Fort, which was confiscated and destroyed after Lally's siege. The Capuchin Fathers were permitted to minister to the spiritual wants of the Catholic employees of the Honourable the East India Company, and had free access to the Factory Albeit, they were burdened with many conditions and forbidden to hold intercourse with their religious *confrères* in the neighbouring settlement. It is interesting to read the current of events in those far-off times. Though the English residing at Fort St. George and the Portuguese at San

Thomé seem to have lived in those days on rather friendly terms, there was an undercurrent of discontent on both sides, and the Portuguese could not relish the establishment of a Prefecture Apostolic at Madras. Father Ephraim, however, contrived to maintain a friendly intercourse with the Portuguese Priests. In the year 1649, he had occasion to visit the Portuguese Factory; but he no sooner entered the place than he was seized by some Officers of the Goa Inquisition, and carried off to Goa in a small frigate which was then ready to sail. Father Ephraim was indebted to Coota Khan, the King of Golconda, for his release. Through many vicissitudes the Capuchin Fathers persevered in the work begun by them, and handed it down faithfully to their successors, till Father John Bede Polding, a Benedictine, was nominated the first Vicar Apostolic of Madras on the 3rd of July 1832, but he declined the appointment, and eventually became Archbishop of Sydney. The Mission was then taken charge of by the Vicar Apostolic of Bombay, Fre Pedro D'Alcantara, Bishop of Antiphellus, till 1835, when in August of that year the Rt. Rev. Dr. Daniel O'Connor assumed the government of the Mission. Succeeding Vicars Apostolic were Doctor Patrick Carew, 1838-1842 (when he was transferred to Calcutta); Doctor John Fennelly, 1842-1868; Doctor Stephen Fennelly, 1868-1880; The Most Rev. Doctor Joseph Colgan 1880-1911, in whose time the Vicariate Apostolic was raised to an Archdiocese on the establishment of the Indian Hierarchy in 1886. It was during the administration of John Fennelly that the status of the Catholic community was raised, and the claims of both military and civil Catholic British subjects were adequately recognised by Government. The influence exerted by Dr. Fennelly and by his Clergy upon the European residents, and especially upon the Irish Catholic soldiers, at Madras and other military stations, may be regarded as the most important fruit of his Episcopate.

John Fennelly was brave and outspoken, and of the Daniel O'Connor type. His intrepid advocacy of the cause of his flock obtained for the Catholic community of Madras the recognition of Government. Promotion from the ranks of Catholics in the Indian Army may well be said to have been inaugurated by the strenuous exertions of this good Bishop. He was prominent in the meeting of sympathy with Sir Chas. Trevelyan, the Governor on his recall. In fact, John Fennelly was the founder of the then Madras Mission, which has now risen to be an Archdiocese. He was indefatigable in building the foundations, and spared himself in nothing. He was thoroughly unselfish, broadly tolerant of the religion of others, and ever ready to take up the cause of the poor at whatever cost. Despite all the work that fell to his share in those days of pioneer trouble and anxiety, he daily devoted two hours to teaching in the schools. He was a great and prolific writer and an unsparing controversialist. His memory is enshrined in the hearts of the generation of Madras Catholics who are rapidly passing away, while his bones lie interred in the precincts of the Sanctuary of that Cathedral Church which was the arena of his life's labours. John Fennelly was succeeded by Stephen Fennelly, his brother, under whose *régime* the finances of the Mission were greatly improved by his tact and business habits. Doctor Joseph Colgan was nominated in private consistory, May 1882, Bishop of Aureliopolis and Vicar Apostolic of Madras, and consecrated on the 24th August of the same year in the Catholic Cathedral. Promoted to the Archiepiscopal dignity by the Decree of 25th November 1886, he was proclaimed at Bangalore on the 25th January 1887, and nominated by Pope Leo XIII, Assistant at the Pontifical Throne, on the occasion of His Grace's Golden Jubilee, 4th February 1894. His Grace Dr. J. Colgan was called to his reward 11th February 1911, and was succeeded by the Most Rev. John Aelen, D.D., Coadjutor Bishop and a Member of St. Joseph's Society, Mill-Hill (London). Doctor Aelen was nominated Bishop of Termisonia and Co-adjutor to His Grace the Archbishop of Madras on 2nd December 1901, consecrated at Rozendaal (Holland), 2nd February 1902. Appointed Co-adjutor *cum jure successionis* to His Grace the Archbishop, 31st July 1902.

The Cathedral Church has two transepts, with a sanctuary, sacristy, nave and side aisles, built by the Italian Capuchins in 1775, and then consisted of a nave with two side aisles, and a sanctuary under a pent roof. The pent roof was removed by Dr. O'Connor in 1837, and a flat roof put on, the walls of the nave having been raised ten feet. The sanctuary was at the same time thrown down and enlarged, and two transepts added His Grace Archbishop Colgan raised the roof of the side Altars to the height of the roof of the Chancel, which is now fitted up with stained glass windows. The picture of the Crucifixion and Mary Magdalene, more than life size, is said to be one of the finest oil paintings in India.

In the Moorat Chapel, attached to the Cathedral, there is an artistic monument of Italian marble. Mr. Moorat was the wealthiest Armenian of his day. He left charitable benefactions known as the "Moorat Fund." His monument bears the date 16th April 1816. His wife, Anna Raphael, died 28th July 1828, aged 57. The earliest gravestone is dated 11th November 1751, and records the sepulture of Muthu Nayakar, son of Babu Nayakar of the Kavarai caste. The date, 22nd February 1786, is inscribed over the resting place of "Adrian Fourbeck, a merchant of this city of Madraspatnam, aged 71 years." Adrian Fourbeck built a small bridge over the Adyar, 1768, as is recorded in English, Tamil, Persian and Latin, on a monument half way to the Mount outside the Collector of Chingleput's residence at Lushington's Garden. But this is not the Marmalong Bridge which dates from 1725, and was erected by Petrus Uskan, another Armenian Catholic.

BISHOPRIC OF SAN THOME (MYLAPORE).

HISTORICAL NOTES.

ACCORDING to South Indian traditions, supported by the collateral testimony of the East and West (see Dr. Medlycott's *India and the Apostle St Thomas*: London, David Nutt, 1905), the Apostle St Thomas, after preaching in various parts of India, settled down in old Mylapore (as distinguished from the Mylapore of the present day), was martyred on the hill at St. Thomas' Mount and was buried on the spot on which the San Thomé Cathedral now stands in A. D. 68. The Christian Church of India, founded by St. Thomas, continued to flourish till the persecutions that followed in the wake of the revival of Brahmanism, when the Christian Bishops and priests were put to death and the remnants of their flocks took refuge in the mountains of Malabar. Shortly after, old Mylapore was overwhelmed by the sea (which has a habit of encroaching and receding at this point annually), and the Mylapore of the present time came into being. The fugitive Christians however kept their faith alive by furtive visits to the Grave of the Apostle in the now deserted old Mylapore, till Nestorian Missionaries and Bishops from Persia, gathered them once again into communities, and built a church and monastery at old Mylapore, and another church and chapel at St. Thomas' Mount, which were visited by Marco Polo and other early travellers. But by the beginning of the XVIth century, these buildings had fallen into ruin, till scarcely a trace of them was left when a Portuguese Royal Commission came in quest of the Grave of St. Thomas, which it discovered and identified in 1523, and built a chapel over it to mark the spot.

Presently the Portuguese town of San Thomé sprang up on the site of old Mylapore and was subsequently fortified and made a Bishopric in 1606, by Pope Paul V., at the request of Philip II., King of Portugal, when, later on, the Dutch took San Thomé and handed it over to the Muhammadans, the Muhammadan Governors and their followers settled in the place that separated the European town of San Thomé from the Brahmin town of (new) Mylapore.

When the Bishopric of San Thomé was created, the King of Portugal undertook to support it for all time: a promise which his successors have kept, notwithstanding all the vicissitudes, through which their fortunes have passed, up to the present, enjoying in return the privilege of presenting to the Pope their nominees for the Bishopric. The Bishops of San Thomé originally exercised jurisdiction over all the countries bordering the Bay of Bengal, including Burma. But this jurisdiction was delimited by the *Concordat* of 1886, entered into between the Holy See and the Government of Portugal.

The present Cathedral at San Thomé was built and completed in 1896 by Dr. Henry Reed DaSilva, who was the first to assume the title of "Bishop of Mylapore," for

ordinary use, in order to avoid confusing San Thomé in Madras with San Thomé a Principe (off the West Coast of Africa), an important actual possession of Portugal. But in official documents the Bishops are still described as of San Thomé de Meliapor.

On the occasion of the Tricentenary of the creation of the Bishopric (1906), Dr. Theotonius de Castro, the present Bishop, had the fosse of the Grave of St. Thomas enlarged and faced with marble, to enable pilgrims to have access to the bottom of the Grave and to enable Masses to be celebrated immediately over the Grave, according to the practice of the early Christians.

BISHOP.

The Right Rev. Dom Theotonius Emmanuel Ribeiro Vieira de Castro, D.D., D.C.L (Rome), Bishop of San Thomé de Meliapor.

Armenian Cemetery.

The present Cemetery was built and given to the Armenian community by Government in the year 1862.

Previous to the erection of the Church, the Armenian community performed Divine Service in a temporary place built of timber (on the north of Monument Esplanade, opposite Fort St. George), in the year 1712, the Priests being paid by the Funds of the Church. The present Church was built by the Armenian community at their own expense in the year 1772, and alterations and additions made to it by them from time to time. In the year 1883, the British Government was pleased to grant the sum of Rupees five thousand (5,000) from the late Lottery Funds, for the repairs of the Church, out of which funds, the community was enabled to erect a substantial and extensive verandah, 148 feet in length by 10 in breadth, on the east side of the Church. Government was further pleased to grant a donation of Rupees two thousand (2,000), from Dr. Woolley's Estate to the Church in the year 1889.

MADRAS PAROCHIAL DISTRICTS.

1. *The Cathedral or St George's.*—The portion of Chetput which lies west of McNicholl's road and south of Poonamallee road. All south of the Cooum as far east as Commander-in-Chief's bridge, the boundary thence running along the road to Neil's statue, along Wood's road, skirting the compound of the Madras Club, along Westcott road to Ice House road (including the compound of the Cathedral School), eastward along Ice House road to Venkatachella Mudali street, southward along that street and Brodie road as far as the Adyar river, the Adyar river being the southern boundary.

2. *The Fort or St. Mary's.*—All within the Fort walls and the district as far as the China Bazaar on the north and the Evening Bazaar on the west, including the Ordnance and Commissariat lines as far as Poonamallee road. This district also includes the Island, the Penitentiary and Government House and grounds, the boundaries of the latter being Mount road, Walajah road to where it meets the Buckingham Canal, northwards along the canal and eastwards along the road between Marine Villa and the Senate House.

3. *North George Town or St. Mark's.*—All George Town, north of Munnady, Parish Venkatachalam, Sambiah, Thata Muthiappan and Tirupalli streets as far west as the Buckingham Canal.

4. *South George Town or Holy Emmanuel.*—All George Town, south of the southern boundary of the North George Town district, including the General Hospital and Medical College, but excluding the portion assigned to the Fort (see above) and the district assigned to the Trinity Chapel (see below).

5. *Vepery or St. Matthias'*—Includes the villages of Egmore, Pudupettah, Vepery and Pursewalkum and parts of Kilpauk and Chetput. The boundaries on the north and west are the Red Hills water-supply channel, the Otary nalla as far as Strahan's bridge, Strahan's road, Perambur Barracks road, Gantz road and Otary nalla, on the east the Buckingham Canal to where it meets the Cooum, on the south the Cooum excluding the Penitentiary as far as Munro's bridge, thence McNicholl's road and Poonamallee road to the toll-gate.

6. *Perambur or Holy Cross.*—All west of the Buckingham Canal and north of the Vepery district.

7. *John Pereira's (Park Town) or Holy Trinity Chapel*—The boundaries are on the west Wall Tax road, on the north Rasappa Chetty street, on the east the Evening Bazaar, and on the south Poonamallee road.

8. *Christ Church.*—All south of the Cooum as far west as Commander-in-Chief's bridge except Government House and grounds assigned to the Fort (see above). From Commander-in-Chief's bridge eastward and southward this district is co-terminous with the Cathedral district as far as Ice House road (excluding the Cathedral School compound), the southern boundary from that point to the sea being Ice House road.

9. *San Thomé*—The western boundary is Venkatachalla Mudali street from the Ice House road on the north and Brodie road to where it meets the Adyar river on the south. The northern boundary is the Ice House road, and the southern the Adyar River, including the Quibble Island Cemetery, the eastern boundary being the sea.

CHAPLAINS' VISITS TO OUT-STATIONS.

Extracts from H. E. I. Co. Court's Despatch, 12th April 1842.

In Section 27 of the regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a rule on the subject of travelling allowances on joining a station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding we think it desirable that for every circle of stations, the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than three or four members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others visits twice, three or four times a year might be expedient, and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of stations may, from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty, should be specially appointed thereto, and thenceforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

5. We should lament that the practice of visiting stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant on such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges not exceeding those authorized in our Despatch of the 30th October 1839, before referred to, and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subject to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to stations in which they do not reside.

Parties desirous of being married by License should apply direct to the nearest Surrogate; but from places where there is no Surrogate, application should be made to the Registrar, who will obtain the Bishop's directions according to the special circumstances of each case as it may arise. None but a Clergyman of the Church of England can marry by virtue of Episcopal license.

Further information respecting marriages by license can be obtained on application to the Registrar of the Diocese, F. Rowlandson, B.A., LL.B., Ootacamund.

Rules for the guidance of Surrogates in administering Oaths and granting Marriage Licenses within the Diocese and Archdeaconry of Madras.

I. Every application for the Bishop's license to be married without the publication of banns must be made in writing and the names of both the applicants be given in full with the age, race, condition (*i.e.*, bachelor, spinster, widower, or widow, and occupation, if any), of each, and the place or places in which each has resided for the six months prior to the application.

II. No license can be claimed by any person as a matter of right or of course, and no license is to be issued by any Surrogate until four days after the receipt of such application. And in no case, and under no circumstances, is any license to be issued for the marriage of any divorced person, and that notwithstanding that such person may have been divorced without any fault on his or her part; or, in other words, whether his or her former marriage has been dissolved by the civil law on the ground of his or her adultery or otherwise. Moreover, no license is to be issued in order to make marriage less public to persons who have been living in sin.

III. When both applicants are non-residents in the place where the application is made, and are unknown to the Surrogate, he may decline to grant the license, until he shall have had time to make due enquiry, as to whether there be any impediment to the marriage, and may further require from the applicants the names of two or more persons to whom reference may be made.

IV. On a day subsequent to the receipt of the application, which shall be appointed by the Surrogate, and shall be not earlier than the 5th day (that is, the ninety-seventh hour), after such receipt, the parties, or one of them, shall *in every case* appear before the Surrogate, and either one or both swear to the "Affidavit of Residence," to which the written application for the license shall be annexed by way of an exhibit, being marked as such and endorsed as follows by the Surrogate:—

In the matter of the marriage of A. B. and C. D.
This is the exhibit referred

A

to in the affidavit of A. B. sworn
to herein on the day of before me.
E. F.,
Surrogate.

V. The Surrogate will use great caution in examining the parties to be sworn, filling up the forms with the names, rank and places of residence, and dates at full length.

VI. In no case is a license to issue unless the parties are sworn before the Surrogates and in case of doubt or difficulty the Surrogate will refer to the Registrar as recommended in the Surrogate's appointment.

VII. In case the party to be married is a minor, consent of the father, if living, must be obtained, or if the father be dead, the guardian of the person of such minor, and in case there be no such guardian, then the mother of such minor may give consent, unless no person authorised to give such consent be resident in India.

VIII. In case the party to be married is a minor, either in the Civil or Military service, and without possessing either a parent or guardian in this country, the consent of the Governor of Madras must be obtained by the minor to his marrying under age, unless the proper consent can be shown to be already given on the part of the absent parents or guardians to his marrying as a minor, in which case, the consent of the Governor of Madras need not be obtained.

IX. If the parties to be married are both of full age (twenty one years) and both of them are to be sworn, the Surrogate will use No. 1 form: but if one of the parties is prevented from attending and another person joins in the affidavit on behalf of the party not present, No. 2 is in such case to be used instead of No. 1.

X. If one of the parties only is of full age (namely, twenty-one years) and the other is under that age, and the parent, next friend, or guardian makes oath on the part of the minor as to age and consent, the Surrogate will use No. 3 form.

XI. If both the parties are minors (under the age of twenty-one years) and the respective parents, next friends or guardians swear on their behalf, No 4 is to be used.

XII. In case the lady to be married is a widow and under the age of twenty-one years, oath No. 1 is to be used, the Surrogate first running his pen through the words "that they have respectively attained their respective ages of twenty-one years and upwards," and adding at the foot of the oath (above the signature), "the former being twenty-one years of age and upwards, and the latter a widow."

XIII. The Surrogate having filled up, and the party having read and signed the affidavit at the proper places, the former will then give the Testament to the party to be sworn, and holding the paper in his hand, say, "you (A. B.) do swear that the contents of this your affidavit are true. So help you God."

XIV. The party answers "I do," and kisses the book, repeating, "So help me God."

XV. The same form is to be observed to each person sworn.

XVI The Surrogate will then fill up the license, date and sign it, adding his title as Surrogate, and hand the license to the parties.

XVII. In case of any caveat entered in the registry or intimation received through the Surrogate against the grant of a license, the Surrogate will ascertain the particulars and communicate the same to the Registrar for immediate advice, refusing the license until the result of that reference is known and forwarding any affidavit sworn.

XVIII. The Surrogate will forward to the Registrar for record all affidavits as above on the day they are administered, and the licenses with the Quarterly Returns, unless sooner or whenever required.

XIX. A fee of Government Rupees fifty is to be received by the Surrogate on each license previous to delivery of the same to the parties entitled to receive such license, Rupees sixteen of which fee for the license, being due and payable to the Registrar, are to be transmitted to him on the day the license is granted.

XX. In every case in which the Surrogate does not himself perform the marriage for which he issues a license, he shall send the license direct to the Clergyman who is to perform the ceremony.

N.B.—Although every Surrogate has legal power to issue a license under which a marriage can be solemnized in any church or place where Divine Service is usually performed in any part of this Diocese, it has always been the custom for the Surrogate or one of the Surrogates in the District in (or, if there be none, then a Surrogate in the next District to that in) which the parties usually have resided to grant them a license even if it should be the wish of the parties that the marriage should be solemnized by some Clergyman other than such Surrogate. And of this custom the careful observance is commended to all his Surrogates by the Right Reverend the Lord Bishop of the Diocese.

(By Order.)

(Signed) F. ROWLANDSON, LL.B.,

Registrar of the Diocese and Archdeaconry of Madras.

MADRAS DIOCESAN ASSOCIATION, INDIAN BRANCH.

Provisional Rules.

I. The Association shall be called the Madras Diocesan Association, Indian Branch.

II. The object of the Association shall be to help and further the cause of Missionary work in any part of the Diocese whenever or wherever there is, in the opinion of the Executive Committee in Council with the President of the Association, any urgent need for such help.

III. The Association shall consist of Indian Christians of the Diocese enrolled as members on payment of an annual subscription of not less than eight annas.

IV. There shall be a General Committee consisting of—

(1) A President who shall be the President of the Madras Diocesan Association.

(2) A Vice-President, a Treasurer and a Secretary duly elected annually by the General Committee from amongst themselves and members consisting of the Pastor and a layman from each Pastorate in the Diocese, the laymen being also elected annually by the Pastorate Committees.

If vacancies occur among the office-bearers, members might be co-opted till the next elections take place.

V. The business of the Association shall be managed by an Executive Committee consisting of such of the members of the General Committee as are resident in Madras and of an equal number of mofussil members nominated by the President.

VI. The office-bearers of the Association shall be *ex-officio* members of the Executive Committee.

VII. The quorum for a meeting of the Executive Committee shall be six.

VIII. Subscriptions shall be remitted either direct to the Treasurer of the General Committee or paid to the Pastor of each parish.

RULES RELATING TO THE OFFICE AND DUTIES OF LAY-TRUSTEES IN THE DIOCESE OF MADRAS.

G. Os Eccl., Nos. 72, *3rd May* 1901; 107, *20th June* 1901, 100-101, *6th September* 1904, *and* 113, *9th October* 1904, *and* 111, *4th October* 1911.

I. Two lay-trustees shall be appointed by the Governor in Council on the recommendation of the Bishop to each chaplaincy or station where there is property belonging to or held in trust for the Church of England.

II. (1) Both lay-trustees shall be communicants of the Church of England resident at the station.

(2) The senior lay-trustee shall ordinarily be in Civil or Joint Civil and Military stations, a gazetted officer of Government, and in military stations one of the officers of the garrison.

(3) The second lay-trustee may be any communicant resident at the station.

III. All lay-trustees shall vacate office on Wednesday in Easter week, but shall be eligible for reappointment.

IV. When the office of either trustee is vacant, the chaplain shall report the circumstance to the Bishop, for the information of Government, and shall, at the same time, nominate a duly qualified person to fill the vacancy.

V. The chaplain shall be in charge of the church, church yard, cemetery and church property, but the lay trustees are, jointly with him, empowered to keep, and are held responsible for keeping the church and premises in good repair, providing for the preservation and safe custody of all property belonging to the church, and disbursing the Government grants and the Church funds. The church accounts shall ordinarily be kept by the chaplain, but where there is no resident chaplain, they may be kept by one of the lay trustees if he is prepared to undertake the duty. The chaplain and the lay-trustees shall supervise and arrange the assignment of seats. In case of any serious disagreement between the chaplain and the lay-trustees on these matters, the point in dispute shall be referred to the Bishop. The chaplain and the lay-trustees shall also jointly decide questions regarding the appointment, punishment or removal of the church or cemetery servants, provided that no church or cemetery servant eligible for pension or gratuity shall be removed without the prior consent of the Archdeacon.

VI. The lay-trustees shall not interfere with the administration of divine service, or with the ritual and ornaments of the church. Their function in these matters is to report to the Bishop if they consider that anything contrary to law or order has been done, or that there has been any neglect of duty on the part of the chaplain. When there is no Government chaplain or other licensed clergyman in charge of the station, the senior lay-trustee or, in his absence, the junior lay-trustee shall take charge of the registers and other books connected with the chaplaincy. In the absence of the chaplain or other licensed clergyman duly appointed to officiate, lay-trustees are authorised by the Bishop to take such services and read sermons at such times and on such days as the chaplain may appoint and to conduct funerals.

*Explanation.**—Lay-trustees are authorized in the absence of the chaplain to prepare returns under the Indian Christian Marriage Act, 1872, and copies or extracts from baptismal, marriage, burial or other Church registers. But such returns, copies or extracts should invariably be forwarded to the chaplain for signature and transmission.

VII. The lay-trustees shall, when practicable, meet once a month, or oftener, if necessary. It shall be the duty of the chaplain, or, in his absence, of the senior lay-trustee, to call a meeting. The chaplain, or in his absence, one of the lay-trustees in order of

* Inserted in 1904 [illegible]gal advice. (G. Os. Nos. 6, Ecclesiastical, dated 19th January 1904, and 100, Ecclesiastical, dated 6th September 1904).

seniority, shall preside. The *agenda* shall ordinarily be prepared by the President and circulated to the lay-trustees before the meeting, but it shall be competent for either of the lay-trustees to bring forward any question connected with the matters over which they have control. At such meetings, the account books shall, at least once a quarter, be presented together with the cash balances and all necessary vouchers, and shall be audited either by the chaplain and the lay-trustees at the meeting or by such other person as the meeting may appoint. A certificate of audit shall then be prepared for submission to the Archdeacon on the next quarter day. It shall be the duty of the chaplain and lay-trustees, *even though the accounts be audited by another person*, at every meeting at which the accounts are produced to see (1) that the Chaplaincy Funds are kept separate and distinct from private funds; (2) that the balances are in existence, and to prove this by examining the cash balance, and in the case of balances deposited with the Savings Bank, or a Bank, that the balances of the pass-books written up to date agree with those of the Church accounts; and (3) that no advances have been made except upon proper authority, and that none are allowed to remain outstanding longer than is really desirable.

VIII. All communications shall be signed by the Chaplain and countersigned by the lay-trustees, and all proceedings shall be entered in a correspondence book and produced for examination at the next meeting.

IX. On the appointment of a lay-trustee, the Archdeacon shall send him a copy of these rules.

———o———

SOCIETY FOR PROMOTING CHRISTIAN KNOWLEDGE.

PARENT SOCIETY FOUNDED 1698.

MADRAS DIOCESAN COMMITTEE ESTABLISHED 1815.

The Madras Diocesan Committee was formed with the following objects:—

1. To circulate, at low rates, the Bible, the Book of Common Prayer, Religious Books and Tracts, and Works of Pure Literature.

2. To supply Mission and other Charitable Schools with maps and apparatus at cost prices.

3. To publish translations of the Prayer Book and Religious and Educational Works and Tracts into the vernaculars of South India.

4. To aid in forming Libraries for Barracks, Hospitals, Schools and Missions.

5. To assist in Church Building, and generally to assist the work of the Church in India in every possible way.

In pursuit of the above objects, the Society has, during over 200 years, and in this country for ninety-five years, originated or supported a variety of agencies of the greatest importance to the progress of Christianity.

It assists largely, in addition, in the spread of religious education in the diocese.

No less than one hundred native girls are entirely maintained and educated by the Society in schools under the direct supervision of missionaries, and ten students who are being prepared to take part in mission work are maintained at Theological Colleges.

Subscriptions, Donations, Church Collections and Legacies are earnestly sought, that the Society may be able to increase its activity in proportion to the growing wants of the Church.

President.—The Right Reverend the Lord Bishop of Madras (*ex-officio.*) *Vice-Presdts.*—The Right Rev. the Bishop of Tinnevelly (*ex-officio*); the Venerable the Archdeacon of Madras (*ex-officio*).

CHURCH OF SCOTLAND WOMEN'S ASSOCIATION FOR FOREIGN MISSIONS.

Orme's Road, Kilpauk, Madras.

The Association supports eight schools in Madras. The schools at Triplicane, Georgetown, Tannah Street, Egmore, and Pursewalkum are Hindu Caste Girls' Schools. In 1910 an Elementary school was opened in Pulianthope village.

The school at Kilpauk is a Boarding and High School for Indian Christian girls; many non-Christian day scholars attend. An Industrial School for teaching lace-making and embroidery adjoins the High School.

The Association supports a staff of Zenana teachers and Bible-women, who visit the homes regularly, teaching the Bible, English, Tamil and Telugu reading and plain and fancy needlework.

One of the most interesting departments of the Association's work is the village work carried on in some of the villages near Kilpauk. Evangelists and Bible-women visit from house to house teaching the Scriptures to such people as they can gather, their work being superintended by one of the ladies in charge of Zenana work.

As the teaching of Christianity is the chief object of the Association's work, the Bible is taught in all the schools and in every Zenana visited.

MISSION STAFF.—Miss Forbes, Miss Graham, Miss Evans, Miss Kelly, Miss Bain, M. *Honorary Secretary and Treasurer.*—Rev. D. G. Gillan.

CANADIAN BAPTIST TELUGU MISSION.

This Mission worked for many years under two Boards which represented the Baptists of Middle and Eastern Canada. The former was called the "Foreign Mission Board of the Baptist Convention of Ontario and Quebec, Canada," and was established in 1874 by the late Rev John McLaurin, D.D., with the first station at Cocanada. He took over 87 converts and continued the work which had for several years been prosecuted by the Rev. Thomas Gabriel. There were then but one ordained minister, Rev. Thomas Gabriel, who died shortly afterwards, two unordained preachers, and three school teachers The Baptists of Eastern Canada worked under the "Foreign Mission Board of the Baptist Convention of the Maritime Provinces of Canada." Work was begun under this Board in 1875, and the Rev. R. Sanford, D.D, now of Vizianagram, occupied Bimlipatam as the first station. These two Boards continued to work as separate Missions throughout the years until 1912, when there was organized the Canadian Baptist Foreign Mission Board embracing the fields of operations of both the former Missions.

Throughout the 43 years of the history of the Mission 51 men with their wives and 58 single ladies have been sent out from Canada Of these six men, eight married women, and seven single women have died, including the founder of the Mission. Others have been obliged to retire from the Mission from other causes such as ill health. The present staff includes 26 men, 25 married women, and 36 single women.

There are 103 unordained preachers and evangelists, 20 colporteurs, 94 Bible-women, 335 male and 123 female teachers, and 20 medical assistants, or a total staff of 495. Churches number 72; two English, membership 10,756; 884 baptised in 1916. Indian Christians contributed Rs. 8,704; 259 S.S average attendance of 7,016; 280 day schools; average attendance 8,158; 10 Boarding Schools; 404 boys, 285 girls, a total of 689.

The Mission has two High Schools, one in Cocanada, and one in Vizagapatam, a Theological Seminary, and a Training School.

There are seven Medical Missionaries, two men, one married woman, and four single women. The staff also includes five trained nurses. The Mission is carrying on medical work in seven stations, the largest work being at Pithapuram. The Mission directs a Home for lepers at Ramachandrapuram which is supported by the Mission to Lepers in India and the East. 108 inmates were cared for in 1911. A Home for lepers has been opened at Vizianagram. There are 24 inmates.

The work amongst the English and Eurasians includes a Day and Boarding School for boys and girls in Cocanada. This is known as the Timpany Memorial School. Boys up to 15 years of age are admitted as day pupils.

The "Ravi" newspaper, a Telugu weekly, is published at Cocanada and has a circulation of 1,500. There is also an Industrial School at Cocanada.

MADRAS TAMIL MISSION.

The Madras Tamil Mission is an Indian Christian effort to bring "that which is lost" to the feet of our Lord Jesus Christ. It was established in 1884, and among its friends and supporters it has many well-known Christians in India and Europe.

The Orphan Home of this Mission, which contains about 90 inmates, is now quartered in a habitation of its own (with 6¼ acres of land) in Toundiarpett, 4½ miles to the north of Madras. Some of the senior orphan boys are employed in the Government Press, Madras, and some are teachers who have been trained

The Mission has six ragged school centres in and around the city, with about 400 pupils. The Mission distributes tracts among the heathen and carries on gospel work among lepers as well as in the villages roundabout the Orphan Home

The Mission at present employs 28 Indian Christian workers and one European Lady Missionary "Miss Bajquist" who is on furlough in her Homeland Norway.

Contributions may also be sent direct either in crossed cheques or foreign money order to Gnanamutthu Joseph Israel, or G. Samuel Israel, The Orphan Home, New Washermenpet, Cross Road, Madras. N E., India.

ST. PATRICK'S CIVIL AND MILITARY ORPHANAGE AND BOARDING INSTITUTION.

Elphinstone Park, Adyar, Madras.

This Institution for the education of European and Eurasian boys is the oldest of its kind in Southern India. It was first established as an Orphanage in Fort St. George, early in 17th Century, when the Catholic Missionaries who came to India and stationed themselves in Madras, in conjunction with the First members of the East Indian Company took upon themselves the care and education of the children of British subjects who came to India and died in the service of the Company leaving their children to the care of these first Missionaries.

Early in the 18th Century the Institution was transferred to the Cathedral compound of the Church of St. Mary in Armenian Street, where it was enlarged and reorganized by the late Rt. Rev. Dr. Carew in the year 1840 From this time the Institution has been doing excellent work, as the history of it recently published and circulated free by the Brothers of St. Patrick, illustrates. In 1885, the Institution was removed to its present site, in Elphinstone Park owing to the crowded locality in which it was formerly located.

The Institution is under the management of the Brothers of St. Patrick, a body of Irish Monks who have had charge of this Institution since 1875.

Besides the Orphanage which is sheltering and educating a large number of destitute children and making them fit members of society, the Institution has also a Boarding establishment attached to it where children are educated in accordance with the European code of Regulations. Charges for Boarding and Maintenance are as follows · 1st Class, Rs. 25; 2nd Class, Rs. 15; 3rd Class, Rs. 10, Orphan Boarders, Rs. 8; Doctor, Medicine, Dhoby and Stationery and use of class books, Rs. 2-8 per month extra. The course of studies includes all subjects embraced up to and including the European Middle School Examination, besides Typewriting, Shorthand, Book-keeping, Drawing and Hindustani.

THE SYRIANS IN MALABAR.

A SHORT SKETCH OF THEIR HISTORY.

Both history and tradition testify that St. Thomas the Apostle came to India and made a good many conversions, especially from among the Nampoothiri Brahmin families on the Malabar Coast, where he founded seven churches at Kodungallur (Cranganore), Parur (Kottakav), Kokkamangalam, Palur, Chayal, Neranum, and Collam (Quilon) and consecrated bishops and priests from among them. These Christians of St. Thomas increased and flourished for some time until persecution arose and almost destroyed the community, leaving it bereft of pastors. The Catholikos (Primate) of the East being informed of this deplorable state of things in Malabar, supplied this Church with bishops and priests from Mesopotamia and Persia.

The series of these bishops continued till about the year 1596. On the death of Mar Abraham, the last of this series, Archdeacon George, a native Syrian priest, was appointed administrator of the diocese, who made public protestion of the Catholic Faith at Vaipeen in the presence of the Portuguese Governor, officials, clergy and people. Basing himself chiefly on the report of some Portuguese priests against the archdeacon, Archbishop Menezes of Goa came to Malabar and convoked a synod at Diamper in 1599 to purge the Syrians of some supposed errors that had crept into their belief and liturgy. On his return to Goa, he appointed, with the sanction of the Holy See, Francis Roz, S.J., a Latin priest, as the Archbishop of the Syrians. The Syrians being always eager to get a bishop of their own and finding their efforts unsuccessful rebelled against Francis Garcia, S.J., their third Latin Archbishop in 1653, and selected Archdeacon Thomas, a native Syrian priest, for their bishop, on whom 12 priests sacrilegiously imposed hands.

The Holy See coming to know of this revolt sent to Malabar Joseph Sebastiani, a discalced Carmelite as Commissary Apostolic, with three companions to win back these Christians to the true fold. As most of the Christians were eager to come back, the Carmelites with the valuable assistance of Alexander de Campo (*alias* Parampil Chandy), a native Syrian priest, easily reconciled 40 churches to Rome in 1657, with the condition of obtaining them a bishop other than Abp. Garcia. Forty-four other churches followed them.

The remaining 32 churches were governed by Archdeacon Thomas who was afterwards consecrated by a Jacobite bishop Gregory in 1665. The descendants of these are the present Jacobite Syrians of Malabar. They are now divided into proper Jacobite Syrians who acknowledge the Jacobite Patriarch of Antioch as their head, and Reformed Syrians, the former numbering 225,190 and the latter 75,848. With the coming to Malabar in 1909 of the Patriarch of the proper Jacobite Syrians, there has occurred a split among them, some forming Dionysius' party and the others the Patriarch's party. On the return of this Patriarch, the former got down in 1912 another Jacobite Patriarch styled "the senior Patriarch," who conferred some powers on the bishops of this party. But the confusion among them has been aggravated as this Patriarch has, on his return to Jerusalem, joined the Catholic Church.

On the Dutch taking possession of Cochin, all Europeans excepting the Dutch had to quit Malabar. The Commissary Apostolic vested with the power of consecrating one or two bishops from among the natives, chose Alexander de Campo, a native Syrian priest, and consecrated him in 1663, first Vicar Apostolic of Malabar under the S. C. of Propaganda. In his old age, Bishop Alexander de Campo requested Rome to give him a co-adjutor in the person of his nephew. But the four Carmelites passed him over and selected a Eurasian priest of the Latin rite, by name Raphael Figueredo Salgado, to be co-adjutor to the Syrian Bishop. Bishop Alexander refused to consecrate him. He was therefore taken by the Carmelites to Calicut who got him consecrated there by Bishop Thomas de Castro in 1677. This co-adjutor acted independently of Bishop Alexander and quarrelled with the Vicar-General of the latter. Whereupon he was deposed by the Pope in 1694.

After the death of Alexander de Campo, one of the Carmelites succeeded him. The Portuguese Bishops of Cranganore also were governing a part of the Syrians.

This state of things lasted till 1859 when a deputation of the Syrian Catholics was sent to Joseph Audu, the Catholic Patriarch of Bagdad to get a Syrian Bishop. Accordingly in 1861, Mar Rokos, a Syro-Chaldean Bishop was sent by the Patriarch to Malabar. After a very short stay he was recalled.

Again the Syrian Catholics sent petitions to Bagdad. In 1874, Bishop Elias Mellus was sent to Malabar and some Syrian churches joined him. Though he left Malabar after some years, the remnant of his schism is still lingering in Trichur and forms at present a community of 13,780, under the name of "Chaldean Syrians." This sect is now divided into Mar Augustine's party and Mar Aimelech's or the Nestorian party.

The Syrians eager as ever to have Syrian bishops, petitioned Rome, explaining the deplorable state of their Church. The Holy See sent Archbishop Leo Meurin, S. J., of Bombay as Visitor Apostolic to Malabar in 1876 to know and report the real condition of the Syrians. He stayed in Malabar for 16 months, convoked two meetings of all the Catholic Syrian priests, one at Mannanam and the other at Ollur, visited several churches, thoroughly investigated the cause of all their grievances and reported it to Rome. Understanding from his report, the need of giving a separate Bishop for the Syrians, the Holy See appointed in 1877, Mgr. Marcellino as co-adjutor Bishop of Verapoly to have the separate charge of the Syrian Catholics.

The Syrians not satisfied with this, repeated their petitions to Rome. On the recommendation of Mgr. Agliardi, the Delegate Apostolic, the Syrian churches were withdrawn in 1887 from the jurisdiction of Verapoly and Bishops Medlycott and Lavigne, S. J., were appointed by Pope Leo XIII to govern them as Vicars Apostolic of Trichur and Kottayam.

This arrangement lasted until 1896 when the oft-repeated request of the Syrians to have bishops of their own rite and race was at last granted by the same Pope The two European Vicars Apostolic were withdrawn and three native Syrian priests—Fathers John Menachery Aloysius Pareparambil and Mathew Makil—were consecrated at Kandy by the Papal Delegate on October 25, 1896 as Vicars Apostolic of Trichur, Ernakulam and Changanachery respectively depending directly on the Holy See. As Bishop Makil who was appointed for the Vicariate Apostolic of Changanachery was a Suddhist while by far the greater part of Catholics under him were Nordhists, this arrangement was found unsatisfactory and even harmful. This was represented to the Holy See. And at the recommendation of the three Vicars Apostolic the Nordhists were separated from the Suddhists in 1911 by Pope Pius X, and Bishop M. Makil had been appointed to govern the latter as Vicar Apostolic of Kottayam, and the Nordhists of the Vicariate of Changanachery were given another Native Syrian Bishop in the person of Mgr. Thomas Kurialachery. Thus the Catholic Nordhists now form the Vicariates Apostolic of Trichur, Ernakulam and Changanachery, and the Suddhists the Vicariate Apostolic of Kottayam, all depending as before directly on the Holy See. Moreover at the request of the Vicar Apostolic of Ernakulam he was given in 1911 a Co-adjutor Bishop with the right of succession in the person of Mgr. Augustine Kandathil. Both Mgr. Kurialachery and Mgr. (Kandathil were consecrated at Kandy on the 3rd of December 1911 by His Excellency Mgr. Zaleski, the Delegate apostolic of the East Indies.

The Syrian Catholics number 413,142 souls (of whom 383,612 are Nordhists and 29,530 are Suddhists), with 871 churches (excluding chapels), and 418 secular and 72 regular priests.

GAME LAWS, REGULATIONS, &c.

MADRAS.

I. GENERAL.

(i)

ACT No. I OF 1873.

PASSED BY THE GOVERNOR OF FORT ST. GEORGE IN COUNCIL.

[*Received the assent of the Governor on the 21st April 1873, and of the Governor-General on the 15th May 1873.*]

AN ACT TO PREVENT THE INDISCRIMINATE DESTRUCTION OF WILD ELEPHANTS.

Preamble.

Whereas it is expedient to make provision to prevent the indiscriminate destruction of wild elephants within the Presidency of Madras; it hereby enacted as follows:—

Local extent.

1. This Act extends to the Territories for the time being subject to the Government of the Presidency of Fort St George; and it shall come into force on the first day of October 1873.

Commencement of Act.

2. From and after the said day, the destruction of wild elephants is prohibited, except as hereinafter provided.

Penalty for destroying female elephants.

3. Whoever shoots at, or intentionally destroys, or abets, within the meaning of the Indian Penal Code, the shooting at, or destruction of any wild female elephant upon waste or forest land, whether such land be the property of Government, or otherwise, shall be liable to a penalty not exceeding five hundred Rupees, and in default of payment, to simple or rigorous imprisonment for a period not exceeding three months.

Any person convicted under this Act of an offence committed after his previous conviction under this Act, shall be liable to a penalty not exceeding one thousand Rupees, and in default of payment, to simple or rigorous imprisonment for a period not exceeding six months.

Penalty for destroying male elephants on Government land without license.

4. Whoever, not being authorized thereto by a license granted under the provisions of Section 7, shoots at, or intentionally destroys, or abets, within the meaning of the Indian Penal Code, the shooting at, or destruction of any wild male elephant upon waste or forest land, the property of the Government, shall, upon a first or second conviction, be liable to the penalties and periods of imprisonment, respectively, provided for a first or second conviction in Section 3 of this Act.

Saving clause as regards destruction of male elephants on Zemindary or private land.

5. Nothing in this Act shall be deemed to prevent any Zemindar or other proprietor or occupier of land, or any person duly authorized in that behalf by any such Zemindar, proprietor, or occupier, from destroying wild male elephants upon the waste or forest lands of such Zemindar, proprietor, or occupier.

Saving clause as regards destruction of elephants found on cultivated lands, &c.

6. Nothing in this Act shall be deemed to prevent any person from shooting at or destroying any wild male or female elephant found upon cultivated lands, or upon or in the immediate vicinity of any public road, or to prevent any person from shooting at or destroying any male or female elephant in defence of himself or any other person.

License to shoot male elephants.

7. The Collector or other officer in charge of a district may, subject to such rules as may, from time to time, be made by the Local Government, issue a license to any person authorizing him by name to shoot wild male elephants upon waste or forest lands, the property of the Government, in such district for the period of one year from the date of the grant of such license. Every such license shall become void at the expiration of the said period, but may be renewed by such Collector or other officer for a like period.

Proviso.

Provided that every such license shall become void upon the conviction under this Act of the persons to whom such license was granted.

Power to make rules for grant or renewal of licenses.

8. The Local Government may make rules for regulating the grant or renewal of licenses under this Act, and the fee to be charged on such grant or renewal, and may, from time to time, alter or cancel such rules.

Limitation of prosecution.

9. Every prosecution under this Act shall be commenced within a period of six months from the date of the offence in respect of which it is instituted.

NOTIFICATION, 17*th August* 1886.

RULE.

Licenses granted by Government under section 7 of Madras Act I of 1878, for the destruction of wild male elephants, shall be granted only on the condition that the person to whom such license is granted shall agree to surrender the tusks of the elephants destroyed to Government, if called upon so to do.

ACT No. VIII OF 1912.

THE FOLLOWING ACT OF THE GOVERNOR-GENERAL OF INDIA IN COUNCIL

(*Received the assent of the Governor-General on the 18th September*, 1912).

AN ACT TO MAKE BETTER PROVISION FOR THE PROTECTION AND PRESERVATION OF CERTAIN WILD BIRDS AND ANIMALS.

Whereas it is expedient to make better provision for the protection and preservation of certain wild birds and animals; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Wild Birds and Animals Protection Act, 1912 and,

(2) It extends to the whole of British India, including British Baluchistan, the Sonthal Parganas and the Pargana of Spiti.

Application of Act.

2. (1) This Act applies, in the first instance, to the birds and animals specified in the Schedule, when in their wild state:

(2) The Local Government may, by notification in the Local Official Gazette, apply the provisions of this Act to any kind of wild bird or animal, other than those specified in the Schedule, which, in its opinion, it is desirable to protect and preserve.

Close time.

3. The Local Government may, by notification in the Local Official Gazette, declare the whole year or any part thereof to be a close time throughout the whole or any part of its territories for any kind of wild bird, or animal to which this Act applies or for female or immature wild birds or animals of such kind; and subject to the provisions hereinafter contained, during such close time, and within the areas specified in such notification, it shall be unlawful—

(*a*) to capture any such bird or animal, or to kill any such bird or animal, which has not been captured before the commencement of such close time;

(*b*) to sell or buy, or offer to sell or buy, or to possess, any such bird or animal which has not been captured or killed before the commencement of such close time, or the flesh thereof;

(*c*) if any plumage has been taken from any such bird captured or killed during such close time, to sell or buy, or to offer to sell or buy or to possess such plumage.

Penalties.

4. (1) Whoever does, or attempts to do, any act in contravention of section 3, shall be punishable with fine which may extend to fifty Rupees.

(2) Whoever having already been convicted of an offence under this section is again convicted thereunder shall, on every subsequent conviction, be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to one hundred Rupees, or with both.

Confiscation.

5. (1) When an army pensioner is convicted of an offence punishable under this act, the convicting Magistrate may order that any bird or animal in respect of which such offence has been committed, or the flesh or any other part of such bird or animal, shall be confiscated.

(2) Such confiscation may be in addition to the other punishment provided by section 4 for such offence.

Cognizance of offence.

6. No Court prior to that of a Presidency Magistrate or a Magistrate of the 2nd class shall try any offence against this Act.

7. When the Local Government is of opinion that in the interests of scientific research, such a course is desirable, it may grant to any person a license subject to such restriction and conditions as it may impose entitling the holder thereof to do any Act, which is in section 3 declared to be unlawful.

Power to grant exemption.

8. Nothing in this Act shall be deemed to apply to the capture or killing of wild animals by any person in defence of himself or any other person, or the capture or killing of any wild bird or animal in *bona fide* defence of property.

Savings.

Repeal.

9. The Wild Birds Protection Act (Act XX of 1887) is hereby repealed.

In this Act the word "game" shall include bison, sambhur, ibex, jungle-sheep, deer of all descriptions, hares, jungle-fowl, pea-fowl, partridge, quail, spur-fowl, *snipe and woodcock*, Nilgiri wood pigeon and the imperial pigeon or such birds or animals as the Governor in Council may deem fit, to specify by notification from time to time in the *Fort St. George Gazette*

Power to fix close season.

3. The Governor in Council may, by notification in the *Fort St. George Gazette*, from time to time, fix a season or seasons of the year during which it shall not be lawful for any person to shoot at, kill, capture, pursue or sell, or attempt to kill, capture or sell game, as may be specified in such notification within the district aforesaid

Proviso as to private lands.

Provided that nothing in this Act contained, shall preclude proprietors or occupiers of land from adopting such measures on such land as may be necessary for the protection of crops or produce growing thereon.

Protection of animal, bird or fish not indigenous.

4. Whenever any animal, bird or fish, useful for food, not indigenous to the district aforesaid, is introduced into it with the approval of the Government with a view to becoming acclimatised or being propagated therein, it shall be lawful for the Governor in Council, from time to time by notification in the *Fort St. George Gazette, to prohibit altogether or to regulate* in such manner and for such period not exceeding three years as may be declared in such notification, the pursuit, killing or capture of such animal, bird, or fish.

Power to proscribe rule for the regulation and control of fishing.

5 It shall be lawful for the Governor in Council, by notification in the *Fort St. George Gazette*, from time to time to make rules for the regulation and control of fishing in any stream or lake within the said district, and such rules may, with the view to protect acclimatised fish, which may be believed to be there, or may be hereafter introduced therein, prohibit or regulate the poisoning of the waters of any stream or lake,

the throwing of any deleterious matter therein, the use of fixed engines for the capture of fish in any stream and the use of nets or a mesh below a certain size to be defined in such rules for the capture of fish in such stream or lake.

Power of Government officer or Police.

6. Any Government officer or servant or policeman producing his certificate of office, or wearing the prescribed distinctive dress or badge of his department, may require any person whom he finds committing any offence against Sections 3, 4, or 5 of this Act, to give his name and address, or, if there is reason to doubt the accuracy of the name and address so given, to accompany him to the nearest police station.

Penalties for shooting, &c., during close seasons and for breach of fishing rules.

7. Every person convicted before a Magistrate of any offence against Sections 3, 4, or 5 of this Act shall be liable for a first offence to a penalty not exceeding rupees fifty and to the forfeiture to Government, at the discretion of the Magistrate, of the game, birds or fishes taken, and of all guns, engines, implements, nets and dogs used in or for the purpose of aiding the commission of such offence and, in default of payment of fine to simple imprisonment for a period not exceeding one month, and for every second and subsequent offence to a penalty not exceeding rupees one hundred, and the same liability to forfeiture, and in default of payment, to simple imprisonment for a period not exceeding two months.

Procedure under this Act.

8. The provisions of the Code of Criminal Procedure relating to the summoning and examination of persons accused and witnesses, and to the levying of penalties shall be applied to proceedings under this Act.

Appropriation of fees, fines, &c.

9. All fees, fines and forfeitures realised under this Act shall be paid into the public treasury.

Award to informer.

But it shall be competent to the convicting Magistrate to award such portion of the fine, or of the proceeds of the forfeiture as he may think fit, not exceeding one-half the amount of full fine authorized to be imposed by this Act in any case under this Act, to the person or persons on whose information the conviction is obtained.

SCHEDULE REFERRED TO IN THE PREAMBLE.

RULES UNDER THE MADRAS FOREST ACT, 1882 (MADRAS ACT V OF 1882) RELATING TO GAME.

NOTIFICATION.—*No.* 305, dated 9th June 1911, published on pages 606-607 of Part I of the *Fort St. George Gazette*, dated 27th June 1911.

Notifications under Sections 21, 26, 33 and 63 of the Madras Forest Act V of 1882. The Nilgiri Game Rules.

In supersession of all previous notifications on the subject, His Excellency the Governor in Council is pleased, under sections 21, 26, 33 and 63 of the Madras Forest Act V of 1882, to make the following rules to regulate hunting and shooting in the reserved and rented forests, fuel and fodder reserves, grazing grounds, Toda patta lands and areas under special fire-protection within the following limits —

(1) the south bank of the Bhavani river from Attapadi, in the valley of that name, to its junction with the Moyar river;

(2) from that point the north bank of the Moyar as far west as the boundary of the Nilgiri district, and thence the boundary of the said district, as determined for ordinary administrative purposes, to Nilgiri Peak;

(3) from that point the western crest of the Nilgiri hills to its termination below Sispara;

(4) thence along the northern, western and southern crests of the Silent Valley range to its southernmost point;

(5) from that point to Attapadi.

1. Under section 33 of the Madras Forest Act V of 1882, the Mudumalai and Kumbarakolli rented forests and all Toda patta lands within the above limits are declared, for the purpose of these rules, to be reserved forests within the meaning of section 21 of the said Act.

2. No person shall hunt or shoot within the limits to which these rules apply without a license issued by the Collector of the Nilgiris Provided that this rule shall not apply to the hunting of jackals by the Ootacamund Hunt.

3. Such license shall be issued on payment of such fees as the Government may from time to time prescribe and shall set forth the purport of these rules and of any notification issued thereunder. It shall not be transferable and shall remain in force from the date on which it is issued till the 15th September next following subject to the provisions of rules 4, 5 and 7.

4. The Collector may refuse to grant a license under these rules to any applicant, if the latter has been convicted of a breach of these rules or of the Nilgiri Fishing rules or of any rule or notification previously in force to regulate fishing and shooting in the area to which these rules apply or of any other offence under Acts II of 1879 (Madras), IV of 1879 (India) or V of 1882 (Madras) or of any breach of any rules framed thereunder or for any other reason to be stated in writing and may cancel any license already granted for a like reason. Against any order of the Collector so refusing to grant a license or cancelling a license, an appeal shall lie to the Board of Revenue, if filed within three months from the date of the order appealed against.

5. The Collector of the Nilgiris shall have power to notify that the whole or any part of the area to which these rules apply shall be closed for the whole or any part of any year against all hunting or shooting or to the pursuit, capture or killing of any particular species of game as defined in section 2 of the Nilgiri Game and Fish Preservation Act, 1879, and notifications thereunder.

6. Except with the sanction of the Collector, no person shall shoot at, wound or kill within the area to which these rules apply, the females or immature males of any of the following animals or mature male sambhur or spotted deer which are hornless or whose horns are in velvet:—

(1) Bison or Gaur
(2) Sambhur.
(3) Spotted deer.
(4) Ibex
(5) Antelope.

Provided that any member of the Ootacamund Hunt may kill any sambhur brought to bay by the hounds while in the proper pursuit of hunting. The Collector shall have power to notify a definition of an "immature male" in the case of each of the above species of game.

7. The Collector shall further have power to frame and notify other conditions upon which alone licenses shall be granted. Such conditions may include restrictions upon the maximum bag to be shot by a license-holder, areas open to beating, methods of beating, methods of killing particular kinds of game and other matters connected with the preservation of game. The breach of any of such conditions shall be punishable by the cancellation of the offender's license or, if the license-holder prefers, by the imposition of a fine, not exceeding Rs. 25, in lieu of such cancellation.

8. Notifications issued by the Collector under rules 5, 6 and 7 shall be published in the *District Gazette* and entered in the licenses issued under rule 3.

9. The setting of traps or snares for any game as defined in Act II of 1879 or notifications thereunder is forbidden throughout the area to which these rules apply.

10. Any person convicted before a Magistrate of an infringement of rules 2, 6 and 9 shall be liable to the punishment provided by section 21 of the Madras Forest Act V of 1882, if the offence was committed within a reserved forest or land declared to be reserved forest for the purpose of these rules, or to the punishment provided by section 26 of the same Act, if it was committed within land at the disposal of Government.

11. Every person appointed by the District Forest Officer for the purpose of enforcing these rules shall be deemed to be a "Forest officer" under Act V of 1882.

12. The following are cancelled:—

(1) Notification No. 503 under section 26 (*f*) of the Madras Forest Act regulating hunting, shooting and fishing in the Mudumalai and Kumbarakolli forests published on page 1342 of Part I of the *Fort St George Gazette*, dated 1st November 1892, and

(2) paragraphs 3, 4 and 5 of the rules for Toda patta lands published on page 401 of Part I of the *Fort St George Gazette*, dated 11th April 1893.

III. COIMBATORE.

(i)

Rules to regulate shooting in the reserved and the unreserved lands in the North Coimbatore and Kollegal Forest divisions.

In exercise of the powers conferred by section 26 (*f*) of the Madras Forest Act (V of 1882) and in partial modification of the rules published in Notification No. 431, at pages 1094 and 1095, Part I of the *Fort Saint George Gazette*, dated 1st September 1896, His Excellency the Governor in-Council is pleased to close to hunting and shooting all reserved and unreserved lands in the North Coimbatore and Kollegal divisions except on license and as provided for in the following rules; provided that nothing in these rules shall prohibit cultivating ryots who hold licenses under the Arms Act from hunting, shooting or trapping whether in reserved lands or in unreserved lands if they do so for the protection of their crops, and provided also that any person holding a license under the Arms Act shall be permitted to shoot tiger and pig in unreserves only:—

1. Subject to the provisions of Madras Act I of 1873, any person who may desire to hunt or shoot within the limits of any reserved or unreserved lands specified in the

subjoined schedule I, shall be bound to take out a license therefor at the office of the Collector of Coimbatore. Hunting or shooting without such a license is prohibited.*

* *Note.*—The following officers are exempted from being required to take out a license:—

(1) All officers of the Madras Forest department of or above the rank of Forester in North Coimbatore and Kollegal divisions within their respective jurisdiction.

(2) All officers of the Survey of India. Parties of and above the rank of Sub-Assistant Superintendents employed on Forest survey work in the divisions of North Coimbatore and Kollegal.

(3) The Government Botanist, Madras.

(4) Members of the Board of Revenue, and District Collector

(5) The Superintendent, Government Museum, Madras.

2. Such license shall not be transferable. It will be valid only to the end of the season to which it relates at whatever time in the season it is taken out. The Collector may, at his discretion, grant licenses to Non-commissioned officers and men of His Majesty's forces on such special terms as he may think fit for *bona-fide* sporting purposes

3. The Collector may refuse to grant a license to an applicant who has been convicted of an offence against the rules under the Madras Forest Act (V of 1882) relating to hunting, shooting or fishing or for any other special reason to be stated in writing.

4. Within the limits to which these rules apply, no person shall, at any time of the year, shoot at, trap or snare any of the insectivorous birds specified in schedule II annexed to these rules.

5. No license taken out under the foregoing rules will be held to give authority to hunt or shoot in contravention of rule 4.

6. Beating and the setting of traps or snares is forbidden except by the special permission of the Collector.

(i)

Special conditions to be attached to licenses granted to shoot in the North Coimbatore and Kollegal Forest divisions.

For the issue of shooting licenses the reserves in the North Coimbatore and the Kollegal divisions will be divided into six blocks as shown in the appendix.

2. (a) As a rule not more than one party will be allowed to shoot in a block in, any one calendar year, but the Collector may relax this rule at his discretion.

(b) A party will be limited to two guns.

(c) Blocks will be allotted in the order of applications. If applicants do not mention in their applications in what order they prefer the blocks, the District Forest Officer will allot what he considers the best block to the first applicant and so on.

(d) A party vacating a block for ten days or more will lose their lien on it.

(e) License-holders will have a lien upon the block allotted them subject to (d) above, but they will not have an exclusive right to the block as against touring officials of the district holding licenses or the permanent residents of the divisions holding licenses who may shoot in any block whether allotted or not subject to the etiquette usual among sportsmen.

3. Persons permanently resident in the Kollegal division and in that portion of the North Coimbatore division north of the Bhaváni river will be considered residents for the purpose of 2 (e).

4. The expression "touring officials of the district" shall mean all officials who are required or permitted to tour in the Kollegal or North Coimbatore divisions on duty.

5. The fee for a license will be Rs. 10 for permanent residents and touring officials and Rs. 50 for visitors. Every applicant must, unless specially exempted by the Collector in addition to the license fee, deposit a sum of Rs. 50 as security for the due observance of the conditions of the license. The deposit will be returned to the license holder on his application after the expiry of the period of his license, provided he has not infringed any of the conditions of the license.

6. No one shall shoot nilgai or the females or immature males of bison, sambhur, chital, antelope, four-horned antelope, muntiac or jungle sheep.

The expression "mature males" in the case of sambhur and chital shall mean stags in hard horn measuring 25 inches in length or over.

7. A license-holder will only be permitted to shoot up to the following limit:—

Bison	2 (except in the Madeswara Malai block V where the limit is 1).
Sambhur	3
Chital	3
Antelope	1
Four-horned antelope ...	2

No limit is fixed at present in the case of other species.

The limit fixed is strictly individual, and if two licensees shoot in a party, one of them cannot exceed the limit on the ground that the other licensee is short of it.

8. The Collector may at any time close any part of any forest to shooting entirely or for certain species whether such area is included in a block for which licenses have been given or not.

9. Whenever any animal is shot, the license-holder must present his license for endorsement to the nearest Forest officer not below the rank of Forest guard and at the conclusion of the year, or when the licensee finally quits the shooting block, the license must be returned to the District Forest Officer of the division in which the block is situated with a statement of what has been shot. Trophies must be produced for inspection whenever required by a Forest officer not below the rank of Forest guard.

10. License-holders will be bound to give to the nearest Forest officer, without delay information which they may possess, regarding the commission or intention to commit any forest offence or regarding the occurrence of fire (*see* section 28 of the Madras Forest Act).

11. Nothing in this license shall be deemed to permit the capture or removal of any living animal.

12. Infringement of any of these rules may entail the cancellation of the permit and confiscation of all trophies or the forfeiture to Government of the whole or a part of the security deposit referred to in condition 5. The Collector's order of forfeiture shall be final.

Trophies must be produced for inspection, whenever required by a Forest officer not below the rank of a forest guard.

4. The attention of the licensee is invited to Section 23 of the Madras Forest Act under which, amongst other prescriptions, he is bound to give to the nearest Forest officer without delay information which he may possess, regarding the commission or intention to commit any forest offence or regarding the occurrence of fire.

5. The capture or removal of any living animal is prohibited.

6. The Collector may at any time close any part of any forest to shooting entirely or for certain species.

FISHERY LAWS, REGULATIONS, &c.

MADRAS.

(i)

ACT No. IV of 1897.

PASSED BY THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

(*Received the assent of the Governor-General on the 4th February,* 1897.)

AN ACT TO PROVIDE FOR CERTAIN MATTERS RELATING TO FISHERIES IN BRITISH INDIA.

Whereas it is expedient to provide for certain matters relating to fisheries in British India; it is hereby enacted as follows:—

Title, extent and commencement.

1. (1) This Act may be called The Indian Fisheries Act 1897.

(2) It extends to the whole of British India, except Burma; and

(3) It shall come into force at once.

Act to be read as supplemental to other Fisheries Laws.

2. Subject to the provisions of sections 8 and 10 of the General Clauses Act, 1887, this Act shall be read as supplemental to any other enactment for the time being in force, relating to fisheries in any part of British India except Burma.

3. In this Act, unless there is anything repugnant in the subject or context,—

(1) "fish" includes shell-fish:

(2) "fixed engine" means any net, cage, trap or other contrivance for taking fish, fixed in the soil or made stationary in any other way: and

(3) "private water" means water which is the exclusive property of any person, or in which any person has for the time being an exclusive right of fishery whether as owner; lessee or in any other capacity.

Explanation.—Water shall not cease to be "private water" within the meaning of this definition by reason only that other persons may have by custom a right of fishery therein.

Destruction of fish by explosives in inland waters and on coasts.

4. (1) If any person uses any dynamite or other explosive substance in any water with intent thereby to catch or destroy any of the fish that may be therein, he shall be punishable with imprisonment for a term which may extend to two months, or with fine which may extend to two hundred rupees.

(2) In sub-section (1) the word "water" includes the sea within a distance of one marine league of the sea-coast: and an offence committed under that sub-section in such sea may be tried, punished and in all respects dealt with, as if it had been committed on the land abutting on such coast.

Destruction of fish by poisoning of waters.

5. (1) If any person puts any poison, lime or noxious material into any water with intent thereby to catch or destroy any fish, he shall be punishable with imprisonment for a term which may extend to two months, or with fine which may extend to two hundred rupees.

(2) The Local Government may, by notification in the official Gazette, suspend the operation of this section in any specified area, and may in like manner modify or cancel any such notification.

Protection of fish in selected waters by rules of Local Government.

6. (1) The Local Government may make rules for the purposes hereinafter in this section mentioned, and may by a notification in the official Gazette apply all or any of such rules to such waters, not being private waters, as the Local Government may specify in the said notification.

(2) The Local Government may also, by a like notification, apply such rules or any of them to any private water with the consent in writing of the owner thereof and of all persons having for the time being any exclusive right of fishery therein.

(3) Such rules may prohibit or regulate all or any of the following matters, that is to say:—

(a) the erection and use of fixed engines;
(b) the construction of weirs; and
(c) the dimension and kind of the nets to be used and the modes of using them.

(4) Such rules may also prohibit all fishing in any specified water for a period not exceeding two years.

(5) In making any rule under this section the Local Government may—

(a) direct that a breach of it shall be punishable with fine which may extend to one hundred rupees, and, when the breach is a continuing breach, with a further fine which may extend to ten rupees for every day after the date of the first conviction during which the breach is proved to have been persisted in ; and

(b) provide for—

(i) the seizure, forfeiture and removal of fixed engines erected, or used, or nets used, in contravention of the rule, and

(ii) the forfeiture of any fish taken by means of any such fixed engine or net.

(6) The power to make rules under this section is subject to the condition that they shall be made after previous publication.

Arrest without warrant for offences under this Act.

7. (1) Any police-officer, or other person specially empowered by the Local Government in this behalf, either by name or as holding any office, for the time being, may, without an order from a Magistrate and without warrant, arrest any person committing in his view any offence punishable under section 4 or 5 or under any rule under section 6—

(a) if the name and address of the person are unknown to him, and

(b) if the person declines to give his name and address, or if there is reason to doubt the accuracy of the name and address, if given.

(2) A person arrested under this section may be detained until his name and address have been correctly ascertained :

Provided that no person so arrested shall be detained longer than may be necessary for bringing him before a Magistrate, except under the order of a Magistrate for his detention.

(ii)

REVENUE NOTIFICATION, *No. 159, dated 18th March 1908.*

Under section 7 of the Indian Fisheries Act IV of 1897, His Excellency the Governor-in-Council is pleased to empower—

(1) all forest officers (as defined in section 2 of the Madras Forest Act, V of 1882) employed in the Nilgiri, Malabar and Coimbatore districts,

(2) the Inspector of Fisheries, Bhaváni and Moyar rivers, and the watchers employed under his supervision to arrest without an order from a Magistrate and without warrant, in accordance with the provisions of the section, any person committing in their view, in respect of the waters specified in the schedule hereto annexed, any offence punishable under section 4 or 5 of the said Act or any rules issued under section 6 thereof.

Schedule.

The Bhaváni river (with its tributaries) from its source down to the inflow of Tanimalai stream below Niralai

2. The Moyar river with such tributaries as are within the Nilgiri or Coimbatore districts from the Pykara falls to the Gazzalhatti chattram.

3. The Siruvani and the Gopaneri rivers and their tributaries, lying in the Malabar and Coimbatore districts.

(iii)

NOTIFICATION *No.* 232, *dated* 23*rd May* 1912, *published on pages* 561—563 *of Part I of the Fort St. George Gazette, dated* 28*th May* 1912.

NOTIFICATION.

PREAMBLE.

Whereas it is necessary to take steps to protect the trout, carp and other non-indigenous fish, introduced with a view to their acclimatisation into certain waters in the Nilgiri plateau and to regulate fishing generally within that district and in the adjoining portions of the Malabar and Coimbatore districts, the Governor in Council is pleased, under the powers vested in him by sections 4 and 5 of Madras Act II of 1879, sections 21, 26 and 33 of the Madras Forest Act V of 1882, and section 6 of the Indian Fisheries Act IV of 1897, to make the following rules which shall remain in force for three years from the date of this notification :—

RULES.

Area covered by the Preamble.

1. The area referred to in the above preamble, wherein fishing is regulated by the rules hereinafter noted, is that included within the following boundaries :—

(1) The south bank of the Bhavani river from Attipadi, in the valley of that name, to its junction with the Moyar river ;

(2) From that point the north bank of the Moyar river as far as the boundary of the Nilgiri district, and thence the boundary of the said district, as determined for ordinary administrative purposes, to Nilgiri peak.
(3) From that point the western crest of the Nilgiri hills to its termination below Sispara.
(4) Thence along the northern, western and southern crests of the Silent Valley range to its southernmost point.
(5) From that point to Attidadi.

Note.—The whole of the Silent Valley Reserved Forests and the Mudumalai and Kumbarakolli leased forests are included in this area.

2. Under section 33, Madras Forest Act (V of 1882), the Mudumalai and Kumbarakolli leased forests are declared for the purposes of these rules to be a reserved forest within the meaning of section 21 of the said Act.

The boundaries of the above forests are as follows:—

The Mudumalai leased forests.

North.—The boundary of Mysore State.
East.—The boundary of Mysore State and the Todanad firka of the Ootacamund taluk.
South.—The boundaries of the Gudalur desam, the Moyar river, the boundaries of the Sri Madurai desam and of the Cherumuli desam.
West—The boundaries of the Munanad amsam and of the North Malabar district, the boundaries of the Wynaad taluk and of the Ganapatti-Vattamamsam.

The Kumbarakolli leased forests.

North.—The Bithura-halla.
East and South.—The Moyar river.
West.—Survey Nos. 4 to 11 of the Gudalur desam.

3. The following rules apply to all waters within the area defined in rule 1 above with the addition of the Siruvani and the Gopaneri rivers and their tributaries which flow into the Bhavani from the south.

4. *Definition.*—In these rules "fishing" includes the capture of, or attempt to capture fish by any means including fixed engines, cruives, weirs or nets or by the damming or baling of any water.

5. *Exception.*—Nothing in these rules applies to fishing conducted by or under the orders of the Piscicultural Expert to the Government of Madras.

6. *General prohibition.*—The poisoning of water or dynamiting of fish is absolutely forbidden in all waters

7. *Waters in which fishing is entirely prohibited.*—The Parson's Valley stream is closed to all fishing.

8. *Waters in which fishing is permitted without a license.*—In the following waters fishing is permitted *without a license* throughout the year, provided that the Collector may, by notification in the District Gazette from time to time, declare such waters or any portion thereof closed to all fishing, or may prohibit fishing for any particular species of fish in all or any such waters during any year or part of a year:—

(1) The Bhavani river and its tributaries below the inflow of the Taimalai stream below Niralai.

(2) The Moyar river and its tributaries below the Gazzalhatti chattram.

9. *In the following waters fishing for trout is permitted subject to the special rules noted hereunder:*—

(i) The Pykara river and its tributaries above the Pykara falls including the Krurmund stream, the Mekod stream below the Mekok waterfall, and the Mukerti stream;

(ii) The Kundah river and its tributaries including the Avalanche and Emerald Valley streams;

(iii) The Billithada-halla and its tributaries; and

(iv) The Tiger Hill reservoirs.

Rules.

(a) No fishing for trout shall be permitted in any of the above waters except under license to be issued by the Collector of the Nilgiris.

(b) No fishing for trout shall be permitted between the 1st October and 30th April in any year.

(c) No fishing for trout shall be permitted before 6 A.M. and later than 7 P.M.

(d) All fishing under such license shall be with artificial fly. Fishing with live or dead bait (including worms) and with artificial spinning bait is prohibited.

(e) Every license-holder shall carry a disgorger. If any trout under 14" in length is caught under cover of a license issued under these rules, it shall be returned to the water as quickly as possible. Any licensee found in possession of a trout under 14" in length shall be liable to the penalties prescribed.

(f) Every license-holder shall, after each occasion on which he fishes, send to the District Forest Officer, Ootacamund, a post card, of which a supply can be obtained from that officer on application giving a list of the trout killed and their weight together with a note of the size of any trout under 14" in length caught and returned to the water.

10. *Waters in which fishing for fish other than trout is permitted.*—In the following waters fishing for fish other than trout is permitted subject to the special rules hereinafter noted after each group of waters :—

(a) (i) The Pykara river between the inflow of the Krurmund stream and the Pykara falls.

(ii) The Awdry bay of the Ootacamund lake.

Rules.

Fishing in the above waters is permitted with a single rod and line throughout the year on a license issued by the Collector of the Nilgiris. All fishing under such license in the Pykara river shall be with artificial fly.

(b) (i) The Bhavani river with its tributaries (other than the Kunda river and its tributaries including the Avalanche and the Emerald Valley streams and the Billithada-halla and its tributaries) from its source down to the inflow of the Taimalai stream below Niralai.

(ii) The Moyar river with such tributaries as are in the Nilgiri or the Coimbatore districts between the Pykara falls and the Gazzalhatti chattram.

(iii) The Siruvani and the Gopaneri rivers and their tributaries lying in the Malabar and the Coimbatore districts.

Rules.

(1) Fishing in the above waters is permitted only on a license issued by the Collector of the Nilgiris and between the dates September 16th and March 14th, inclusive.

(2) The use of nets with a mesh less than 3" square, the measurement being from knot to knot when the net is wet, is prohibited.

(c) The following rules apply to all waters included within the area defined in rule 1 *supra* other than those included in rules 7 to 10 (b) *supra* :—

(1) All fishing is prohibited except under a license issued by the Collector of the Nilgiris.

(2) The use of nets with a mesh less than 1¼" square is prohibited, the measurement being from knot to knot when the net is wet.

(3) The Collector may by notification in the *District Gazette* declare from time to time such waters or any portion of such waters closed to fishing, or may prohibit fishing for any particular species of fish in all or any such waters during any year or part of a year.

Licenses.

11. (1) License issued under the above rules shall not be transferable and shall be shown on demand to any Forest officer, any Revenue officer not below the rank of Revenue Inspector, or to any Police officer not below the rank of head constable, or to the Inspector of Fisheries or any officer authorised by him in this behalf.

(2) The fee for a license for fishing for fish other than trout in the waters specified in rule 10 shall be Rs. 10 for each season or part of a season. Provided that

(a) when no close time is prescribed, the season shall be held to run from the 16th September to the 15th of the following September, both dates being inclusive, and

(b) that the holder of a season license to hunt and shoot under the Nilgiri Game Rules shall be entitled to the grant free of charge of such a license to fish on application to the District Forest Officer. Such license will remain in force for the unexpired period of the applicant's game license.

(3) (a) The fee for a license for fishing for trout in the waters specified in rules and the number of fish which a licensee is entitled to kill shall be as follows :—

For the season, Rs. 150 to cover 100 fish.
For one month, Rs. 75 to cover 40 fish.
For one week, Rs. 30 to cover 15 fish.
For one day, Rs. 5 to cover 3 fish.

These rates are subject to alterations as Government may direct by notification from time to time.

(b) There shall be no limit to the number of licenses issued to any individual, provided that the maximum of 100 trout be not exceeded. No license shall be issued for less than its full face value and every time-expired license shall be deemed to be exhausted whether the number of fish specified therein shall have been killed or not.

(4) The season during which the licenses permit fishing shall be clearly endorsed thereon.

(5) Licenses will be issued at the District Forest office only, on production of a treasury receipt, from any Government treasury in the Nilgiri district for the fees payable therefor.

(6) The Collector may refuse to grant a license under these rules to any applicant if the latter has been convicted of an offence against these rules or against the

Nilgiri Game rules or of offences against the provisions of Madras Act II of 1879 or the Indian Fisheries Act IV of 1897, or for any other reason to be stated in writing, and may cancel any license already granted for like reason. If the license is cancelled, the licensee shall not be entitled to the refund of any fee he has paid for such license.

Penalties.

12. (*a*) Any infringement of rules 9 (*a*), (*b*), (*c*), (*d*) and (*e*) and 10 (*a*), 10 (*b*) and 10 (*c*) (1) and (2), and of any notification issued under rules 8 and 10 (*c*) (3) within any area reserved under section 16 of Act V of 1882 or in the Mudumalai and Kumbarakolli leased forests as already defined, shall render the offender liable, on conviction before a Magistrate to a fine which may extend to Rs. 500 or imprisonment for a term which may extend to six months or both as provided by section 21 of the said Act, and any such breach within any area at the disposal of Government but not so reserved, as defined by sections 26 and 23 of the said Act, shall render the offender liable on such conviction to imprisonment for a term which may extend to one month or to fine which may extend to Rs. 200 or both under section 26 of the said Act V of 1882.

(*b*) Except in cases falling under rule (*a*) *supra*, any person convicted before a Magistrate of a breach of rules 10 (*a*) or of 9 (*a*), (*b*), (*c*), (*d*) and (*e*), shall be liable to the penalties and forfeiture prescribed by section 7 of Act II of 1879.

(*c*) Except in cases falling under rule (*a*) *supra*, any person convicted before a Magistrate of a breach of the rules 10 (*b*), 10 (*c*) (1) and (2) and of any notification under rules 8 and 10 (*c*) (3), shall be liable to fine which may extend to Rs. 100, and when the breach is a continuing breach with a further fine which may extend to Rs. 10 for every day after the date of the first conviction during which the breach is proved to have been persisted in.

(*d*) Except cases falling under rule (*a*) *supra*, any fixed engines erected or used, or nets used in contravention of rules 10 (*b*) and 10 (*c*) (1) and (2) or of any notification issued under rule 8 or 10 (*c*) (3), shall be liable to seizure and removal by any Police officer or other person specially empowered by the Local Government under section 7 of the Indian Fisheries Act IV of 1897 to make arrest without an order from a Magistrate and without a warrant and any Magistrate trying any breach of these rules or any offence punishable under the Indian Fisheries Act may declare that any fixed engine erected or used or nets used in contravention of these rules and any fish taken in contravention of the said rules by means of any fixed engine or net shall be forfeited.

NILGIRI GAME ASSOCIATION

REVISED RULES.

1. The name of the Association shall be the "Nilgiri Game Association."

2. The objects of the Association shall be the preservation of the existing game and fish in the Nilgiri District and the adjoining areas included under Madras Act II of 1879 and the introduction and preservation of other game birds, animals and fish.

3. Every person holding a license granted by the Collector to shoot and fish for the whole season shall be a Member of the Association for the period for which the license is issued.

4. Every person holding a similar license for a portion of the season may become a Member of the Association for the period for which the license is issued on payment of a donation of Rs. 10 to the Association.

5. The management of the affairs of the Association and the control of its funds shall vest in a Committee consisting of a President, twelve Members of the Association, the Honorary Members referred to in Rule 8 and an Honorary Secretary.

6. The Collector of the Nilgiris for the time being shall be an *ex-officio* Member, and the President of the Association and the Chairman of its Committee.

7. The Members of the Committee other than the Honorary Members and the Honorary Secretary shall be annually elected by the Members of the Association at a General Meeting of the Association to be held, if possible, during the month of August.

8. The Committee may elect as Honorary Members of the Association or of the Committee, gentlemen who are interested in sport, whether they hold licenses to shoot or not. Gentlemen so elected shall continue as Members only till the end of the current year and the number so elected to the Committee shall not exceed ten.

9. The Committee shall elect its own Honorary Secretary, who by virtue of such election, shall be a Member of the Association and of its Committee, whether he holds a license to shoot or not.

10. The Committee may itself elect a Member of the Association to fill any vacancy which occurs on the Committee.

11. Four Members of the Committee shall form a *quorum* and the Chairman shall have a casting vote. No voting by proxy shall be admissible at a Committee meeting.

12. In the absence of the Collector from any meeting of the Committee, the Members present shall choose their own Chairman for that meeting.

13. The decisions of the Committee shall not be modified or set aside except by a resolution duly passed by a majority of not less than three-fourths of the Members present in person or by proxy at a special meeting of the Association called and held in accordance with Rules 14 and 17.

14. A Special Meeting of the Association shall be held at any time of the year on the application, in writing, to the Honorary Secretary, of ten Members of the Association. Such application shall specify the subject to be discussed at the Special Meeting.

15. Before vacating office the Committee shall publish a statement of receipts and expenditure for the year ending on the previous 30th June and a report of the proceedings of the same period.

16. An Annual General Meeting of the Association shall be held, on a date to be fixed by the President and if possible during the month of August, at which the Committee shall present its Annual Report and statement of accounts and the Members shall elect a Committee for the ensuing year.

At this meeting any subjects connected with the Association and its management may be discussed and resolutions passed thereon without previous notice.

17. No existing rule of the Association shall be modified, or new rule established, except in accordance with a resolution passed by a majority of three-fourths of the Members present at the Annual General Meeting in person or by proxy, and unless a copy of the proposed resolution shall have been sent to Members of the Association fourteen days before the date fixed for that Meeting.

18. The Honorary Secretary shall give Members 14 days' notice of all Special and General Meetings and in the cases referred to in Rules 14 and 17 such notice shall state the subject to be discussed at the meetings. At such meetings 8 Members shall form a *quorum*. In the absence of the Collector, the Members present shall elect their own Chairman. The Chairman shall have a casting vote. At such Meetings, voting may be by proxy, but proxies shall be in writing and duly stamped and witnessed, shall hold good only for a specified Meeting and any adjournments thereof, and shall be sent to the Honorary Secretary three clear days before the date fixed for the Meeting.

19. Resolutions passed at a Special or General Meeting shall not be modified or set aside within six months of the date on which they were passed.

SHOOTING.

THE NILGIRI GAME RULES.

In supersession of all previous notifications on the subject, His Excellency the Governor-in Council is pleased, under sections 21, 26, 33, and 43 of the Madras Forest Act V of 1882, to make the following rules to regulate hunting and shooting in the reserved and rented forests, fuel and fodder reserves, grazing grounds, Toda patta lands and areas under special fire-protection within the following limits :—

(1) The south bank of the Bhavani river from Attapadi, in the valley of that name, to its junction with the Moyar river.

(2) From that point the north bank of the Moyar as far west as the boundary of the Nilgiri district ; and thence the boundary of the said district as determined for ordinary administrative purposes, to Nilgiri Peak.

(3) From that point the western crest of the Nilgiri hills to its termination below Sispara.

(4) Thence along the northern, western and southern crests of the Silent Valley range to its southernmost point.

(5) From that point to Attapadi

1. Under section 33 of the Madras Forest Act V of 1882, the Mudumalai and Kumbarakolli rented forests and all Toda patta lands within the above limits are declared, for the purpose of these rules, to be reserved forests within the meaning of section 21 of the said Act.

2. No person shall hunt or shoot within the limits to which these rules apply without a license issued by the Collector of the Nilgiris. Provided that this rule shall not apply to the hunting of jackals by the Ootacamund Hunt.

3. Such license shall be issued on payment of such fees as the Government may from time to time prescribe and shall set forth the purport of these rules and of any notifications issued thereunder. It shall not be transferable and shall remain in force from the date on which it is issued till the 15th September next following subject to the provisions of Rules 4, 5 and 7.

4. The Collector may refuse to grant a license under these rules to any applicant if the latter has been convicted of a breach of these rules or of the Nilgiri Fishing rules or of any rule or notification previously in force to regulate fishing and shooting in the area to which these rules apply or of any other offence under Acts II of 1879 (Madras), IV of 1879 (India) or V of 1882 (Madras), or of any breach of any rules framed thereunder or for any other reason to be stated in writing and may cancel any license already granted for a like reason. Against any order of the Collector so refusing to grant a license or cancelling a license, an appeal shall lie to the Board of Revenue if filed within three months from the date of the order appealed against.

5. The Collector of the Nilgiris shall have power to notify that the whole or any part of the area to which these rules apply shall be closed for the whole or any part of any year against all hunting or shooting or to the pursuit, capture or killing of any particular species of game as defined in section 2 of the Nilgiri Game and Fish Preservation Act, 1879, and notifications thereunder.

6. Except with the sanction of the Collector, no person shall shoot at, wound or kill within the area to which these rules apply, the females or immature males of any of the following animals or mature male sambhur or spotted deer which are hornless or whose horns are in velvet :—

1. Bison or Gaur.
2. Sambhur.
3. Spotted deer.
4. Ibex.
5. Antelope.

Provided that any member of the Ootacamund Hunt may kill any sambhur brought to bay by the hounds while in the proper pursuit of hunting. The Collector shall have power to notify a definition of an "immature male" in the case of each of the above species of game.

7. The Collector shall further have power to frame and notify other conditions upon which alone licenses shall be granted. Such conditions may include restrictions upon the maximum bag to be shot by a license holder, areas open to beating, method of beating, methods of killing particular kinds of game and other matters connected with the preservation of game. The breach of any of such conditions shall be punishable by the cancellation of the offender's license or, if the license holder prefers, by the imposition of a fine, not exceeding Rs. 25, in lieu of such cancellation.

8. Notifications by the Collector under Rules 5, 6 and 7 shall be published in the District Gazette and entered in the licenses issued under Rule 3.

9. The setting of traps or snares for any game as defined in Act II of 1879 or notifications thereunder is forbidden throughout the area to which these rules apply.

10. Any person convicted before a Magistrate of an infringement of Rules 2, 6 and 9 shall be liable to the punishment provided by section 21 of the Madras Forest Act V of 1882 if the offence was committed within a reserved forest or land declared to be reserved forest for the purpose of these rules, or to the punishment provided by section 26 of the same Act if it was committed within land at the disposal of Government.

11. Every person appointed by the District Forest Officer for the purpose of enforcing these rules shall be deemed to be a "Forest Officer" under Act V of 1882.

12. The following are cancelled :—

(1) Notification No. 503 under section 26 (*f*) of the Madras Forest Act regulating hunting, shooting and fishing in the Mudumalai and Kumbarakolli forests published on page 1312 of Part I of the *Fort St. George Gazette*, dated 1st November 1892, and

(2) Paragraphs 3, 4 and 5 of the rules for Toda patta lands published on page 401 of part I of the *Fort St. George Gazette*, dated 11th April 1893.

General conditions of the license.

1. This license is not transferable.
2. A season's shooting license renders the holder authorised to obtain from the District Forest Officer on application a free license to fish in the area above defined, except in such waters as are reserved for trout fishing.
3. This license must be shown on demand to any Forest officer, to any Revenue officer not below the rank of Revenue Inspector, and to any Police officer not below the rank of head constable.
4. The Collector of the Nilgiris shall have the power to notify that the whole or any part of the area to which these rules apply shall be closed for the whole or any part of any year against all hunting or shooting or to the pursuit, capture or killing of any particular species of game as defined in section 2 of the Nilgiri Game and Fish Preservation Act, 1879, and notifications thereunder.

Special conditions of the license.

(*Vide* Collector's notification No. 1, dated 27th August 1913.

1. *General close seasons For big game*.—From the 1st June to 31st October inclusive, except in the Wenlock Downs Reserve in which there shall be no close season for big game.

For small game. From 15th March to 15th September inclusive.

Note.—"Game" is defined in section 2 of the Nilgiri Game and Fish Preservation Act, 1879, and notification thereunder, and does not include tigers panthers, bears and wild pig.

2. *Area closed to all shooting.*—The Longwood Shola, Kotagiri.

Note.—The Longwood Shola is that portion of the Longwood reserve which lies to the west of a cleared line from the Kodanad bridle-path to the Kodanad Kotagiri road.

3. *Area closed to small game shooting.*—The Kundahs as defined in rule No. 6.

4. *Bison shooting*.—The Benne Reserve and Mudumalai leased forests are opened to bison shooting from 1st November 1915 to 31st May 1916. Only one bison bull may be shot to each license.

5. *Certain areas closed to ibex shooting*:

(*a*) The ibex cliffs in the neighbourhood of Sholur, Thainad and Glen Morgan.

6. *Certain areas closed to beating.*—All beating except for tigers and panthers is prohibited in the following areas:—

(*a*) The Kundahs.

Note.—The boundary of the closed area is marked on the ground by posts and, roughly speaking, protects from beating the Kundah reserve and additions, the Nilgiri Peak reserve and the Porthimund reserve.

(*b*) The following blocks at Kotagiri and Kodanad:—

Block I.—The Government reserved forests within the area bounded by Kotagiri-Kodanad road from its junction with the Kotagiri Ghaut road as far as Illada bazaar and by the Kotagiri-Kodanad bridle-path from Kotagiri to its junction with the Kodanad road at Illada bazaar.

Block II.—The Government reserved forests within the triangle formed by the Kotagiri-Kil-Kotagiri bridle path, the Curzon-Kil-Kotagiri bridle path and the Kotagiri-Kodanad road.

Block III. The Government reserved forests lying between the Kotagiri Kodanad road, the road from Illada bazaar to Curzon Estate and Kendoni kraal and the southern boundary of the Eastern slopes reserve.

(*c*) The Government reserved forests in the neighbourhood of Ebbanad lying above the crest of the ghauts and between the Orange Valley stream on the east and the Ebbanad stream on the west.

(*d*) The country between the Mukurti road and the Pykara road, which includes the Kaipagan reserve, part of the Carriat Shola Reserve and the whole of the catchment area of the Pykara river west of that river and south of the Pykara Naduvattam road.

Note.—When beating for tigers or panthers in the above areas no big nor small game may be fired at.

7. *Shooting of junglehens*.—Is prohibited during the open season after 31st December throughout the area covered by the license.

8. *Collection of the eggs*.—No one shall take the eggs of peahens or jungle hens at any time.

9. *Exotic game birds introduced by the Nilgiri Game Association*.—No game birds introduced by the Association shall be shot at, killed or captured within the area to which the rules apply.

Note.—Chukor and Sisi partridge have been introduced by the Association and require special protection.

10. *Nilgiri black monkeys*.—No Nilgiri black monkey shall be shot at, killed or captured within the area to which this license applies.

11. *Definition of immature male.*—The following definitions have been notified:—

A sambhur is defined as immature if neither of its horns measures 30 inches in length.

A spotted deer is defined as immature if neither of its horns measures 26 inches in length.

Note.—The measurement shall be taken along the outer curve of the horn from the burr to the point.

A bison is defined as immature if the span of its horns is less than 30 inches.

Note.—The measurement shall be taken horizontally between the outer edges of the horns at their widest spread.

An ibex is defined as immature on which the saddle is not fully developed.

An antelope is defined as immature if the length of its longest horn is less than 14 inches.

12. *Surrender of heads of immature animals.* The heads of all immature animals killed by license-holders must be sent to the office of the District Forest-officer, Ootacamund, and shall be confiscated to Government.

13. *Restrictions on small game shooting.*—

(i) Shooting at small game between sunset and sunrise is forbidden.

(ii) Small game shooting except in the Nilgiri-Wynaad and the Moyar and Bhavani valleys and on the slopes of the plateau is limited to two days a week.

Note.—Part of the day counts as a whole day under this condition.

14. *Methods of beating*—

(i) The number of dogs used for beating for small game shall not exceed twelve to each party.

(ii) When beating for big game with more than twelve dogs, small game may not be fired at.

15. *Shooting for jungle sheep.*—The shooting of jungle sheep with shot is forbidden.

16 *Limit of bag.*—The number of big game shot by a license-holder in the course of a season in the case of the holder of a license for the whole season shall not exceed—

Four sambhur stags.	Three antelope.
Four spotted deer stags.	One bison.
Six jungle sheep.	One ibex.

and in the case of holder for a period less than the whole season shall not exceed—

Two sambhur stags.	Two antelope.
Two spotted deer stags.	One bison or one ibex
Three jungle sheep.	

Note.—(1) The numbers above given include any females or immature males which may have been shot whether the shooting thereof has been penalized or not.

(ii) The bag allowed under a license for the whole season shall be the maximum, irrespective of the number of licenses taken out.

(iii) Sambhur stags shot in the Wenlock Downs Reserve will not be secured against the limit allowance.

17. Breach of the conditions of the license entails cancellation of the license, in certain cases, however, the license may be redeemed on payment of a fine as fixed by the District Forest Officer, Nilgiris.

NOTES ON THE SHOOTING RULES.

1. A license costing Rs. 50 entitles the holder to shoot throughout the open season.

2. A license costing Rs. 30 entitles the holder to shoot for one month following the date of issue.

3. A monthly license after issue cannot be exchanged for a season's license.

4. A holder of a monthly license may be granted fresh monthly licenses during the season on payment of Rs. 30 for each such license or may be granted a season's license on payment of the full fee of Rs. 50.

5. In no case may the limit of bag given under rule 16 of the season's license be exceeded by an individual, however many licenses are taken out by him.

6 The holder of a season's license (Rs. 50) is entitled on application to procure free of charge from the District Forest Officer a license to fish for fish other than trout, in such waters and on such conditions as are detailed in the rules for fishing.

7. Applications for shooting licenses should be made to the District Forest Officer, the Nilgiris.

No licenses can be issued in advance of payment. Cheques issued on other than the local branch of the Bank of Madras must include commission at the rate of Re. 1 per cent., without which they cannot be accepted.

8. No shooting is permitted in advance of receipt of a license. Written applications for shooting licenses should be made at least a week in advance of the date on which the licenses are required.

In the absence of the Collector and the District Forest Officer from Head quarters, some delay in the issue of shooting licenses will be avoided by payment of the fee into the treasury and the deposit of the receipt at the District Forest Office.

FISHING.

Nilgiri Fishing Rules.

Preamble.

Whereas it is necessary to take steps to protect the trout, carp and other non-indigenous fish introduced with a view to their acclimatisation into certain waters on the Nilgiris plateau and to regulate fishing generally within the Nilgiri District and in the adjoining portions of the Malabar and Coimbatore districts, the Governor-in-Council is pleased under the powers vested in him by Sections 4 and 5 of Madras Act II of 1879, Sections 21, 26 and 33 of the Madras Forest Act V of 1882, and Section 6 of the Indian Fisheries Act IV of 1897, to make the following rules which shall remain in force for twelve months from the date of this notification.

AREA COVERED BY THE PREAMBLE.

1. The area referred to in the above preamble wherein fishing is regulated by the rules hereinafter noted is that included within the following boundaries:—

(1) The south bank of the Bhavani river from Attipadi, in the valley of that name, to its junction with the Moyar river.

(2) From that point the north bank of the Moyar river as far as the boundary of the Nilgiri district, and thence the boundary of the said district, as determined for ordinary administrative purposes, to the Nilgiri peak.

(3) From that point the western crest of the Nilgiri hills to its termination below Sispara.

(4) Thence along the northern, western and southern crests of the Silent Valley range to its southernmost point.

(5) From that point to Attipadi.

Note.—The whole of the Silent Valley reserved forest and the Mudumalai and Kumbarakolli leased forests are included in this area.

2. Under Section 34, Madras Forest Act, V of 1882, the Mudumalai and Kumbarakolli leased forests are declared for the purposes of these rules to be a reserved forest within the meaning of Section 21 of the said Act.

The boundaries of the above forests are as follows:—

THE MUDUMALAI LEASED FORESTS.

North.—The boundary of Mysore State.

East.—The boundary of Mysore State and of Todanad firka of the Ootacamund Taluk.

South.—The boundaries of the Gudalur desam, the Moyar river, the boundaries of the Sri Madurai desam and of the Cherumuli desam.

West.—The boundaries of the Munanaad amsam, and of the North Malabar district, the boundaries of the Wynaad taluk and of the Ganapatti-Vattamamsam.

THE KUMBARAKOLLI LEASED FORESTS.

North.—The Bithura halla.

East and South.—The Moyar river.

West.—Survey Nos. 4 to 11 of the Gudalur desam.

3. The following rules apply to all waters within the area defined in rule 1 above with the addition of the Siruvani and the Gopaneri rivers and their tributaries which flow into the Bhavani from the south.

4. *Definition.*—In these rules "fishing" includes the capture of, or the attempt to capture, fish by any means including fixed engines, cruives, weirs or nets, or by the damming or baling of any water.

5. *Exception.*—Nothing in these rules applies to fishing conducted by or under the orders of the Piscicultural Expert to the Government of Madras.

6. *General Prohibition.*—The poisoning of water or dynamiting of fish is absolutely forbidden in all waters.

7. *Waters in which fishing is entirely prohibited.*—The Parson's Valley stream, the Thiashola stream, Peermund stream and Bangi-Tappal stream are closed to all fishing.

8. *Waters in which fishing is permitted without a license.*—In the following waters fishing is permitted *without a license* throughout the year, provided that the Collector may, by notification in the *District Gazette*, from time to time, declare such waters or any portion thereof closed to all fishing, or may prohibit fishing for any particular species of fish in all or any such waters during any year or part of a year:—

(1) The Bhavani river and its tributaries below the inflow of the Taimalai stream below Niralai.

(2) The Moyar river and its tributaries below the Gazzalhatti chattram.

9. *In the following waters fishing for trout is permitted subject to the special rules noted hereunder:—*

(i) The Pykara river and its tributaries above the Pykara falls including the Krurmund stream, the Mekod stream below the Mekod waterfall, and the Mukerti stream.

(ii) The Kundah river and its tributaries including the Avalanche and Emerald valley streams.

(iii) The Billithada halla and its tributaries, and

(iv) The Tiger Hill reservoirs.

RULES.

(*a*) No fishing for trout shall be permitted in any of the above waters except under license to be issued by the Collector of the Nilgiris.

(*b*) Fishing for trout shall be permitted between such date in each year as the Collector may notify in the District Gazette.

(*c*) No fishing for trout shall be permitted before 6 A.M. and later than 7 P.M.

(*d*) All fishing under such license shall be with artificial fly and on a single hook. Fishing with live or dead bait (including worms) and with artificial spinning bait is prohibited.

(*e*) Every license holder shall carry a disgorger.

(*f*) Every license holder shall after each occasion on which he fishes send to the District Forest Officer, Ootacamund, a post card, of which a supply can be obtained from that officer on application, giving a list of the trout killed and their weight together with a note of the size of any trout under 8 inches in length caught and returned to the water.

(*g*) No license holder may take trouts for the purpose of stocking private waters. All fish retained must be killed at the water's side.

10. *Waters in which fishing for fish other than trout is permitted.*

In the following waters fishing for fish other than trout is permitted subject to the special rules hereinafter noted after each group of waters:—

(*a*) (i) The Pykara river between the inflow of the Krurmund stream and the Pykara falls.

(ii) The Ootacamund lake.

Fishing in the above waters of the Pykara river is permitted only with artificial fly, spoon, frog or paste on a single rod and line and on a license to be obtained from the Collector of the Nilgiris.

Fishing in the Ootacamund lake with rod and line, but not otherwise, is permitted throughout the year without license.

(*b*) (i) The Bhavani river with its tributaries (other than the Kundah river and its tributaries including the Avalanche and the Emerald Valley streams and the Billithada-halla and its tributaries) from its source down to the inflow of the Tamalai stream below Nilalai.

(ii) The Moyar river with such tributaries as are in the Nilgiris or the Coimbatore district between the Pykara falls and the Gazzalhatti chattram.

(iii) The Siruvani and the Gopaneri rivers and their tributaries lying in the Malabar and the Coimbatore districts.

RULES.

(1) Fishing in the above waters is permitted only on a license issued by the Collector of the Nilgiris.

(2) The use of nets with a mesh less than 3 inch square the measurement being from knot to knot when the net is wet, is prohibited.

(*c*) The following rules apply to all waters included within the area defined in rule 1 *supra* other than those included in rules 7 to 10 *supra*.

(1) All fishing is prohibited except under a license issued by the Collector of the Nilgiris.

(2) The use of nets with a mesh less than 1½ inches square is prohibited, the measurement being from knot to knot when the net is wet.

(3) The Collector may by notification in the *District Gazette* declare from time to time such waters or any portion of such waters closed to fishing, or may prohibit fishing for any particular species of fish in all or any of such waters during any year or part of a year.

LICENSES.

1. Licenses issued under the above rules shall not be transferable and shall be shown on demand to any Forest Officer, any Revenue Officer not below the rank of Revenue Inspector, or to any Police Officer not below the rank of Head Constable, or to the Inspector of Fisheries or any officer authorised by him in this behalf.

2. The fee for a license for fishing for fish other than trout in the waters specified in rule 10 (*a*) shall be Rs. 10 and in the waters specified in rule 10 (*b*) Rs. 25 for each season or part of a season. Provided that (*a*) when no close time is prescribed the season shall be held to run from the 16th September to the 15th of the following September, both dates being inclusive, and (*b*) that the holder of a season license to hunt and shoot under

the Nilgiri Game Rules shall be entitled to the grant free of charge of such a license to fish on application to the District Forest Officer. Such license will remain in force for the unexpired period of the applicant's game license.

3. (*a*) The fee for a license for fishing for trout in the waters specified in rule 9 and the number of fish which a license is entitled to kill shall be as follows :—

For the season Rs. 100 to cover 250 fish.
For 1 month Rs. 45 ,, 100 fish.
For 1 week Rs. 15 ,, 36 fish.
For the week end—

For a day Rs. 5 to cover 10 fish.

These rates are subject to alterations as Government may direct by notification from time to time.

(*b*) There shall be no limit to the number of licenses issued to any individual provided that the maximum of 250 trout be not exceeded. No license shall be issued for less than its full face value and every time-expired license shall be deemed to be exhausted whether the number of fish specified therein shall have been killed or not.

4. The season during which the licenses permit fishing shall be clearly endorsed thereon.

5. Daily licenses for fishing for trout will be issued at the Post offices at Ootacamund, Aruvankadu, Wellington, Coonoor and Pykara, or through any other agency which the Collector may notify from time to time, on prepayment of the prescribed fees. Trout fishing licenses for longer periods and licenses to fish for fish other than trout will, as hitherto, be issued at the District Forest Office only, on production of a Treasury receipt from any Government Treasury in the Nilgiri district for the fees payable therefor.

6. The Collector may refuse to grant a license under these rules to any applicant if the latter has been convicted of an offence against these rules or against the Nilgiri Game Rules or of offences against the provisions of Madras Act, II of 1879, or the Indian Fisheries Act, IV of 1897, or for any other reason to be stated in writing and may cancel any license already granted for like reason. If the license is cancelled, the licensee shall not be entitled to the refund of any fee he has paid for such license.

7. No refund of daily trout fishing license fee is permissible unless the license is sent to the District Forest Officer by registered post on a day prior to that for which the license was issued, or unless it is presented to the Head Clerk of the Dt. Forest Office before midday on the date on which it is current or unless it is posted so as to bear the Ootacamund 11 10 A.M. delivery postmark on the day for which it is current. In the case of licenses presented to the Head Clerk of the Dt. Forest Office no increased license can be accepted except on working office days. All applications for refund must be accompanied by a certificate from the person to whom the license was issued that he or she has not made use of the license.

PENALTIES.

12. (*a*) Any infringement of rules 9 (*a*), (*b*), (*c*), (*d*) and (*e*) and 10 (*a*), 10 (*b*) and 10 (*c*) (1) and (2), and of any notification issued under rules 8 and 10 (*c*) (3) within any area reserved under section 16 of Act V of 1882, or in the Mudumalai and Kumbarakolli leased forests as already defined, shall render the offender liable on conviction before a Magistrate to a fine which may extend to Rs. 500 or imprisonment for a term which may extend to 6 months or both as provided by Section 21 of the said Act, and any such breach within any area at the disposal of Government but not so reserved, as defined by sections 26 and 33 of the said Act, shall render the offender liable on such conviction to imprisonment for a term which may extend to one month or to fine which may extend to Rs. 200 or both, under section 26 of the said Act, V of 1882.

(*b*) Except in cases falling under rule (*a*) *supra*, any person convicted before a Magistrate of a breach of rules 10 (*a*) or of 9 (*a*), (*b*), (*c*), (*d*) and (*e*) shall be liable to the penalties and forfeiture prescribed by section 7 of Act II of 1879.

(*c*) Except in cases falling under rule (*a*) *supra*, any person convicted before a Magistrate of a breach of the rules 10 (*b*) 10 (*c*) and (2) and of any notification under rules 8 and 10 (*c*) (3) shall be liable to fine which may extend to Rs 100 and, when the breach is a continuing breach, with a further fine which may extend to Rs. 10 for every day after the date of the first conviction during which the breach is proved to have been persisted in.

(*d*) Except in cases falling under rule (*a*) *supra*, any fixed engines erected or used, or nets used in contravention of rules 10 (*b*) and 10 (*c*) (1) and (2) or of any notification issued under rules 8 or 10 (*c*) (3) shall be liable to seizure and removal by any police officer or other person specially empowered by the Local Government under section 7 of the Indian Fisheries Act, IV of 1897 to make arrest without an order from a Magistrate and without a warrant, and any Magistrate trying any breach of these rules or any offence punishable under the Indian Fisheries Act may declare that any fixed engine erected or used or nets used in contravention of these rules and any fish taken in contravention of the said rules by means of any fixed engine or net shall be forfeited.

13. Every person appointed by the District Forest officer for the purpose of enforcing these rules shall be deemed to be a forest officer under Act V of 1882.

FISHING FOR MAHSEER, LESSER CARP, ETC.

1.—*Protected waters.*

The following waters have been under Fish Conservancy for 4 or more years and the fishing thereon is subject to the possession of a license for the whole or any part of the open season :—

(*a*) The Pykara from the Pykara Falls to the entry of the Krurmund stream.

This river is stocked with carp (*Barbus Malabaricus*) as well as with rainbow trout. Fishing for the former is permitted with artificial fly spoon, frog or paste on a Rs. 10 license throughout the year.

Any trout caught by the holder of a Rs. 10 license, who is not at the same time in possession of a trout fishing license, must be returned to the water at once.

(*b*) The Moyar and its tributaries from the Pykara Falls to the Gazalhatti chatram

Above the Moyar Falls the river contains Carnatic Carp (*Barbus Carnaticus*), and Malabar Carp were introduced a few years ago. Below the Falls in addition to Carnatic Carp there are Mahseer (*Barbus mosal*), Wallago (*Wallagoattu*), Murell (*Ophiocephalus*), etc.

The close season runs from 15th March to 15th September. Below Gazalhatti there is no restriction on fishing and netting and no license is required.

The fee for a license to fish in those waters is Rs. 25.

(*c*) The Bhavani river and its tributaries, including the Gopaneri and Siruvani streams.

The river contains Mahseer, Carnatic Carp, etc., and is protected as far down stream as the inflow of the Tamalai stream, which enters the Bhavani about 12 miles south-west of Mettupalaiyam

The close season lasts from 15th March to the 15th September inclusive.

The fee for a license to fish in those waters is Rs 25.

Below the entry of Tamalai stream there is no restriction on fishing and netting, and no license is required.

Fishing in the Ooty lake with rod and line, but not otherwise, is permitted throughout the year without license.

The lake is fully stocked with Golden Tench and English Carp.

2.—*Issue of Licenses.*

(*a*) Application for licenses should be made to the District Forest Officer, the Nilgiris.

No licenses can be issued in advance of payment. In the absence of the Collector and District Forest Officer from Headquarters it will save delay if the fee is paid into the Treasury and the receipt deposited at the District Forest Office. Written applications for a license should be accompanied by the value of the license and should be made at least a week in advance of the date on which the license is required.

H. H. THE NIZAM'S DOMINIONS.

GAME REGULATIONS.

Whereas it is expedient to consolidate and amend the Game Protection Laws and Rules in His Highness' Dominions, it is hereby enacted as follows by command of His Highness the Nizam:—

Preliminary. 1. These Regulations may be called the Hyderabad Game Regulations and they shall come into force on the 7th Zikhaida 1332 Hijri (28th September 1914).

2. On and from that date all Rules and Regulations relating to Game Protection shall be repealed.

Interpretation clause. 3. In these Regulations, unless there is something repugnant in the subject or context, the word "game" includes all the animals and birds named in the annexed schedule, and such other animal and birds as His Highness' Government may from time to time specify by Notification in the Jarida.

Special preserves. 4. Portions of His Highness' Dominions may from time to time be demarcated and reserved as His Highness' preserves or the Government preserves. A notification specifying the respective boundaries of these preserves shall be published in the Jarida. On and from the date of the said notification, no one shall be allowed to kill, shoot or capture in His Highness' preserves, without the previous permission of His Highness, or in the Government preserves without the Minister's permission. His Highness' preserves shall be under the direct control of His Highness' Shikar Department.

Right of Jagirdars and others. 5. The Paigah Nobles, the owners of Samasthans and the Jagirdars, are entitled to grant or refuse permission for shooting in their respective Elakas. The provisions of these Regulations, relating to the close season for small game, and to the destruction of hinds and does, buffaloes, bison, cheetahs, cubs and the young of deer, as laid down in sections 8 and 9, shall in all cases be strictly applicable to them.

Division of game country in circles or blocks. 6. Subject to the provisions of the two last named sections, the big game country in His Highness' Dominions shall for the purposes of these Regulations be divided into four circles, or blocks, as follows —

1st Circle or Block.

Half of Mahbubnagar District, comprising the Talukas of Amrabad, Nagar-Karnul and Kalvakurti,
Parbhani,
Nanded and Bir.

2nd Circle or Block.

Aurangabad, Karimnagar, Nalgonda and half Adilabad, comprising Nirmal, Kinvat, Mahore, Adilabad and Lakhsatipett.

3rd Circle or Block.

Warangal (excepting His Highness' and the Government preserves included in the Pakhal and Mahbubabad talukas, and the talukas of Madhra and Yellandu respectively), Medak, Bedar, Raichur, Atraf-Balda and the other half of Mahbubnagar district comprising Mahbubnagar, Pargi and Makhtal.

4th Circle or Block.

Nizamabad, Naldrug and half Adilabad comprising Jangaon, Rajura, Sirpur, Chinnur and Tandur.

Rules regarding open circle. 7. (1) One circle only shall be open for shooting each year from the 1st March to 31st May and again for 10 days at Christmas.

Provided that only one-half of the districts comprising such circle shall be open for shooting.

Provided also that no person shall be allowed to shoot in the Atraf-i-Balda district without special sanction.

(2) Shooting areas in the districts of the open circles shall be defined, and each of the said areas shall in no case exceed one taluka. Shooting parties shall be restricted to the areas as defined above.

Prohibition to shoot certain animals. 8. (1) The shooting, killing or snaring of the following animals is strictly prohibited throughout the year:—

1. Cheetah.
2. Bison.
3. Buffaloes.
4. Doe Sambar.
5. Cow Nilgai.
6. All female and the young of deer and stags in velvet.
7. Cubs of tiger.

(2) When a tigress is shot and her cubs are too young to provide for themselves, the cubs may be captured but should not be killed.

(3) The shooting of black buck (not does) is permitted from 1st December to the end of May, but the snaring and clubbing of these animals is strictly prohibited throughout the year.

Further prohibition

9. No one shall kill small stags, the heads of which cannot be looked on as trophies or do not exceed 24" for cheetal, 36" for sambar, 15" for buck and 8" for chikara.

Prohibition to sell horns and skins.

10. Horns and skins of big game shall not be sold at any time of the year.

Close season

11. No one shall hunt, shoot, capture, sell or export any game during the close or breeding season, nor shall any animal be shot when going to or coming from water, or whilst in the act of drinking water at any tank, river, nullah or pool.

When provisions of section 11 do not apply.

12. The provisions of section 11 shall not apply to panthers, wild dogs, bears, man-eating tigers or other man-eating animals, nor preclude any person from adopting such measures as may be necessary for the protection of any human being. Panthers may be shot without restriction as to time and place outside any of the preserves referred to in sections 4 and 5. Man-eating or habitual cattle slaying tigers on their being proved to be such may be shot with the permission of the principal Revenue Officer of the district, or the Conservator of Forests, and the matter reported at once to the Minister through the Private Secretary.

Shooting passes not to issue during certain periods.

13. No shooting passes of any kind shall be issued between the 1st July and 1st October, but officers shooting quail in season are prohibited from shooting them over dogs, as that disturbs the partridges, and other game during their breeding season.

Passes to soldiers.

14. Passes to shoot small game shall not be issued to soldiers without giving one month's notice in writing to the Honourable the Resident. In granting these passes the rules herein laid down shall be strictly adhered to (R. B. Circular (Political), No. 111 of 1903.)

Limit of bag.

15. Shooting parties shall be limited to 2 guns each, each gun shall be limited to 4 tigers, 4 bears, 2 sambars, 2 spotted deer and 8 black buck. Other animals, the shooting of which is permissible under these regulations, may be shot without limit of number. In the event of one member of a party of two retiring, he cannot be replaced by another, nor can the balance of his bag be shot by the remaining member of the party.

Period of permission to shoot.

16. (1) The period of permission to shoot shall in no case exceed 3 months and no applications will be received for reserving the ground for any period less than a month, except for the ten days at Christmas.

(2) If a shooting party to which permission has been granted, do not arrive on the ground within the first month of the period specified in the permit, all claims to that area shall be forfeited. If for any reason it is desired to have the period extended, fresh permission must be obtained, but no extra fee shall be charged.

Applications for permission to shoot.

17. Applications from officers in His Highness' service for permission to shoot big game in His Highness' dominions shall be forwarded to the Minister through his Private Secretary by the 15th of October of each year. In the case of British officers of the garrison the application shall be made through the Honourable the Resident.

(2) Where permission is applied for on behalf of a party, such party shall consist exclusively of officers of the garrison, or in His Highness' service. The application shall be strictly limited to one taluka, and be submitted by the officer responsible for the party and shall state the names of officers comprising the party, without which no applications will be entertained. Individual members of a party shall not be entitled to permission to shoot in any taluka other than that mentioned in the application on behalf of the party, nor shall they put in separate applications.

(3) Every application for permission to shoot must be accompanied by a fee of O. S. Rs. 25 for each gun.

Date of disposal of application.

18. All applications for permission to shoot shall be disposed of on or about the 15th of November of each year. In the event of there being more than one application for the same area, the applicants shall cast lots at the house of the Minister's Private Secretary on a date of which due notice shall be given.

Applications from officers resident outside.

19. (1) Applications for permission to shoot from officers outside His Highness Dominions shall be forwarded to H. E. the Minister through his Private Secretary, and shall state clearly,

(a) The name of the officer responsible, and the names of the officers comprising the party.
(b) Date of departure to shooting camp.
(c) Number of horses bullocks and other means of transport.
(d) Number of followers, and the names of the Shikaries comprising the camp.
(e) The line of country to be shot over.
(f) List of provisions required and their quantities.

(2) Such applications will however not be considered until the claims of those residing in His Highness' Dominions have been met.

Notification of areas allotted.

20. When all the areas are apportioned off, a notice will be published in manner hereinafter provided, showing where each party is permitted to shoot.

Non-officials not allowed to shoot.

21. No application from non officials will be entertained.

Permits.

22. (1) When an application for permission to shoot is allowed, a permit shall be issued to the applicant, and a copy of the same shall be forwarded by the Minister's Private Secretary to the Conservator of Forests, and the Inspector-General of Police. The Conservator of Forests, if he finds that the shooting areas for which the passes have been granted are situated in the Reserved Forest, shall forward copies of the rules prescribed for shooting in such forests to the applicants who shall be bound strictly to abide by them.

(2) Shooting permits are not transferable, nor can any member of a party give up part of his authorized shooting to another.

Return of permits on conclusion of shoot.

23. All permits must be returned to the Secretary on the completion of the shoot together with a correct statement of all animals shot, with the measurements, and a short account of the shoot, with photos, if possible for record and publication. The measurements of all animals shot, and the length of the horns of Sambur and Cheetal must be correctly reported to the Committee full measurements to be taken before skinning and horns to be measured straight from tip to base.

Fees payable on bag.

24. In addition to the fee prescribed in clause 17 above, permit holders shall pay O. S. Rs. 20 for each tiger or tigress shot and Rs. 100 for each cub under 3 years.

Supplies.—
Grass or karbi, fowls, eggs, milk, ghee, gram or kulthi, dhall, atta, rice, goats and sheep.

25. The articles marginally noted will generally be provided by the District Officials, on payment at the schedule rates which can be obtained from the Tahsildar of the Taluka or his Assistant. Of these, however, only such articles as are obtainable locally will be supplied and payment for all supplies must be made *in cash on the spot*, and receipts taken from the Patel.

Beaters.

26. (1) Permit holders shall give due intimation of the number of beaters required to the nearest Revenue official to enable him to collect them from adjoining villages. The beaters should be paid at the rate of four annas each per diem if big game is killed and at 2 annas per diem if the day is blank, or only small game is shot.

(2) If beaters are collected at the camp on requisition and are not employed they should be paid one anna each. These payments should be made direct to the beaters and not through any one.

(3) Permit holders will be held responsible for the prompt payment of beaters strictly in accordance with the above rates, and on no account should payments be deferred till the following day.

Garas.

27. (1) Buffaloes required for *Garas* should be previously purchased by the permit holders outright, and should not be returned to the owners unless they agree to take them back, in such cases a small remuneration should be given to the owners.

The following are the approximate rates to be paid for "Garás":—

						Rs.
2 years old	..	..	...	...	..	4
3 do.	..	.		..		6
4 do.	...	...	..	...	...	7

(3) No "Garas" over the age of four years should be purchased by permit holders, as it entails hardship on the ryots who use them for agricultural and other purposes and as they are too big for the purpose required.

Report of accidents.

28. Permit holders and others entitled to shoot shall report in detail to the nearest Magistrate, or a Police Officer all accidents and injuries to shikaries, beaters and others immediately after their occurrence and a copy of such report should be sent to the Private Secretary to the Minister.

29. (1) No shikaries will be allowed to be employed within His Highness' Dominions by any sportsman, unless he is registered and has taken out a license for the season.

Shikaries to be registered.

(2) An annual fee of O. S Rs. 5 for big game and O. S. Rs. 2 for small game shall be charged for each license. All licensed Shikaries shall be supplied with badges by the committee, which must be returned to the Honorary Secretary at the end of the season, by the party employing the Shikaries.

(3) Professional Shikaries in Cantonments shall take out licenses in accordance with the orders issued by the Honourable the Resident.

30. Any permit holder wishing to employ a village or local shikari shall, if he is not already registered, send the Shikari's name and address at once to the Secretary to the Committee, to be registered and licensed.

Conditions of employment of village Shikaries.

31. The ordinary rate of pay for shikaries is as follows:—

THE MYSORE GAME AND FISH PRESERVATION REGULATION.

President —A. R. Park, Hanbalu P.O.
Hony. Secretary.—Thos. Hunt, Herebellaloo P.O.

REGULATION No. II of 1901
(Passed on the 8th Day of April 1901).

A Regulation to prevent the indiscriminate destruction of Wild Animals and Birds, and to provide for the protection of Game and Fish in Mysore.

Preamble. Whereas it is expedient to prevent the indiscriminate destruction of wild animals and birds, and to provide generally for the protection of game and fish in Mysore, Her Highness the Maharani-Regent is pleased to enact as follows:—

Short Title. 1. (1) This Regulation may be called the "Mysore Game and Fish Preservation Regulation, 1901."

Extent and commencement. (2) It shall extend to such local areas as may from time to time be specified by Government by notification in the Official Gazette.

"Game" defined. 2. In this Regulation, "Game" means antelope, ibex, jungle-sheep, sambur and all other descriptions of deer, bison, hare, jungle-fowl, spur-fowl, pea-fowl, partridge, grouse, quail, woodcock, bustard, florican, duck and teal, and shall include such other animals and birds as the Government of Mysore may, by notification in the Official Gazette, declare to be Game.

Absolute protection of particular classes other than "Game." 3. The Government of Mysore may, from time to time, by notification in the Official Gazette, prohibit absolutely the killing or capture of any specified kinds of animals or birds, the killing or capture of which the Government may consider unsportsmanlike or otherwise inexpedient, provided that such animals or birds do not come under the definition of "Game" for the time being in force.

Limited protection of particular classes killed for commercial purposes. 4. Whenever the Government of Mysore has reason to believe that any particular kinds of wild animals or birds, whether included in the definition of "Game" or not, are being largely destroyed for the sake of their skins, horns or plumage for commercial or other purposes, it may, by notification in the Official Gazette,

(c) prohibit the killing or capture of such particular kinds except under and in accordance with the conditions of a license, granted by such officer and in such form as the Government may prescribe in this behalf, and

(d) prohibit the killing or capture of such particular kinds either during a defined period of time, or within a defined area, or both.

Regulation of fishing.

5. (1) The Government of Mysore may from time to time, by notification in the Official Gazette, make rules for the regulation and control of fishing in any stream or lake, and may, from time to time, amend or cancel any rule so made.

(2) Rules under this section may, among other matters, prohibit the poisoning of the water of any stream or lake, and prohibit or regulate the placing or throwing of any explosive or deleterious substance therein, and the use, for the capture of fish, of fixed engines and nets of a mesh below a certain size.

Close season and protection of game and fish.

6. The Government of Mysore may, from time to time, by notification in the Official Gazette,

(1) fix a season or seasons in every year during which it shall not be lawful for any person within any specified local area to kill or capture, or attempt to kill or capture, game or fish of any specified kind;

(2) prohibit altogether, for any period not exceeding five years, within any specified local area, the killing or capture of game or fish of any specified kind;

(3) prohibit absolutely the killing or capture of the mature females or immature males or females of any specified kinds of game, or the taking out or destruction of the eggs of game birds;

(4) prohibit or regulate the setting of nets, snares, traps, or spring-guns, the laying of poison or poisonous ingredients or preparations, or the digging of pits, to entrap or kill game or any specified kinds of game;

(5) regulate or prohibit, except under, and in accordance with, the conditions of a license granted as provided by rules to be framed by the Government, the capture and killing of game or of any specified kinds of game;

and may, from time to time, amend or cancel such notification.

Provided that no such notification shall have effect until one month from the date of its first publication in the Official Gazette.

Rules about the sale of game and fish.

7. The Government of Mysore may, from time to time, by notification in the Official Gazette, make rules regulating the sale of game and fish within any specified local area.

Penalty for certain offences.

8. Any person who wilfully kills, captures or sells, or attempts to kill, capture or sell any animal, bird, game or fish or does any other act, in contravention of this Regulation, or of any rules or notification under this Regulation, or in contravention of any condition contained in a license granted under this Regulation or under the rules made thereunder, shall be liable on conviction to fine not exceeding one hundred rupees.

Disposal of, killed or captured game or fish or weapons, &c., belonging to offender convicted under section 8.

9. When any person is convicted of an offence punishable under this Regulation, the convicting Court or Magistrate may direct that the whole or any portion of any animal, bird, game or fish, killed or captured by such person and of all weapons, implements and dogs used in and for the purpose of aiding the commission of such offence, shall be confiscated, and any license granted under this Regulation to such person may be cancelled by the officer who granted such license.

Fees, fines, &c., realized under Regulation. Rewards to informants.

10. Subject to such rules as the Government of Mysore may from time to time prescribe, all fees and fines levied, and sums realized by the sale of property confiscated under this Regulation, shall be paid into the public treasury. But the convicting Court or Magistrate may award to any person or persons on whose information the conviction was obtained, the whole or any portion of any fine imposed or of any sum realized as aforesaid.

Power to Forest and other Officers to make arrests of offenders under this Regulation.

11. Any Forest Officer and any other Officer or person empowered in this behalf by the Government of Mysore or by a subordinate Revenue authority to which the Government may have delegated its authority for the purpose, may arrest without a warrant any person who commits in his view any offence punishable under this Regulation or the rules thereunder, and who, on demand, refuses to give his name and address or give a name and address which there is reason to believe is false.

Exception.

12. Nothing in this Regulation shall be deemed to prevent any owner or occupier of land from killing, capturing or pursuing game doing damage to any crop growing thereon, so far as the same may be necessary for the protection of the crop.

NOTIFICATION.

No. 9007—Legis. 56, dated Bangalore, 11th December 1901.

I. With reference to sub-section (2) of section 1 of the Mysore Game and Fish Preservation Regulation, II of 1901, it is hereby notified that the local area to which the Regulation extends shall comprise all the Districts in the Mysore State.

II. 1. In exercise of the powers conferred by the said Regulation, II of 1901, the Government of Mysore are further pleased to prescribe the following Rules, which shall come into force throughout the State on the 1st day of February 1902:

Provided that, as regards State Forests, and lands specially protected under section 35 of the Mysore Forest Regulation, XI of 1900, the operation of these rules shall be subject to the provisions of the said Forest Regulation and the rules, if any, framed thereunder.

2. The killing of monkeys, Brahmani kites, parrots, and birds of song is absolutely prohibited:

Provided that any owner or occupier of land may kill (as well as capture or pursue monkeys or parrots doing damage to fruit or other crop growing thereon, so far as the same may be necessary for the protection of such crop.

3. The killing or capture of birds with bright coloured plumage, of pea-fowl, and (except with the special permission of Government) of antelope, is prohibited in all parts of the State for a period of three years * from the coming of these rules into force.

In exercise of the powers conferred by the Mysore Game and Fish Preservation Regulation, I of 1901, the Government of His Highness the Maharajah are pleased to direct that the following Rule be substituted for Rule 3 of the Rules published under Notification No. 9007—Legis. 56, dated the 11th December, 1901, as amended by Notification No. J. 2542 Legis. 22-7, dated the 7th March, 1905:—

"2. (1) The killing or capture of birds with bright-coloured plumage, of pea-fowl and (except as provided in para. (2) of this Rule) of antelope is prohibited for a further period ending with the 15th June 1908.

"3. The District Magistrate may, on the application of the holder of a game license under these Rules, grant written permission to such holder to shoot, within the year for which the license was granted, not more than two bucks in all with horns not less than 15 inches in the case of black bucks and not less than 5 inches in the case of *Chinkarra*. A report of all bucks shot shall be furnished to the District Magistrate by the license-holder without unreasonable delay."

4. The following acts in respect of any stream or lake (*i.e.*, tank) with a view to the capture or destruction of fish are forbidden, that is to say, the poisoning of water, the placing or throwing of dynamite or other explosive or deleterious substance in water, the setting of fixed engines, and the use of nets having a mesh below two inches in the case of perennial streams and one inch in other cases.

5. Deputy Commissioners are authorized to declare, from time to time, by notification in Part II of the *Mysore Gazette*, all or any streams or lakes or any portion of the same to be closed against fishing during any year or part of a year or during the spawning season, and, in like manner, to prohibit, for the periods the capture or destruction of any species of fish therein.

Explanation.—The spawning season is as follows:—

as regards streams running to the west coast—from 1st March to 31st August;
as regards streams running to the east-coast—from 1st May to 30th November;
in other cases from 1st June to 31st December—both days inclusive.

6. It shall not be lawful for any person to kill—

(*a*) hares or any description of feathered game other than migratory birds (*i.e.*, other than duck and teal), between the 1st of March and the 1st of September in any year.

(*b*) duck or teal, between the 1st of May and the 1st of October in any year;

(*c*) the females, whether mature or otherwise, or the immature males, of bison, sambur, antelope, ibex or any variety of deer, at any time of the year; and

(*d*) any other game between the 15th of June and the 15th of October in any year.

7. The taking out or destruction of the eggs of game birds is absolutely prohibited.

8. (*a*) No person shall sell or expose for sale any kind of game during the close season prescribed in these rules.

(*b*) Deputy Commissioners are authorized to prohibit the sale of fish in the neighbourhood of any stream or lake or portion thereof closed against fishing under Rule 5, or the sale in such neighbourhood of any species of fish of which the capture or killing may have been prohibited under that rule:

Provided that nothing herein shall apply to fish which the person selling or attempting to sell the same can prove to have been caught in some place where its capture was not unlawful.

(*c*) It shall not be lawful for any persons to sell game or fish at any time within the limits of any Municipality unless he shall have obtained a license in this behalf from the President or Vice-President of the Municipality, on payment of a fee of 4 annas, such license being renewable at the end of every year on payment of a like fee.

---

* NOTES.—The operation of this provision was, by a Government Order, dated 7th March 1905, extended for a further period of two years, as it was considered that the protection afforded to birds with bright plumage and pea-fowl and antelope, by Rule 3 of this Regulation, was not sufficient and was further extended till the 15th June 1911 by Government Notification No. J. 254, Leg., 35-07-8, dated the 22nd July 1908.

9. Except to the extent permitted under section 12 of the Regulation, no person shall shoot at and kill game, or attempt so to do, without a license in the form appended to these rules, to be obtained from the Magistrate of the District on payment of a fee of five rupees. The District Magistrate shall be at liberty either to grant or to refuse to grant a license; or, if satisfied that the conditions of a license have not been complied with, whether wholly or in part, to withdraw or cancel the same at any time.

10. A license granted under the preceding rule shall cover only the individual in whose name it was issued, and shall not be transferable to any other person. It shall be available only till the expiration of the calendar year for which it was granted; but it may be renewed, previous to such expiration, on payment of a second fee.

The operation of such license may be extended—

(a) to any State Forest, or land specially protected under Section 35 of the Mysore Forest Regulation, comprised within the District for which the license was granted,—on payment of an additional fee of Rs. 10 on countersignature by the Conservator of Forests; and

(b) to all State Forests, and lands specially protected as aforesaid wherever situated, or to the whole of the Mysore State generally—on payment of a fee of Rs. 20 in addition to the initial fee of Rs 5, and on countersignature by the Conservator of Forests, in the case of State Forests and lands specially protected as aforesaid and in case of other localities by the Inspector-General of Police or other officer authorized in this regard by the Government.

10A. When a license granted in accordance with these Rules is lost or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 4 annas in the case of licenses under Rule 8 (c) and of one rupee in all other cases.

The whole of the Shimoga and Kadur Districts; the Hassan Taluk (including Alur Sub-Taluk, and the Manjarabad and Belur Taluks of the Hassan District; and the Heggaddevankote, Hunsur, Chamrajnagar and Gundlupet Taluks of the Mysore District.

10B. Notwithstanding anything contained in Rules 9 and 10, the District Magistrate may grant to an owner or occupier of land in any of the tracts specified in the margin, a license to pursue, shoot at and kill game on payment of a reduced fee of Rs. 2 which shall have operation over such portion of the District and State Forests and lands specially protected under Section 35 of the Mysore Forest Regulation, in the vicinity of the town or village where the licensee resides, as may be specified by the District Magistrate in the license.

If the town or village where the licensee resides adjoins another district, the operation of such license may be extended, without payment of any additional fee, to any specified portion of such adjoining District, State Forest, and land specially protected as aforesaid, situated therein, on countersignature by the District Magistrate of such district.

It shall be competent to the District Magistrate granting a license under this rule, to withdraw or cancel the same at any time, for sufficient cause.

11. The power to arrest offenders under the circumstances referred to in section 11 of the Regulation, (*i.e.*, whether the offence is committed in the view of the person making the arrest and the offender on demand refuses to give his name and address or gives a name which there is reason to believe is false) may be exercised by the following persons, namely:—

All Forest Officers including Forest guards; all Police Officers including constables; and all Officers of the Revenue Department (including land revenue, excise, sayer, &c.,) of or above the rank of Patel or Shanbhog.

12. Any person holding a license granted under these rules shall be bound to produce the same when called upon to do so by any of the persons enumerated in the preceding rule.

13. Any breach of the above rules will render the offender liable on conviction to the penalty provided in section 8 of the Regulation, namely, fine not exceeding one hundred rupees.

TRAVANCORE STATE.

GAME AND FISH PRESERVATION

REGULATION XII OF 1089.

A Regulation to make better provision for the protection and preservation of game and fish, passed by His Highness the Maharaja of Travancore, on the 10th August 1914, corresponding to the 26th Audy 1089, under Section 13 of Regulation V of 1073.

Whereas it is expedient to make better provision for the protection and preservation of game and fish; It is hereby enacted as follows:—

Short title, extent and commencement. 1. (1) This Regulation may be called "The Game and Fish Protection Regulation."

(2) It extends to the whole of Travancore.

(3) It shall come into force on such date as Our Government may, by Notification in the *Government Gazette*, prescribe in this behalf.

Repeal of enactment. 2. (1) On and from the day that this Regulation comes into force, Regulation III of 1073 shall be repealed.

(2) But the appointments, notifications, rules and orders made under the Regulation hereby repealed, shall be deemed to have been respectively made under this Regulation, except in so far as such appointments, notifications, rules and orders may be inconsistent herewith.

(3) References made to Regulation III of 1073 hereby repealed shall be read as if made to the corresponding Section of this Regulation.

Application of Regulation. 3. (1) This Regulation applies in the first instance to the birds and animals while in their wild state, specified in the Schedule, and to fish.

(2) Our Government may, by notification in the *Government Gazette*, apply the provisions of this Regulation to any kind of wild bird or animal other than those specified in the Schedule, which in their opinion it is desirable to protect or preserve.

Close time.

4. Our Government may, by Notification in the *Government Gazette*, declare the whole year or any part thereof to be a close time throughout the whole or any part of, or any place in, Travancore, for any kind of wild bird or animal or fish to which this Regulation applies or for female or immature wild birds or animals of such kind; and subject to the provisions hereinafter contained, during such close time and within the areas specified in such Notification, it shall be unlawful, except under a license and in the manner and extent permitted thereby,—

(*a*) to capture any such bird, animal or fish, or kill any such bird or animal which has not been captured before the commencement of such close time;

(*b*) to sell or buy, or offer to sell or buy, or to possess, any such bird, animal or fish which has not been captured before the commencement of such close time, or the flesh thereof; or

(*c*) if any plumage has been taken from any such bird captured or killed during such close time, to sell or buy, or to offer to sell or buy, or to possess such plumage.

Saving.

5. Nothing in this Regulation shall be deemed to apply to the capture or killing of any wild animal for the destruction of which a reward may be claimed from Our Government or of any wild animal by any person in defence of himself or any other person or to the capture or killing of any wild bird or animal in *bona fide* defence of property.

Provisions as to Licenses.

Grant of license.

6. (1) Our Government may, from time to time, by Notification in the *Government Gazette*, make rules to determine the officers by whom, the form in which, and the terms and conditions subject to which, any license shall be granted, and may by such rules, among other matters, specify—

(*a*) the area within which it is to be in force,

(*b*) the instruments which may be used under it,

(*c*) the kinds of game or of fish which may be captured or killed, and

(*d*) the number of head of any kind of animal which the holder may kill, subject to the payment of a fee that may be fixed in respect of each such head actually killed by him.

(2) Every hunter, beater, and others assisting and aiding the holder of a license granted under this Regulation, in the pursuit, capture or killing of game in accordance with the terms and conditions of such license, shall, while so assisting and aiding, be protected by such license.

Cancellation of license.

7. Subject to any rule made in this behalf by Our Government, any license may be cancelled or suspended by the authority competent to issue the license—

(*a*) when any of the terms or conditions of the license has been infringed, or

(*b*) when the holder or any of the holders has been convicted of an offence against the provisions of this Regulation.

Period of and fees for licenses.

8. Every license granted under this Regulation shall be non-transferable and may be granted and renewed for any period not exceeding one year, subject to the payment of such fee and on such conditions as may be fixed by rules made by Our Government from time to time.

Provided that Our Government may, either in the interests of scientific research or for any other cause, exempt a license holder from the payment of any fee.

Duty of license holders to produce and deliver up licenses.

9. Every holder of a license granted under this Regulation shall be bound

(*a*) to produce such license for inspection, at any time, on being required to do so by any Magistrate, or by any Police officer or within a forest, by any Forest officer; and

(*b*) upon the expiry of the period for which his license was granted, or upon leaving Travancore, not intending to return within the period of the license, to deliver up such license to the Division Peishkar, or to any authority empowered to grant such license, or to the principal Police officer in the district or town in which he then is.

Duty of certain license-holders to keep account of game killed.

10. Every holder of a license granted under this Regulation, limiting the number of head of any specified kind of animal which the holder may kill, shall—

(*a*) keep an account of all such head actually killed by him, showing the sex of each and the date upon and the place at which it was killed

(*b*) produce such account on being required to do so by any Magistrate or by any Police officer not below the rank of a Sub-Inspector or, within a forest, by any Forest officer not below the rank of a Deputy Ranger; and

(*c*) upon the expiry of the period for which his license was granted, or upon his leaving Travancore not intending to return within the period of the license, deliver up such account, together with his license, to the Division Peishkar, or any authority competent to issue such license, or the principal Police officer in the district or town in which he then is.

Effect of license under Forest Enactment.

11. Every license granted under the provisions of any enactment relating to forests for the time being in force, which permit any person to capture or kill game, shall have the effect of a like license granted under this Regulation.

Penalties.

Penalty for contravention of the Regulation or rules, &c.

12. (1) Whoever does any act or attempts to do any act in contravention of the provisions of this Regulation or of any rules passed thereunder or in violation of any of the terms and conditions of the license issued under this Regulation shall, on conviction, be liable to a fine not exceeding five hundred rupees.

(2) Whoever, having been already convicted of an offence under this Regulation, is again convicted thereunder, shall, on every subsequent conviction, be punished with imprisonment for a term which may extend to one month or with fine which may extend to one thousand rupees, or with both.

Confiscation.

13. When any person is convicted of an offence punishable under this Regulation, the convicting Magistrate may direct that any bird or animal or fish in respect of which the offence has been committed, or the flesh or any part of such bird or animal or fish, together with the instruments or dogs or other animals, if any, with which the offence was committed, shall be confiscated.

Cognisance of offences.

14. No Court inferior to that of a Magistrate of the Second Class shall try any offence under this Regulation or the rules framed thereunder.

Presumptions of commission of certain offences.

15. (1) Where any person is found in possession—

(*a*) of any game recently captured or killed in any area within a period during which its capture or killing is absolutely prohibited within such area by a Notification under Section 4, or

(*b*) of any fish in the vicinity of any area within a period during which its capture or killing is absolutely prohibited in such area by a Notification under Section 1,

the Court shall presume that he has committed an offence punishable under Section 12, sub-section 1.

(2) Where any person is found carrying any game or fish recently captured or killed, together with any fire-arms or instruments with which such game or fish could be so captured or killed, the Court shall presume that he has captured or killed such game or fish with such fire-arms or instruments.

Duty of Court as regards cancellation of licenses.

16. When the holder of a license granted under this Regulation has been convicted of an offence thereunder, the convicting Court shall send a copy of its judgment, together with the license (if before the Court) to the nearest authority empowered to cancel the license under this Regulation, for such action as such authority may deem fit.

Power of seizure when offence committed in the presence of certain officers and persons.

17. Where any person commits an offence against the provisions of this Regulation in the presence of a Magistrate or Police officer, or, within a forest, of a Forest officer, or of any other person authorised in this behalf by Our Government, such Magistrate, officer or person may seize the game or fish, if any, captured or killed and any arms or other instruments or any dogs or other animals used in the commission of such offence, and shall send them without delay, together with a report of the circumstances, to a Magistrate competent to take cognizance of the alleged offence.

Power of seizure in case of reasonable suspicion.

18. (1) Where any person is found carrying arms or other instruments in such circumstances as to afford reasonable ground for belief that he is carrying the same with intent to use them, or that they may be used, in contravention of any of the provisions of this Regulation or of any rule made or Notification or license issued thereunder, any Magistrate or Police officer, or within a forest, any Forest officer, or any other person authorised in this behalf by Our Government, may seize the arms or instruments, and shall send them without unnecessary delay to the Division Peishkar.

(2) The Division Peishkar to whom any arms or instruments are sent under sub-section (1) may, if satisfied, after such enquiry as he thinks fit, that there was any such intention as aforesaid, direct the cancellation of the license if any in respect thereof, and, in the absense of a license, confiscate the arms or other instruments aforesaid.

COCHIN STATE.

GAME RULES ISSUED UNDER FOREST REGULATION, III OF 1080.

NOTIFICATION.

In exercise of the power conferred by section 14, clause (e) of the Cochin Forest Regulation, No. III of 1080, the Diwan is pleased to make the following rules for the regulation of hunting, shooting and fishing and to prohibit the poisoning of water and the setting of traps or snares within the limits of all reserved forests situated in the Cochin State. The rules will come into force at once.

1 Subject to the provisions of Chapter VI of the Forest Regulation relating to wild elephants, any person who might desire to hunt or shoot within the limits of any or all reserved forests in the Cochin State or fish in any river or stream within such limits shall be bound to take out a license therefor from the Conservator of Forests who shall be empowered to limit the variety and quantity of game to be shot or killed under such license.

2. Hunting, shooting or fishing without a license in a reserved forest is prohibited. It is competent, however, to the Diwan to exempt officers of the Forest Department by name or designation from being required to take out license for hunting, shooting or fishing within the limits of their official charges.

3. A license issued under these rules shall not be transferable. It will be available only for the currency of the season to which it relates as notified under Rule 7 *infra* whether it be taken out at the commencement or during the currency of that season.

4. No license for hunting, shooting or fishing will be issued under these rules except on a payment of a fee of Rs. 20.

5. The Conservator may refuse to grant a license, if the applicant has been convicted of an offence against these rules or for any other special reason to be stated in writing.

6. Against any order issued by the Conservator of Forests under the above rule an appeal shall lie to the Diwan if filed within three months of the date of the orders appealed against.

7 The Conservator of Forests shall, by notification in the Cochin *Government Gazette*, fix the season during which licenses issued under these rules shall permit hunting or shooting or fishing in the reserved forests of the State. Such season shall be clearly endorsed on the licenses by the Conservator.

8. Within the limits to which these rules apply, no person shall at any time of the year and under any circumstances or pretext whatever shoot at, trap or snare any of the following birds.—

Starlings	Hoopoes	Babblers and ground babblers
Swallows	Shrikes and minivets	Warblers
Swifts	Drongos or Kingcrows	Chats
Goatsucker	Fly-catchers	Red starts robins
Trogons	Ground-thrushes	Wagtails and pipits
Bee-eaters	Babbling thrushes	Crow tits
Rollers	(Wynaad laughing thrush	Vultures
Wood-peckers	Nilgiri laughing thrush &	
Cuckoos	Palani laughing thrush)	

or such other birds as the Conservator may specify from time to time.

9. No license taken out under the foregoing rules will be held to give authority to hunt, shoot or fish in contravention of Rule 8.

10. Beating and the setting of traps or snares is forbidden, except by the special permission of the Conservator of Forests.

11 (1) The poisoning of water, the dynamiting of fish, the setting of cruives or fixed engines for the capture or destruction of fish, the damming and baling of water for the capture of fish are absolutely forbidden in any of the rivers or streams within the reserved forests of the State.

(2) The netting of fish with nets in any of the rivers or streams within the reserved forests of the State may, however, be done with the express permission of the Conservator of Forests.

12. Any breach of the above rules within any reserved forests will render the offender liable, on conviction before a Magistrate, to the punishment provided by section 16 of the Cochin Forest Regulation.

Office of the Diwan of Cochin, Local and Legislative Department

Dated 8th March 1909.

A. R. BANERJI,
Diwan of Cochin.

NOTIFICATION.

In exercise of powers conferred by section 14, clause (e) of the Cochin Forest Regulation, III of 1080, the Diwan is pleased to add the following rule to the rules issued in the Diwan's notification dated 25th Kumbhom 1084—8th March 1909 (Local and Legislative Department) and published on pages 424- 426 of the Cochin *Government Gazette*, dated 30th Kumbhom 1084.

Rule XIII. The Diwan may, at his discretion, issue free licenses for (a) shooting, (b) fishing, (c) hunting, to

(1) State officials not below the rank of Assistants to the Heads of Departments,
(2) distinguished visitors and
(3) any persons exempted from the operation of Arms Regulation.

Office of the Diwan of Cochin,
Revenue Department,
(Separate Revenue),

A. R. BANERJI,
Diwan of Cochin.

NOTIFICATION.

In exercise of powers conferred by rule VI and VII in dei notification dated 25th Kumbhom 1084—8th March 1909—regulating the hunting, shooting and fishing within the limits of reserved forests of the Cochin State, the Conservator of Forests notifies as follows :—

1. Hunting and shooting are entirely prohibited within the limits of any reserved forest lands of the Cochin Sirkar from 1st March to 15th May each year, except in regard to the shooting of dangerous animals mentioned in clause 6 *infra.*

2. With the exception of snipe, wild geese, teal, duck and wood-cock, no birds are to be shot within the limits of any reserved forest lands of the Cochin Sirkar from 1st March to 15th October each year.

3. The shooting or hunting of the females (excepting by special permission in the case of the old and barren) and immature males of bison, sambur, spotted deer, barking deer, mouse deer, ibex or Nilgiri goat, is absolutely prohibited within the limits to which these rules apply.

4. Mature males of the above named classes of animals may be shot, except during the close season mentioned under rule 1 above by persons who have provided themselves with shooting license from the Conservator of Forests. All restrictions and rules detailed on the shooting licenses in force at the time, must be strictly obeyed.

5. No male sambur or spotted deer may be shot, if without horns, or if the horns are in velvet. Stag sambur are not to be shot with horns under 30" in length, nor spotted deer with horns under 25" in length.

No male bison shall be shot whose horns measure less than 30 inches across their widest spread (inside measure).

6. The undermentioned animals may be shot within the limits of reserved forest lands of the Cochin Sirkar at any time of the year by any accredited license-holder, *viz.*, dangerous animals of the feline tribe, *e.g.*, tiger, leopard, panther, leopard cat, tiger-cat, also hyæna, wild dog, wild-pig, and bear.

7. With the exception of the birds named under rule 2 above, no game shall be shot or wounded within the limits of the Cochin reserved forest lands for sale or as market produce.

8. Licenses granted by the Conservator of Forests to any person to shoot in reserved forest lands of the Cochin Sirkar, shall hold good for one year current from the 1st Chingam and no persons shall be allowed to obtain more than one license in one year

9. With a view to the preservation of fish in rivers and streams lying within the boundaries of the Cochin reserved forest lands, no fish shall be allowed to be caught in nets of less than 1¼ inch mesh excepting bait in limited quantities, which must only be caught with a circular hand net.

Fishing with hook and line is permitted as per terms of license current at the time.

No fishing is permitted excepting to those in possession of a fishing license.

10. No game shall be killed or wounded except by the use of fire-arms in any reserved forest lands of the Cochin Sirkar.

Fish are not to be shot under any circumstances whatever.

E. H. JOHNSTONE,
Conservator of Forests.

SPECIAL WEEKLY EXPRESS.*

Bombay to Madras.

(1) An express train with accommodation for 32 first-class passengers and their servants leaves Victoria Terminus, Bombay, for Madras, about five hours after the P. & O. Steamer with the Overland Mails for India is signalled at Bombay. The time occupied in the journey from Bombay to Madras is about 25½ hours.

(2) The P. & O. Company issue first-class tickets at their offices in London to the undermentioned stations at which the train stops :—

Stations.	First class fare from Bombay	Third class fare for servants from Bombay.	Stations.	First class fare from Bombay.	Third class fare for servants from Bombay
	Rs. a. p.	Rs. a. p.		Rs. a. p.	Rs. a. p.

Cuddapah ...	59 5 0	11 0 0	Madras	74 8 0	13 9 0
Renigunta	66 10 0	12 4 0			

(3) Servants and luggage can be booked at the Ballard Pier, Bombay, where passengers from the Mail Steamer are landed, and where the G. I. P. Railway has made special arrangements for this booking. Passengers will be booked (but not more than 32 altogether) in the order in which tickets are asked for.

(4) If there is room in the express, that is when 32 passengers have not been booked in London, passengers can notify their intention to travel to the Purser on board the Steamer, previous to arrival at Aden, up to the limit of 32. Information on this point is obtainable from the Purser of the ship. Passengers so notifying their intention can obtain their tickets after landing, at the Ballard Pier booking office.

(5) Passengers can also book at Victoria Terminus for any available berths by this train after the booking at the Ballard Pier has ceased.

(6) Passengers from intermediate stations will not be booked by this train.

(7) The P. & O. Company will land all passengers holding tickets from their London Office and who have registered their names on board the ship, to the extent of 32 in all for the express train, in a special launch, together with their luggage, which should be ready on deck before the Mail Steamer comes to anchor. An official from the G. I. P. Ry. will board the Steamer on arrival to help and advise passengers.

(8) A carting contractor will be in attendance at the Ballard Pier to take over, after it has been booked, the luggage of passengers travelling by the express train. He will convey the packages to Victoria Terminus, and charge 4 As per package for this service, subject to a minimum charge of Re. 1-0-0 per consignment, which should be paid by the owner at the time the luggage is booked at the Pier.

(9) Meals will be provided in the dining car attached to the train.

(10) A free allowance of luggage to the extent of 4 maunds for each first class ticket will be allowed to passengers travelling *from Bombay to Madras* on production of a duly authorised certificate from the P. & O. Steam Navigation Company to the effect that such passengers have arrived by one of their Steamers in Bombay and are proceeding to Madras or on production of their passage ticket issued by the P. & O. Steam Navigation Company or of a receipt in exchange for which a passage ticket is issued in their office in Bombay.

(11) Passengers holding tickets issued at reduced fares under a concession order of any description will not be allowed to travel by this express from Bombay to Madras unless full first-class fares are paid.

(12) Return tickets are not issued for the Postal express trains, but if a passenger holds a return half ticket and is desirous of travelling by the Postal express he can do so by paying the difference as under :—

Add half the cost of the Return ticket to a single fare. Deduct from the amount so arrived the cost of the Return ticket. This will give the difference to be recovered for travelling by the Postal Express Train.

(13) Passengers holding Messrs. Thomas Cook & Sons' coupons will be charged the difference between the value of the coupons and the ordinary first-class single fare.

* This arrangement is temporarily stopped during the war.

LONDON-RANGOON PASSENGER TRAFFIC.

(1) Under an arrangement with the G. I. P. and M. S. M. Railways, the P. and O. Company issue orders from their London Office for passengers to Rangoon, *via* Bombay and Madras, and also from their Rangoon Office for passengers to London, *via* Madras and Bombay.

(2) These orders when presented by passengers at Victoria Terminus on the outward journey and at Madras on the homeward journey are exchanged for 1st and 2nd class tickets.

(3) Holders of these tickets issued at Victoria Terminus and at Madras in exchange for P. and O. Company's orders, are entitled to a free allowance of luggage, to the extent of 336 lbs in the case of a first-class passenger and 168 lbs. in the case of a second-class passenger, any quantity in excess of these allowances being charged for at the ordinary excess luggage rate and the amount recovered from the passenger.

(4) These tickets are issued subject, in all respects except as mentioned in these instructions, to the same conditions as those applying to ordinary tickets.

COMMUNICATION BETWEEN PASSENGERS, GUARD AND DRIVER.

(1) All passenger trains of the Madras and Southern Mahratta Railway are fitted with communication between passengers, guard and driver.

(2) This apparatus consists of a chain running from end to end of the carriages, exposed over each doorway only. The chain, when pulled in case of emergency, attracts the driver's attention by partially applying the brake, and this indicates to him that something is wrong and that a passenger wishes the train stopped.

(3) Any misuse of this apparatus renders the passenger liable to a fine of Rs 50 (Act IX of 1890, Section 108).

A District in the Madras Presidency. Bounded on the North by Chingleput and North Arcot; on the outh by Trichinopoly and Tanjore; on the East by the Bay of Bengal; and on the West by Salem. rea, 4,208 square miles. Population, 2,362, 566. Language spoken:—Tamil.

Taluks.—*See* Taluk List. For Travellers' and Staging Bungalows, etc.—*See* Special Section.

Cuddalore.—A sea-port, and the headquarters of the district, is situated on the Pennair and adilam rivers; vessels anchor within about 1½ miles of the shore. In 1682, the H. E. I. C. pened up negotiations with the Khan of Gingee for a factory at Cuddalore, and the first buildigs were put up in 1683; a ring of palmyra trees still marks the land ceded for the settlement. rade grew rapidly, and the Company erected Fort St David and enlarged their warehouses. In 1702 e fortifications were rebuilt on more modern lines. On the fall of Madras in 1746, the administraon was taken to Cuddalore. Fort St. David was soon after twice besieged by Dupleix, but without uccess; in 1752, the headquarters of Government were re-established in Madras, and, six years after, he French occupied the town and stormed and destroyed the Fort It was re-taken by the British in 760, but again fell into the hands of the French in 1772, and was unsuccessfully besieged by the ritish in the following year In 1785 it was finally restored to England, under the treaty of Versailles.

A few of the ruins of the old Fort still exist, and the old garden-house (1738) of the Governors of 'ort St. David is now the official residence of the Collector of the district.

There is a Station Club, and also one for Indian gentlemen. Conveyances can be hired at the ailway Station (South Indian Railway), and in the town.

BANGALORE.

Bangalore is a city situated in 12° 57′ N. Lat. and 77° 35′ E. Long., and is 71 miles north of Seringapatam; it is 216½ miles by rail, west of Madras. It covers an area of about 22½ square miles, and is divided into two distinct parts, *viz.*, the City or Pettah, which is the old Native Town of Bangalore proper, and the Cantonment, or Civil and Military Station. Bangalore is the seat of Government for the Mysore State, and the Civil and Military Station is the head-quarters of the Bangalore Brigade of the IX (Secunderabad) Division of the Army. It is also the head-quarters of the Resident in Mysore and Chief Commissioner of Coorg.

The name Bangalore is a corruption of *Bengalúru*, which is probably derived from *Bengalu* a kind of bean, (hence the proverbial "City of Beans"), and the following story has been related in connection with it. One day, when King Vira Ballala was hunting, he became separated from his attendants, and, losing his way, wandered about till nightfall. At last, faint and weary, he came upon a solitary hut, in which was an old woman, to whom he applied for something to eat. She had nothing better to offer him than some *Bengalu*, (green beans boiled in a little water), which, however, he was glad to get, and sharing them with his horse, passed the night under shelter of the lowly hut. The incident speedily became known, and the village (*úru*) which sprung up, thence took the name of *Bengalúru*. Bangalore has long enjoyed a reputation for salubrity, and a climate suitable for Europeans. Many hale, hearty people of an older generation have settled there: children thrive there. The hot season is from March to May. Courts, schools and colleges have their vacations at this time. The heat is dry, and often untempered by any breeze; the maximum heat is from 90° to 95°, occasionally 99°. The mornings, even at this time, are fairly cool; with sunset the temperature falls rapidly and the nights are quite bearable. The S.-W. monsoon breaks in June, accompanied by high winds and cloudy days: thereafter the weather is cold and bracing, and the close of the rainy season in November is marked by dense fogs which prevail all over the country in December and January, when fairly warm clothing is advisable.

The City stands in the centre of the Mysore table-land, about 3,000 feet above the sea, the general level being broken by a few slight elevations The old Fort stands in the extreme south-west, north of which is the Pettah. The Fort is said to have been originally built of mud in 1537 by a local chieftain, the Poligar Kempé Gowda. The present fortifications of rubble stone were built in 1761 by Hyder Ali from plans by a French Engineer. The old Palace of Hyder Ali and Tippu Sultan was used for offices until 1876, when they fell into decay, but a small portion was restored in 1886. Some foul, dark, subterranean dungeons still exist, one of which was Sir David Baird's prison for three years and ten months. Beyond the Fort is the Lal Bagh, or Horticultural Gardens, one of the finest in India. The City comprises an area of 10·72 square miles, and trade is brisk in cotton and grain.

The Civil and Military Station stretches away towards the north-east, terminating in the Native quarters of the Cantonment Bazaar, beyond which are the suburbs of St. John's Hill, Benson Town and Cleveland Town, dotted with the cottages of a large number of pensioned Europeans, and Fraser Town, with Richards Town, Cox Town and Wheeler Extension recently opened up to relieve the congestion in Blackpully. The large open space between the two Native quarters contains the Race Course, the Cubbon Park, the High Ground, and the Parade-ground. Here also are situated the chief Government offices, the houses of well-to-do European residents and the principal Hotels. The localities in the South are Richmond Town and Langford Town, Shoolay, Nilsandra and Ulsur. The Cantonment, or Civil and Military Station, covers an area of about 12½ square miles and was assigned to the British Government for purposes of political and administrative control, the Maharaja of Mysore having renounced the exercise of jurisdiction within it. It is officered by a British Resident of the first class, who is also the Chief Commissioner of the Province of Coorg. In it are situated the Barracks and Lines of the troops. Here also are the residential quarters for Europeans, Telegraph and Post Office schools, banks, shops, and places of amusement and recreation. The Central Jail

covers a large space to the west of Cubbon Park, and is built on the radiating principle, with workshops for many trades. The Central College to the south-east of the Jail contains a hall with a roof supported by light monolithic columns, 30 feet high, quarried in the neighbourhood. The Maharaja's fine Palace is on the High Ground, in the extreme north. The new buildings of the Indian Institute of Science lie in open ground to the extreme north-west of the Station. There are numerous churches of different Christian denominations and many Hindu temples and Mahomedan mosques, as well as several excellent schools for European children.

SOME PLACES OF INTEREST.

The Bangalore Central Jail—Is situated on Sheshadri Road, the Central College is to its East, the Race Course to the north and the Pettah to the south-west. It has a large industry; in cloths, towels, table cloths, durries, woollen pile carpets, etc., are manufactured; rope spinning, carpenters', blacksmiths', basket and leather work, are also done here. There is an extensive garden attached to it which yields all the vegetables needed for the prisoners with spare quantities for sale to the public. *Superintendent and Medical Officer.*—Dr. T. S. Nanjappa, M.B., C.M. *Chief Jailor.*—Vacant.

The Department of Agriculture, Mysore.—The Director of Agriculture is the head of the Agricultural Department in Mysore with his office, situated to the east of the Central College, on the Sheshadri Road. Attached to the office buildings and under the control of the Director are the Agricultural Chemical Laboratory, the Mycological Laboratory, the Entomological Laboratory and the Insectary. The Experimental Farm connected with the Department is situated at Hebbal, five miles from Bangalore. The size of the Farm has been almost doubled recently. The Agricultural School, also under the Director of Agriculture, has class rooms with laboratory equipment for Physics, Chemistry, Botany, Mycology, and Entomology in the Main Laboratory buildings, and has class rooms and equipment on the Hebbal Farm both for theoretical and practical work in Agriculture, Carpentry, Blacksmithing and Fitting. A Students' Hostel attached to the School is located on the farm where quarters for living have also been provided. Students attend the Laboratory classes in Bangalore two days in the week. An Implement Depot is attached to the Department in which machines and implements specially adapted to the Agricultural requirements of the State are stocked and sold to the ryots. As far as possible, local manufacturers are encouraged to stock approved implements made by them in this Depôt. When definite results in regard to experiments in the various branches of the

Department are achieved such results are published in the form of bulletins which are supplied to agriculturists in the State who apply for them free of cost. A District Staff with Deputy and Assistant Director and an Agricultural Inspector for each district has been lately appointed.

A Dairy and Breeding Station has been attached to the Agricultural School at the Experimental Farm, Hebbal, for giving the students practical lessons in Dairying, etc.

Another Farm at Hiriyur in Chitaldrug District has been sanctioned for this department.

COLE'S PARK—Which is in charge of the Municipality of the Civil and Military Station is situated to the west of St. John's Hill. This is again becoming a pleasant place of resort to the residents of St. John's Hill, as the Volunteer Band now plays in it when not otherwise engaged. The Tennis Courts are used by members of the Wesley Guild.

CUBBON PARK.—The Cubbon Park was originally laid out by the late Genl. Sir Sankey, R.E. It is named after Sir Mark Cubbon, a very popular Chief Commissioner of Mysore, and covers an area of more than 100 acres. It is situated east, north and south of the Public Offices, from the balcony of which a fine view is obtained, both of the Park and the surrounding country. The grounds include the Government Museum, the Sir Seshadri Iyer Memorial Hall and statue, an equestrian statue in bronze of Sir Mark Cubbon by Baron Marochetti, and a white marble statue of the late Queen Victoria by Sir Thomas Brock in Queen's Road. A statue of which the pedestal is erected is to match this one, as a memorial to the late King Edward, on the North side opposite the New Telegraph Offices. Land has recently been acquired in the south-west and various improvements are being carried out, which will include the erection of a new Bandstand facing the Seshadri Hall for the Military Bands which now play here two or three times a week.

The Daly Memorial Hall, Library and Mythic Society premises, are situated on the Cenotaph Road, Bangalore City. The New Y. M. C. A. Buildings are also these.

THE DURBAR OFFICES.—The Mysore State Public Offices, situated at the west end of Cubbon Park, are the largest buildings in Bangalore. They consist of a fine two-storeyed structure in the classical style with verandahs all round, the entire length being 886 feet to which these have been added two good large extensions on the North and South sides. The Mysore Survey Offices near the Cenotaph Crossing is another fine block of buildings.

THE MYSORE GOVERNMENT MUSEUM—Established in 1865, is open to the public from 7 A.M. to 5-30 P.M. daily, Sundays and a few special holidays excepted. The present building which was opened to the public in 1877 is situated in the Cubbon Park (Sydney Road), the original building was in Museum Road giving the road its name. Among other specimens on view, there is a collection of Mysore coins, a large collection of the mineral products of the Province, and Mysore artware. There is also a Library and Reading Room. The Superintendent, Mr. G. H. Krumbiegel, will be glad to receive and acknowledge contributions of any kind.

THE LAL BAGH.—The Lal Bagh is the Mysore Government Botanical Gardens. It is about two miles to the south-west of the Cantonment—a very pleasant ride or drive. This beautiful *pleasaunce* was first laid out in the time of Hyder Ali and was greatly enlarged by Tippu Sultan. It now possesses a Picnic Pavilion, a much needed addition, and the spacious and lofty Glass House, in imitation of the Crystal Palace in which the Horticultural Shows are held. There is also an equestrian statue in bronze of H. H. the late Maharaja Krishnaraja Wadiyar Bahadur, G.C.S.I., erected near the Rosarium, the same having been removed from Mysore, where it was originally set up. The Gardens are over 100 acres in extent and among the finest in India, well worthy of a visit. A large Farm for experimental work and plantation for demonstrating Economic Botany is being developed close by, and a Seed Depot, Economic Bureau and Herbarium have been newly started. A small Menagerie is maintained which is a source of much amusement to Natives and European children. L. Bightopanth Badami, B.A., Superintendent.

H. H. THE MAHARAJA'S PALACE—Is situated north-west of the Civil and Military Station and south of the Cantonment Railway Station. It is approached from the High Ground by Palace Road and from the City by the Race Course. The main building is two-storeyed, and is designed after Windsor Castle it covers an area of about 45,000 square feet. Persons wishing to see the Palace may, during H. H. the Maharaja's absence, do so by obtaining permission from the Superintendent of the Government Gardens, Lal Bagh. His Highness the Maharaja resides in the Palace for three or four months in the year. To the north-west of the Palace is H. H. the Maharaja's Polo Ground, one of the finest in India.

INDIAN INSTITUTE OF SCIENCE.—This Institute, for post-graduate study and research in science, is situated to the west of the Hebbal Rifle Ranges, on the Yeswanthpur Road, about 3 miles out of the C. and M. Station. The following departments are now open.—Director—Sir A. G. Bourne D. SC., K C.I.E.

Departments.—(1) General Chemistry Professor—Dr. J. V. Sudborough, D. SC., PH. D., F.I.C.; Asst. Profr.—Dr. H. E. Watson, A.I.C.; (2) Organic Chemistry Profr.—Dr. J. J. Sudborough, PH D., F.I.C.; (3) Applied Chemistry—vacant; (4) Electrical Technology Profr.—Dr. Alfred Hay, D.SC., M.I.E.E.; Asst Prof. H. B. Matthews, M. I. E. E. and John H. C. Kann, B.SC., Asst. Profr., Mechanical Engineering. *Librarian.*—C. F. H. Tacchella, M.A. (Trinity College, Dublin).

The Session opens on the first Wednesday in July and ends on the last Wednesday in March No fees are charged, but students who reside in the quarters are required to pay Rs. 10 per mensem in addition to their share of messing expenses. Further information may be had on application, by letter, to the Director.

MAYO MEMORIAL HALL.—This imposing looking building was erected in memory of the late Lord Mayo, Governor-General of India. In 1883 it was made over by the British Resident to the C. and M. Station Municipal Commission on condition that the upper floor was available free of charge, to all Meetings of a public character. The Hall, which is now fitted with an installation of electric lights, is not rented as formerly for dances, concerts, wedding receptions etc. The Municipal offices are on the ground floor, the Hall being used for all Meetings of the Municipal Commissioners.

Oossoor Road Cemeteries.—These lie to the south of Richmond Town and the Protestant Cemetery contains some very handsome tombstones. A cenotaph is erected here to the memory of the officers and men of the 16th (Queen's) Lancers who died while serving in this country. The Roman Catholic cemetery adjoins on the west and the Protestant Indian Christian cemetery on the south. More ground for the Protestant cemetery was enclosed on the north and the Scotch portion dedicated in August 1916.

Kulpully Cemeteries.—These are situated to the N.-E. of St. John's Hill and some of the grave stones are of very old date, one of them going back to 1808. The late General John Wheeler Cleveland (after whom Wheeler Road and Cleveland Town are named) and his wife were buried here, the latter in 1874 and the former in 1883. A red granite monument has been erected in the Protestant cemetery to the memory of the N.-C. Officers of the 42nd Company of the Royal Engineers "who died in peace and war." The Roman Catholic Cemetery to the west contains a grotto in which there is a plaster representation of the Crucifixion, a very life-like work.

Old Protestant Cemetery.—It is not everybody in Bangalore who knows of the existence of this now disused place of interment. It is near the Cavalry Riding School, behind the Church of England Soldiers' Institute, and well worth a visit. There are some huge grave-stones and monuments bearing quaint epitaphs; one of the oldest of these dates back to 1808. This cemetery is open to visitors on Thursdays and Saturdays.

The Race Course—Is at the extreme west of High Ground, and is gained by the road leading past the Residency. The track, 1½ miles round, is considered one of the best in India. The big Race Meeting is held in July, with Spring, Summer, Autumn and Winter Meetings thrown in whenever practicable. The Gymkhana Club's Races are also held here. Various improvements were made to the Grand Stand and first enclosure in 1912 and the Turf track was also widened. *The Secretary is.*—Mr. H Donne.

The General Market—Is situated at the junction of Broadway and New Market Roads, and is enclosed by long rows of miscellaneous shops, stores, etc. A new range of buildings were completed in 1912 for the "Evening Bazaar" which adjoins the Market and which is called "Richards Square." The road known as New Market Road, was closed from the north and south sides and traffic diverted by the west of the Lady Curzon Hospital. New gates presented by Mr. Ahmed Sait, were fixed up at the south entrance to the Bowring and Curzon Hospitals. The construction of a market better suited to the present requirements of the people is in contemplation by the Municipality opposite to the present one. J. Sausman, Market Sergeant.

Imperial Service Transport Lines.—These buildings are the head-quarters of the Mysore Government Transport Service, and were completed in 1903. They are on the Tumkur Road, two miles out of Bangalore. The grounds attached to the building are well kept.

Statue of Queen Victoria.—This monument (by Sir Thomas Brock), was erected from contributions by H. H. the Maharaja of Mysore, his people, and the residents of the Civil and Military Station in memory of the late Queen-Empress of India. It stands at the south-east entrance of Cubbon Park, not far from St. Mark's Church, and was unveiled by H.R.H. the Prince of Wales (now King George V) in February 1906. The Statue is of white marble, while the pedestal, which is 13 feet high, is of Mysore grey granite. It is enclosed by a circle of ornamental railings and four obsolete cannons have been placed in position around it.

Richmond Town Park—Is a small piece of fenced ground laid out with flower beds and paths, in charge of the Station Municipality. It is provided with a Band stand, but no band plays there now and it is resorted to mostly by pensioners, ayahs and the children of Richmond Town. There is a Municipal Nursery garden established here now.

Sheshadri Memorial Hall.—Erected by public subscription aggregating over a lakh of rupees, to the memory of the late *Rajadhurandhara* Sir K Seshadri Iyer, K.C.S.I., a former Dewan of Mysore, who ruled the destinies of the State for 18 years, from 1883 to 1901 with conspicuous success, is located at the south-west end of the Cubbon Park. The memorial includes a bronze statue of the deceased statesman, by Colton, unveiled in November 1913 by H. E. Lord Hardinge, Viceroy and Governor-General of India, and a Public Library. This large and excellently situated building has been in use for the last 3 years, the Cosmopolitan Club occupying a portion of it and the Sloyd Classes and Educational Museum, which have recently vacated in favour of the newly established Mechanical School of Engineering, the rest, without prejudice, of course, to the occasional use of the building for such other public purposes as meetings, etc.

Sir K. Sheshadri Iyer's Statue.—This is a bronze statue representing the late Sir K. Sheshadri Iyer, K.C.S.I., in his Durbar dress. It is erected in front of the Memorial Hall which stands in a conspicuous part of the Cubbon Park amidst charming surroundings and on a lawn tastefully laid out with excellent roads and approaches all round. The unveiling ceremony was performed on the 20th November 1913, by H. E. Lord Hardinge of Penshurst, Viceroy and Governor-General of India, who admitted that the statue is a rare work of art. The statue is a faithful likeness of the great statesman whom it is intended to commemorate. It was made in England by Mr W. R. Colton, a sculptor of acknowledged reputation, and stands on a pedestal designed by the late Mr. P. B. Raghavalu Naidu of the Palace Improvement Division. It is 6 feet in height. All expenses included, the statue cost the Committee nearly Rs. 25,000.

The Station Public Offices—Are adjacent to the Mayo Hall with entrances on the ground floor from the South Parade and Residency Roads. The building, which is a handsome structure, is in the Florentine style and is one storey high. ST. JOSEPH'S COLLEGE.—Founded in 1857, affiliated to the Madras University in 1882. The College offers to European and Eurasian families the means of securing, for their children, the advantages of a liberal education. Pupils of all religious persuasions are admitted without any interference with their respective creeds. For the sake of order and discipline, however, they are expected to comply with the ordinary rules of the Institution. The College buildings, spacious and well ventilated, are situated in the centre of the European quarter of the town. A new building 148 feet long by 46 feet wide has just been added providing a splendid Hall 85 feet by 42 feet with a stage 34 feet deep. The upper storey is used as a dormitory. The playgrounds are large and open, with ample space for Cricket, Football, Hockey and Tennis. The course of studies comprises the subjects required for the Intermediate Examination of the Madras University, Branch III, as well as for the High School Examination and the Entrance Examination to the Medical College. The Staff, which consists entirely of European teachers, includes the Rev. L. Vanpeene, B.A., Principal; Rev. E. Schmit, M.A. (London); Rev. J. Lutay, B.A., J. J. Stevenage, C.A. Smith, B.A., L.T., Rev. Bro. Claudien, L.C.P., &c. The College has made a name for itself in the Presidency by its successes in the public examinations. Particular attention is also paid to the training of the boys in field games and sports, as is testified by the numerous trophies they have won in the Inter-school and Volunteer Sports. The School numbers over 400 boys.

The Boarding Establishment has doubled during the last six years and now contains 220 boys. The Boarding fee is Rs. 25 in the first division and Rs. 16 in the second. The tuition fees vary according to the Standard, from Rs. 1 to 4.

(Lon.), L.M. & S., (Bombay). *Assistants.*—Sister M. Aloysius, and Sister M. Martha (with Medical Diplomas) and a large staff of efficient nurses. Judging from the ever-increasing of both European and Indian In and Out-patients, this hospital is one of the most popular institutions in the Mysore Province. The Hospital is situated in a most healthy locality, on extensive grounds, near the Cenotaph Road and the District Office Road. The buildings were constructed by the late Revd. Mother Visitation Leusch in 1886, with the advice and encouragement of the esteemed late Dewan Sir Sheshadri Iyer, and Lt.-Col McGann, I.M.S., the then Senior Surgeon with the Government of Mysore. The institution is under the superintendence of the Nuns of the Order of the Good Shepherd, receiving a grant-in-aid from the Government of Mysore and the Bangalore City Municipality. There are 95 beds for male

and female patients, who, irrespective of caste and creed, are admitted and fed and clothed free of expense. Special accommodation for paying patients is also available, where they receive special attention and are surrounded with every home comfort. In-patients are admitted at every hour of the day or night. There is a free Dispensary for Out-door patients, which is open from 7-30 till 11 A.M., daily. Visitors are allowed to see their sick friends daily from 5 to 6 P.M. Her Excellency Lady Hardinge honoured the Institution with a visit on the 21st November, 1913, and expressed herself highly pleased with all she saw, and has made the following remark in the "Visitors' Book": "It has been a great pleasure to me to pay a visit to St. Martha's Hospital, when the Mother Superior and her staff showed me round their comfortable and 'homelike' hospital. I feel sure that all which is being done here to help the poor and suffering is much appreciated and I wish these good nuns all good luck for the future."

MATERNITY HOSPITAL.—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore. *Visiting Officer.*—Miss Govindarajulu, M.D., Surgeon in charge. It stands on the road leading from the Civil and Military Station to the City of Bangalore. There is an Out patients' dispensary attached to the Hospital. This institution owes its existence to the liberality of the late Rai Bahadur Yella Mullappa Chetty. Native and Eurasian Nurses and pupils from the Malvad Funds are trained in the above Hospital, getting stipends from the Victoria Memorial and Countess of Dufferin Funds.

LUNATIC ASYLUM, MYSORE GOVERNMENT, BANGALORE.—P. Palpu, L M.S., D Ph., Superintendent. F. Noronha, M.B., C.M., Asst. Surgeon in sub-charge. The Asylum is situated at the entrance of the city near the Yelahanka Gate Police Station. Lunatics from the C. and M. Station are also received in this Asylum.

LEPER ASYLUM.—The lepers have been removed from the Lunatic Asylum to a set of buildings near the Epidemic Hospital, Magadi Road; and the Health Officer of Bangalore City is in charge of the Institute.

VACCINE INSTITUTE.—The Institute was opened on the 20th November 1891. It is situated in the City of Bangalore, and is located in a commodious building on the Lal Bagh Road. The newly constructed incubation stalls are quite up to date in arrangement and design. Lanoline Vaccine Paste is prepared for supplying vaccinators throughout the State; and quantities are supplied on payment to various Medical Officers throughout India and Burma and occasionally to Bushire, Persian Gulf. Lymph is most carefully collected at all hours of the day, and special efforts are being made to improve the stock. Good seed lymph can also be had on payment for inoculating calves in other institutes. Lymph of the local stock is preferable to other stock ones.

PUBLIC HEALTH INSTITUTE.—Bangalore City. *Director.*—Dr. M. Srinivasa Rau, M.A., M.D., D.Ph. B.Sc., F.C.S. *Assistant.*—Dr. V. L. Manker. D.Ph. This institute was opened in 1911, the old Chemical Laboratory and Bacteriological Institute being merged into it. When it is in full working order it will include the Vaccine Institute, Public Health Museum, and Public Health Library. The School of Hygiene, which forms part of the Institute, trains Sanitary Inspectors. All the Chemical, Bacteriological, Toxicological, and Public Health work in the State is being done in the Institute. Private analyses are undertaken on payment of fees. The question of housing the institute in new buildings is under the consideration of Government.
